Director of Engineering Zach replied in the affirmative. They had put in a proposal in the bid package to have the contractor install tachograph units in their vehicles. If they are going to set up a routing schedule for a private contractor they can monitor their routing schedule based upon the readings from tachograph units. Clearly, they are not paying for how much they travel or what routes they travel. We are paying for completed products. He is not concerned about getting tachograph units. Consequently, there is no sense for them to recommend based on the prices of the award of the tachograph units. The other question that came up was the question of the interpretation of the contract and that is the relationship of picking up in front of lots. There was a price that was put in the contract for vacant lot pick-up and there was a misinterpretation as to what that meant. Petrozello included when he bid his price package, he was putting in the price of cleaning up vacant lots. Consequently his price was fairly high. Again, they did not make an award on that. They do not want the garbage contractor cleaning up vacant lots. What their intent was if someone were to put a container and then the garbage contractor would have an obligation to do that and clearly Petrozello understands that and that is what they are doing at that price. Also, BFI in their analysis went for a three year contractual basis. If you were to look at the awards, they would recommend on a three year basis, then they are relatively close, he thinks there is a \$30,000. separation between the two. If you do the tachograph units in their bid, then they would be a low bidder. That is the basis they arrived at a low bid. Clearly that is not to their advantage. Equally, they did not recommend the award based on the contract of picking up the disposal cost because again they don't think the prices they included in their proposals warrant them making the awards. There is an intangible there, clearly. He has no idea what is going to happen to the price of disposal. Certainly there is no question in his mind it will go up. He doesn't think it is going to escalate by any significant amount that will reflect then a savings to the City in a long run based upon the prices submitted by the contractors. It would have to go somewhere say 68%. Although there is no question in his mind it is going to go up, we are talking about 10%, 15%, 20%, 25%. Still it is not to their advantage to make an award based on that. They are certainly satisfied recommending to the Council a good contract, recommending an economic advantage to the City and this contract price is less than what they were paying under the old contract. In days of inflation it certainly is advantageous. Of course on the other hand, what we have been saying all along is that they were making more than they should have been making on the old contract. That contract also was awarded, if they remember, with problems in litigation. Even at that, that contract resulted in savings to the City on those numbers. Clearly that one resulted in savings, this one is even less and it is frozen for five years. So it has to be from their prospective a good recommendation.

Councilman Martinez said he knows that he has to base it on the lowest responsible bid, but is he also basing it on track record. He knows he has been monitoring the operation of that company, the 1/3 of the area. Track record versus the City of Newark.

Director Zach replied actually they based it on the lowest responsible bidder. As far as the track record is concerned the fellow who has been doing the monitoring of Pet Am Contract in relationship between City and private collection has also clearly demonstrated by virtue of their statistical analysis they are doing the job as good or better than City is doing it. Clearly there is no disadvantage there. As far as the other contractor is concerned, BFI is probably one of or is the largest contractors in the nation, he supposes on garbage collection. He doesn't think they would have a problem in recommending an award to BFI either. They have had some problems in Atlanta and other places. Certainly it was initially based on lowest responsible bidder. In this case he thinks they adjudicated

June 29, 1982

1281 of them as being responsible.

Councilman Carrino questioned whether he anticipated any kind of suit or anything if they vote for one or the other.

Director Zach replied they indicated they desired to have the contract. He called BFI on at least two occasions since they precluded on who they wanted to make the award to and has not gotten response back from them. He doesn't think they have a basis to sue. Ultimately, a judge has to make that determination. Certainly he does not see any way they can preclude someone from litigating. Clearly, if they awarded to BFI, there is no question in his mind the other guy has a far better case. He doesn't see a basis for them to litigate although they may wish to do that. That is a legal determination they would have to make. The Law Department has reviewed it and the Law Department is in accord with what they are doing and the Law Department has signed off on it after having discussions with the Law Department in relationship to what BFI's comments were. He doesn't see any specific problems but again there is no guarantee they are not going to litigate.

Councilman Carrino said in Director Zach's mind, this is the lowest responsible bid.

Director Zach replied absolutely. In his mind they are on extremely solid ground and represents a good contract. Someone could obviously argue they are making too much money the first couple of years, but clearly it balances out. What he tried to do in view of the fact that their's is a fixed price contract, duration of the term of the contract and to the extent that money has value if you took a look at what the impact would be taking BFI's lower prices for the first two years and BFI catches up in the third year and exceeds Petrozello in the third year. Apply some magic economics if you would, interest rates, to the value of this money, had that money saved, the difference between BFI for the first two years and Pet Am and still is out of the picture, it doesn't even come close, applying like a 15% or so interest rate. He doesn't see any basis. There is no question money has value. Giving them the benefit of the doubt, even though trying to apply to that basis, if you applied it on a three year contractual basis, certainly no question that fixed price contract over five years is better than three. Their own costs will probably go up 5% a year.

City Clerk D'Ascensio questioned what option does he exercise when he collects from other than the project area, with or without disposal?

Director Zach replied without disposal and clearly that it is to their advantage. The disposal cost although, he can made estimates, there is no question it is going to go up.

Dear Mr. Zach:

Upon examining the various bids, pursuant to contract 82-22 (Collection and/or Disposal in Approximately 1/3 of the City of Newark), the consultants are of the opinion that Petrozello represents a qualified bidder and the lowest bidder. This conclusion is reached if one examines the bid options with or without the City paying for disposal.

It is also the consultants' opinion that the City consider selecting the option in which the City pays for disposal (as is now the case) since the incremental contract cost to the City over five years would be \$2,535,000 under the Petrozello bid. If the landfill situation remains somewhat stable over the next several years, then the City may not want to incur the extra contract cost that the disposal option entails.

It should be noted that the Petrozello bid (with the City paying for disposal) becomes particularly attractive in the years 2-5 of the contract. The price is held constant at a lower level (\$1,750,000) than what the Pet-Am contract cost the City of Newark in fiscal year 1981 (\$1,884,600). Should inflation continue at the rates we have witnessed in the recent past, the fixed bid price in years 2 through 5 puts the City in a highly favorable position.

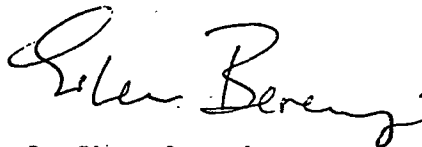

In addition, Petrozello has submitted the lowest bid for collection of waste on an hourly basis in areas of the City not under contract. The hourly rate submitted by Petrozello is less than what would be paid on an hourly basis under the proposed contract and thus represents an excellent price. The hourly rate option affords the City the flexibility to use contract vehicles and crews in the non-contract areas should the need arise. Furthermore, Petrozello has offered the City a considerably higher recycling credit than the second bidder.

It should be noted that the consultants have made a number of recommendations regarding Newark's solid waste collection service. These referred to elimination of separate bulk pick-ups, enforcing limits on amount of waste placed for pick-up by commercial establishments, enforcement of containerization ordinances, improvement of contract monitoring and complaint handling operations. These recommendations have been complied with by the Sanitation Division, based on subsequent study by the consultants. The City of Newark is in a good position to let a new contract for solid waste collection.

The consultants have examined Petrozello's operation for two of the three years that the firm has held the contract for collection of refuse in approximately one-third of the City of Newark. In those two years, the private firm has performed its work efficiently and effectively when compared to the City sanitation crews. Over the two years on a cost per ton basis, Petrozello was 12% cheaper when comparing it to City collection in a similar one-third of the City. With respect to productivity in terms of tons of waste collected per man day, Petrozello was 60% more efficient than City crews.

In sum, Petrozello has performed well in Newark and represents the qualified and lowest bidder on Contract 82-22.

Respectfully submitted,

Dr. Eileen Berenyi

Newark, New Jersey, June 29, 1982

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date, in the Council Chamber, City Hall, Newark, New Jersey, at 1:56 P. M.

The City Clerk announced due to the absence of President Harris, he would entertain a motion to elect a Temporary President.

A motion to elect Councilman Michael P. Bottone, Temporary President, was made by Councilman Martinez, seconded by Councilman Tucker.

There were no further nominations.

The motion to elect Councilman Michael P. Bottone, Temporary President, was adopted by the following votes:

Yes: Councilmen Carrino, Grant, James, Martinez, Tucker, Villani.  
Not Voting: Councilman Bottone.

Temporary President Bottone called the meeting to order and asked for roll call.

Present: Councilman Carrino, Grant, James, Martinez, Tucker, Villani,  
Temporary President Bottone, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

Temporary President Bottone stated, "In accordance with New Jersey P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981 the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on June 25, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

The City Clerk read letter dated June 25, 1982 from Chief of Staff Zinneford Smith, in behalf of the Mayor, calling a special meeting of the Municipal Council on Tuesday, June 29, 1982 at 1:00 P. M., or as soon thereafter as the Council can convene to consider the following:

1. Ordinances to establish certain titles in the Office of the Mayor and Agencies, Administration, Finance and Health and Welfare. (Titles formerly ordained for HCDA)
2. Resolution to authorize the Purchasing Agent to solicit bids for the installation of acoustic drop ceilings.
3. Resolution to authorize the submission of a Recovery Action Plan.

#### ORDINANCES ON FIRST READING.

A motion to consider Item 9-a on Ordinances for First Reading was made by Councilman Grant, seconded by Temporary President Bottone and declared adopted by Temporary President Bottone by the following votes:

Yes: Councilmen Carrino, Grant, James, Martinez, Tucker, Villani,  
Temporary President Bottone;

Councilman Carrino said again he thinks they are establishing a very poor precedent by taking jobs that never existed in the City Budget and transferring them over to the City Budget after wearing out their purpose because of budget constraints on the Federal payroll. It seems to him that a budget constraint is more important in the City Budget then it is on the Federal Government side and they have a program here that is being cut by the Federal Government that is going to be consistently cut over the next seven years. Yet, with all of the constraints we have on the City Budget by taking people who no longer can fill a position on the federal program because of these budget constraints and creating

June 29, 1982 #2

new titles in the City Budget. He wondered as responsible people if it is more important for them to worry about the constraints of the City Budget where we have people paying tax dollars on our property tax or the Federal constraints where President Reagan wants to keep cutting programs. He certainly feels that many of these positions are necessary under the luxury of a Federal program but now that that luxury is no longer available he just questions the responsibility of the City government now taking on all of these positions onto the City budget especially in light of the fact most of them know what is going to happen to their own budget of the next several years.

Councilwoman Villani indicated that she would like to change her vote from the affirmative to not voting in light of what Councilman Carrino stated.

A motion to consider Item 9-a on Ordinances for First Reading was made by Councilman Grant, seconded by Temporary President Bottone and failed of adoption by the following votes:

Yes: Councilman Grant, James, Tucker, Temporary President Bottone.

No: Councilman Carrino, Martinez.

Not Voting: Councilwoman Villani.

A motion to consider Item 9-b on Ordinances for First Reading was made by Councilman Grant, seconded by Temporary President Bottone.

Councilman Carrino reiterated the same argument. These are titles that are coming from the Federal program and going onto the City Budget. Many of these titles were never in the City Budget before and he questions the responsibility of the constraints whether they be on the City Budget or on the Federal program that is being cutback.

The motion to consider Item 9-b failed of adoption by the following votes:

Yes: Councilmen Grant, James, Tucker, Temporary President Bottone.

No: Councilmen Carrino, Martinez.

Not Voting: Councilwoman Villani.

Councilman Grant said he would like to caution everyone with the recent cutback in Federal dollars in all aspects of Federal programming we are going to find more and more cities, Newark is no exception where persons who were once on Federal payrolls will be moved to the City side. We look at a City like Detroit that took 100% of its laid off CETA personnel and brought them onto the City payroll in that City in an effort to make sure that persons in fact were not just provided with jobs but were providing a service to the residents of the City and this particular piece of legislation is attempting to do the same thing. Not just provide people with jobs but to continue the kind of service that people need in this City and right now we might be doing ourselves and others a disservice by not adopting this affirmatively.

Councilman Tucker said he thinks it is important to note that we are not talking about something that is going to affect the tax rate for this year. Most of them when they went over the Budget, these positions currently exist within the adopted budget for 1982. What they are doing now is in effect creating positions. He thinks the discussion they are currently having now they should have actually have had during their budget hearings. When they adopted the budget, the appropriations for these positions were automatically within the budget. The only economies if they want to look at it, that the City is going to be in receipt of. If they do not affirmatively adopt these, the monies that have already been appropriated will go directly into surplus.

A motion to consider Item 9-c on Ordinances for First Reading was made by Councilman Grant, seconded by Temporary President Bottone and failed of adoption by the following votes:

Yes: Councilmen Grant, James, Tucker, Temporary President Bottone.

No: Councilmen Carrino, Martinez.

Not Voting: Councilwoman Villani.

A motion to consider Item 9-d on Ordinances for First Reading was made by Councilman Grant, seconded by Temporary President Bottone and failed of adoption by the following votes:

Yes: Councilmen Grant, James, Tucker, Temporary President Bottone.

No: Councilmen Carrino, Martinez.

Not Voting: Councilwoman Villani.

A motion to consider Item 9-e on Ordinances for First Reading was made by Councilman Grant, seconded by Temporary President Bottone and failed of adoption by the following votes:

Yes: Councilmen Grant, James, Tucker, Temporary President Bottone.

No: Councilmen Carrino, Martinez.

Not Voting: Councilwoman Villani.

#### RESOLUTIONS.

RESOLUTION AUTHORIZING PURCHASING AGENT TO ADVERTISE AND RECEIVE BIDS FOR ACOUSTICAL TILE CEILING INSTALLATION, DEPARTMENT OF GENERAL SERVICES, DIVISION OF PUBLIC BUILDINGS; PURSUANT TO TITLE 2, CHAPTER 5, SECTION 11, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED.

Councilman Martinez questioned whether this legislation has been submitted.

City Clerk D'Ascensio replied this resolution was received this date at 12:49 P. M. It is an authorization to solicit bids for the installation of type 2 acoustical ceilings; type 3 acoustical ceilings; type 4 acoustical ceilings with the establishment of \$10,000. Bids to be solicited on a square foot unit basis.

Since there was no motion on this Resolution, Temporary President Bottone directed the City Clerk to place this Resolution on the July 7, 1982 Calendar of the Municipal Council.

At a later time, Councilman Tucker said just as a matter of clarification, since no action was taken with respect to this resolution. If that is for solicitation of bids, if that bid comes back, doesn't that bid have to identify where those acoustical ceilings are going to be placed. What he is asking is that the resolution just deals with square footage. When somebody bids, when it comes back to us for awarding a contract, doesn't it have to have a requirement to say where they are going to put the ceilings. That is his major concern on this matter.

City Clerk D'Ascensio replied the way the specifications are written, they request square foot unit price for various types of ceilings to be installed as required by the City in locations designated by the City for at least \$10,000. It doesn't identify where they are going to be installed. Only as needed and directed by Administration.

The grouping of the Colors was performed by the Boy Scouts of America, Troop #551, Hopewell Baptist Church. A member of the Boy Scouts of America led the audience in the Pledge of Allegiance.

The Star Spangled Banner was led by Mr. Jerome Hines, Basso, Metropolitan Opera, accompanied by Mr. James McGregor, Director of Music, Grace Church in Newark.

Mr. McGregor played "Fugue in C", by Dietrich Buxtehude.

Mr. Hines rendered the selection "America the Beautiful" accompanied by Mr. McGregor.

The invocation was delivered by The Right Reverend Monsignor Francis Seymour, Rector of the Cathedral of the Sacred Heart, Vice Chancellor of the Archdiocese of Newark, Archivist.

The City Clerk presented Certificates of Election to the Mayor and Members of the Municipal Council. The Oath of Office was administered to the Mayor and Members of the Municipal Council, which was followed by addresses by Mayor Gibson and Members of the Municipal Council.

The ceremonies were concluded with a prayer by Reverend John R. Stanford, Zion Hill Baptist Church.

The Eighth Organization Meeting of the Municipal Council of the City of Newark, New Jersey, was held at Symphony Hall, Newark, New Jersey at 2:24 P. M.

The City Clerk certified Results for the Newark Municipal Election held May 11, 1982 and declared the Honorable Anthony Carrino elected Councilman from the North Ward; Honorable Henry Martinez elected Councilman from the East Ward, in accordance with the statutes provided.

The City Clerk further certified Results for the Newark Municipal Runoff Election held June 15, 1982 and declared the Honorable Kenneth A. Gibson elected Mayor of the City of Newark; Honorable Ralph T. Grant, Jr., Honorable Sharpe James, Honorable Donald Tucker, Honorable Marie L. Villani, elected Councilmen-at-Large; Honorable Ronald L. Rice elected Councilman from the West Ward; Honorable Donald M. Payne elected Councilman from the South Ward and Honorable George Branch elected Councilman from the Central Ward, in accordance with the statutes provided.

The City Clerk announced the next order of business was the election of a Council President.

A motion to appoint Donald M. Payne, Temporary President, was made by Councilman James, seconded by Councilman Tucker.

There were no further nominations.

The motion to appoint Donald M. Payne, Temporary President, was adopted by the following votes:

Yes: Councilmen Branch, Carrino, Grant, James, Martinez, Rice, Tucker, Villani, Temporary President.

The City Clerk announced Temporary President Payne advised him he desires to make a motion, seconded by Councilman Tucker to nominate as President of the Municipal Council the Honorable Sharpe James.

#### RESOLUTIONS.

7-R-a-1.

RESOLUTION ELECTING SHARPE JAMES PRESIDENT OF THE MUNICIPAL COUNCIL.

July 1, 1982

July 1, 1982

2

Councilman James indicated that he would like to make a statement before roll call is taken. He would like to thank the Honorable Donald Tucker, a long time community activist and friend in the community who seconded the motion and to publicly thank Freeholder Director, current South Ward Democratic Chairman and Councilman from the South Ward, Donald M. Payne for his nomination to place his name in nomination. Councilman Payne is also a successful businessman and international representative for the YM-YWCA, and brings a wealth of legislative and administrative talent to the Newark Municipal Council.

Councilman James stated that out of respect for the citizens of Newark who went to the polls on May 11th and June 15th and it was their votes that made him the top vote getter on May 11th, with 19,207 and on June 15th, more than 20,000 votes, 189 less than the Honorable Kenneth A. Gibson. He is seeking their support for the position of Council President. He is the first Ward Councilman in this City to run for an at-large seat. He is the first Councilman in the history of the City to seek re-election in 1978 unopposed coupled with his election in 1982 as Councilman-at-Large. He now is the senior member of the Municipal Council. In addition, he would like to acknowledge the following sampling of broadbase support notwithstanding his receiving the popular vote from the citizens of Newark and pleased to acknowledge support from United States Senators Kennedy and Bradley. In fact Senator Bradley's only office in Essex County is housed in the South Ward Little City Hall of which he is the founder and the President of the Board of Directors. He has been endorsed by Peter Shapiro, Essex County Executive; the Newark Teachers Union and its President, Mrs. Carole Graves; the Vulcan Pioneers, personally by Mr. D. J. Henderson, who serves in many capacities as President of the North Ward Property Owners Association. He is pleased to acknowledge support of Ramon Rivera and Amilkar Velez-Lopes, Esquire, from the Hispanic Community. He is pleased to acknowledge the support of Mr. Steven Aduato, North Ward Democratic County Committee; Freeholder Thomas P. Giblin. On a more personal note he has assisted various Members of this Council in seeking public office, such as for Councilman, Councilman-at-Large, Freeholder, Congress, County Executive, President of the Municipal Council and he stood on Bergen Street and Lyons Avenue in support for the Honorable Anthony Carrino for Sheriff. He has recently led a team of Tucker and Grant at the request of Honorable Kenneth A. Gibson, who indicated he felt it was a necessity that they pool their resources together to insure that each of them would be elected. At that time the polls had Sharpe James running number one. To the citizens of Newark he has been in the forefront in the fight against revaluation. He is the father of the successful Newark Homestead Program. He wrote an ordinance to regulate the location of drive-in restaurants; he is a leader for more police protection, lower water bills, cleaner City, quality education, more recreation and cultural opportunities, decent and safe housing and increased care for our senior citizens. He has been a voice for the people. Before the roll call is taken he would like to offer the following philosophical statement for the welfare of our struggling City. "It is time we brought out our differences, our jealousy, our pettiness and deviousness that can only destroy a once proud City struggling to remain in the sun." "A house divided cannot stand." As their Council President he pledges to serve honestly, fairly and competently in the best interest of all citizens, Administration and the Newark Municipal Council. As one who supported the Members of this Council, as one who worked for all segments of the Council and the community, he asks their support.

A motion to close the nominations and elect Honorable Sharpe James President of the Municipal Council was made by Councilman Payne, seconded by Councilman Tucker and failed of adoption by the following votes:

Yes: Councilmen James, Rice, Tucker, Temporary President Payne.

Not Voting: Councilmen Branch, Carrino, Grant, Martinez, Villani.

Councilman James said he would like to know what the votes are.

City Clerk D'Ascensio replied four ayes and five not voting.

Councilman James said in view of the fact there are four votes on the floor he would like to ask Councilman Branch and Councilman Grant if they would support him for the position of Council President.

Councilman Grant said that a question has been posed by his colleague, Councilman Sharpe James and he would like to respond to that question as he well knows that he too is a candidate for Council President.

Councilman Branch said he nominates Councilman Ralph T. Grant, Jr. as Council President.

Temporary President Payne indicated that he was out of order. He was asking for a response to the question that Councilman James posed whether his vote would remain the same.

7-R-a-2.

RESOLUTION ELECTING DONALD TUCKER PRESIDENT OF THE MUNICIPAL COUNCIL.

A motion to nominate and elect the Honorable Donald Tucker President of the Municipal Council was made by Councilman Rice, seconded by Councilman James.

Councilman Carrino said he thinks Temporary President Payne recognized Councilman Rice before he recognized Councilman Branch and felt he didn't give Councilman Branch an opportunity to make a statement.

Temporary President Payne replied he recognized Councilman Branch to answer the question posed by Councilman James. Councilman Branch responded first and he then allowed Councilman Branch to respond and considers his statement out of order and asked for roll call.

Councilman Tucker stated for the record that he has had the privilege of serving on the Newark Municipal Council for the last eight years as Councilman at-Large representing all sections of the City of Newark. In that capacity he worked on various committees, Chairman of the Affirmative Action Review Council, sponsor of the 25% set aside for minority ordinance dealing with minority contracts, the father of the ordinances specifically dealing with Federal Government Programs, worked in the capacity of being Chairman of the Federal Government Committee on the Newark Municipal Council. He has been Council representative to the Central Planning Board. He does not believe his particular experience and background in seeking the position of Council President is one that is unique to a great degree that much different from his other colleagues who are seeking the position. He does believe that what he brings to the equation to the City Council is actually provide to the Council a full time person who will work on a day to day basis on the problems of the City of Newark. He thinks he will also provide the Newark Municipal Council with a basic plan which in term actually shapes government and put it in a position that will be more responsive to the people and more responsive to the needs of all citizens of this entire City. He thinks he also brings to the Council knowledge and understanding that all of the problems that affect the City are not simple problems and should be resolved with people of simple minds but basically complex problems that must be resolved with people who have the general grasp and understanding of government who can actually deal with the intricacies of any particular aspect of government, whether it is the matter of the Municipal Budget or the perplex problems of criminal justice institution within our City, our County and our State. He thinks he also brings to the Municipal Council the kind of support that is always in mind in dealing with community people. He does not believe government is some sort of alien being that floats around in the sky and actually looks directly at the people. He believes that government is no more than a representative of people's needs, wishes and desires and aspirations and that government has to be that kind of perspective in order for them to move forward as a City. He thinks that he brings to the position of President of the City Council a leader that desires to bring forth the Council. He thinks it is important and necessary that the Municipal Council work directly in concert with the Mayor and does not believe the Municipal Council in effect works for the Mayor. He thinks it is also important that he bring to the Municipal Council the kind of experience and background dealing with simple quality and budgeting in the City of Newark. He thinks it is important if they are going to actually agree, talk about being physically responsive and talk about efficient use of taxpayers money that they have to out of the necessity actually be there on a day to day basis to actually do that. He thinks he can provide the leadership in leading the Municipal Council forward. He thinks he can provide the leadership of working in concert with the Mayor. He can provide the leadership of actually insuring that services are delivered to all citizens of the City of Newark regardless of their race, creed or national origin and he respectfully request the support of his colleagues.

July 1, 1982

A motion to close the nomination and elect Honorable Donald Tucker President of the Municipal Council was made by Councilman Rice, seconded by Councilman James and failed of adoption by the following votes:

Yes: Councilmen James, Rice, Tucker, Temporary President Payne.

Not Voting: Councilmen Branch, Carrino, Grant, Martinez, Villani.

Councilman James said he once again wants to pose a question to Councilman Branch of the Central Ward if he would support the Honorable Donald Tucker as President.

Councilman Branch replied that his vote stands the same.

Councilman Branch said he would like to make one thing clear to all present in the audience because he is not going to be boxed in for something that they should have done before. One of the things he did was try to make sure that the Council Members met periodically and discussed what President they want to lead the Council. Councilman Grant was the first one to speak to him before he got in office and asked if he would support him. Councilman Branch explained he had met with Councilman Tucker, who had requested the meeting with him to see if they could work something out. He also said Councilman James visited him at his house last Thursday about the Council Presidency. Councilman James said Councilman Grant had asked for Councilman Tucker's support and the two shook hands on it. He doesn't want anyone to think he is conniving or scheming. The Council could not get together on this and now they are trying to box him in. He is not going to buy it.

7-R-a.

RESOLUTION ELECTING RALPH T. GRANT, JR. PRESIDENT OF THE MUNICIPAL COUNCIL.

The City Clerk asked if there were any other nominations.

A motion to close the nominations and elect the Honorable Ralph T. Grant, Jr. President of the Municipal Council was made by Councilman Branch, seconded by Councilman Martinez and adopted by the following votes:

Yes: Councilmen Branch, Carrino, Grant, Martinez, Villani.

Not Voting: Councilmen James, Rice, Tucker, Temporary President Payne.

The City Clerk declared the Honorable Ralph T. Grant, Jr. has been duly elected President of the Municipal Council of the City of Newark, New Jersey.

The City Clerk presented the Gavel to the President of the Municipal Council of the City of Newark, New Jersey.

Councilman Carrino suggested that the Members of the Council declare President Grant elected unanimously.

Councilman James replied he can appreciate this call for unity. However, he could not see such unity present when there was such diversion of opinion with respect to the appointment of a Council President.

The Members of the Council addressed the audience pledging their cooperation with the newly elected President of the Council and congratulated Councilman Grant on his election.

The Members of the Council pledged to work for a better environment and for the good of the citizens of Newark.

A special meeting of the Municipal Council of the City of Newark, New Jersey, was scheduled for 1:00 P. M., Friday, July 2, 1982, in the Council Chamber, City Hall, Newark, New Jersey.

City Clerk D'Ascensio read letter dated June 29, 1982, from His Honor, Mayor Kenneth A. Gibson, requesting that the Municipal Council be convened in special session on Friday, July 2, 1982, at 1:00 P. M., or as soon thereafter as possible to consider the matter of ordinances to establish certain titles in the Office of the Mayor and Agencies, Administration, Finance and Health and Welfare, (Titles formerly ordained for H.C.D.A.)

President Grant stated, "In accordance with New Jersey P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981 the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on June 29, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

The City Clerk's staff arrived at 1:30 P. M.

Present: Councilmen Branch, James, Payne, Rice, President Grant, City Clerk Frank D'Ascensio.

At 2:00 P. M., President Grant stated he had been informed by Councilwoman Villani's office that she was enroute to the meeting and would wait until 2:15 P.M., to call the roll.

(Councilman James left the meeting at 2:00 P.M.)

At 2:10 P. M. President Grant called the meeting to order and called the roll.

Present: Councilmen Branch, Payne, Rice, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

The City Clerk advised President Grant that Councilman James said he would return at 2:15 P. M.

President Grant recessed the meeting until 2:15 P. M.

At 2:15 President Grant stated this is a continuation of the meeting recessed at his direction and asked for roll call.

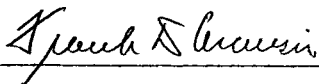

Present: Councilmen Branch, Payne, Rice, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

President Grant said in accordance with Rule XI, of Title 2, "A majority of the whole number of members of the Council shall constitute a quorum. Should no quorum attend within 30 minutes after the hour appointed for the meeting of the Council, the President, or in his absence the Clerk or his designee, may thereupon adjourn the meeting until the next day, unless by unanimous agreement, those members present select another hour or day."

President Grant suggested this meeting be recessed to July 7, 1982, at 1:00 P. M.

This meeting recessed at 2:20 P. M.

APPROVED:

Frank D'Ascensio  
City Clerk

President Grant called for ordinances on public hearing, second reading and final passage.

July 7, 1982

6-Ph, S & F-a.

23

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE APPROVING THE REDEVELOPMENT PLAN AND THE FEASIBILITY OF RELOCATION FOR THE BORDEN'S AREA, CITY BLOCK 2860, LOT 3 AND CITY BLOCK 2861.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

WHEREAS, the Municipal Council by Resolution 7RV, adopted on May 5, 1982, did determine that the Borden's Area hereinafter called "Area" is a blighted area pursuant to Chapter 187 of the Laws of 1949 of New Jersey (N.J.S.A. 40:55-21.1 et. seq.), as amended and by Chapter 300 of the Laws of New Jersey (N.J.S.A. 55:14A-31 et. seq.), as amended; and

WHEREAS, the Central Planning Board of the City of Newark has considered and did approve on April 5, 1982, a redevelopment plan for said area; and

WHEREAS, said redevelopment plan complies with the requirements of all applicable State and Federal statutes and regulations promulgated thereunder; and

WHEREAS, the Central Planning Board of the City of Newark has submitted to the Municipal Council its resolution, certification, and recommendation respecting the redevelopment plan for the area and the Municipal Council has duly considered the Central Planning Board's resolution, certification and recommendation; and

WHEREAS, the Municipal Council is cognizant of the conditions that are imposed in the undertaking and carrying out of redevelopment projects with Federal financial assistance under Title I, including those prohibiting discrimination because of race, color, creed or national origin; and

WHEREAS, it is not necessary that the Municipal Council take any appropriate official action respecting the relocation program and the redevelopment plan for the area in conformity with a contract for financial assistance the Housing Authority of the City of Newark and the United States of America, acting by and through the Secretary of the Department of Housing and Urban Development.

NOW THEREFORE, BE IT ORDAINED BY THE CITY OF NEWARK, NEW JERSEY:

1. That it is hereby found and determined that the Urban Renewal Plan conforms to the Master Plan of the City of Newark.

2. That it is hereby found and determined that the redevelopment plan for the Area gives due consideration to the provisions of adequate park and recreational areas and facilities, as may be desirable for the neighborhood improvement with special consideration for the health, safety, and welfare of children residing in the general vicinity of the site covered by the Plan.

3. That it is hereby found and determined that the Redevelopment Plan for the Area will afford maximum opportunity consistent with the sound needs of the locality as a whole, for the redevelopment of the area by private enterprise.

4. That in order to facilitate the implementation of the Redevelopment Plan for the Area it is found and determined that certain official action must be taken by this Body and, accordingly, this Body hereby (a) pledges its

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE TO AMEND SECTION 2:14-5 OF TITLE 2, CHAPTER 14, PERSONNEL PRACTICES AND POLICIES, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That Section 2:14-5 of Title 2, Chapter 14, Personnel Practices and Policies of the Revised Ordinance of the City of Newark, New Jersey, 1966 be and the same is hereby amended to read as follows:

2:14-5 Annual Vacation Leave for permanent, provisional, and grant program employees.

Unless otherwise provided for by collective bargaining agreement all employees(permanent, provisional, and grant program employees) shall be entitled to vacation leave with pay, based on their years of service and in accordance with N.J.S.A., 11:24A-1 et. seq. except that municipal officials, while serving in the following department and agency head positions, shall be credited with twenty (20) days annual vacation leave irrespective of their years of service: Mayor, Presiding Judge, Judge, City Clerk, Business Administrator, Assistant Business Administrator, Corporation Counsel, Directors of the Departments of Finance, Recreation and Parks, General Services, Police, Fire, Health and Welfare, Engineering, Executive Director of the Mayor's Policy and Development Office, and the Director of the Mayor's Office of Employment and Training.

July 7, 1982

25

During an employee's first calendar year of employment, vacation leave shall be earned at the rate of one (1) working day of vacation for each month of service from his/her date of original employment and continuing on this basis through the remainder of the calendar year. An employee hired on or before the fifteenth (15th) of the month shall receive vacation leave credit for that month. An employee hired on the sixteenth (16th) day of the month or thereafter shall not receive vacation credit for that month. Municipal officials, while serving in the above-listed positions, shall have their annual vacation leave pro-rated during the first calendar year of their appointment.

As of January 1, following an employee's original date of employment and for each subsequent January 1 the following schedule shall apply:

Twelve (12) working days vacation thereafter for every year and up to the completion of nine (9) years of service;

Fifteen (15) working days vacation after the completion of the nine (9) years of service and up to the completion of nineteen (19) years of service;

Twenty (20) working days vacation after the completion of nineteen (19) years of service and thereafter.

For the purposes of efficient vacation scheduling and in accordance with the above schedule, an employee may be credited with vacation leave (in each appropriate calendar year) prior to the leave actually being earned with the assumption that the employee will be employed for the full calendar year. However, an employee whose service is terminated or is placed on leave of absence without pay prior to the end of the calendar year shall have all non-earned vacation leave deducted from his/her last paycheck. An employee whose service is terminated between the first (1st) and fifteenth (15th) of the month shall not receive credit for the month. An employee whose service is terminated on the sixteenth (16th) of the month or thereafter shall receive vacation credit for the month.

An employee who is on leave of absence without pay shall not earn vacation credits while on such leave nor shall he/she be granted prior earned credits until he/she shall return to active status. Upon return to employment, an employee who has been on an approved leave of absence shall have such time of his/her leave adjusted based on his/her original date of employment and shall receive vacation leave in accordance with the provisions of this Ordinance.

According to the above schedule, all earned vacation credits shall be paid to the employee or to his/her estate in case of termination or death in accordance with existing law.

An employee who is on sick leave with pay or an employee who is injured or disabled as a result of, or arising from, his/her employment shall continue to receive vacation credits in the same manner as that granted for active status.

Vacation leave can only be taken with the approval of an employee's Department Head or Division Manager and according to appropriate seniority rights.

All part-time employees shall receive vacation credit allowance on a proportionate basis. Seasonal employees are not eligible to earn vacation leave.

Vacation leave allowed for any given year should be used during the year in which it is granted. Any unused vacation leave may be carried over into the succeeding year only. Under no circumstances shall more than one (1) year of allowed vacation leave be carried over into the following year.

July 7, 1982

26

An employee who becomes ill or incapacitated while on vacation may, upon proper notification and verification to the appointing authority, transfer time required for illness or incapacity to available sick leave credits. However, this transfer shall not extend the date of return from vacation unless otherwise approved by the appointing authority.

Vacation leave is not transferable from one grant program to another, nor from a grant program to the City, nor from the City to a grant program. Any employee involved in changes of this nature shall be paid for any vacation leave due him/her or shall reimburse the City for any time not earned similar to an employee terminating his/her services prior to the advanced time being earned. The employee shall then earn vacation leave during his/her first calendar year in the new program at the rate of one (1) day per month.

However, an employee's original date of hire shall be considered in terms of credits due with regard to the tenth (10th) and twentieth (20th) years of service.

SECTION 2. Any existing Ordinance or part thereof, inconsistent with this Ordinance is hereby repealed.

SECTION 3. This Ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by President Grant, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Villani, President Grant.

Absent During Roll Call: Councilman Tucker.

President Grant: The yeses are seven and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

Section 5. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MR. JUNIUS WILLIAMS, 120 VASSAR AVENUE, NEWARK, NEW JERSEY, spoke about the creation of jobs for former City Councilmen. He said the taxpayers object to jobs being created for individuals just because they were once on the City Council. He went on to say that obviously, former City Councilmen have the right to be employed and have skills to offer, but can the City Council justify creating special jobs of questionable and dubious value when all around the City there was a shortage of jobs available for Newark residents, especially the youths. He asked the Council if there would be a formal selection process for the jobs in question.

MISS ARLENE HENRY, 603 ELIZABETH AVENUE, NEWARK, NEW JERSEY, expressed her opposition to the creation of the jobs. She asked the Council not to create the jobs because if they did, then those people would be making more money than the Councilmen did.

MISS MASINE RIVERA, BROADWAY, NEWARK, NEW JERSEY, said the people in the North Ward were very upset about the creation of those jobs for the former City Councilmen. She said those jobs should be created for the poor people. With the high salaries for those three jobs, six jobs could be created and more people would be working. She indicated it was a "disgrace".

MR. HERSCHEL JENKINS, 277 RIDGEWOOD AVENUE, NEWARK, NEW JERSEY, also expressed his opposition to the creations of those jobs. He mentioned the unemployment rate for the black people in the City was up to 53% and the creation of those jobs could not be justified. He said the Council should worry about some decent housing in the City instead of creating high salary positions for former Councilmen. He asked the Council what those positions would consist of.

Councilmen Branch, Payne and Rice all indicated they were not Members of the Governing Body when the package was put together and therefore would not be voting for it.

No one else appearing, a motion to close the hearing and delete the title of Governmental Operations Specialist from the ordinance was made by Councilman Martinez, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Villani, President Grant.

Absent During Roll Call: Councilman Tucker.

A motion to adopt the ordinance, as amended, was made by Councilman Martinez, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Villani, President Grant.

Absent During Roll Call: Councilman Tucker.

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE OFFICE OF THE NEWARK MUNICIPAL COUNCIL AND ESTABLISHING SALARIES THEREFOR, (6-S & F-f) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED". (TO CREATE THE POSITION OF CABLE TELEVISION MUNICIPAL COMPLAINT OFFICER)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 1 of an ordinance entitled, "An ordinance creating positions in the Office of the Newark Municipal Council and establishing salaries therefor," (6-S & F-f) adopted May 4, 1977, as amended and supplemented, be amended to create the following position, minimum and maximum annual salary to wit:

<u>POSITION</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Cable Television Municipal Complaint Officer, Municipal Council ( 35 Hrs.)	\$29,500.00	\$29,500.00

Section 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum salary and annual maximum salary ranges therefor, which are inconsistent herewith as hereinabove set forth, are hereby repealed.

Section 3. This position is created in accordance with Newark Municipal Ordinance 6-S & F-z, adopted by the Municipal Council on September 3, 1980. All complaints and procedures shall be received and processed by this official in accordance with N.J.S.A. 48:5A-26, N.J.A.C. 14:17-7.1, and appropriate procedures to be implemented by the Municipal Complaint Officer.

Section 4. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MR. D.J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY, said as a resident property owner and taxpayer in the City of Newark he was compelled to oppose the ordinance. He believed the intent of the ordinance was to provide continued municipal employment for the former Council Members who were unsuccessful in their bids for re-election. He said the practice of it was wrong. He stated if there was a need for those services, it could certainly be met by the positions of coordinators, specialists and analysts. He continued by saying on the other hand, there was a desperate need to find meaningful, productive employment, public and private, for the unskilled and the educationally disadvantaged, but finding such employment in the public sector requires imagination, genuine concern and understanding of competent supervision; all qualities lacking in this administration. He quoted Thomas Paine by saying "A long habit of not thinking a thing wrong finally gives it the appearance of being right, and raises, at first, a tremendous outcry in defense of custom".

Councilman Carrino said the position was needed to serve the residents who might have complaints about the cable television service and it was not clear at that time whether or not the cable company would pay for the salary of that position.

MS. TANYA LARKIN, 101 GEORGIA KING VILLAGE, NEWARK, NEW JERSEY, wanted to know if that position would be open to the public.

Councilman Carrino said he would meet with Connection Communications Corporation to discuss the job title, then the position would be advertised.

MISS ARLENE HENRY, 603 ELIZABETH AVENUE, NEWARK, NEW JERSEY, said she was oppsed to the taxpayer's paying for the salary of that position. She asked the Council why they did not contact her for the position.

President Grant mentioned that no one has been promised or guaranteed the position. He indicated he would appoint a committee to study the situation.

A motion to table this ordinance was made by Councilman Carrino, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Villani, President Grant.

Not Voting: Councilman Tucker.

(Councilman Tucker arrived at this time)

(At a later time in the meeting, Councilman Tucker apologized for being late. He was attending a funeral service for a youth killed in an elevator accident. He stated although he was not present for the deletion of the title Governmental Operations Specialist, he would have not supported it. He made mention of the fact his colleagues were reacting to "public pressure" for not approving the measure for former City Council President Earl Harris. He mentioned that the Mayor felt it was his responsibility to fill the position of the Cable Television Complaint Officer, while statute says it is in the purview of the Council)

MR. CHARLES DINSON, 131 ORATON STREET, NEWARK, NEW JERSEY, addressed the Council concerning an exorbitant water bill from the City of Newark which he has been unable to resolve with the Division of Water Accounting and Customer Service.

President Grant directed Assistant Business Administrator Thomas Banker to take Mr. Dinson to Mr. Joseph Paradise's Office (Water Accounting and Customer Service) to resolve the problem immediately.

Councilman Carrino indicated it was the third time Mr. Dinson has tried to correct his water bill.

Councilman Branch suggested a committee be formed to investigate these matters.

President Grant directed the City Clerk to invite Water Accounting and Customer Service Director Joseph Paradise to the Special Conference, July 13, 1982.

Councilman Rice suggested Pentamation Corporation be invited to the Special Conference also.

MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to all levels of government.

President Grant directed Mr. Edward Seagraves, Manager, Newark Demolition Team to assist Mrs. McCray and Mr. McCoy with their problem and also requested Mr. Seagraves to provide the Council with a report concerning the final disposition of the matter.

Councilman Payne commended Mrs. McCray for coming before the Council with her problem.

Councilman Branch asked if there was a phone number where people could call concerning abandoned buildings.

President Grant indicated there was such a phone number.

MR. MANUEL TIRADO, 9 SOUTH STREET, NEWARK, NEW JERSEY:

MS. MARIE BRITTON, 38 1/2 WALNUT STREET, NEWARK, NEW JERSEY:

MR. VICTOR DELUCA, 38 MAIN STREET, NEWARK, NEW JERSEY:

The above speakers addressed the Municipal Council with respect to their opposition to vacancy decontrol and the preservation of rent control.

Councilman Martinez noted that vacancy decontrol was not a threat at this time. He asked Mr. Hutchins which decision was the best of two evils, the City not receiving .10 cents in Federal monies or vacancy decontrol?

Mr. Hutchins said the City would be in a very serious problem. He mentioned Senator Alphonse D'Amato from New York was no longer pushing the bill.

Councilman Martinez stated vacancy decontrol was thought up by him. He said he personally went to Washington, D.C. and at that point in time it was being discussed by President Reagan's Cabinet. The Cabinet was discussing the fact that every City through the United States that had rent control would not receive any Federal dollars.

Councilman Rice stressed that he was for rent control and not for rent decontrol.

Councilman Payne said the City of Newark is at a "crossroads". The Council has to take a look at the problem of decent, affordable housing and try to develop a reduced rate of abandoned buildings. He asked Mr. Hutchins to gather material and have his committee meet with Members of the Municipal Council.

Mr. Hutchins mentioned he worked with Members of the Council before; the meetings were discontinued for no apparent reason. He stated he believed in the spirit of cooperation and responsibility.

Councilman Payne hoped this could be rekindled once again.

Councilwoman Villani mentioned meetings were held with Gerry Smith from Rent Control. She hoped these meetings could be resumed with the "new blood" on the City Council.

Councilman Branch said he was opposed to vacancy decontrol.

MR. ROBERT L. DOHERTY, PRESIDENT, P.F.O.A., 188 MULBERRY STREET, NEWARK, NEW JERSEY, informed the Council on the decrease of essential services in the City of Newark. In Newark, which has the highest fire death rate, they continue to use firefighters serving in the position of Acting Captains, who either failed the exam or never took the exam. The New Jersey Department of Civil Service has found this improper. But so far, Civil Service has failed to make the City comply with the law.

He mentioned another incident which happened on June 23, 1982, which

the Fire Department responded to a call for an overheated electrical transformer. It was responded by Engine Company #27, located on Chestnut Street. Their attempt was to cool the transformer down until Public Service arrived. Because of the emergency nature of the fire, the firemen did not have time to put on their breathing apparatus. Upon returning from the fire, it was realized the transformers contained PBC, a cancer causing agent. The men requested permission to be examined at College Hospital, but were denied. They were told they would be treated by the department surgeon. The men were informed by the department surgeon they did not need to be concerned because the body passed out chemicals. He told the Council he had several reports which stated the doctors statement was not correct. He stated he informed the Fire Chief he was going to get the National Institute of Occupational Safety and Health to make an investigation. He said the Fire Chief was against the investigation because he thought the Unions were trying to manufacture an incident. On June 30, 1982, Public Service contacted the Fire Personnel Office and informed them that PBC was present in the transformer and that subsequent blood tests revealed that two of the firemen had PBC in their bloodstreams. He requested a presentation of further information to the Council at another time.

President Grant said it would be taken under consideration.

MS. LETHA B. WHITE, 127 WICKLIFFE STREET, NEWARK, NEW JERSEY, told the Council she had a passageway in her yard through a vacant lot. She asked the Council if a legal sign could be posted by a Newark policeman to stop people from blocking that passageway.

President Grant noted that in the Office of the Mayor there sits a Mrs. Dolores McDaniel, who would be there to accept her request for service in that regard. He told her to tell Mrs. McDaniel that he sent her and he was sure that her request would be taken care of.

A motion to permit Ms. Wilnora Holman to speak under "Hearings of Citizens" was made by Councilwoman Villani, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-k.

MS. WILNORA HOLMAN, 516 BERGEN STREET, NEWARK, NEW JERSEY, congratulated all the Members of the Council from the people of James C. White Manor. She wished them all good health, kindness, love and Godspeed. She said without love you can't do very much. The senior citizens need the Council to keep their promises which they made on July 1, 1982.

President Grant thanked the residents from James C. White Manor for their support they gave them on election day.

A motion to permit Mr. Duke E. Moore, Sr. to speak under "Hearings of Citizens" was made by Councilman Payne, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

MR. DUKE E. MOORE, SR., PRESIDENT, P.T.A., UNIVERSITY HIGH SCHOOL, 54 NORTH MUNN AVENUE, NEWARK, NEW JERSEY, asked the Council to intervene in what he called a plan by the Executive Schools Superintendent to abolish a program to "upgrade" the skills of students at that school.

In this connection, President Grant stated he was going to request an opinion from the Law Department addressing the legality of adopting legislation which would allow a Member of the Council to sit on the Newark Board of Education as a participating but non-voting member.

President Grant directed the City Clerk to send Mr. Moore's remarks to the Mayor.

July 7, 1982

President Grant recalled there were those that stood on the stage of Symphony Hall on July 1, 1982 and expressed their concern about the conditions in public housing in the City of Newark. He indicated at that time his office would move expeditiously in an effort to help this problem. He mentioned a telegram which he sent to The Honorable Samuel Pierce, Secretary of Housing and Urban Development in Washington, D.C.

He read the following telegram into the record:

PMS THE HONORABLE SAMUEL PIERCE SECRETARY HOUSING AND URBAN  
DEVELOPMENT, DLR  
WASHINGTON DC  
DEAR SIR:  
CAMPAIGN 82 IS HISTORY IN NEWARK NEW JERSEY AND ALL OF US MUST RETURN  
TO REALITY AND SOBERNESS.

HOWEVER, DURING OUR MANY STOPS AT PUBLIC HOUSING SITES CONDITIONS  
PERSIST THAT WERE DETRIMENTAL TO HUMAN LIFE AND SUGGESTED A THROWBACK  
TO HOVEL-LIKE WRETCHEDNESS. WE MUST ALL ANSWER THE CRY OF THE POOR  
LEST WE CRY OURSELVES AND NOT BE HEARD.

FROM YOU IMMEDIATELY.

A motion to consider Resolution 7-R-dp at this time was made by  
President Grant, seconded by Councilman Martinez and declared adopted by  
President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani,

RESOLUTION APPOINTING AND DESIGNATING AN INVESTIGATING COMMITTEE OF THE  
NEWARK MUNICIPAL COUNCIL, COUNCILMEN DONALD TUCKER, MARIE L. VILLANI AND GEORGE  
BRANCH, CHAIRMAN, TO INVESTIGATE CONTINUING PROBLEMS OF ELEVATOR MAINTENANCE,  
REPAIR AND SECURITY AND RECENT DEVELOPMENTS AT THE NEWARK HOUSING AND REDEVELOPMENT  
AUTHORITY INCLUDING BUT NOT LIMITED TO THE RECENT DEATH OF A HOUSING RESIDENT DUE  
TO THE MALFUNCTION OF AN ELEVATOR AND TO INVESTIGATE ALL OFFICIALS, OFFICERS AND  
EMPLOYEES OF THE NEWARK HOUSING AND REDEVELOPMENT AUTHORITY IN RELATION TO THE DIS-  
CHARGE OF HIS OR THEIR OFFICIAL DUTIES AND CONDUCT AND RELATED AREAS; INCLUDING THE  
POWER OF SUBPOENA PURSUANT TO N.J.S.A. 40:48-25 AND 2A:67A-1, ET SEQ.

(Copy of resolution and correspondence submitted to each Member of the Council)

City Clerk D'Ascensio read the following resolution:

WHEREAS, it is deemed necessary for the purpose of pro-  
moting efficiency and economy in government, responsiveness on the part  
of all City officers, officials and employees, and the Newark Housing  
and Redevelopment Authority and its officers, officials and employees,  
and in the best interest of the City of Newark to create an investigating  
Committee to investigate any and all such officials, officers, and employees  
in relation to the discharge of his or their official duty or conduct;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF  
THE CITY OF NEWARK, NEW JERSEY THAT:

1. Councilmen Donald Tucker, Councilwoman Marie L. Villani  
and Councilman George Branch, who shall serve as chairman, are hereby  
appointed and designated an Investigating Committee of the Newark Municipal  
Council to investigate continuing problems of elevator maintenance,  
repair and security and recent developments at the Newark Housing & Re-  
development including but not limited to the recent death of a housing  
resident due to a malfunctioning elevator at Scudder Homes and to investigate  
all officials, officers and employees of the Newark Housing & Redevelopment

RESOLUTION CENSURING THE DIOR COMPANY FOR ITS REPORTED ADVERTISING CAMPAIGN WHICH WILL DEMEAN THE CITY OF NEWARK.

(Copy of resolution submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Martinez, seconded by President Grant.

Councilman Martinez mentioned the article which appeared in the Liz Smith Column of the Daily News dated Friday, June 25, 1982 which states that one of the first campaign ads which the Dior Company would put out asks "What Would New York Be Without the Diors"? The answer says, "Newark". He also brought out that it has been reported that the advertising campaign would be highly insulting to the City of Newark, its government and citizens. Newark has been trying to rebuild its image for years, and acts such as those serve to undermine any progress that has been made.

Councilwoman Villani said it was an insult to the "fashion-conscious" women of Newark.

Councilman Payne said, if all else failed, he would consider spearheading a national boycott of Dior products.

The motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

RESOLUTION AUTHORIZING DIRECTOR OF ENGINEERING TO EXECUTE CONTRACT WITH ANSELM AND DE CICCIO, INC., 1977 SPRINGFIELD AVENUE, MAPLEWOOD, NEW JERSEY, LOWEST RESPONSIBLE BID, FOR SINGLE OVERALL CONTRACT FOR CONSTRUCTION OF NEWARK MEADOWS STORM WATER PUMPING STATION, FOR TOTAL SUM OF \$5,386,000., IN ACCORDANCE WITH PLANS AND SPECIFICATIONS; FURTHER AUTHORIZING DIRECTOR OF ENGINEERING TO EXECUTE CHANGE ORDERS AS NEEDED TO FULFILL THE GOALS OF THIS PROJECT IN NET AMOUNT NOT TO EXCEED ADDITIONAL \$4,500.; FUNDS PROVIDED BY UNITED STATES DEPARTMENT OF COMMERCE/ECONOMIC DEVELOPMENT ADMINISTRATION; PORT AUTHORITY OF NEW YORK/NEW JERSEY AND CAPITAL BUDGETS; AWARD OF CONTRACT SUBJECT TO APPROVAL OF UNITED STATES DEPARTMENT OF COMMERCE/ECONOMIC DEVELOPMENT ADMINISTRATION.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Branch.

Councilman Tucker questioned if this was the contract dealing with Frelinghuysen Avenue.

City Clerk D'Ascensio replied Director of Engineering Zach addressed the Municipal Council at their special conference dealing with this item. It is to relieve the flooding at Frelinghuysen Avenue and Meeker Avenue.

Councilman Tucker stated that contractor has already started that work and he assumes that Director of Engineering Zach stated that.

Councilman Payne said he thinks there may be another project, according to Director Zach, that has started on Frelinghuysen Avenue. This is supposed to be a pump down in and around the Airport that interfaces with that work that is being done on another project.

Director Zach stated the project that is under way is the Frelinghuysen Avenue improvement project. That is not the same as the pump station project. The pump station project is a separate project. No work has started on that and will not start until the Council approves the resolution. This project ties directly to the other project to the extent that the runoff from the other project that is currently being installed will go to the pump station.

Councilman Tucker said he would like to apologize for not being present at the special conference when this item was discussed. His initial review of this indicated the last time the portion dealing with minority contractors, was that 26% of the original \$5 million was supposed to be going to minority contractors. He has raised the concern that only \$20,000. out of the 26%, or \$1.4 million would go to a Newark based contractor. He has not had an opportunity to read this letter which he assumes clearly indicates there are more funds coming to Newark people. He asked if it was possible to have it appear in the record what it is.

Director Zach said what they might want to do, if they wish, he can review it with him, attach to Council's action the copy of the letter from the contractor as well. The letter really speaks for itself, expects they will have 31% at least when they get done with minority participation, increased by at least two additional contractors and \$141,000. that would go to Newark firms. He expects that there be about \$1.3 million that would go to minority enterprises of the total project amount.

Councilman Tucker said he had an opportunity to check with the State to find out whether those minority firms were in fact minority firms. The State indicated they were. He also had a chance to check with the construction trade association to find out if those minority contractors were registered with them and obviously they were. He also checked with the Division of Licenses, because he believes Councilman James sponsored an ordinance, indicating that people doing work within the City of Newark must obtain a license. They have not obtained a license yet within the City but that has nothing to do with the questions being raised now.

July 13, 1982

The City was not in a position to verify they were minorities.

Director Zach said in this case the project itself, as he indicated in conference, is in fact located in Union County. It's in Elizabeth where the plant will be built. They will not be in fact working in Newark and will not need a license from the City of Newark. They have also at the request, to the follow up of today's discussion earlier with Council, have prepared a letter to the contractor indicating that they are looking to have his full attention given to providing for even a greater level of not only minority participation but more importantly Newark representation in asking him to work directly with Affirmative Action Compliance Officer in trying to ascribe the greatest level of effort he possibly can to carry out that directive.

7-R-s-S.

RESOLUTION ESTABLISHING BUDGET FOR HOUSING AND COMMUNITY ACT, EIGHTH YEAR PROGRAMS, TOTALLING \$15,468,000.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Branch, seconded by President Grant.

Councilman Tucker stated it has been a long while since Council has gone over the HCDA Budget and to have this come up as a late starter really does not give them an opportunity to review this matter. The HUD City aid year, he believes has been changed now until August 1st. But the net result is has the staff had an opportunity to review this budget. They may very well be voting on something that may be somewhat different. He doesn't understand why it has to come up as a late starter, which at least preempts them from getting any effective overview on the whole matter. The other question is if they are voting on the approval of the budget, they don't know whether or not they are dealing with just the approval of the overall budget figures in lump or they are dealing with the detailed budget. The budget that appears in the back up is the overall lump figure. There is no detailed budget for the large areas like NEDC in the sum of \$300,000. without the approval of a detailed budget or basically the Administration which is \$2,554,880. He questioned where is the detailed budget on that. Are they talking about lump figures? What he is raising are they approving, like they have accepted the money and he assumes they are accepting the money in the broad general category. His concern is that they as a Council adopted an ordinance indicating that they want a detailed budget. It deals with the overall figures and he thinks what they are doing, if they do that, is giving Administration the latitude to do what they want to do or at a later point in time Administration may very well be coming back to them.

Chief Analyst Polster stated that the Assistant Business Administrator Banker gave an explanation when this matter was raised in pre-conference. On the Mayor's call of the meeting, Item T, they could not reconcile it to the original figures in the application which was approved a few months ago. Assistant Business Administrator Banker gave an explanation and he would ask him to repeat it for the Council as to why these figures are not the same.

Assistant Business Administrator Banker explained that the HCDA 7th Year ends this Friday in terms of the timeframe. The budgets that are before the Council, Item T, are budgets that comply with the approved conditions of Item S. By those conditions, HUD said that the City could initially spend the dollars appropriated for administration which is \$2.5 million as well as the dollars from prior year that is a credit, which is \$2 million. The other dollars are withheld pending the satisfying of the conditions. The budgets that are before the Council are passed until September 17th. They will have to satisfy those conditions and come back to the Council with the budgets for the amount of money that is going to be freed up. The money that is in limbo, is contained in the budget that is before the Council in the area called "Reprogrammable Funds", there is \$9.4 million that is tied up there pending resolution of these items. The major outside agencies will have to come back to the Council in subsequent meetings for contracts for those agencies which would contain the full detail. HDRC is properly budgeted as one line item because it is paid as a contract. In regard to the detailed information the Council requires, that would have to be part of the documentation in the presentation of a contract for that purpose or any other contracted purpose.

Councilman Tucker stated that \$2.5 million is a lot of jobs. He understands what he is saying and he is not buying what he is saying. They went through a process of stating that they wanted to see a detailed budget within the project administration, that is \$2.5 million. Somebody is being paid, today. So don't tell him that he has to go back to HUD or anything else.

Councilman Tucker reiterated he wants to have the detailed budget for Administration. That one does not have to be contracted out. He assumes what they are voting on right now is the lump figure and not the detailed budget.

Assistant Business Administrator Banker said they have available the detailed budget which supports the numbers included in the resolution. These detailed budgets as he indicated, can be made available right now, if necessary. They don't reflect the

75  
July 13, 1982

whole year and they are not comparable to the application because what he mentioned earlier about the conditions on the grant. They show the positions funded for part of the year. They will be happy to share with the Council right now but they are not meaningful in the sense that they are complete year budgets because of the conditions.

Councilman Tucker said all he is dealing with is that if the figures don't add up, why are they being asked to vote on this. He has no problem dealing with the reality that HUD may very well jam us up and give them a certain period of time to come up with something. He assumes that resolution when it says approve the budget does not say anything about coming back to the Council. He asked if it was possible for the City Clerk to look at the resolution and find out whether that is inserted in the resolution. The resolution they are talking about right now, does it indicate that it will come back to the Council with a detailed budget dealing with project administration. He assumes, based on prior actions that have been submitted, that they are probably approving the budget and that will be the end of it. All he is concerned with is there anything in the resolution that indicates it will come back to the Council.

City Clerk D'Ascensio replied that the only item that isn't specified, is the item of \$9 million and some odd dollars. That is a lump sum and is under the category of Other Expenses. They have to come to the Council if they are going to take anything from this amount as they are doing on these transfers now.

Councilman Tucker asked if it was possible that they can accept the resolution and have that resolution terminate on August 11th so that Administration will have two weeks between now and August 11th. It would be an automatic termination. They should be voting on budget figures that add up and he doesn't believe they as a Council want to lay anybody off because they think they should be voting figures that add up and if they don't add up they should get conditional approval.

City Clerk D'Ascensio said that question was asked of Administration during the conference and he thinks Assistant Business Administrator Banker should explain a little more in detail.

President Grant said that he thinks Councilman Tucker is posing a question of whether or not it would be legal and in the best interest of the City and the Council to insert an amendment to this resolution, that it terminates in two weeks and comes back for a second vote.

Councilman Tucker said that at the meeting of August 11th. All he is saying to have that resolution terminate. That gives them at least a minimum of two weeks to reconcile the budget. They are not voting on the approval. What he gathers and he has not had a chance to review that. That resolution in effect is basically approving the budget so that they will come back to see the Council in April of 1983 if they approve it the way it is presently constituted.

Assistant Business Administrator Banker stated he thinks it is a matter of ordinance of this Council that the movement of dollars in HCDA Programs has to be done by Councilmatic resolution. They cite that ordinance in every budget transfer but he thinks this Council is aware that since the passage of that ordinance, any budgetary changes made in HCDA programs come to the Council formally. He can say on the record that the \$9.4 million that is in this budget in the area of Reprogrammable Funds will not be spent from that category. Prior to a single dollar being spent from the amount of money, there will be needed action by this Council in a form of a resolution to appropriate it into the correct category. This budget in effect accomplishes the same thing as Councilman Tucker wishes it to accomplish. That which is before the Council terminates on September 17th in the same time frame that he is talking about. There are not sufficient dollars in any of these projects to continue beyond that point. Between now and that date, this Council will have to with HUD's approval, consider additional budgetary actions or they won't be talking about coming back to them in April, they will be talking about terminating the program in its entirety in the middle of September.

The motion to adopt the resolution on condition that the provisions of this resolution shall terminate on August 11th, 1982, at which time the City Administration shall submit to the Municipal Council a comprehensive resolution which reconciles the full HCDA Eighth Year Budget with those amounts contained in the approved application for

Councilman Martinez read the following letter from Executive Director Dust, The Newark Preservation and Landmarks Committee and directed the Acting City Clerk to forward said letter to Mr. William J. Ceballos, of Traffic Engineering:

The Newark Preservation and  
Landmarks Committee  
35 James Street  
Newark, New Jersey 07102  
(201) 622-4910

August 6, 1982

Mr. Frank D'Ascenzio  
City Clerk  
Newark City Hall  
920 Broad Street  
Newark, New Jersey 07102

Dear Mr. D'Ascenzio:

My thanks to you and the Municipal Council for the opportunity to review and comment on the proposed changes in the parking ordinance regarding James Street.

My comments are few, but I feel they reflect the concerns of the residents of the area.

Might I also add that while these changes will alleviate some problems, there are serious parking deficiencies in the area which, I think, require some deeper study and more dramatic action.

The impact of the new 1 Washington Park Building, combined with the existing parking problems created by the Blue Cross/Blue Shield Building and Rutgers Law School, plus whatever may happen with future growth at St. Michael's Hospital, all tend to create major problems for residents. The simple creation of more surface parking lots is not, I feel, the answer.

The area is already a virtual sea of parking lots, and buildings in the historic district have continued to be demolished over recent years to make more room for parking, both commercial lots and for private businesses. Space in these lots is available for a fee, thus penalizing those who live in the area and provide more of a service to out-of-towners than for residents and taxpayers.

Substantial funds have been spent, publicly and privately, to improve the area and surface lots seriously undermine these activities. I hope, somehow, the proliferation of parking lots can be curbed and a more imaginative approach found.

However, regarding the amendment to Section 23:5-2:

It would be of greater aid to the residents if the parking ban were from 9 a.m. to 6 p.m. rather than the proposed 8 a.m. to 6 p.m. daily and if parking was allowed all day on Saturdays, Sundays and holidays.

Thank you for your consideration of these suggestions.

Sincerely,

Donald T. Dust  
Executive Director

cc: H. Martinez

The Acting City Clerk read AN ORDINANCE TO REQUIRE, HEREAFTER, APPLICATIONS AND AGREEMENTS FOR, AS WELL AS ASSIGNMENTS AND MODIFICATIONS OF, TAX EXEMPTIONS (COMMONLY REFERRED TO AS TAX ABATEMENTS), AUTHORIZED BY THE "LIMITED DIVIDEND NON-PROFIT HOUSING CORPORATIONS OR ASSOCIATIONS LAW" (N.J.S.A. 55:16-1 ET SEQ) AND BY THE "URBAN RENEWAL CORPORATION AND ASSOCIATION LAW OF 1961" (N.J.S.A. 40:55C-40 ET SEQ) TO BE APPROVED BY ORDINANCE OF THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK AND NOT BY RESOLUTION AS HERETOFORE.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Tucker, seconded by Councilman Martinez.

Councilman Tucker said that by moving this ordinance to first reading actually speeds up the process of what the Council has stated in the past dealing with tax exemptions. He thinks most of them know full well the number of tax abatements that have been requested by individuals in the City of Newark, whether they are in the development of housing or in the development of commercial industrial projects in the downtown or the industrial areas. He thinks the intent of this ordinance at least requires to some of the concerns that were raised by people throughout the entire City of Newark clearly indicating they would like to be knowledgeable of when these items are coming up before the Municipal Council and also be knowledgeable of the amount of taxes that would be generated prior to the development, taxes that would be generated consistent with the prospect of development and also the differential. What the City Clerk would do is advertise the full tax abatement process and insure community input prior to the Council acting on the matter of tax abatement. It will, in effect, require an ordinance for every tax abatement or possible transfer or assignment of tax abatements for it to become law within the City of Newark. 96

The motion to adopt the ordinance on first reading was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker  
Villani, President Grant.

President Grant: The yeses are eight and the noes are none. This ordinance is declared adopted on first reading and the Acting City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on September 1, 1982.

ORDINANCES ON PUBLIC HEARING, SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on public hearing, second reading and final passage.

6-Ph, S & F-a.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE GRANTING FIVE YEARS OF TAX ABATEMENT FOR A COMMERCIAL IMPROVEMENT IN THE FORM OF A NEW TWO STORY ADDITION TO AN EXISTING BUILDING AT PREMISES KNOWN AS BLOCK 2053, LOT 20, ON THE OFFICIAL TAX MAP (YEAR 1982) OF THE CITY OF NEWARK, NEW JERSEY, WHICH PREMISES ARE ASSESSED FROM 65-79 ST. CHARLES STREET.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. That pursuant to the laws of New Jersey and the Revised Ordinances of the City of Newark (R.O. 10:11-1, et seq.), formerly Ordinances 6S&FB051778 and 6S&FH090678, the Municipal Council of the City of Newark has approved as in the best interest of the City of Newark, (being conducive both to an increase in ratables and employment for this City) an Application and Agreement with Right-O-Way, Inc. (hereinafter Applicant) for five years of tax abatement for a new two story commercial building added onto the present building on land owned by Applicant, commonly known on the Official Tax Duplicate of the City of Newark for the year 1982, as 65-79 St. Charles Street (Block 2053, Lot 20, currently assessed at \$99,300, being \$29,000 for land and \$70,300 for improvements).

2. That in consideration of the tax abatement on the new construction, Applicant will pay to the City of Newark an annual service charge, based on 2% of the cost of construction, but in no event shall such annual service charge together with the taxes on the land, in any year after first occupancy of the project be less than the total taxes (\$10,039.23), assessed on all real property in the area covered by the project in the calendar year immediately preceding the year in which the Application for this tax abatement is made.

3. That the cost of construction of the project is presently estimated at approximately \$424,407.70. Two percent thereof is \$8,488.15.

4. That the annual service charge is to be paid quarterly, together with, and on the same due dates as the taxes on the land, for said premises 65-79 St. Charles Street.

5. That nothing herein shall, impliedly or otherwise relieve Applicant from or relax its obligation to comply with and conform to, all applicable statutes, municipal ordinances, and the lawful regulations made pursuant thereto, governing land, building(s) and the use thereof.

6. That this Ordinance shall take effect upon publication and passage according to law, whereupon the Mayor on behalf of the City of Newark is empowered to execute and the City Clerk to attest and affix the seal of the City to the aforementioned Agreement for tax abatement, a copy of which is on file in the Office of the City Clerk with the accompanying Application, and these two instruments may be therein examined during regular business hours.

100

7. That an executed Agreement authorized by this Ordinance shall be filed with the City Clerk by the Department of Law.

8. That all advertising costs for publishing this Ordinance shall be paid by Applicant before the Agreement, executed by the City, shall be delivered to it.

9. That within 30 days after the execution of the aforementioned tax abatement Agreement, there shall be forward by the Department of Law a copy of such Agreement to the Director of the Division of Local Government Services and to the Commissioner of the Department of Labor and Industry.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

SECTION 2. Those positions with no standard hours of work, namely, Assistant Corporation Counsel, First Assistant Corporation Counsel, Law Clerk, Legal Assistant and Municipal Prosecutor are considered in the managerial or exempt class of positions with no standard hours of work. The incumbents employed in said positions shall be subject to the responsibility for the completion of assigned duties and responsibilities and shall not be entitled to overtime compensation or to any accumulation of compensatory time. Where required for data processing purposes only, the hereinabove noted position's salaries shall be calculated on a thirty-five (35) hour work week.

SECTION 3. All prior ordinances or parts of prior ordinances which relate to the above position titles, hours of employment, number of positions, annual minimum salary and annual maximum salaries therefor, which are inconsistent herewith are hereby repealed.

SECTION 4. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Carrino, seconded by Councilman James and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-Ph, S & F-r.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE OFFICE OF THE MAYOR AND ESTABLISHING SALARIES THEREFOR," (6-S & F-C) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO ADJUST SALARIES PER AGREEMENT WITH ESSEX COUNCIL #1, CIVIL SERVICE ASSOCIATION)

SECTION 2. The position titles and salaries hereinabove established and specified shall be temporary in nature. Further, the salaries of such position titles shall remain at the amounts hereinabove fixed so long as the Community Development Block Grant funds received by the City from the Federal government under the Housing and Community Development Act of 1974 shall last, and upon complete utilization of said funds or termination of such funding, then the said position titles and salaries hereinabove established in the Office of the Mayor shall immediately cease and terminate.

SECTION 3. No other position titles or salaries other than those hereinabove established shall be funded from Community Development Block Grant funds received under the Housing and Community Development Act of 1974.

SECTION 4. All prior ordinances or parts of prior ordinances which relate to the above position titles, hours of employment, number of positions, annual minimum and annual maximum salary therefor, which are inconsistent herewith, as hereinabove set forth, are hereby repealed.

SECTION 5. This ordinance shall take effect upon final passage and publication and in accordance with law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilman Payne.

Councilman Tucker questioned how Essex Council #1 relates to HUD/CDA?

Chief Accountant Fitzsimons replied that certain clerical titles are included under Civil Service even though they are not represented by Civil Service, they are getting the same raise.

The motion to adopt the ordinance on second reading and final passage was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

#### HEARINGS OF CITIZENS.

6-HC-a.      MR. QUENTIN TERRY, 12 RICHMOND STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to abandoned buildings in the area of West Market Street, High Street, South Orange Avenue and vacant lots that need to be cleaned up. They have been complaining about this for three years.

President Grant stated there are representatives present in the audience from Administration. There is a representative present from the Office of Consumer Services, Mr. Thaddeus Kettels, whose program is designed to deal specifically with problems such as these. He suggested the speaker talk to Mr. Kettels.

Mr. Terry questioned about the Lionel Hampton Homes that are supposed to be built.

President Grant replied he didn't know if those homes would go under the name of Lionel Hampton. The property in question is presently under the jurisdiction of the Newark Housing and Redevelopment Authority. Mr. Milton Buck serves as the Executive Director and suggested also that further inquiry or information relative to the upcoming project in the Central Ward either be directed to the gentleman seated in the back or through the Housing Authority or if the Councilman from the Central Ward or one of the at-large Councilmen would have someone meet with him on that.

Councilman Branch indicated he knows Mr. Terry very well and he has been in his office several times with respect to complaints about vacant lots, etc. and indicated that they would assist him in every way they could.

President Grant pointed out to the speaker that on today's agenda, there is legislation dealing with proposed additional construction of housing in the Central Ward and Mr. Donald Harris, who is present in the audience, he is sure additional information could be supplied by him.

6-HC-b.      MS. LAGRETTA STEBBINS, 100 NINETEENTH AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council requesting that they proclaim the week of August 16 - 22, 1982 as "Marcus M. Garvey" week in the City of Newark and invited the Members of the Council to the festival at Military Park next Saturday.

6-HC-c.      REVEREND DAVID S. BURGESS, ST. STEPHAN'S UNITED CHURCH OF CHRIST, WILSON AND FERRY STREETS, NEWARK, NEW JERSEY, thanked the Members of the Council for adopting an ordinance on July 7, 1982, asking the Mayor and others to get enough money to rehabilitate Wilson Avenue Bathhouse. The bathhouse was built 65 years ago and has been a source of joy for many generations. Without warning in 1979 this facility was closed, improperly boarded up. The City of Newark received \$2.6 million of federal monies to rehabilitate this facility, however, in 1982 the Mayor without consulting with the citizens of the Ironbound returned this money to the Federal Government saying the City of Newark does not have enough money to keep up this place for another 25 years. They have a petition with 1,500 signatures from the Ironbound asking that this facility be opened. The speaker pleaded with the Council that they impress upon the Mayor, who they hope to meet about Labor Day about the importance of getting this money back. It is not only their Ward but other Wards too.

August 11, 1982

The citizens of the Ironbound are willing to set-up a Citizens Committee to help on a voluntary basis to keep this place running while it is being rehabilitated and are asking the Council to take further steps to make a reality of their resolution of July 7th so they may have a swimming pool for all ages in this community.

Councilman Martinez said that the \$2.6 million the speaker referred to is not only for the Wilson Avenue Bathhouse but for several other recreational facilities throughout the City of Newark. Last week when they were having their participation in front of the bathhouse for support for the opening of the bathhouse, he and the majority Members of the Council were meeting with the Mayor at that time and a request was made by him to the Mayor with the support of his colleagues to request that they reapply for the funds to reopen that particular facility and others. A commitment was given by the Mayor on that day that he would reapply for the funds to open the Wilson Avenue Bathhouse. A meeting is scheduled between the citizens and himself and the Mayor in the next several weeks. Hopefully by then the money would have been reapplied for. He knows the Committee that was proposed at the church meeting, a lot of people were interested in participating. He thinks the Mayor saw one venture that was undertaken by the Ironbound Recreational Center when that too was closed, it was reopened by the community, almost 90% maintained by the community and he gave him that same commitment that they in the community will maintain the facility. They really don't need any City support other than getting it rehabilitated.

6-HC-d.

MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the judicial system.

6-HC-e.

CARL L. GREGORY, 15 SHEPHARD AVENUE, NEWARK, NEW JERSEY, congratulated the Council on their victory in June. The speaker said he is very much disturbed about the lack of formal negotiations now taking place between the NTU and the Newark Board of Education. He recalled that in 1971 it was a long and bitter struggle and sees the same type of forces coming again. There is only one thing that is a lot different from then, is that they have greater powers that are trying to destroy public education in Washington, D.C. The speaker requested the Council to use whatever pressure or influence they have to make sure that both sides begin sitting down to meet on this matter.

Councilman James congratulated Mr. Gregory for bringing this matter to the Council's attention the importance of having the Board of Education, the NTU and the community representatives sit down in order for our school year to start out in an orderly fashion. Taking into account that our school children more than any other system in America, certainly need their education. He would like to commend Mr. Gregory, because he is not only bringing to their attention, at this public forum but he met with him at his Little City Hall, and based on his concerns and the concerns he already shared with him, he is sponsoring a Resolution by this Body, it is being unanimously passed. They have forwarded a communication to the Superintendent of Schools, Dr. Columbus Salley, Mr. Carl Sharif, President of the Board of Education and ask that they sit around the clock in order that when the schools open they are done in an orderly fashion in September. He thinks it would be an insult to the City of Newark if our school children are used as a pawn in September and a strike is imminent because parties refuse to come to the table. The Municipal Council has accepted Mr. Gregory's challenge. He is still somewhat shocked by the action of wide-spread community involvement by the way of parents. He read today's paper where the Board of Education met. He does not see where parents stood up and asked the Board of Education "when will you sit down and meet with the NTU and come up with a contract"? He is not speaking pro or con about the contract. But at least sit down and negotiate. It angers him even further that we can be concerned about the Haitians and we all share that concern, we can be concerned about the boat people and we all are concerned. But no one is concerned about the children of Newark. He thinks they ought to be concerned about our children, our school system and their education as we express concern about the rest of the world. He hoped that what the speaker stated and what this Council indicated by letter, would catch fire by the community at large and all of us petition the NTU and the Board of Education to sit down around the clock and talk about a contract so they will not open their school system in September in turmoil. He again congratulated Mr. Gregory as a parent and an educator and hoped

1,000 parents would come forward and simply say the same thing to the right parties.

6-HC-f.

MR. FRANK HUTCHINS, 469 ELIZABETH AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the Helping Hand Welfare Rights Day Care Center Board. In 1971 this Center was established to provide upward mobility to welfare mothers to give them an opportunity to become a part of a work force and have their children cared for. They find themselves in a dilemma now of a stonewall. They find themselves about to be defunded by Divis and no matter what they try to do, it appears there is nothing they can do. He would like the Council's support. He is not coming to ask the Council's support blindly. He is asking that they first take a look at their program and if they find something wrong then they might decide not to support them. However, they do not feel they are not receiving a fair hearing at this point. He is asking that the Council support them because of that. Divis itself has said that they feed the children well and train them well. However, they indicate that they are weak in administration and he says that Divis has a responsibility according to their contract. They are supposed to provide them with training and technical assistance. They have not done that. They have had an insensitive field representative, have tried to work the problem out and have reached a stonewall.

The speaker pointed out that he has met with the Central Ward Councilman and Senator Lipman has been helping in this struggle. The speaker said he is asking the Council's support by adopting a resolution or whatever other kinds of support they might be able to give.

Councilman Branch stated he has visited the Center and met the Director and in talking with Mr. Hutchins a few days ago and requested a report be prepared so he could bring it to his colleagues.

Councilman Payne said he would suggest that Mr. Hutchins address the New Jersey Division of Public Assistance, Mr. Thomas Riddy, under whose auspices the overall public assistance programs fall in. There are a number of people who are from Essex County that are in the administration of the program who are very familiar with the WIN Program and he thinks he might be able to, in addition to the Council, take it directly to the Board. They will meet on September 14th and he feels at that time he can count on him since he is a Member of the State Board.

Councilman Tucker said they as a Council have the legislative responsibility and also a support thing. He thinks it is more important to get in contact with the Day Care Unit in the Department of Health and Welfare. Obviously, Helping Hand Day Care Center receives part of the support from that coordinating unit within the Department of Health and Welfare. Maybe under Motions they can at least request they receive the report from their local unit that at least gives a disposition on the day care center and from there they can be in a better position to know what they can do to be of assistance to Helping Hand. He does believe they should try to ask the Department of Health and Welfare or MPDO. They have a full time person who works with every day care agency in the City and ask them to submit a report so they can be in a better position to help them.

6-HC-g.

MR. RICHARD L. DOWLING, 166 ELWOOD AVENUE, NEWARK, NEW JERSEY, stated that coming today is the last resort. They have done everything legal. They have reached out to the Chief of Police, the Police Director and have received much help. They formed block watches, they joined and attended monthly meetings with the Police Commander in the North District Community Council, attended classes and 12 of their people received certificates of graduation. They joined the Advisory Board of the community relations and attended every meeting with Lieutenant Greenleaf, they formed a watch group to watch their people go and return from the stores along Mt. Prospect Avenue and Broadway. This group was formed under the direction and guidance of Councilman Carrino. When drugs became a real threat they marched all over Summer Avenue and discouraged many from destroying small segments of their community. This year they have returned in ever growing numbers. The police are well informed of this situation and they do their best.

Mr. Dowling said he has a petition with 1,000 signatures requesting President Grant to intervene with Mayor Gibson in their behalf to aid them with every means

August 11, 1982

possible to rid their community of all the drug pushers and crime directly related to the sale and use of drugs, etc.

The speaker invited President Grant to a meeting on August 25th of the citizens of the North Ward at Our Lady of Good Counsel cafeteria, Summer Avenue, to discuss these life threatening conditions with the public. With respect to the petitions, they encouraged the people to sign, but 90% of them refused to give their addresses because they know what the consequences might be of a drug pusher reading that petition.

President Grant stated he is in receipt of a copy of the petition and certainly applaud him and the persons from his neighborhood wanting to rid their community of drugs. He has it on his calendar to attend that meeting with the troops and in addition to that they intend to bring other persons with them who are experts in the field, not only in helping to detect drugs but to give some parents information as to how to detect when your children are using drugs and they don't know it.

Councilman Rice said the problems faced in the North Ward are also visible in his Ward, extremely visible in the North Ward, wherein the West Ward touches base in the Sixth Avenue area and Ninth Street and they have also pledged to lead a fight also in his Ward. The problem is not new. For those of them who sit on the Council and those who work in Administration come before you, be very suspicious of the rhetorics they gave them. It is time they stopped talking about the problem at least from the Administration perspective and position and start actively dealing with it. In his estimation the only way that problem will be dealt with is that they start facing the reality of our City and the reality of our society and get those police officers working in the streets, get rid of the ones that are not functioning, even if they are Civil Service or not, add to the rank and file with the Police Department, change the management in the Police Department and then he thinks they can resolve that problem.

Councilman Rice said that in behalf of the request of Mr. Dowling, he hoped very much that he would speak to the Mayor and echo the same concerns that they have mentioned before that there is a very crucial need to take a very stringent review of the management and the directorship of the Newark Police Department.

Councilman Carrino said it seems that the drug problem has continued for the past three years, it has gotten much worse in the neighborhoods. The Narcotic Squad has been reduced from approximately 80 men to 16. Somewhere along the line someone is going to have to realize the appropriate increase in drugs has to do with the appropriate decrease of the Narcotic Squad. He doesn't think you have to be a college graduate to feel that things are getting worse as the Police Department gets smaller. He knows this is rhetoric but we have been talking about this for three years now, somewhere along the line they are going to have to try to not only increase the Police Department but try to better manage the Police Department to a point where some of these people sitting around City Hall should be out in the streets stopping drug sales and arresting people. He noticed that Administration has still not made that adjustment in City Hall as far as the Security Guards are concerned and he thinks it is really an atrocity that they have a \$24,000. police officer sitting at the desk in City Hall checking people out to see if they have an admission card to come into City Hall. It is something that a Security Guard could handle at \$4. or \$5. an hour and put that \$24,000. man back in the street, not only when people see him visibly but to start taking appropriate action. He doesn't care what they do around here, this drug situation is becoming an epidemic. He is not talking about major drug dealers but he is talking about the street peddlers. No matter where you go today you can buy a marijuana joint, etc. People on the busses are smoking marijuana and it is just getting to a point that everybody is getting acclimated to the fact you can do anything you want. He thinks, as Councilman Rice stated, not only do we need more manpower in the Police Department but he certainly thinks the management of the Police Department leaves a lot to be desired and should be stepped up in the next couple of years.

Councilman Tucker said he doesn't believe at this point and time they need to describe the problem. Most of them know about it. He does think they should acknowledge that to recognize what is happening within our City. Fighting drug addiction, fighting the importation of drugs within our community has not been

August 11, 1982

[ 181

our priority. He thinks we need to say that. He thinks they also need to say that although he has been critical to a great degree of what is happening within our Narcotic Squad of the Police Department and the general police administration that they can't fight drug rehabilitation in Newark alone and for them to operate under that assumption is to at least misconstrue the solution to the problem and put it into another perspective. A few years ago they had the State Task Force on Drugs and they had representation from the State Police, Essex County Sheriffs Department and also representation from the Newark Police Department. That Task Force was disbanded approximately three years ago and until they can at least get that kind of an effort, he doesn't believe and he doesn't want us to operate under the assumption that a Newark police officer is going to resolve it. We better understand that. He knows they participated in a process three years ago of dealing with the drug drops, one was in the South Ward, no problem of identifying that. He remembers contacting the police and people told him of a drug drop on Yates Avenue, he contacted the Narcotic Bureau and the Narcotic Bureau went to the home, busted the individual and informed that individual that Councilman Donald Tucker had informed that he had drugs in his home. He has no problem with that because he comes from the streets, no big thing. All he is saying is that they have to get a massive effort, it is not just a matter of having the Newark Narcotic Squad, which he believes at this point and time they have roughly four men to just say "go get these guys" and have the County not really doing its share and also have the State not doing their share. It has to be a massive approach and he thinks if they don't move in that direction, they are not really going to deal with the problem. He really thinks they as a Council have to move affirmatively to try to get everybody to work together because if they don't do that they are not going to resolve that.

Councilman James said that based on all the statements it would seem somehow that they need to have a meeting with the Police Director, the Mayor and other appropriate administrators to really attack this problem more seriously. If it is the opinion of this Body, if the present system would not allow a cure to the problem, certainly all of them are shocked about the increasing drug abuse in our community, all of them know the abuse of smoking pot, as indicated by Councilman Carrino about the disrespectful behavior of those on the public section of busses. He is also concerned about where we have an ordinance that says you cannot drink in public sector and we see 20 or 30 or 50 people drinking on corners drinking in public around our children, who also simply break their bottles in the same location. All of them are aware of what Mayor Dunn of Elizabeth said more recently when they talked about relocating a Drug Rehabilitation Center and he said "no way, they don't want to become another Newark". He hasn't heard any of them rebutting yet. He thinks if the whole world knows they have a problem, it becomes important that they sit down and come up with some recommendation to solve the problem and he would agree with those who are saying it is time to stop the rhetoric and come up with a plan of action. They are famous for knowing the problem and they can get Ray Charles here and he would know the problem. He thinks it is more important that they find solutions that would give the people some hope to bring about a change in their environment and he would hope that, if no one makes it under Motions, he would make a motion that they have a meeting with the Mayor and the Police Director to deal with this problem to come up with a plan of action. He will reserve that under motions.

President Grant requested Assistant Corporation Counsel Goger to approach the podium.

President Grant said he understands that there are laws on the books today which prohibit the consumption of alcoholic beverages on public modes of transportation and since alcohol is considered a drug the same as marijuana, he asked her if she thought it would be constitutional if they would propose that marijuana be considered for non-consumption on public modes of transportation and they can add a few other things such as movie houses, and a few other places. If she doesn't have a ready answer, he would appreciate if the Law Department would look it up and if possible they would propose that ordinance.

Assistant Corporation Counsel Goger replied that she will look it up and thinks it is constitutional.

President Grant stated for the parents that were present in the audience, if they could get such an ordinance enacted and get the State to recognize it, it might be

August 11, 1982

a first, just as it is offensive to consume alcoholic beverages on a public conveyance or in a theater or other public place, if they could get a prohibition on this it might help to tone it done.

Councilman Payne believed this discussion is very helpful and applauds Mr. Dowling for bringing this to the Council's attention. It has been indicated that the Narcotic Division has been reduced to a very small number and he thinks there are a number of problems throughout the City. He does have a concern because they are talking about additional manpower. We are talking about an ordinance that perhaps they would have police officials board a bus, or get on a bus, in public places, to attempt to enforce a new ordinance. They are going to be unable to provide the essential services unless they are very careful as they move through the year and the whole question of creating unnecessary jobs that are not productive so far as enforcement is concerned. He thinks they need to have additional enforcement in the sweeping of streets because they don't sweep them in the South Ward every week, they need to have additional manpower to clean sewers or a bigger contract because they are not cleaned, the trees are not being trimmed and so on. We continue to expand the type of ordinances that are going to require enforcement but we have to be mindful of the fact that in order to enforce these ordinances or in order to provide basic City services, that are not being provided at this time, we are going to need to increase the productivity out of those people who are supposed to be doing the job because it is not being done now. We are going to have to look at the overall approach and if it is more manpower in this area of narcotics, we are going to have to be spendthrifts at this time so that they can have a budget that can be manageable by the taxpayers in order to provide the services that are necessary.

Councilman Carrino said as Councilman Payne will find out as they go along, there are more men assigned to the Police Director's office than there are assigned to the Narcotics Squad, Gambling Squad, Plainclothesmen and any of the squads we used to have before. Again, he agrees it might take more manpower but he certainly feels the major problem is the management of the Police Department. When you have 24 people assigned to the Director's Office and only 14 assigned to the Narcotic Squad, none assigned to the ABC, gambling, prostitution, then he thinks something is wrong with the management of the Police Department. Certainly 2 people can handle the Director's Office and put the other 22 people out in the squads making sure the laws are enforced. He thinks they would be much better off than having people run all over Police Headquarters not knowing what anyone is doing.

A motion to permit Tina Johnson and Helen Poch to be heard on "Hearings of Citizens" was made by President Grant, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-h.

MS. TINA JOHNSON, 6 POMONA AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council on behalf of Helping Hand Welfare Rights Day Care Center. The speaker highlighted the center's activities and what a great help it has been for her. The speaker asked for the Council's support and indicated that she is an example of Helping Hand Welfare Rights Day Care Center and without their help she wouldn't have been able to graduate from Bloomfield College.

6-HC-i.

MS. HELEN POCH, 687 SUMMER AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the epidemic of drugs and the Newark Board of Education and the shrinking of personnel in the Police Department and requested Council to have the noise ordinance enforced.

Councilman Rice replied with respect to the noise ordinance, when he met with the speaker at the North District Police and Council meeting, since that time he has sent a directive to the Police Director making him aware of the fact that he too called about noise and he too was told by the dispatcher that they could not enforce the noise ordinance until 10 o'clock. He sent a directive indicating that there has been a misreading of the ordinance and also from his reading and understanding of the ordinance and the Law Department can clear this up if he is wrong, that the time sequence is 8 o'clock and 8 o'clock is only a time given to create some discretion. His interpretation of the noise ordinance is that the ordinance should be enforced at all times. However, in terms of reasonableness and

discretion, 8 o'clock is a discretionary time that the Police Department will now have. The language is that those noises that are unreasonable and such language as that indicates in order for one to determine if the noise is unreasonable, one must respond to the location where the complaint is coming from. Once the officer gets to the location, and uses some discretion and that noise is unreasonable, his interpretation of the ordinance is that 8 o'clock does not make a difference. He would like that checked and hoped that the Police Director after two weeks responds to his request.

Councilwoman Villani said she would like to make note of something very important today. In speaking about a drug problem and what is important she thinks, she doesn't know if Mr. Dowling or Ms. Poch have children or not, but we are talking about Newark children. They are not here about their children, but they are concerned about Newark children and is something that they should take very, very seriously. It seems that the drug scene is shifting. A few years ago it was Roseville Avenue. They had a big meeting with the Police Director and now it is shifting to the North Ward and maybe they will attack the problem there and then it shifts again.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Carrino said since we did not get the information that Councilman Tucker requested he would move to table this resolution.

A motion to table this resolution and directing the Acting City Clerk to invite Director of Engineering Zach to meet with the Council at their pre-meeting conference August 31, 1982 was made by Councilman Carrino, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-1.

RESOLUTION AUTHORIZING DIRECTOR OF ENGINEERING TO PREPARE AND ADVERTISE FOR RECEIPT OF BIDS FOR STREET SWEEPING SERVICES FOR APPROXIMATELY ONE-THIRD OF THE CITY.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Payne said that he was reading this resolution and indicated in the preparation that it has been determined that it is cheaper to use a purchase of service rather than municipal services. He would like to see that study that determines that it is less costly to the City to have contractors do the City services. He has a problem with the street sweeping system now and they are getting complaints that the streets are not being swept and they are calling the proper authorities. With garbage collection, he thinks the truck usually comes and he doubts seriously if the truck would fail to go three or four blocks during a time of collection. That is a little easier to monitor. He has questions on how they are going to monitor the broom sweeping and who is going to be responsible. At least now they know who to call. He believes this item needs further discussion as far as he is concerned. He is not satisfied with the services being provided by the City.

Councilman Tucker said one of the points they raised in pre-meeting conference was that the study was done on garbage collection and was not done on street sweeping. Even though the resolution and the back-up indicates there has been a study, there has never been a study dealing with street cleaning. The other factor is and Director Zach was not available, they wanted to know what areas of the City they are talking about and he thinks the reason they need to raise these questions now and get answers is that once Director of Engineering Zach goes out to solicit bids, then they are going to be in a jam situation of accepting or rejecting the bid. The only period of time they have input is right now. He was hopeful at least that they would either defer or table this matter until they get an idea exactly what Director of Engineering Zach is talking about.

Councilman Branch said he agrees with his colleagues. They contract out their services and he doesn't see us getting anything for the dollars that they pay. For example, the garbage, when the private contractor comes and picks up the garbage, whatever they don't get on the truck they leave it in the street. If the street sweepers come along and see the garbage, they don't even bother. He believes they have to be monitored. He doesn't think we need to continue to contract our services if we aren't going to get our moneys worth.

Councilman Rice reiterated he doesn't like the idea of contracting out small contracts with the high unemployment rate in the City of Newark. We are laying off people, only to have private contractors that only pick up a handful of those laid off. The job as he sees it in the City of Newark is one of supervision. For example, Sanitation, they are in the same Union as those who work for the City of Newark and if they are doing such a good job, then it seems to him if the company was going to hire and fire those personnel and the City of Newark is going to have to take the same attitude that they are going to hire people to work for us, Newark residents and they are going to fire if they don't work for us. The unemployment rate in Newark is high enough that if one individual or a group, or supervisor refuses to do a job for which he or she is being paid for, that they should be able to terminate that person and hire someone else and get the job done. He is not going to buy the rationale from what he has seen on some of these street cleaning contracts, sanitation contracts and security contracts that Newark residents cannot handle. He thinks that if Administration says you are fired and means it and stop playing games with friends and relatives they will get the job done.

A motion to table the resolution and directing the Acting City Clerk to invite Director of Engineering Zach to meet with the Council at their pre-meeting conference August 31, 1982 was made by Councilman Tucker, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman James said certainly all of them are shocked and taken aback by this dastardly act and we are awarding money to the family. He thinks more important than money to the family, we should receive a detailed report from Recreation and Parks to insure that no other child who visits one of our recreational facilities might be subject to rape. He would hate to think if he sent his son or daughter to a recreational facility and there might be a possibility of he or she being raped. Although it is commendable we are awarding some money, which in his opinion is very minor, he would like to request a report from Recreation and Parks that they submit to the Council some supervisory procedure to insure that this dastardly act would not happen in the future.

Councilman Rice said he would like to concur and indicate that that facility is in his Ward. The only recreational facility they have and from the time of 1974 to the present they have had nothing but troubles. He personally dealt with recreation, the director and staff prior to Mr. Chavis being there and the security has been very poor and he noticed that his colleague from the East Ward as well as the other Wards have spent many years in office fighting for security. He thinks the kind of security in the West Ward is a valid standard. When you put police officers up there when the facility is closed, therefore, they are protecting the structure itself which is still being torn down and not the lives of the citizens from bodily injury and he too would hope that a report would be forthcoming. He requested a report personally but was told that he has to follow procedures and submit a letter just to get that on his desk. He said there are no structural programs in his facility. You come in haphazardly and do basically what you want. If it wasn't for Ms. Crawford being there it would be a total mess.

President Grant directed the Acting City Clerk to forward Councilman James and Councilman Rice's remarks to the Mayor, Director of Recreation and Parks and Director of General Services.

The motion to adopt the resolution and directing the Acting City Clerk to communicate with Director of Recreation and Parks Chavis requesting a detailed report be forwarded on security measures taken at all recreational facilities in the City to be certain that such an incident cannot occur again was declared adopted by President Grant by the following votes:

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Payne.

Councilman Tucker stated for the record that this is another area of the Newark Office of Real Property just authorizing contractors to do the work and then having the contractor work and at a later point and time realizing they can't pay them because the contract was never approved in a proper form and have the Superior Court make a judgement against the City and then have the Council vote on it, even though the Council was never knowledgeable of the fact this contractor was going to work. To him it is just a clear indication of the kind of inept and dumb individuals that they currently have working within the Office of Real Property. He is not going to dignify this action by a vote on it.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Villani, President Grant.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Payne, seconded by Councilman Martinez:

Councilman Payne said he would like to reiterate what he stated in pre-meeting conference that he is appalled at the fact that 90%, 95% of the contracts let out from the City are to residents who do not live in the City of Newark. He thinks they have to explore ways that they can encourage to make it possible for residents of the City to benefit from the contracts that are being let out by the City. He is aware of the bidding laws and he is aware of the legality of the whole bidding process but he will once again ask the Purchasing Department at some future meeting to come before the Council to talk about some creative ways to encourage residents from the City of Newark to benefit. He would say, \$50 or \$60 million worth of contracts are being let and he would guess that less than one half of one percent is going to the City itself. It disturbs him and he approves of the resolution but at one point they have to come to grips with this situation.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

RESOLUTION AUTHORIZING THE PRESIDENT OF THE MUNICIPAL COUNCIL ON BEHALF OF THE CITY OF NEWARK, TO EXECUTE CONTRACT ENGAGING SERVICES OF BRUNO ASSOCIATES, INC. AS A PUBLIC RELATIONS CONSULTANT FOR THE MUNICIPAL COUNCIL FOR THE PERIOD BEGINNING OCTOBER 1, 1982 AND ENDING SEPTEMBER 30, 1983 FOR THE SUM OF \$35,000. (CONTRACT AWARDED WITHOUT COMPETITIVE BIDDING PURSUANT TO LOCAL PUBLIC CONTRACTS LAW N.J.S.A. 40A:11-1 ET SEQ.)

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, Villani, President Grant.

No: Councilman Payne.

Councilman Payne said he would like to clarify his negative vote. He thinks he has been on the case of the Administration on the continuity of positions. The fact is we are in the 80's and not back in the 60's or the 70's. He thinks by the same token, they as a Council also should start taking a look at how they can tighten their belts. He thinks the service done by Bruno Associates, the little time he has been on the Council, certainly has been excellent. He thinks their representative is a superb individual and this is no reflection on the quality of work. He thinks we have new days and new times and if we are going to get streets cleaned and trees trimmed, those little things people are talking about, then we are going to have to take an overall look. He just wants to make that as an observation and he has not had the privilege of working with them for the past number of years as the other Members of the Council have, but he thinks he has to be consistent.

7-R-ct.

RESOLUTION OPPOSING THE LOCATION OF ADDITIONAL GROUP HOMES, HALFWAY-HOUSES AND SIMILAR TAX-EXEMPT FACILITIES IN RESIDENTIAL AREAS WITHIN THE CITY OF NEWARK.

A motion to adopt the resolution was made by Councilman Rice, seconded by Councilwoman Villani.

August 11, 1982

Councilman Rice said he would like to say that this resolution is broad in terms of the whole City, but we have a particular incident in the West Ward, water being shed in the West Ward and prior to his having this resolution drawn up, the Longfellow House was empty and they have spent a lot of years and a lot of time trying to get the State to change their interests along the Easter Seals. Ever since that time approximately 8 people have been moved to the Longfellow House and he is not certain at this time what the West Ward citizens and those who are concerned will be doing about trying to move them back out to at least help stop the situation. For those who do not know it, there are several locations in the West Ward and there is no support base, they cannot get a police car to respond to that community, the Vailsburg Ambulance Corps has closed its doors and they are trying to deal with an investigation in that respect. Recently they had to go before the ABC Board to have the Board deny a transfer of a liquor license to that area which already has 13 liquor licenses. It seems to him that the State and institutions are slipping social programs into the City of Newark at the wrong time. Hopefully they will find a means to make the agencies to at least notify them prior to making some of these decisions, if not, they are going to become a dumping ground for nothing but institutions. Certainly they are all humanitarians but he thinks a fair share is a philosophy and a right that must be dealt with. He asked his colleagues not to respond at this time but when his community gets involved with the State fight which he feels they are going to have in trying to turn the Longfellow House into something other than what it is today, he hoped they would stand behind them as they did before he became a Council Member.

RESOLUTION AUTHORIZING DIRECTOR OF ENGINEERING TO EXECUTE CHANGE ORDERS WITH JET CONSTRUCTION COMPANY, NUMBERS GC-16 DEDUCT \$720., GC-17 ADD \$685.73; GC-18 ADD \$7,796.85; GC-19 ADD \$5,910.01; GC-20 ADD \$1,253.; GC-21 ADD \$675.65 AND GC-22 ADD \$1,059.32 FOR A TOTAL OF \$16,660.56; CONTRACT NO. 81-14, RENOVATION OF PUBLIC BUILDING, 828-830 BROAD STREET; RESOLUTION 7-R-e, AUGUST 12, 1981, BASE BID AND ALTERNATES FOR TOTAL SUM OF \$1,248,550.; RESOLUTION 7-R-bz (A.S.) May 19, 1982, 7 CHANGE ORDERS TALLING \$20,508.78; AND \$15,000. TO REPAIR LEAKS AND PLUMBING AND HEATING LINES.

(Copy of resolution and correspondence submitted to each Member of the Council)

President Grant asked Assistant Corporation Counsel Goger whether she would know the percentage of permissible change orders for City let contracts. The reason why he is asking that is he can remember this contract when it first came before the Council for \$1 million and now with the change orders it is up to \$1.3 plus million. How much further can they go? Can this wind up being a \$5 million project?

Assistant Corporation Counsel Goger replied she could not answer that without checking it.

A motion to defer action on this resolution and directing the Acting City Clerk to invite Corporation Counsel Teare and Director of Engineering Zach to meet with the Council at their pre-meeting conference August 31, 1982 was made by Councilman Carrino, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

(Copy of resolution and correspondence submitted to each Member of the Council)

August 11, 1982

A motion to defer action on this resolution and directing the Acting City Clerk to invite Corporation Counsel Teare and Director of Engineering Zach to meet with the Council at their pre-meeting conference August 31, 1982 was made by Councilman Tucker, seconded by Councilman Carrino.

Councilman Tucker said it is more important that they as a Council get a chance to talk directly with Director Zach about the feasibility of the consultant. The problem is that this contract is somewhat impromptu. They need to have discussions with Director Zach and then from there pinpoint whether or not they want to hire this particular consultant or whether the Council wants to solicit a proposal to hire different consultants but at least they will be in a position to discuss the matter without having the consultant there. The activity here is going to be a long term thing. This will be a person who in effect will represent the Council and the City Administration for he would dare say, the next four years. He doesn't believe they should just do that.

The motion to defer action on this resolution and directing the Acting City Clerk to invite Corporation Counsel Teare and Director of Engineering Zach to meet with the Council at their pre-meeting conference August 31, 1982 was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

RESOLUTION RESCINDING RESOLUTION 7-R-dq, JULY 7, 1982, "RESOLUTION CENSURING THE DIOR COMPANY FOR ITS REPORTED ADVERTISING CAMPAIGN WHICH WILL Demean THE CITY OF NEWARK.

Councilman Martinez read the following letter dated July 27, 1982 from Chairman of the Board Jacques Rouet, Christian Dior-New York:

## Christian Dior-New York

INCORPORATED  
104 WEST 40TH STREET  
NEW YORK N.Y. 10018

CABLE ADDRESS  
CHRISTOR

(212) 221-4744

Mr. Frank D'Ascensio  
City Clerk  
Newark, N.J. 07102

July 27, 1982

Dear Mr. D'Ascensio:

This will confirm my telegram of July 26, 1982.

First of all, I would like to take this opportunity to apologize on behalf of Christian Dior for any ill-feeling which our proposed advertising campaign may have created between our Company and the City of Newark.

At the time the news got out about the ad which mentioned the City of Newark, the advertising campaign had not yet been finalized. It was an idea among others and, notwithstanding the City of Newark's reaction, we would not have given the go ahead to run it. As a point in fact, two of our very good customers are Hanes and Bambergers in Newark and it is certainly not our intention to offend anyone.

August 11, 1982

In order to show our goodwill, I have asked Mrs. Colombe Nicholas to get in touch with you upon her return to New York to propose a small gift to the City of Newark from Christian Dior with all of our best wishes.

Sincerely yours,

Jacques Rouit  
Chairman of the Board

cc : C. Nicholas

Councilman Martinez stated that there is going to be a special meeting on September 14, 1982 where all the Members of the Council are invited together with the Mayor and the Members of the Dior Company will also be present and there has been conversation back and forth between their office and them and he thinks they have some surprises in Newark. They are looking to embrace the City and offer goodwill. He would like to take the opportunity to thank the many communities who wrote to him throughout the State of New Jersey that have proposed or supported the Council's resolution, which he was sort of amazed at showing the good will and good faith they have given to them from other communities supporting this resolution. He thinks he will have to give them to the Acting City Clerk to contact these communities thanking them for their support of Newark.

A motion to adopt the resolution was made by the Council of the Whole and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A motion to adopt the resolution was made by Councilman Branch, seconded by Councilman Payne and declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant requested the Acting City Clerk to communicate with the Mayor's Office and the Business Administrator and invite them to the pre-meeting conference of August 31, 1982 relative to the possibility of the City of Newark getting out of the Real Estate business and perhaps letting someone run these who are best equipped to handle them and possibly we might consider commercial persons handling the rental and collection of City-owned properties. We are constantly being bombarded with unnecessary inquiries and complaints.

Councilman Payne said that is the best news he has heard since he has been on the Council. He said during his campaign that the City of Newark is not in the property business and shouldn't be backed into it because of necessity, they ought to get out of it. It can't hardly do the services that it has been doing for the past 100 years without taking on a very gigantic service such as managing the City's properties which are excessive. He hoped that they could move towards the abolition of this whole department of Real Property, have it in the hands of people who know how to manage property, perhaps get some income coming into the City. They have a building on Leslie Street, which is owned by the City, half maintained, people are not paying rent, they have squatters in there, drug addicts, it is a whole big mess.

Councilman Payne reiterated once they put it in the hands of people who are in it for profit, business, perhaps they can turn a profit, bring some taxes back and funds into the general treasury of the City and he would hope this could be done quickly and not with a long study and bureaucratic hold-ups.

Councilman Martinez said this is a position he has taken over the past two years. In fact they had people in that wanted to bid on managing the Office of Real Property. At their last meeting that they had with the Council Committee, headed by Councilman James, Business Administrator Hill and Assistant Business Administrator Banker were also in attendance, they indicated that this was the direction they were going to go. He doesn't think they should prolong it any longer. He thinks at their next special conference in September they should invite Business Administrator Hill, Assistant Business Administrator Banker, Corporation Counsel Tear and Administrative Aide Lembo, Office of Real Property.

August 11, 1982

They indicated they did not want to put it out for private management until they identify every property that is City-owned. His understanding now is that it has all been put on the computer, identification has been made and now they are getting into the winter months and the winter months are the most critical for the Office of Real Property. He certainly thinks that bids should be sent out, the advertising sometime in September and perhaps by November they can have some real managers in the Office of Real Property.

Councilman Rice said he would like to reiterate the things he spoke about during his campaign and the things he discussed with Council. He hoped very much the Council would meet with Administration to consider abolishing the auction process and start to give or legally contract for \$1. all City-owned properties abandoned buildings and lots so they can bring ratables back to create such a contract that they can assure themselves that those who are in receipt of those properties can maintain them in a fashion they should be maintained.

Councilman Tucker said he thinks they should be mindful of what the statute calls for. They should understand that they created the Office of Real Property. That under New Jersey State Statute, the Governing Body, which happens to be the Municipal Council is responsible for all properties and its disposition, the collection of rents, what have you, throughout the City. The problem is that there has not to a great degree been agreement as to what they should do. He thinks they should move affirmatively, not on just the contracting out in regard to rent collection or possible management but also in the whole process of reorganizing in his mind a unit for the most part does not function correctly. He doesn't know whether we need to continue Real Property. We may very well need to abolish that unit, look at all total alternatives. But the net result is that they have to make a forthright effort to at least look at what has taken place in the past, amount of money they have expended and come up with other positive alternatives that will cover the whole host of how they handle City-owned property within the City of Newark. It is clearly the responsibility of the Council.

Councilman Carrino said he doesn't think they should have to wait for Assistant Business Administrator Banker or anyone else. Since they created Real Property, they could determine as a Council, how it should run, or what should take its place. They are waiting for Administration to do something they really don't have to do because it is their responsibility. He would suggest that at their next special conference they have this item discussed and the nine of them can decide what direction to go and then propose the appropriate ordinances to do that.

President Grant directed the Acting City Clerk to invite Business Administrator Hill, Assistant Business Administrator Banker, Corporation Counsel Teare and Administrative Aide Lembo, Office of Real Property to meet with the Council at their special conference of September 7, 1982 to discuss the Office of Real Property.

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Carrino.

Councilman Carrino questioned why hasn't this been bid on and what do they mean by "lowest negotiated price". In other words, somebody in Administration talks to somebody and finds out the lowest price they can get.

Councilman Martinez replied that according to Director Zach, there was a sewer break on East Peddie Street, it was an emergency and he negotiated the bid. He talked to several contractors and this was the best price he received.

Councilman Payne said he is anxiously awaiting the report that Mr. Faiella said he would make available to the Council as to the overall benefits the City of Newark of these continued tax abatements. He feels they need to take a comprehensive look at that, know what the alternatives are and he thinks Newark is coming back into a position that can have land that is available, CBS is a multi-million dollar profit making organization. They have agreed to come to Newark because it is a good deal. He thinks they need to take a look at the whole question and perhaps Newark is going to be attractive without tax abatements. (Resolution tabled February 3, 1982)

(Resolution removed from the table August 11, 1982)

A motion to adopt the resolution was made by Councilman Carrino, seconded by Councilman Martinez.

Councilman Carrino said there are currently four different bills before the Legislature regarding recycling of containers, either bottles, glass or cans. He hoped that they would send their endorsement of one of these programs to the Governor and the Legislature. Of the States that have adopted this type of legislation, many of the arguments such as the loss of jobs and everything have been exaggerated and in one instance, out in Oregon, the total number

August 11, 1982

increased by 4,500 people because of the need of recycling of the three different types of materials in regard to this type of container. He realizes this is a very controversial bill but one of the things that is going to help the City of Newark clean-up. Instead of trying to pick-up the bottles ourselves, the youngsters will pick them up to get the deposit.

Councilman Tucker asked Chief Accountant Fitzsimons to explain this. He knows their conversation they had in pre-meeting dealt with certain factors. He thinks it needs to be clarified as to what this ordinance really is.

Chief Accountant Fitzsimons replied that 8-f includes higher echelon of MPDO. Some of these are in the ordinances which are on the table transferring some of them over to the City side. They have been promised by Administration if the others are passed they will delete the MPDO titles. Also in here are four titles which have been previously tabled, the Executive Director of MPDO, Director of Planning and Grantsmanship, Rehabilitation Compliance Officer and Relocation Community Service Worker. He has received letters from Personnel to remove from this ordinance Executive Director of MPDO and Director of Planning and Grantsmanship and they would submit separate ordinances on those since the previous ones are tabled. The other two titles are still in this ordinance.

Councilman Tucker said his concern is the items that are currently on the table, he is amenable to remove some of them from the table but rather than get into a rush situation he would move to defer until they have an opportunity to look at each one of those titles.

A motion to defer action on this ordinance was made by Councilman Tucker, seconded by Councilman Rice and adopted by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani.

Not Voting: Councilman Branch, President Grant.

A motion directing the Acting City Clerk to return this ordinance to Administration was made by Councilman Tucker, seconded by Councilwoman Villani.

Councilman Martinez said he would request that they do not return this ordinance to Administration until they hear from the State Department of Education and they should not base this return on the legal opinion from the Board of Education's Counsel. He hoped they would wait until they hear from him.

Councilman Carrino said he doesn't think there is any question this can't go through because it has not been finalized and the action of the voters was determined. The only thing in question are things they have already allocated money for that are right now in limbo. As far as these are concerned they received an opinion from the Bonding Attorney. He thinks this whole thing has to be returned and dissected.

Councilman Tucker said he thinks rather than return it or approve it he thinks they should table it because what they are really talking about is that they have Board of Education appropriations here. If there is going to be a major question as to whether or not the Board will be able to at least provide rehabilitation of school facilities that as a Council should at least make sure that they either continue the bond authorization that are going to go forward but he thinks they should abolish or roll back those bond authorizations that cannot go. What he is trying to relate to is once those, all of those bond authorizations they have approved, currently right now, the Board of Education can expend money. They can get bond anticipation notes as of today and go out and borrow money and obligate the City of Newark. If there is going to be a change in the bond capacity between the Board of Education and the City of Newark, then they should at least be mindful of what it is going to be and should not take on any additional obligations or not authorize the Board to spend any money on bond authorizations unless they know full well or agree it will have impact on their debt service and not the Boards. After the referendum, as Corporation Counsel Teare indicated, they are going to have their own bonding capacity. He does not believe they should allow them to utilize our debt service unless they agree on what kind of projects they are dealing with. He agrees that they should return it but they should not move it to first reading. They should table the matter until such time they receive a full report which at least indicates what projects they are going to move forward on and if they are not going to move forward on bond authorizations they have approved they should roll back those bond authorizations. He does believe the Council should maintain control of this item.

Chief Accountant Fitzsimons said as he understood it as indicated by Corporation Counsel Teare in the pre-meeting conference, that anything that has been approved was already legal. Maybe if they had not acted on, they could not at this point act on and that would be one of these. Corporation Counsel Teare indicated that he would get additional information for the Council on what bond ordinances they had approved that no moneys were expended. That is supposed to be forthcoming.

Councilman Tucker said he really and truthfully thinks not only that Corporation Counsel Teare should at least get the bond authorizations where they have voted affirmatively on, the Board of Education has not expended money. They need to at least have the City Clerk's staff get everyone of those bond authorizations that they have authorized for the last four years so that they are in a position to at least know what they have authorized. He knows based on the interaction before which was a whole chaotic situation with East Side High School. When they signed the contract they were dealing specifically with one factor, the Newark Municipal Council gave them authorization. They didn't have the money, they had the authorization to go to the bank and borrow bond anticipation notes and that is why they obligated the City of Newark to pay for it. All he is saying if they are not going to do that, if they don't agree with the original bond authorizations they had in the past, they better pull them back because right now they are authorized to borrow on bond anticipation notes of which they do not have to pay. The City of Newark pays it. He thinks whether they defer, table or move it to first reading, they better find out what they authorized so at least they can protect their debt service.

COMMUNICATION FROM ACTING BUSINESS ADMINISTRATOR BANKER, RECEIVED FEBRUARY 22, ENCLOSED PROPOSED "ORDINANCE TO AMEND TITLE TWENTY-ONE, CHAPTER FIVE, SECTION THREE, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY (1966), AS AMENDED AND SUPPLEMENTED. (TO ADJUST SEWER USER CHARGES)."

(Copy of ordinance and correspondence submitted to each Member of the Council)

August 11, 1982

A motion directing the Acting City Clerk to place this ordinance on the September 1, 1982 Calendar of the Municipal Council for first reading was made by Councilman Martinez, seconded by Councilman Branch and adopted by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Villani, President Grant.  
No: Councilmen James, Payne, Rice, Tucker.

At a later time in the meeting, President Grant requested Assistant Business Administrator Banker for reclarification relative to the adjustment of the sewer user charges. He said they had indicated at the pre-meeting conference and he believed it would be in the interest of the Council Members and the citizens who are present to know whether or not the adjustment of this sewer user charge in any way affects homeowners, or whether it will increase the homeowners bill and reduce that of the commercial area.

Assistant Business Administrator Banker said the ordinance before Council will not change the sewer charge for residential properties at all. 38,000 out of the 40,000 sewer users will continue to be billed on identically the same basis as they are today including all residential properties. The bill will change the basis by which commercial and industrial properties are billed so that instead of being billed on the basis of volume alone they will now be billed on the basis of toxicity as well as going into the sewerage. The effect it will have on their bill cannot be determined without looking at each individual case but the net will be no change to residential users.

Councilman James indicated that what was being proposed is a saving for the commercial accounts. He said his concern is the hue and cry of the citizens who say their bills are high and secondly, Mr. Banker has always advised this Council that the Water Accounts must maintain itself in the black. When we talk about water rates and sewer user charges you are talking about monies that go to the same account.

Assistant Business Administrator Banker said these monies do not go to the same account.

Councilman James said if there is a deficit in the water accounts would you not increase the rates as it was indicated when we raised the rates 110% to 300%. This Body was advised by Administration that that account was not balanced so we had to raise the water rates.

Assistant Business Administrator Banker said the sewer charge is a revenue to the Municipal Budget separate and distinct from revenues raised for the water utility. The ordinance before the Council deals with the revenue that supports the operation of the government but not the operation of the water utility. There is a mandate that the water utility be self-liquidating but this ordinance has no effect on that issue.

Councilman James said if the commercial accounts are going to be reduced because of their protesting, he asked what of the residents' concerns.

Assistant Business Administrator Banker said the characterization of reduction in the commercial accounts is not necessarily the case. There is a charge in the basis of the billing. Depending on the individual account the effect of this ordinance could be an increase in the amount of commercial or industrial client would pay or it could be a reduction. It depends now instead of the volume of sewerage they generate, the characteristics of that sewerage. Those who generate relatively toxic, relatively difficult sewerage would have higher costs. Those who generate sewerage of low toxicity and easy treatability would have lower costs.

Councilman James said he can appreciate his specific response. It still needs a reduction due to some consideration on the parts of the two factors he brought to the Council's attention. He wants to suggest to him that John Doe, citizen, wants some consideration.

Councilman Tucker said his concern is very simple. Passaic Valley Sewerage each year submits to the City a bill. That bill must be paid by the City of Newark.

He is not talking about anything else of value to the residents except to say that bill is going to be paid. The new formula obviously based on toxicity may very well increase some industrial firms. It also, if you deal with the whole operational budget of Passaic Valley Sewerage, which must be paid by the City. That bill is going to be paid by somebody. Firms which are not will not pay that high amount. In his interaction with some of the people at Passaic Valley it was indicated that some of our major firms will be hit extremely hard by that and some of our other industrial firms which do not have high chemical mixtures or high toxicity may very well get a net reduction. It is their opinion when the analysis is finally made that the bill is still going to be the same. There has to be a corresponding increase in the residential sewer rate based on the way they are viewing it and he understands what Assistant Business Administrator Banker is saying and he is saying he does not really know at this point and time because each case must speak on its own. He will tell him this that residential rates will not go down after all that interaction has taken place. He thinks Passaic Valley Sewerage when they are open and honest, say that. There may be some adjustments that take place in regard to industrial firms. There may very well be that the net difference after the new formula goes into effect will be to decrease the amount of sewerage charge that industrial firms pay but the net result will be an increase in regard to residential property owners. All he is saying is the property owners who are hit extremely hard and will have to pay the increase.

Assistant Business Administrator Banker said the residential property owners currently pay \$10. per 1,000 cubic feet. That rate will remain unchanged as result of this ordinance. In that regard there will be no charge. The net effect on industrial and commercial as he said will vary between firms. He thinks they have given to the Council in written documentation, the full break down of each component of this cost and they are also aware the formula they used arises basically from federal regulations as opposed to any local choice.

Councilman Tucker asked can they at least recognize one factor. Rather than raise the water rate, what they would do is pick up the deficit within the property tax rate of the entire City of Newark. What he is saying to him is that clearly the sewerage rate will remain the same for homeowners but the net result is that if there is a deficit based on whatever rates that they can charge, whether it be industrial, commercial or residential, then it means the debt service is going to have to pick it up which means the property tax rate is going to pick up the deficit, if there is a deficit.

Assistant Business Administrator Banker replied if the sewer rate does not generate sufficient revenue to meet the anticipated revenue in the budget, that is correct. As of July 1st, 6 months of revenue reported, the City was within a few percent of their project of sewer revenues. They would expect with the passage of this ordinance that they would be just about on target for collection of anticipated sewer rates in 1982. So the effect he is talking about would not occur this year. He can't speak for other years.

Councilman Tucker said in 1983 that is when it will hit.

Councilman James said he just wants to concur. If they are paying \$10 million and there is saving of \$1 million for commercial accounts, the City is going to have to make up the difference. There might not be a change in the rates now but eventually they have a debt which must be met. If there is a saving of \$1 million for commercial accounts, who picks up the difference of the \$9 million? The taxpayers will.

COMMUNICATION FROM ACTING BUSINESS ADMINISTRATOR BANKER, RECEIVED JUNE 17, 1982, ENCLOSING PROPOSED "ORDINANCE TO AMEND AN ORDINANCE ENTITLED, 'AN ORDINANCE CREATING POSITIONS IN THE OFFICE OF THE MAYOR AND ESTABLISHING SALARIES THEREFOR,' (5-S & F-C) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGES FOR CERTAIN POSITIONS IN THE OFFICE OF THE MAYOR)."

(Copy of ordinance and correspondence submitted to each Member of the Council)  
(Ordinance tabled July 7, 1982)  
(Ordinance removed from the table August 11, 1982)

Councilman Tucker said his concern relates to not only this particular ordinance but all of the ordinances that are currently on the agenda. He believes that the Municipal Council should be provided the opportunity of voting individually for each one of these positions. He is of the opinion that some of these positions are needed by City Government and some of them are not. He thinks the way these ordinances are submitted, you are either for all of the positions that are embodied in that ordinance or against it. If the ordinances stay with the context of the way they currently are, he has no problem with voting in the negative on all of them.

President Grant questioned whether we have a breakdown of each position and each title.

Acting City Clerk Korngut said that if this motion is carried, it will just be advancing them to first reading and that time the Council can then ~~review~~ <sup>review</sup> each title and delete the titles they desire.

Councilman Martinez said he was going to make a suggestion to vote on the ordinances the way they are. Either up or down, on first reading they can vote on them individually.

Councilman Payne said they ought to look at them individually, not that they are looking at individual people but they are looking at positions. As he mentioned before, during the 70's there was a great deal of federal money coming into the City. Probably many positions were created, a lot of positions probably that were utilized in economy. In the 80's they can no longer afford the free lunch concept. They need to look at those positions the Mayor needs to continue ahead in the revitalization of the City but then we may have to let some go by the way side that we can no longer afford to keep. In the County, resolutions come individually with the names and addresses but he is not going to ask them to go that far. He thinks they should have a breakdown so they know what they are putting in or out.

Councilman Carrino said it is his feeling that 20 years ago Newark had 125,000 more people and less federal money. As the federal money dries up, these jobs that were created by federal money and federal programs are no longer needed any more. He does not understand why all of these jobs have to be transferred to the City payroll. If in fact the federal programs are being curtailed and eliminated, why is there a need for this excess amount of people since the amounts of money is being decimated every year from the Federal Government. He would also like to have them broken down into individual positions.

Councilman Rice agreed that individual ordinances be drawn up for the positions. In dealing with his Ward in particular, they can't account for any services they will be receiving and they are having problems right now with some of the Directors with the positions they do have and he is not really certain that such a total package is necessary. Certainly if someone could justify it to him, he would be happy to move into another direction. He too felt they should be individually looked at and perhaps they can straighten some of the other City's positions, such as the Police Department. Perhaps some of the people should be moved to the Police Department and some of the other areas like public housing.

Councilman Payne asked if they took the number of positions that are being requested to be put into the City budget and with the increases for 1983, then he would like to know what amount of money they are talking about because there will be an increase in the budget to start. They are talking about the possibility of attempting to upgrade the basic City service. It is going to be impossible to put on any additional basic City workers such as he has been harping on, tree trimmers, sewer cleaners, people that catch the dogs, etc. There won't be any money for that because we are going to keep inserting

50 or 60 of these higher paying jobs, he wanted to know what the tax rate will be. He thinks they need to start now and take a serious look. What is it going to look like when they present a tax budget to those people in 1983?

Councilman Payne reiterated they are going to have to take a hard look now at what they really need, give those tools to the Mayor and staff and let them move on with it. The tax rate is just going to be unbearable for people.

Councilman James said he thinks all the remarks Council made are fantastic because they have been stated over during the 12 years and he is sure the City Clerk has heard that statement "vegetable soup, do not send them all up that way". It continues to be that way because Council has never remained a strong body, whenever Administration wants to lobby with individual Council, for jobs, either for family members, or whether they want to have some quid pro quo. That priority unfortunately exists and of course there are those on the Council who believes Administration can do no wrong and therefore they are wearing blinders on anything that makes good business sense and they are talking about a check and balance system. He thinks the key thing they are trying to say is that they have to stop abusing federal funds. If the job is legitimate and is needed, then all of them are certain would evaluate and vote for it. If they are talking about political patronage, faced with Reaganomics, federalism, high rate of unemployment, then it becomes very critical that they do not abuse dollars. He was somewhat sad to learn about the Council President's son. When his job was terminated, he received a letter indicating that due to a cutback in federal dollars, his job was abolished. Attached to that unfortunately was a press release indicating that his father lost the election. He thinks what they really ought to be about is really scrutinizing these positions, and look at them individually. Weigh them, if they are needed approve them but let's stop playing a game with political dollars for patronage. He thinks it is high time some of our boyfriends and girlfriends will not be able to live off of the federal budget. Its time for the poverty pimp to work for a living.

Councilman Tucker said they have taken this item off the table and put it directly on the agenda. He is hopeful that they can be provided an opportunity to vote on them individually and also be in a position to evaluate the effectiveness of each one of these positions based on substantiation coming from the various departments. Some of those positions are direly needed by the City. He questions the validity of some of the other ones. He thinks they should also look at the hard reality that if they take the total amount of money that they put in the Municipal Budget for these positions, they are talking about a little more than \$500,000. That is only for a period of approximately 6 or 7 months. The full impact of all of these positions is well over a \$1 million which comes out to \$.10 on the tax rate. He believes they need to look at all of these positions and evaluate the effectiveness of them.

Councilman Martinez asked since they removed this item from the table, can't they direct the Acting City Clerk to have prepared individual ordinances for the next meeting? He agrees with Councilman Payne that name, address and position be indicated. The address is important especially in these particular titles. They should have them broken down and vote on them at the next meeting.

Councilman James said Councilman Martinez made a point in reference to Councilman Payne and he has been reading his mail which is on his desk today from Corporation Counsel Teare indicating that he questioned the request by Council. He thinks he raised a critical point of Federal positions moving over to the City Budget. All of them know sometime ago, Mr. Knight, who headed the East Orange Model Cities Program. They gave him 60 days to move into East Orange from Newark and when he did not, he was fired because their program requires residency. He thinks if they are moving from the Federal side to the Municipal Budget, then at the next meeting it ought to be requested to have their name and address.

Councilman Tucker said the total figure is 50. You also have vacancies that are embodied in the ordinance. They have not deleted the vacancies. They are asking for transfers for positions that are in effect vacant. The number of filled positions is 37.

August 11, 1982

President Grant asked Chief Accountant Fitzsimons if he had additional information which would clarify that.

Chief Accountant Fitzsimons replied that when the original ordinances came up there were 50 positions. One ordinance has not been asked to be removed from the table by Administration. It has decreased this by 13 positions. There are actually now 37 positions.

Councilman Payne said he has a question about the salaries. Are any of them correct salaries. They did get some old salaries on the list.

Chief Accountant Fitzsimons said these are salaries through 1984 with the 5% increase.

Councilman Rice said it seems that they are dealing with 37 titles or bodies at this particular time and sometime shortly some other titles may also be phased out and brought in. They are talking about approving the total package of 37 bodies. Later on there will be a phase out and there are bodies that are necessary. He questions if the City will be in a position to allocate those monies. They may be doing themselves a serious detriment by doing that. Once again he would say they need to deal with them individually.

President Grant informed Councilman Rice should anything arise in similar nature, it would have to come before this body for ratification.

Councilman Tucker said if they intend to move affirmatively, then they can have Administration or the City Clerk's Staff prepare individual ordinances for every position so that at their next meeting they will be looking at individual ordinances for every position.

A motion directing that individual ordinances be prepared for each title appearing on this ordinance and that said ordinances be placed on the September 1, 1982 Calendar of Municipal Council for first reading was made by Councilman Tucker, seconded by President Grant and adopted by the following votes:

The City Clerk read A CAPITAL ORDINANCE PROVIDING FOR THE CONSTRUCTION OF A RECREATION FACILITY AT ECHO LAKE IN THE NEWARK WATER SHED BY THE CITY OF NEWARK, IN THE COUNTY OF ESSEX, NEW JERSEY, APPROPRIATING \$250,000. THEREFOR FROM THE CITY'S WATER UTILITY CAPITAL IMPROVEMENT FUND TO FINANCE THE COST THEREOF.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by President Grant, seconded by Councilwoman Villani.

Councilman Martinez said this is a \$250,000. appropriation for a recreational facility at Echo Lake, yet in the East Ward the Ironbound Stadium needs a roof and there is an abandoned bathhouse on Wilson Avenue. He said if the City cannot take care of the recreational facilities they currently have, then he questioned why the City is building a new one.

Councilman Tucker said the City of Newark has run a recreational program at the Watershed for the last 12 years. However, the people in Echo Lake had taken the City of Newark to Court to prevent the City from constructing a facility there. The net result of this was the City finally won the ability to construct a recreational facility at Echo Lake. He pointed out the City sends a minimum of 15,000 to 20,000 young people up there every day throughout the summer months. All this is is a recreational facility which would provide bathroom facilities at Echo Lake and an open area to store equipment. At present the only construction they have at the Watershed is portable bathrooms. He agrees with Councilman Martinez but he feels Council should follow through on this so next summer our children will have a regular facility.

Councilman Martinez said he would like to concur with Councilman Tucker and if all the recreational facilities were up to par in the City of Newark he would agree with him, but there are 300,000 people in this City with recreational facilities that are abandoned, dilapidated or in poor condition. He said the City should correct them first and then start talking about building something somewhere else where we bus children to and from. He said he had no problem with building more recreational facilities but felt we should take care of what we have in our City first.

Councilman Branch agreed with both of his colleagues and said we need to look at all of our recreational facilities and look at what we can do to come up with funds to accomodate them.

Councilman Carrino said he would like to put an addendum on this ordinance so the Department of Engineering would be mandated to monitor the total construction of this building right from the ground up so that we do not run into the problem that we ran into with the other recreational facility at the Watershed where the building sunk into the ground. He wanted to be assured the proper people were there watching the construction of it.

City Clerk D'Ascensio suggested this direction could be taken care of by a letter in the name of the Council directing that a contract supervisor be maintained on the premises to assure compliance with the contract.

The motion to adopt the ordinance on first reading and directing the City Clerk to communicate with the Director of Engineering to ascertain that a contract supervisor be maintained on the premises to assure compliance with the contract was made by President Grant, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Payne, Rice, Tucker, Villani, President Grant.

(TO CREATE THE TITLE AND SALARY RANGE FOR CARPENTER IN THE DEPARTMENT OF ADMINISTRATION)

(Office of Real Property			
Carpenter (35 Hrs.)	1/1/82	\$18,366.29 -	\$19,909.98)

(Copy of ordinance and correspondence submitted to each Member of the Council)

Councilman Carrino said the City has the title "Carpenter" under General Services and questioned why we were not hiring Carpenters into General Services and letting them perform functions for Real Property. He questioned why we were creating a new title in Real Property when in fact they would now have two titles of "Carpenter" on the City payroll.

Assistant Business Administrator Banker said it is true the City already has the title of Carpenter in General Services. Real Property has relied since its existence primarily on outside contractors to perform repairs. After reviewing that situation it appeared many of the repairs were minor in nature and could more readily be handled by an in-house crew although be it not the same size as the crews that we have in General Services. This title as well as the other crafts trades, Plumber and Electrician, are intended to provide the Office of Real Property with that capability to actually go out to buildings not needed for public use and to perform those repairs directly. Budgetarily the money is in Real Property so even though the title is ordained in General Services we cannot use the money that is in the Department of Administration to hire people in the title in the other Departments. Although the purpose could be the same, but that is not the way the Budget appears, so in order to be able to use what is already in the Budget for the purpose so described, this ordinance would be necessary in this office.

Councilman Carrino said the money collected from the taxpayers in the City of Newark is money the City collects to operate. He questioned why the money is in Real Property and why it is not in General Services so the title of Carpenter, Plumber, Electrician will all come out of where they are supposed to come out of, so that you have a manpower force in General Services, and whoever is needed in Real Property gets sent over to Real Property to do the work. He said he does not understand why there has to be a complete new set of titles fulfilling the same obligations in a different City Department.

Assistant Business Banker said the logic of the way the budget was established is that the City, at least the Administration has intended to separate the responsibilities for the maintenance of buildings used for a public purpose and the responsibility for buildings which we are acting as a Manager in order to keep the costs identified, in order to keep records straight as to what it costs us versus what we take in. If we did what the Councilman suggests, this Council first of all, would have to adopt the budget in a different fashion. It would also make accounting for the situation difficult and probably the biggest problem is that the administrative responsibility for this lies within Real Property and it would be difficult to hold employees accountable who report to a different chain of command, that of General Services.

Councilman Carrino asked how Carpenters, Plumbers and Electricians are hired in General Services and how will they be hired in Real Property.

Assistant Business Administrator Banker said they are all hired from the same Civil Service list.

Councilman Carrino said he does not understand if General Services has to perform a function, it is better for them to have an army of Carpenters, Plumbers and Electricians, so they can send them where they have to go and if they have to go to Real Property, then send those Carpenters, Plumbers and Electricians who work for General Services who have nothing to do on a particular day, to work in Real Property to satisfy the need of a house that has to be renovated or fixed. To separate them is a waste of time and manpower. If you need two Carpenters to do a job in Real Property and General Services has seven Carpenters and they send all seven over there, the job will be done quicker.

Assistant Business Administrator Banker said it really comes down to an administrative problem. When someone works for another agency, the priorities of that other agency, are always going to be those that are addressed first.

Councilman Carrino said when you have policemen guarding the pools in the summer time and making triple the amount of money, why aren't they working for Recreation and Parks. Why don't you have Recreation and Parks start a Police Department. Going by your logic we should have a Police Department in Recreation and Parks.

Assistant Business Administrator Banker said police powers are unique to a very limited area of government. That kind of logic does not apply to common titles like the crafts trades. The difficulty is the ability or the willingness of General Services, regardless of who the Director or Manager might be, to move people from what they have as their responsibility, a public building to a rental property. Typically, the manager would instead devote the maximum amount of effort to his principal responsibility leaving the secondary responsibility as a foster child. We are trying to avoid that in order to be able to put a reasonable amount of effort into both situations, a dedicated work force for the General Services responsibility and a specific work force for the Real Property obligation, so that we know that level at a minimum is working on each of its separate priorities. We can still use the approach that was raised if General Services work force is without work they could then on a temporary basis be applied but we would always have that minimum strength devoted to each separate responsibility.

Councilman Carrino said he would assume there would be two carpenter shops, two means of ordering equipment, two electrical shops, two means of ordering equipment, two plumbing shops, two means of ordering equipment. He said is that more efficient.

September 1, 1982

Assistant Business Administrator Banker said the nature of these titles for Real Property is not large scale construction concerns. These people will be in the area of minor repairs and maintenance type concerns which are not the kind of situations that require a major shop area devoted to their efforts. They will be working on the individual replacement of a door, broken pipe, things that are not of a major stock of wood and so on. As to ordering, all of our products will be ordered under common contract from the same vendors, so that will not present any problem.

Councilman Tucker said about 2½ years ago Mr. Banker came here and indicated that the Recreation Department should not have maintenance persons in order to maintain buildings. He said if he remembers correctly that reorganization plan and the rationale for the reorganization plan Mr. Banker submitted to this Council and was subsequently approved by the Council stated we should not have duplication of effort. In other words, one department having maintenance persons and another department have maintenance persons and it was Mr. Banker's recommendation and the City Administration that we eliminate that. He finds it incomprehensible that now Mr. Banker says Real Property should have their own Carpenters and Plumbers, which is inconsistent with what you said before. He said we should amend the ordinance, put the person in General Services and if the persons do not want to work in there, he would move to reject the ordinance.

Assistant Business Administrator Banker said if it is the wish of the Council to make the budgetary appropriation available but under the common umbrella of General Services, we would be happy to submit a budget correction which would be the type of legislation necessary to accomplish that. The ordinances for this family of titles already exists and were approved by this Council in General Services so the action that would be needed would be a budgetary change in order to effect that.

Councilman Payne questioned if they will come from the Civil Service list or will they probably come from the list, because he said we are talking about craftsmen and, if in fact, we are going to bring on some craftsmen, he would like them to be craftsmen. He said if they come from the Civil Service list, fine - but if they may be coming from a Civil Service list, that may be a problem.

Assistant Business Administrator Banker said the only probability that exists is with whether or not a list exists at any given time. There are sometimes periods when we have exhausted the list. He does not know whether there is an active list. If there isn't there would be a test very shortly and there would be a list and the ultimate result is that all of the people in these titles would be Civil Service list appointees.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO REQUIRE, HEREAFTER, APPLICATIONS AND AGREEMENTS FOR, AS WELL AS ASSIGNMENTS AND MODIFICATIONS OF, TAX EXEMPTIONS (COMMONLY REFERRED TO AS TAX ABATEMENTS), AUTHORIZED BY THE "LIMITED DIVIDEND NON-PROFIT HOUSING CORPORATIONS OR ASSOCIATIONS LAW" (N.J.S.A. 55:16-1, ET SEQ.) AND BY THE "URBAN RENEWAL CORPORATION AND ASSOCIATION LAW OF 1961" (N.J.S.A. 40:55C-40, ET SEQ.) TO BE APPROVED BY ORDINANCE OF THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK AND NOT BY RESOLUTION AS HERETOFORE.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. That all applications and agreements for, as well as assignments and modifications of, tax exemptions (commonly referred to as Tax AbateMENTS) authorized by the "Limited Dividend Non-Profit Housing Corporations or Associations Law" (N.J.S.A. 55:16-1, et seq.) and by the "Urban Renewal Corporation and Association Law of 1961" (N.J.S.A. 40:55C-40, et seq.) shall, henceforth, be approved by Ordinance of this Municipal Council and not by Resolution, which Ordinance shall besides other matters to be therein included, set forth the following:

- (a) In the case of a project, authorized by the "Limited Dividend Non-Profit Housing Corporations or Associations Law", there shall be contrasted the estimated tax on the property on which the project is located for the year in which the undertaking of said project is commenced with the estimated annual service charge to be paid to the City in lieu of all property taxation when the tax exemption on such project and improvement becomes effective, and for how long.
- (b) In the case of a project, authorized by the "Urban Renewal Corporation and Association Law of 1961", there shall be contrasted the estimated tax on land and building now being received by the City with the estimated annual service charge to be paid to the City on the improvement with mention of any statutory credit to be given against the annual charge, and the duration of the tax exemption shall be stated.

3. That accompanying each application, assignment or modification for tax exemption, under either one of the above mentioned statutes, there shall be deposited by the Applicant a sum sufficient to pay the cost to this City for all official publications of the Ordinance.

4. That this Ordinance shall take effect upon passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by President Grant.

Councilman Tucker stated for the record he would like to indicate this ordinance is a long time coming. He believes the citizens of the City of Newark have an obligation to at least know when the Newark City Council is approving tax abatements and be knowledgeable of that fact by insuring that it appears directly in the newspaper. He said with the adoption of this ordinance it means future tax abatements coming into the City will not only be reviewed directly by Council but will also be reviewed by all citizens of the City of Newark who are directly affected by tax abatements.

The motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by President Grant and failed of adoption by the following votes:

Yes: Councilmen Branch, Rice, Tucker.

No: Councilman Martinez.

Not Voting: Councilmen Carrino, Payne, Villani, President Grant.

6-PH, S & F-k.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE APPROVING THE SALE OF 29 PARCELS OF LAND TO THE HOUSING AUTHORITY OF THE CITY OF NEWARK, PURSUANT TO THE PROVISIONS OF N.J.S. 40A:12-13 (b) (1) FOR THE SUM OF \$1.00 EACH.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. That the parcels of land listed on the attached Schedule "A", be sold to the Housing Authority of the City of Newark, a body politic and corporate, by private sale for the amount of \$29.00 (\$1.00 per property) pursuant to the provisions of N.J.S. 40A:12-13(b) (1).

2. That the Director of Finance be authorized to execute a Bargain and Sale Deed for the parcels listed on the attached Schedule "A" which deed is to be approved by the Corporation Counsel and attested and acknowledged by the City Clerk.

September 1, 1982

3. Said parcel(s) are to be included by the Housing Authority of the City of Newark in site(s) to be sold by it to a developer. From the proceeds of such site-sale(s) the City is to receive such proportionate share therefrom as will represent the area that a particular parcel(s) on the attached list bears to the entire area in the sold site(s). The brackets at the end of a word denote the singular or plural, as the case may be.

4. This Ordinance shall take effect upon publication and passage according to law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage and directing the City Clerk to incorporate correspondence from Stroock & Stroock and Lavan in the minutes of this meeting was made by Councilman Tucker, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are eight and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

Re: Hampton Hills

Dear Sirs:

On behalf of the development team, I wish to express my thanks to you and the members of the community that took time out to meet with us yesterday to discuss our cooperative effort to develop housing on Phase I of the Broad Valley Site. This letter is being written to describe the participation of Valley Housing and Development Corporation ("Valley Housing") with Hampton Hills Associates in developing the project.

1) Hampton Hills Associates will confer with Valley Housing during the development of plans for the project and thereafter to obtain community input and to keep Valley Housing and its members aware of the progress of the project.

2) An Advisory Board will be formed consisting of representatives of Hampton Hills Associates and Valley Housing which will meet on a regular basis to discuss various aspects of the project. Specifically, the Advisory Board will act with the managing agent to be chosen by Hampton Hills Associates to consider issues regarding tenants' selection and priorities for admission to the project. As I explained to you yesterday, participation of Valley Housing in management of the project and the establishment of priorities for admission of tenants to the project is subject to a number of factors outside of our control. First, because of requirements imposed by the syndicator of the project, the management agent must be a strong entity, well experienced in managing subsidized housing projects. Second, marketing of rental apartments at the project is subject to regulations by HUD which establishes guidelines for the marketing process. As William Reid of the Newark Redevelopment and Housing Authority expressed at our meeting yesterday, HUD relocation regulations are probably applicable to the project and would thus require giving priority to tenants that were relocated in the past from the project site. Hampton Hills Associates will do everything in its power to work with Valley Housing within these constraints.

3) We are well aware of the fact that the ability of Valley Housing to function with respect to the Hampton Hills Project and the other goals it has for the community require financial funding. The sponsors of Hampton Hills Associates propose to pay to Valley Housing a 5% share of the net proceeds from the syndication of tax shelter limited partnership interests in the project over a five year period, the first installment to be payable at final endorsement which should occur shortly after completion of construction.

We will be pleased to discuss with you, at your convenience, any aspects of this letter.

Very truly yours,

*Richard J. Berg*

HEARINGS OF CITIZENS.

6-HC-a.      MR. D. J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY,  
addressed the Municipal Council with the following remarks:

Recent articles in the daily press on the condition of Newark's public housing give rise to serious and disturbing thoughts. People elected to public office or appointed to boards, authorities and positions of public trust, then speak and act with the authority of position, not necessarily with the authority of competence.

It is customary to accept this authority of position even in the face of manifest incompetence or failure in performance. We accept it for two reasons: one, because, by nature, we are polite and tolerant; two, because we are reluctant to face reality, afraid to challenge authority, to stand up and be counted. Shakespeare wrote, "Thus custom doth make cowards of us all." For a long time, Newark citizens have followed custom and kept silent on the matter of the conduct of the Newark Redevelopment and Housing Authority, but they cannot afford to be afraid of custom any longer.

The present situation is not a crisis or an emergency. Reports in the press, personal observation, conversations with tenants of public housing, all lead to the conclusion that the NRHA has continually failed to operate and maintain properly the projects for which it is responsible. The people who speak with the authority of position would have you believe that the sole reason for deplorable conditions is lack of sufficient funds. But the fundamental overriding reasons are: lack of concern in members of the Authority; indifferent and/or incompetent management; lax, less than knowledgeable or non-existent supervision of the work force; and a lack of understanding of the elements of the routine, meticulous maintenance demanded by these projects. All these will persist and remain regardless of the amount of funding.

One-tenth of Newark's population live in public housing. This Council, the Administration, and all citizens who are fortunate enough not to live in public housing have a common responsibility. It is to provide decent housing for those tenants who live decently and, equally, to protect them from those tenants who do not. This is a management responsibility which we have delegated to the NRHA, and it is failing to meet it.

The Authority is being given \$400,000 to hire some firm to study its problem; in other words the Authority will investigate itself. If you believe that anything effective can come from this expenditure, you may also feel that a fox is a proper guardian for a hen house.

What then is our alternative? I point out one of several. Remove this housing from the jurisdiction of the Authority. Employ, under rigid specifications, a competent real estate management firm to manage these projects in the same manner as any other apartment complex. We would get desired results and very probably reduce cost.

In any case, I ask that the competent agency, federal or state, be requested to survey the entire operation of the NRHA, and to document, in detail, the reasons for its manifest failures. I hope this Council can find it proper to make this request.

President Grant directed the City Clerk to forward Mr. Henderson's remarks to Mayor Gibson, Business Administrator Hill, Housing Authority Executive Director Buck, and Regional Director Mr. Monteciolo, Acting Area Manager Mr. Verdon and Mr. Loftus, Director of Housing Development.

President Grant said Mr. Henderson's comments are well taken and timely and Council appreciates citizens and residents of Newark such as Mr. Henderson who understands the problem and is willing to do more than just talk about it but to offer some solution.

Councilman Branch stated for the record that he would like to commend Mr. Henderson. He said Mr. Henderson is a man still on the front, battling for a better life for all of us in the City of Newark. He cannot say enough for our Senior Citizens who are willing to stand up in support or against something he firmly believes in. He said the Housing Authority is a big problem to all of us. In regard to where we get resources from to correct it is a problem that exists. The question that has always been in his mind, even if you tore down Housing Authority where do we put the people. Do we have enough space to house those present even though we talk about having a study. A study may be necessary or it may not be, but the money that has been appropriated for consultant work might be used better for someplace else in public housing in terms of providing services for the tenants there. He does not know what can be done with public housing and questioned if we could afford to knock them down without Federal Government approval and he is greatly concerned with what we are going to do with public housing. He has talked with several developers hoping that we could get them interested in taking over those projects to see if that kind of relationship could be worked out wherein a developer would come in, he would develop and change the rent income, a whole lot of things have to be changed, and he would be the person responsible for hiring, firing and maintaining the building. He said there is a big problem with public housing in the City of Newark and we do not have enough resources to do what has to be done. He said this Council hopes that Mr. Henderson continues to come and speak forth as we need this kind of input.

Councilman Tucker said the Council in regard to its particular supervision of public housing above and beyond voting on the Commissioners or deciding whether or not Housing Authority can continue as two entities, one dealing with redevelopment and the other dealing specifically with public housing, we have to be frank and say there isn't too much more we can do. We are currently in the process of attempting to develop an ordinance which would in effect split Housing Authority which would really take the redevelopment authority portion away from public housing but he thinks it is important that everyone understands if we talk about taking housing away from the Board of Commissioners of Public Housing that we as the Governing Body are not in power to do that. He does not want any misconception in that regard. He said we do not have the authority to abolish the Housing Authority. When the Housing Authority was originally created it was not created just by ordinance of the City of Newark, it was also created by New Jersey State Statute so that we have an entity that in effect is created by ordinance and by statute. We can come up with a determination that the City of Newark but that determination would have to be concurred in by State Legislation and the Governor. The Governor is hooked up to the Housing Authority because in effect he has representatives on the Housing Authority Board of Commissioners. He does not deny the fact that conditions in public housing are deplorable and he clearly states for the record that he does not believe it is just money. He thinks the HUD reviews that have taken place in regard to the Housing Authority clearly indicate that it is not just a matter of money, that you are dealing with competency of the management staff, with expenditures that are being made and priorities that are being set that have limited impact on the tenants that reside directly in local projects. We are also dealing with many major problems. He is of the opinion that Council can do all within its power to try to rectify that situation but we should be knowledgeable that we are not just talking about a municipal department and although we are attempting to work on solutions, we have to say there are certain things we cannot do.

Councilman Branch indicated in his meeting with Judge Buck when they discussed housing problems and Judge Buck shared a number of things with him. One of the things done so far in public housing is to have three garbage pick ups and he can see a difference. They have a special task force that have been a tremendous help in cleaning out vacant apartments, cutting and trimming trees. This is happening in Hayes Homes and that task force will be moving from one project to the other. He said lights are being put in and elevators are being checked on a periodic basis. He said he has a commitment from Judge Buck to do some things to bring about some meaningful changes. He said hopefully we can correct many of those things and get some of those buildings into shape so we can put those tenants who are looking for apartments in there so people can have a decent place to stay again. We are doing some things but not enough.

September 1, 1982

Mr. Henderson said he is aware this Council cannot adopt the alternate that he proposed but he specifically asked that the Council join in a request for a complete, thorough investigation of the entire operation of the Housing Authority.

6-HC-b.

MR. RAMON VALDEZ, 759 HIGHLAND AVENUE, NEWARK, NEW JERSEY addressed the Municipal Council with respect to public housing, rent increases. He said there is a large Hispanic population in the vicinity of Mount Prospect Avenue and he noted they do not have sufficient recreational areas. He stated he would like to meet with the North Ward Councilman to see if something could be done in this area.

Councilman Carrino said one of the major problems all of the Councilmen are fighting is the fact the entire recreational program in the City of Newark has come to a halt. In the past most of the playgrounds were open until 10:00 P.M. where the sport facilities are located. The Board of Education in its wisdom decided to close down the playgrounds. In 1979 we put extra money into the Board of Education budget for them to open the playgrounds again but they did not do that. As far as the everyday recreational problem in the City of Newark, it is a City-wide problem we are trying to correct. As far as the North Ward facilities are concerned, the City of Newark has given in excess of a quarter of a million dollars to Mount Pleasant Development Corporation to handle the Broadway area for both housing and recreation. La Casa De Pedro gets over a \$150,000. to handle the Seventh Avenue area and the Roberta Clemente Little League gets in excess of several thousand dollars from the City and services over 500 children who play baseball in the North Ward who are predominantly Hispanics. We do have specific programs for recreation but the general problem of not enough recreation is something we are all trying to address. Hopefully before the end of this Council's term we will have a recreational program back in this City. This should be serviced by the schools because those are the facilities that are there for recreation. Unfortunately every night the playgrounds are closed because the Board of Education does not want to use them. Hopefully, we can get together with enough people from the different wards of the City of Newark and we can put enough pressure on the Board of Education for them to start up this recreational program.

President Grant indicated that on September 7, 1982, at the Special Conference of the Municipal Council at approximately 10:45 A.M. there will be a discussion of recreational facilities of the City of Newark and President Grant invited Mr. Valdez to this meeting.

MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the City of Newark's responsibility to protect its citizens.

A motion to permit Ralph Taylor to be heard under "Hearings of Citizens" was made by Councilwoman Villani, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-d.

MR. RALPH TAYLOR, 34 RIVERVIEW PLACE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to a problem that exists in Little City Hall Park on Hill Street. He said as a member of the East Ward Project patrol he escorts Senior Citizens to this park and recently while there at about 12 Noon a mass of drug addicts decided to shoot heroin in the park. Mr. Taylor went across the street and reported this to a police officer who told him it seemed to be a personal problem. He requested Council to communicate with the Police Director or the Newark Auxiliary Police to put some men into this park so that the Senior Citizens will once again feel free to enjoy this park.

Councilman Martinez suggested that Mr. Taylor meet with Lieutenant Kowalewski, who is in the audience, and go into this further and perhaps Lieutenant Kowalewski can initiate an investigation into the allegations made by Mr. Taylor.

RE: Hay Jay, Inc. v. City of Newark & Johnie J. Peterson

DATE: August 31, 1982

CITY CLERK'S OFFICE  
NEWARK, N.J.  
1982 AUG 31 PM 3:49

This memorandum is written to address the concerns of the Council with respect to the proposed settlement of the above matter by the payment of \$5,358.12 to Walder, Sondak, Berkeley and Brogan for legal services rendered to Johnie J. Peterson in the defense of this matter.

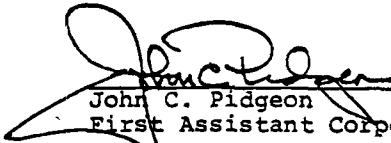

September 1, 1982

Mr. Peterson acted pursuant to an opinion of the Law Department in directing the seizure of the liquor licence held by Hay Jay, Inc.

Allegations of wrongdoing by Mr. Peterson contained in the complaint required that he obtain an attorney to represent him.

The complaint against Mr. Peterson has been dismissed and discovery in this matter disclosed no wrongdoing on his part.

Under the circumstances the payment of this fee is recommended by the Law Department.

  
John C. Pidgeon  
First Assistant Corporation Counsel

A motion to adopt the resolution was made by Councilman Branch, seconded by Councilman Tucker.

Councilman Tucker stated that the important part of the Law Department's letter which was not to a great degree picked up in the press and to a great degree is couched very nicely is that the Law Department, in effect, instructed at that point the A.B.C. Secretary to actually pull that license. The point that was clear in public discussion at the pre-meeting conference was that Mr. Peterson was acting primarily on his own, but at a meeting held in Executive Session with our Attorney we were advised that Mr. Peterson sought advice on this matter and communicated with the Law Department. The Law Department in turn instructed Mr. Peterson to basically pull the license so he was not, in his opinion, if he was acting as an individual the City should not pay the bill, but since the Law Department was actually involved in that determination requesting that he pull that license, he believes it will be very difficult for us to defend ourselves as a City. He also believes, based on the Corporation Counsel's opinion or at candid conversations with us yesterday, they ordered him to do that. This is a new era in regard to looking at the whole incident that took place in the A.B.C. Commission, because the press pinpointed that Mr. Peterson apparently acted on his own. The general public understanding of this matter is clearly that Mr. Peterson acted on his own, possibly because of charges that were preferred against him by the owner of Sparky J's. He wants this in the record to clarify the matter. When the Law Department instructed him to pull that license, and he is of the opinion Mr. Peterson was acting in his capacity as Secretary of the A.B.C. Board, thereby the City becomes liable for his legal fees.

Councilman Branch said that is the only reason he would move this resolution because Mr. Peterson acted on what the Law Department had advised him to do.

Councilman Payne said he is attempting to determine the responsibility of a Department Head to move on advice of the Law Department. He does not know when individual judgement comes in or whether directed from the Law Department. He said this matter came up several years ago and he has not been able to obtain all of the information so it is his intention to abstain on this motion.

The motion to adopt the resolution was made by Councilman Branch, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Martinez, Tucker, Villani, President Grant.  
Not Voting: Councilmen Carrino, Payne, Rice.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Carrino.

Councilman Rice stated for the record that this contract that was given to this agency, the same agency that in his opinion and he would assume in the Council's opinion and in many other individual's opinion, has not performed in the past and once again we have instructed the Business Administrator's Office and the Legal Department to look into what can be done towards getting some local talent from the City of Newark. There are Newark people in these type of contracts and he is going to abstain from this because he wants to see a Newark Police Officer back on the streets where he belongs. He doesn't want the Business Administrator whipping us around, playing these games but in his opinion this guard company is not appropriate for our needs. The Taxpayers' money is going to waste and it is time we stand up and start taking some of these matters into the courts and testing some of the things we are doing. He thinks by constantly approving these contracts, it is going to take us back to day one, around circles and circles. He is very suspicious of this contract for the same guard agency.

Councilman Martinez stated he respects what his fellow Councilman is saying. We are in a situation now where we have Newark policemen who can be out in the streets doing a service in the community who are currently guarding buildings. Before he votes on this he would like for the record, someone to get Tom Banker before the Council. Yesterday Mr. Banker indicated that if this contract is voted on today, Newark policemen would be back on the streets tomorrow. It is a major concern. However, a month ago, this Council received a note from the Administration which said, "that if they opened it up for bid, the policemen would be out in the streets tomorrow". Before he votes on this he would like Mr. Banker to stand before this podium, put in on the record and if this contract is approved those cops would be back out in the streets.

Councilman Tucker said he things what we are doing is mixing apples with oranges. If we are voting on this contract just to make sure the police get back on the streets, he things that is one reason but it is the wrong reason. What we have here on this Masters Company, is a company just based on general perception, on reviewing what they done the last time they had the contract. They did an extremely lousy job and he thinks everybody knows that. There has been nothing submitted to us that would at least assure us that they won't do another lousy job in the future. When we sat down and discussed this matter at the pre-meeting conference, the Law Department, when we raised the question with them, indicated that we had nothing within the context of the bidding process that says they did a lousy job. He talked with Mr. Toma, who has the responsibility of supervising the contractor, and it is his opinion that they did a lousy job. The difference is that Mr. Toma did not communicate that to Mr. Lucarelli, who is the Purchasing Agent, who in effect said "I have noting in writing that says they did a lousy job and if I don't have that I cannot disqualify them as not being the lowest bidder". The individuals involved in this contract have a track record of providing bad service and if we allow them to continue, it is a reward for bad service. He just can't see how the City Administration is going to at least assure us they are going to provide a better service. Mr. Toma is not saying that he is going to have someone supervise the security personnel. Mr. Banker did not say he is going to have anyone supervising these security personnel. Mr. Banker said he was going to have a new position on here, Supervisor of Security Services. We are creating a position for Supervisor of Security Services to supervise people who did a lousy job in the past. To him that is the issue that we are really confronted with. He does not

believe that we really want to say that policemen should protect City Hall or that policemen should guard public buildings but the issue is do we at least want to have a bunch of hodge-podge disco freaks stand out in front of this building acting as if they are guarding City Hall. That is exactly what we had when we had the last contract.

Councilman Carrino added the only thing different is that Councilman Tucker mandated in this new bid that the people working in City Hall had to be armed guards. He would assume that there should be an upgrading of services at least at the City Hall site, since the people have permits.

President Grant questioned Mr. Banker whether these guards are armed or unarmed.

Councilman Carrino said he believes the City Hall people are armed. That was one of the things they brought up to Mr. Banker.

Assistant Business Administrator Banker replied the contract provides for 4 or 5, classes of individuals. Guards that are unarmed, guards that are armed and guards that are armed and have a dog and based on the discussions, he understood, when this is approved, limitation was put on that only armed guards would be used in the City Hall complex. This is his understanding. That provision in City Hall would be limited to that particular case.

Councilman Carrino said he would assume if that is the case, you will probably have many of those guys who are special policemen and many of those guys who are professional security men. So, he would assume that at least City Hall should see an upgrade in services with the type of individuals that are going to be physically located here. We also ran into this problem, Councilman James and he had to go to court on Porterhouse. Everybody knew they did a terrible job but no one in the whole monitoring system of General Services, Real Property, once put down in writing that they did a terrible job. You cannot blame the Purchasing Agent because his responsibility is to accept the lowest bidder, or the highest bidder, depending what the specs are. But in this case here, again, we run into the same situation, whoever is monitoring the thing, not once sent something down in writing to say that there was a basic problem with the services performed and every Council meeting put in new positions for people to monitor something, or people to analyze something and none ever gets done. He would hope that the person who is going to serve in the new position we are creating today, at least will be aware to have a log with him and note whatever problems might occur on a daily basis with whatever security company is doing the job.

Councilman Branch stated, one of his concerns at this point is that if you don't approve this contract, these people came in as the lowest bidders, where does that place us if we do not accept the contract. Can we afford to have the policemen remain in those areas costing us approximately \$23,000. a week? We have a contractor here who is the lowest bidder. Do we have to accept the lowest bidder under these terms. By State Law, his understanding is that you are supposed to accept the lowest bidder with the proper specs. So we have people that do not perform, there is no need for them. We should not be trying to support a contract that does not deliver services. He would like to request that all contracts come before the City Council three months prior to those contracts being acted upon because the City Council is caught in a bind just like we are right now trying to accommodate the taxpayers for providing services in particular the police, right now, the contractor we have right now is not performing, you do not want the contract yet you are stuck with the lowest bidder at this particular time.

President Grant suggested that when the Purchasing Department advertises for bids in the newspaper, they make the Council aware or send a copy. That way the Council would also be aware of the specifications being required by the Purchasing Department. In answer to Councilman Branch's question, "if the Council does not vote affirmatively for this particular contract, where does that leave the contractor?" Number 1, this Council has authorized Administration to first advertise for bids. Bids had been advertised then they had the opening. That too has been completed. They now feel that this contractor is the lowest responsible bidder. There are those of us who might disagree with the responsibility part. They may be the lowest bidder. Based on their past activity from our observation, they are not the lowest responsible bidder. However, in lieu of the fact that the City did

advertise, they met the specifications, they are awarded the contract. If we don't vote, they can take us to court, they will be paid or may be awarded, just what happened with the Porterhouse situation. So we are caught in what is commonly referred to as "Catch 22".

Councilman Payne stated he was not serving during the time this group was providing security, so he could not give a judgement on their performance. According to what he hears, it seems apparent they were less than desirable and the job that was performed was less than adequate. He believes because he personally has no knowledge of their performance, we ought to monitor this very closely. If this is approved, their performance, that we ask the Department who would be responsible to come back with a report in a month or two to give us a performance rating on this particular service and finally, he is curious to know from Mr. Banker, where would these dogs be used.

Assistant Business Administrator Banker replied the City has made limited use of dogs for security but there has been the possibility raised that in certain of our facilities such as Ironbound Recreational Facility where it is closed overnight that it might be more effective to have a dog present as opposed to not having a dog. The way the contract is written we left our options open so that if we find a location where we think that it is appropriate, we could implement it. He doesn't believe we have any locations right now that have full time dogs.

Councilman Rice felt the public should know and his constituency in particular, we are talking about roughly \$140,000. contract which he thinks is insufficient in terms of dollars and cents and he cannot see how from his own experience they can do an adequate job because they cannot hire people who are properly trained and are still around in sufficient time to do the job, but that is their problem. He thinks we need to stop contracting, once again, these types of employments out to agencies and start hiring Newark unemployed citizens. Somebody that we can monitor and the Legal Department can check into it. If this contract does not pass, it would seem to him to give a contract to someone else, this particular agency would go to court and demand what is known as a specific performance and we are to pay them for breach. He is not sure of the legality of rejecting a contract and not giving a contract to anyone and hiring our own personnel. He once again does not want to see the Newark Police Department tied up and just assume we reject this contract, do a per diem thing if necessary. That is a legal matter and the other thing is if this particular agency with the approval of this Council, gets the contract as bid for, then he would hope that some kind of way, Mr. Banker, the Clerk and the Legal Department and Council that the Newark Police Ballistic Team can check the weapons that are going to be used on the premises and check the training record of the people who are going to be wearing these handguns or weapons and also to check the background which should be done by the agency through the State Police as to whether or not these people qualify. From his own personal experience in security, which he is presently working in, too many agencies have been hiring people and have not gone through the route of background checking. There are people through the State Police and certainly if they are caught, it is a violation. But to keep them from being placed in a position he can recall what happened to the City many years ago with some type of Insurance Commissioner or Insurance Broker, he thinks it would behoove us to start checking people ourselves and he thinks whatever department could do that in terms of a safety valve.

Councilman Martinez said he wanted to ask Mr. Banker a question, several of them for the record. Number 1, Mr. Banker indicated yesterday that if this contract was approved today, tomorrow those policemen would be out of City hall, back out in the streets and certainly would be reducing the cost and doing a job. Is that correct?

Assistant Business Administrator Banker replied that is correct. It might be Friday morning because of the logistics of actually getting them started. It will be a day.

Councilman Martinez added Number 2, there is no doubt we can reject the contract because there is nothing on record. He did not want to expose this but, he feels he must at this point in time. This particular contractor, and he has confidential information from the State Police, the State Police are in the process

September 1, 1982

of revoking his license probably within the next 5 or 10 days, probably some of the complaints we have here today. So there is no question he is not going to be here that long anyway. There is going to be a transition period, you can check it out with the State Police. He does not know if he has that information. He did not want to use it but he is going to use it for his colleagues and he would hope that someone would follow it up to see what he is telling is true. He felt the Administration would be in the process now of getting hold of the second bidder, who he assumes is going to be the next responsible bidder and get him ready to move into that position because his information is probably within 10 days this contractor's license will be lifted by the State Police and we will be in limbo. He just wanted that commitment from Mr. Banker for the record.

Councilman Payne said in light of that information he would move to table this resolution. If it ties up the police officer in limbo, it does not seem to make sense to move through an operation of bringing on a contractor in less time than the next scheduled meeting, have the contract terminated because of a revocation of a license.

Councilman Martinez pointed out it is costing us \$24,000. a week for these policemen in salaries alone. Each policeman that we have working here is basically a traffic man, writes out about 35 tickets a day, \$350. a day. These are Newark City ordinances that are being enforced. So we are not just losing the \$24,000. a year, plus the services out there for the residents, plus the \$350. a day. He certainly thinks we should move it; get the policemen back out in the streets and whatever is necessary to be done is done within the next two weeks.

President Grant said he would like to ask the Assistant Corporation Counsel, Mr. Glenn Grant, if he would give us a legal ruling on the rejection or the tabling of this particular piece of legislation.

Assistant Corporation Counsel Grant replied in regard to the issue of approving the contract right now, the contractor stands approved in regard to the Purchasing Agent, Mr. Lucarelli. He has met all of the qualifications and in regard to Councilman Martinez's allegation, it is only an allegation at this particular point in time, we do not have any sufficient factual legal documents before us saying the license has been revoked. Therefore they stand ready to be approved or rejected by this Council.

President Grant stated if it is going to be approved or rejected by the Council, what are the consequences, the possible consequences for rejection.

Assistant Corporation Counsel Grant replied he has not looked at the specifications but he would imagine in the specifications there was a carte blanche condition where the Council reserved the right to reject all bids. However, he would submit to this Council that that reason has to be sufficient, sufficient factual reasons for that rejection.

Councilman Rice said if this particular contract bid was rejected and the City decided to bring someone in on a per diem basis, would that affect us in any legal way in terms of specific performance since the contract was never accepted. Would per diem basis affect us? Is that an applied contract on a daily basis? We did not bid for a daily contract. We bid for something beyond per diem. Do you think that we have justification, do we have separate contracts bid, does that bid stand as long as the contract is not awarded to anyone at all.

Assistant Corporation Counsel Grant replied the requirements of the contract can be established by the specifications. You can make it a year, you can make it a day. However, there has to be sufficient advertisement, there has to be a competitive bidding process. There is no way to get around the competitive bidding process as this Council awards any contracts for delivery of service, security service under lowest responsible bidder requirement. There is no way the Council can get around by awarding per diem contract to someone without going through competitive contract provisions. Right now there is no emergency. He would submit to the Council that at such and such a point if an emergency came then an emergency contract would have to be approved. That is purely speculation at this point in time.

Councilman Rice asked what would be the position of this City and this Council if we did not award the contract and we hired some bodies, not security personnel but just Joe citizens to go into those locations tomorrow until we can legally make them security people and is there a problem for the City of Newark in just hiring additional employees in a title other than security, doormen, if you want to call them that and just place them in locations on a temporary basis.

Assistant Corporation Counsel Grant stated again rules according to the Corporation Counsel's Office, a request for a legal opinion should be made on that particular subject, but he is very familiar with the Local Public Contracts Law and based on that general understanding that would be in violation of Local Public Contracts Law.

Councilman Payne questioned what would happen if the Council concurred, as we have done on other contracts, without awarding it to anyone.

Assistant Corporation Counsel Grant replied Local Public Contracts Law will require the contract be approved within a certain period of time. He does not know whether this matter was on the Council Agenda last time.

President Grant replied this is the first time.

Assistant Corporation Counsel Grant said the requirement would then be approved, submitted at the second regular meeting, if not, then it would be deemed rejected anyway by force of law.

President Grant noted we presently have a motion and a second on the floor for approval.

Councilman Carrino stated for Councilman Rice's knowledge, the last time we did that with Joe citizen, City Hall got wiped out with typewriters and everything else being stolen. One of the problems we ran into was unless it is a well organized situation where the Newark police can do a background check on everybody before they are hired, we found that we had a major problem in City Hall and in Public Buildings where we had City employees doing the security, they were robbing more than what they were stopping. He does not say anyway we could hire people within a short period of time to perform that function without knowing who they are or where they came from. He thinks that would take too much time on behalf of the Police Department. If what Councilman Martinez said is true, all of this is going to be taken care of anyway, if they do lose their license, certainly the contract is going to be terminated. He would like to go ahead and move it and do what we have to and let the State Police thing, if that is true, if it is not true, have this new person that we are hiring, make sure they perform the way they are supposed to perform.

Councilwoman Villani stated she wants to go on record saying this group of security officers are certainly the sloppiest she ever came across in appearance and in performance and they certainly are going to be under close scrutiny by this Body if it is passed. She had an occasion to come in on a Saturday to do some work and had problems finding a security officer and when she did, she found they bring their girlfriends in and you have to go looking for the two of them. She is bringing this to the attention of this Body, so if this does go through, they do stand a lot of scrutiny.

The motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, Carrino, Martinez, Villani, President Grant.  
Not Voting: Councilmen Payne, Rice, Tucker.

Councilman Martinez requested that for Council's information a letter be sent to the Business Administrator requesting him to check with the New Jersey State Police as to the status of this individual's license.

Councilman Payne questioned Assistant Corporation Counsel Grant if the State Police situation comes to fruition and the license is revoked, then we take away the right of this contractor to provide the services, then would you have to rebid or would the second lowest bidder be awarded the contract?

Assistant Corporation Counsel Grant replied there are a multitude number of ways you can treat that, but the general position, he would submit, the Corporation Counsel's Office is that would be an emergency situation and emergency bids would go out again having to be approved by this Council and again in a short period of time thereafter bids would go out for contract for a one year period.

September 1, 1982

President Grant directed the City Clerk to communicate with Administration that in light of the allegation and the suggested investigation by Administration of the person's license, that if it does find that it is going to be withdrawn, that Administration make plans to start the proper action necessary for continuity of security service so that when this Company, if in fact they do fail, we have someone else in place to continue it.

Councilman Payne suggested that the same foolish situation of putting police officers in City Hall be prevented and that we come up with some alternative way to provide interim service of security than to pull off the streets the undermanned Police Department.

Councilman Tucker stated that we better face reality that the reason the police were placed in City Hall was to make you vote for this contract and to sit down and operate under any other assumption is a misassumption. The Mayor put those policemen there specifically to put pressure on the Council to vote for this contract. That is the reason why they are there. There are ways and means they could have functioned to at least secure City Hall and other buildings. We have other security personnel working within the City of Newark. His only concern is who is going to monitor this company. He wanted to know right now who is going to be held responsible since Mr. Toma has said that "it is not his thing". Mr. Lucarelli is saying "it is not his thing," then who is going to be the Supervisor of this company.

President Grant noted that we are not permitted discussion after the vote has been taken and technically it would be ruled out of order because it is information on a motion already passed, but he thinks given the severity of the matter that all of the information put forth by each Councilperson ought to be relayed and given to the Administration with the utmost concern and that they address this matter in a serious fashion.

(Copy of resolution and correspondence submitted to each Member of the Council)

President Grant requested Mr. Zinnerford Smith, Acting Director of Mayor's Office of Employment and Training to advise Council what portion, if any, of the dollars Council just voted on might ultimately be sent to the Private Industry Council.

Acting Director Smith stated none of these activities that are being advertised were envisioned for the Private Industry Council. He said the PIC Council because of the Federal formula will receive a portion of the \$4.3 million that we have for a planning estimate, but it is not envisioned within the specifications described in this resolution.

President Grant asked approximately how much of the \$4 plus million did PIC receive?

Acting Director Smith indicated that last year PIC received about \$500,000 and he assumes this year they will be asking for the same amount with the same understanding that across the board they will receive 28% reduction in funds so they will be sharing their 28% reduction also.

The City Clerk presented COMMUNICATION FROM BUSINESS ADMINISTRATOR HILL, RECEIVED AUGUST 31, 1982, ENCLOSING PROPOSED "ORDINANCE TO REGULATE, CONTROL AND STABILIZE RENTS AND CREATE A RENT CONTROL BOARD WITHIN THE CITY OF NEWARK."

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion directing the City Clerk to place this ordinance on the September 15, 1982 Calendar of the Municipal Council for first reading was made by Councilman Branch, seconded by Councilwoman Villani.

Councilman Tucker stated that Ms. Smith, Administrator of Rent Control, indicated she has met with landlords and tenants in regard to the amendments to this Rent Control Ordinance. He said he had an opportunity to talk to some of the tenant representatives and although there was general discussion they were not familiar with the actual transfer of the sewer charge as a direct increase in regard to rent. They are not knowledgeable of the establishment, by ordinance, for a hardship increase. He stated if the Council is amenable to approve this ordinance he felt the City Clerk should be directed to communicate with the tenant leaders and invite them to the meeting so their opinion is known prior to the final adoption of this ordinance. The way the ordinance reads, based on reports he was in receipt of four months ago, the transfer of the sewer charges will automatically generate a minimum 5% to a maximum of 30% increase in rent.

A motion directing the City Clerk to place this ordinance on the September 15, 1982 Calendar of the Municipal Council for first reading and inviting the tenant representatives to the Special Conference of the Municipal Council, September 7, 1982, was made by Councilman Branch, seconded by Councilwoman Villani and adopted by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Villani, President Grant.

No: Councilman Tucker.

EMERGENCY RESOLUTION APPROPRIATING \$605,000., DEPARTMENT OF GENERAL SERVICES, DIVISION OF MOTORS, OVERTIME-\$15,000., SERVICES BY CONTRACT OR AGREEMENT-\$125,000., MATERIALS AND SUPPLIES-\$465,000., TO PROVIDE FUNDS TO CONTINUE REPAIRS AND SERVICES FOR WHICH FUNDS HAVE BEEN EXHAUSTED; SAID EMERGENCY FUNDS SHALL BE PROVIDED IN 1983 BUDGET.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Martinez stated this afternoon he had the opportunity to meet with Director of Engineering Zach and he indicated to him there is no way that he could see fit to vote for an appropriation such as this. He asked him that because there were certain items here that were very important to him and they were concerned about purchases, overtime, etc. Director Zach said if this money was not approved in the amount of \$300,000. that the City of Newark would basically stop the entire operation in the area of patrol cars, fire department and sanitation.

Councilman Martinez read the following letter dated September 15, 1982 from Patrick J. Roache, Jr., Division of Motors:

Hon. Henry Martinez  
Councilman East Ward  
City of Newark, N.J.  
920 Broad Street  
Newark, New Jersey 07102

Dear Councilman Martinez:

This is to advise you as to the emergency situation resulting from a lack of funds at the Division of Motors. At this very moment the following vehicles are the Victoria Street Garage waiting for repairs:

Police Department - 48 Patrol Cars are out of service. This represents 40% of the total police fleet. The department will be severely hampered in its efforts to protect the Citizens of Newark.

Fire Department: - 2 Hook and Ladders - 2 Squirts - 2 Pumpers - 2 Cars are out of service. This forces the department to switch trucks to cover certain areas. It also means that some engine companies are without any spares.

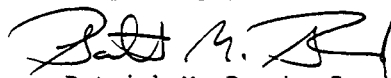

September 15, 1982

Division of Sanitation: - 10 Bucket Loaders - 5 Motor Brooms - 16 Refuse Collection Trucks - 10 Dump Trucks are out of service. This represents a 55% reduction in bucket loaders, a 30% reduction in Motor Brooms and a 25% reduction in Dump Trucks. Thus the Division of Sanitation will try to function with only an average of 60% of its vehicle resources. Considering the conditions of these vehicles and their average breakdowns, it will be impossible for Sanitation to complete its daily assignments.

It is therefore necessary that the following funds be appropriated:

	<u>ACCOUNT CODE &amp; DESCRIPTION</u>	<u>AMOUNT</u>
7181	Vehicular Equipment Repair Contracts	\$ 100,000.00
7241	Vehicular Maintenance Materials & Supplies	40,000.00
7251	Diesel Fuel	30,000.00
7252	Gasoline	80,000.00
7291	Vehicular Repair Parts	50,000.00
	Total	<hr/> \$ 300,000.00

Very truly yours,

Patrick M. Roache Jr.  
Division of Motors

PMR:cb

Councilman Martinez said that \$300,000. was the total request that was anticipated from now to get the Departments back in operation. They have indicated that after next week there will be no money for diesel fuel. There is currently no money for any repairs that have been indicated in the letter.

Councilman Martinez said he would like to move to amend this resolution by deleting amount of \$305,000., seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, Villani, President Grant.

7-R-b. EMERGENCY RESOLUTION APPROPRIATING \$300,000., DEPARTMENT OF GENERAL SERVICES, DIVISION OF MOTORS, SERVICES BY CONTRACT OR AGREEMENT-\$100,000., MATERIALS AND SUPPLIES-\$200,000., TO PROVIDE FUNDS TO CONTINUE REPAIRS AND SERVICES FOR WHICH FUNDS HAVE BEEN EXHAUSTED; SAID EMERGENCY FUNDS SHALL BE PROVIDED IN 1983 BUDGET.

September 15, 1982

A motion to adopt the resolution, as amended, was made by Councilman Martinez, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, Villani, President Grant.

Councilman Carrino stated the fact remains that in his opinion and the opinion of others, the Division of Motors has been expending money at a much greater rate than they have in the past and in his mind for some questionable items. The letter that Councilman Martinez received related to the operation of police cars, fire equipment, gasoline and diesel fuel needed for the City's fleet to operate. He is in total opposition to this whole emergency appropriation. However, as it is a custom with Administration, they always put the heat on the Council, if they don't do this, if they don't do that, then the operation of the City is going to cease and in this case we are not going to have 40 police cars, not going to have fire equipment, we are not going to have gasoline and diesel fuel for the fleet, yet there is weed killer and chemicals sitting in the Division of Motors that nobody has used that they have spent exorbitant amounts of money for. Why they needed weed killer he does not know. He will go along with this to keep the fleet moving but he hoped this Committee he has asked for would be set up once he gets all the information from the Division of Motors, if it is not to their satisfaction, that they enjoin a panel to investigate the Motors with subpoena power. For the sake of keeping "the City's fleet running", he will go along with this but he wants to make sure that every bit of information that is available from the Division of Motors they receive because he knows between now and December 31st, the Division of Motors is going to come back to the Council and they are going to ask for several hundred thousands of dollars more to operate the Division of Motors, which means they will use in excess of 20% of their budget requirements that they came to them with in April and he thinks that is kind of ludicrous that somebody gives them a figure in April and then requires 20% more to operate before the end of the year.

ADJOURNMENT.

12. A motion to adjourn the meeting was made by the Council of the whole and adopted by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, Villani, President Grant.

An adjourned meeting of a special meeting of September 7, 1982 of the Municipal Council of the City of Newark, New Jersey, was held on the above date, in the Council Chamber, City Hall, Newark, New Jersey.

President Grant called the meeting to order at 8:21 P. M. and asked for roll call.

Present: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, Villani, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council; Detective Fred Mitchell, Sergeant-at-Arms; Assistant Corporation Counsel Maurice Jefferson.

City Clerk D'Ascensio read letter dated September 3, 1982, from His Honor, Mayor Kenneth A. Gibson, calling a special meeting for Tuesday, September 7, 1982, at 1:00 P. M., or as soon thereafter as Council can convene to consider the following:

1. Resolution indicating the City's interest in proceeding with the reconstruction of Broad Street.
2. Resolution to authorize the issuance of Change Orders for the Rehabilitation of 828-830 Broad Street. (7-R-c and 7-R-e on printed agenda of September 15, 1982)

President Grant stated, "In accordance with New Jersey P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981 the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on September 3, 1982 at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

#### RESOLUTIONS.

7-R-a-S. RESOLUTION TO CONTINUE TO PETITION THE GOVERNOR AND STATE LEGISLATURE TO HONOR PREVIOUS COMMITMENT TO PROVIDE LOCAL MATCH FOR REHABILITATION OF BROAD STREET, BLOOMFIELD PLACE AND BROADWAY; IN EVENT LOCAL MATCH IS NOT FORTHCOMING FROM THE STATE DEPARTMENT OF TRANSPORTATION, CITY OF NEWARK INTENDS TO TAKE STEPS NECESSARY UNDER THE LAW TO MAKE APPROPRIATION SUFFICIENT TO PROVIDE THE \$625,000. NECESSARY AS THE 25% LOCAL MATCH FOR THIS PROJECT.

A motion to adopt the resolution was made by Councilman Martinez, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Tucker, Villani, President Grant.

Not Voting: Councilman Carrino.

Councilman Carrino requested through the Chair to have the City Clerk's Office to reach out, he doesn't care if they have to reach out in East Brunswick, where the Director lives, to have somebody from the Water Department, he wants here tonight before this meeting is over. (He had a bottle of water). This water came out from a faucet of a house up in the North Ward. It is now three weeks that we are getting water like this. We read in the newspaper that it is the change in weather that is making the water muddy and dirty. We have been living here for hundreds of years and the change of weather has never made the water like this.

Councilman Carrino reiterated he wants somebody from the Engineering Department and the Water Department to be here before this meeting is over.

Sept. 15, 1982 #2

September 15, 1982

President Grant stated in view of the fact that the Mayor's Chief of Staff, Mr. Zinnerford Smith is present in the audience, he requested him to attend to that matter and summon the Director of Engineering or someone in a responsible position to address this matter. This matter, for the public's information has been addressed with the Director of Engineering before and it seems to be getting worse instead of improving.

7-R-b-S. CONTRACT NO. 81-14

DATE: September 1, 1982

-----

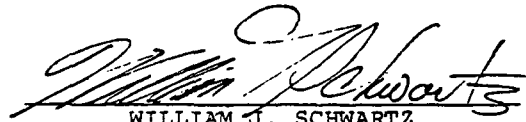

Please be advised that this office has reviewed the memorandum dated August 23, 1982 from Alvin L. Zach to the City Council concerning the above referenced matter.

A review indicates an original contract price of \$1,248,550.00. Under N.J.A.C. 5:30-14.4(e)(3), change orders should not exceed by 20% of the originally awarded contract. If this Resolution is approved, the total change orders would be below the 20% limitation on change orders. Accordingly, as concerns that issue, there is no legal impediment to authorizing same.

September 15, 1982

319

As to whether these change orders would have impacted upon the type or identity of the bids received or if a different low bidder could have been anticipated, it is the opinion of this office that such a question is very difficult if not impossible to answer. As indicated by Alvin Zach, these change orders consist of items which either were not foreseeable at the time of the bid or were not included in the specifications. To the extent that bids were received in response to public advertisement, the City got what it asked for. Perhaps the specifications did not go far enough but at this point, to attempt to foretell the nature of bids with different or more complete specifications would be pure speculation at this time.

DATE: September 15, 1982

As a follow-up to my previous memorandum to the Council, dated September 1, 1982 concerning the above referenced, please be advised of the following:

The original contract sum was \$1,248,550.00.

Previously, the Municipal Council approved change orders GC #1-14 in the sum of \$63,952.84.

The current change orders being submitted for approval are change orders GC #15 - 22 in the amount of \$38,660.56.

September 13, 1982

Therefore, the total change orders assuming approval #15 - 21, will be in the amount of \$102,613.40 or approximately 9-10% of total contract price.

RESOLUTION RECOGNIZING AND COMMENDING THE THEATRE OF UNIVERSAL IMAGES FOR ITS CONTRIBUTION TO THE CULTURAL ENRICHMENT OF THE CITY OF NEWARK.

President Grant read the following resolution:

WHEREAS, since its auspicious beginnings in 1970, the Theater of Universal Images (TUI), under the guidance and tutelage of its founder, Clarence C. Lilley, has grown into a major entertainment force in the Greater Newark Metropolitan Area; and

WHEREAS, through its film and video productions, children's plays, theatrical touring series and Cable Television training programs TUI has become an innovative vehicle for entertaining, informing and educating audiences from various communities who have been attracted to the Theater's admirable ability to deliver, time after time, bravura displays of great singing, dancing and thespian performances; and

WHEREAS, the one theme which imbues TUI's production philosophy is to project Plays that portray positive images and make affirmative statements on conditions within our society while still providing the public with thought-provoking and soul-awakening theater, that captures the essence of what Art is supposed to be; and

WHEREAS, TUI, throughout its existence, has held fast to its goal of bringing top quality entertainment to New Jersey's largest City, which in turn directly supports and aids the growth and revitalization of this Municipality;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby recognize and commend the Theater of Universal Images and each person associated therewith for countless contributions to the social and cultural betterment of this community and extends sincere best wishes to its founder and president, Clarence C. Lilley, for continued success and a future as rich and rewarding as his past.

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to Mr. Lilley and colleagues in honor of this occasion.

A motion to adopt the resolution was made by President Grant, seconded by Councilman James and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, Villani, President Grant.

President Grant asked Mr. Clarence Lilley to come up to the podium to make the presentation to him.

Mr. Lilley accepted the resolution with gratitude and thanked all of the Members of the Council. He said the Theatre of Universal Images has been around for a long time and they will continue to keep doing the good things they are well noted for to enhance the growth and development of the City of Newark.

Councilman James brought up the salary ordinances which were previously tabled. He certainly supported the measure to table these ordinances, but if they were brought up individually, he did not feel the Mayor's increase was atrocious, especially relating to the duties of his office and also Newark being the largest City in the State of New Jersey. He said he has never found fault with any salary increases for that office. He thought the duties of the Mayor were quite demanding. He noted there was a tremendous decrease in services for the individuals considered under the salary ordinances. If the services were improved, then a pay raise would not be questioned. He also noted the salary ordinances were for four years in advance. If there was money, then the water rates should be reduced. He said this Council would not vote for "sweetheart" raises.

Councilman Carrino felt the Council was responsible for the people who were not delivering services to the people. Everyone should be evaluated on a year-to-year basis. If anyone is to be given a pay raise, it should be based on an evaluation which is done yearly. If a department is not functioning, the person in charge should be discharged.

Councilman Branch said the Mayor most certainly deserves a raise because of the way he runs the City. He said everyone has to be held accountable for the services they perform.

Councilman Payne concurred with his colleagues. The salaries should be based on the job the individual is doing. Too many jobs are being done improperly. The problem is the basic services are not being taken care of. Money should be used for the take down of trees instead of raises.

Councilman Martinez also concurred with his colleagues. He mentioned there were unions which represented low salary employees who beg literally every year to receive their salary increases. All the "fat cats" are receiving big salary increases.

(Councilman Rice arrived at this time)

Councilman Rice apologized for being late. He stated if he were present, he would have voted to table these ordinances also. He mentioned he was at a community meeting where people complained of the services of the City of Newark.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to defer action on this resolution was made by Councilman Martinez, seconded by President Grant.

Councilman Tucker mentioned he received a letter from Mr. Alfred Faiella, N.E.D.C. stating the Council should amend the resolution on the agenda.

Mr. Alfred Faiella corrected Councilman Tucker by stating the resolution currently before the Council was correct; the three party agreement was not attached. He added this would delay the project. He asked the Council to defer this until both pieces of legislation are received.

Councilman Tucker asked if this piece of legislation could be discussed at a Special Meeting.

Mr. Faiella mentioned the project was ready to start, but the matter in financing was complicated. He also mentioned the money for the project was in an escrow account.

President Grant indicated he would call for a Special Meeting to discuss this legislation.

The motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk read CAPITAL ORDINANCE PROVIDING A SUPPLEMENTAL APPROPRIATION IN THE AMOUNT OF \$96,500. FOR THE REHABILITATION OF THE HAYES WEST POOL, IN AND BY THE CITY OF NEWARK, IN THE COUNTY OF ESSEX, NEW JERSEY, APPROPRIATING \$96,500. FROM THE CAPITAL IMPROVEMENT FUND OF THE CITY FOR FINANCING THE APPROPRIATION.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Branch, seconded by Councilman Rice.

Councilman Branch said this allocation was long overdue for Hayes West Pool. He commended the Council and the Mayor for appropriating the money for the rehabilitation of the pool. He mentioned the community recognized the need for the pool and they would maintain it in the proper fashion. He was glad these services would be provided for the young people of the Central Ward.

Councilman Martinez emphasized he wanted to point out a fact to Councilman Branch. He said this was a Capital Improvement Program of \$96,500. Prior to Councilman Branch coming on board, there was \$1,200,000. dollars allocated for Hayes Park West Pool, which was federal money, these monies were sent back by the Administration of the City of Newark, including monies for the rehabilitation of Hayes Park East Pool and Wilson Avenue Bath House. The \$96,500. dollars was just a "drop in the bucket" to what could have been received by the Government.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE GRANTING PERMISSION TO THE CITY OF NEWARK TO RELOCATE AN EXISTING STORM AND SANITARY SEWERAGE UTILITY EASEMENT WITHIN THE PROPERTY KNOWN AND DESIGNATED AS BLOCK 4180, LOT 1, ON THE OFFICIAL TAX MAPS OF THE CITY OF NEWARK, NEW JERSEY, AND GRANTING PERMISSION TO SAINT MARY'S VILLA ASSOCIATES, A LIMITED PARTNERSHIP OF THE STATE OF NEW JERSEY TO OCCUPY AND USE THE ENTIRE LENGTH OF THE RELOCATED 10' WIDE CITY STORM AND SANITARY SEWERAGE UTILITY EASEMENT, AND FURTHER TO GRANT PERMISSION TO SAID PARTNERSHIP TO CONSTRUCT AND MAINTAIN CERTAIN STORM SEWER RELIEF LINES AND FINALLY TO AUTHORIZE THE DIRECTOR OF ENGINEERING TO EXECUTE AN AGREEMENT ON BEHALF OF THE CITY OF NEWARK WITH SAID PARTNERSHIP ESTABLISHING THE TERMS AND CONDITIONS OF SAID OCCUPANCY AND STORM SEWER RELIEF LINE CONSTRUCTION.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

WHEREAS, St. Mary's Villa Associates, a limited partnership of the State of New Jersey, has received permission to occupy and use the entire length of a 10' wide City owned sewerage easement area which is within the property known and designated as Block 4180, Lot 1 on the Official Tax Map of a 362 one-bedroom housing unit complex for senior and handicapped citizens on said site, pursuant to Resolution 7Rcc, adopted by the Municipal Council on 7 December 1981, pursuant to the conditions and stipulations of an accompanying agreement as authorized to be executed on behalf of the City of Newark, by the Director of Engineering; and,

WHEREAS, Prior to the execution of said agreement St. Mary's Villa Associates requested certain drainage modifications to the approved on-site drainage plans as presented previously, and which modifications are intended to further insure the site's protection from potential flooding and possible surcharging of the existing City owned storm sewer within the boundaries of said property; and,

WHEREAS, It has been determined that the existing City owned sewerage utilities coursing the said property are not specifically located within the existing City easement reservation area; and,

WHEREAS, The Municipal Council of the City of Newark recognizes this project to be an asset and of beneficial service to the citizens of Newark

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK:

1. That the permission granted to St. Mary's Villa Associates, a limited partnership of the State of New Jersey, (hereinafter referred to as developer) to occupy and use the entire length, and 10' wide City owned sewerage easement area, which area is within the property known and designated as Block 4180, Lot 1 on the Official Tax Map of the City of Newark remains in full force and effect as approved in Municipal Council Resolution 7Rcc, adopted 7 December 1981 except that the City owned easement area is hereby modified and relocated to fully encompass the existing City owned sewerage utilities which utilities were found to be outside the previously existing easement area. The location of the modified and relocated City easement area is as depicted on the survey drawing entitled "Storm and Sanitary Sewer Easements, Saint Mary's Villa, Tax Map Block 4180, Lot 1, City of Newark, Essex County," dated 4 January 1982, and with a latest revision dated 2/8/82, and an accompanying easement description entitled "Description of a Storm and Sanitary Sewer Easement, Tax Map Block, 4180, Lot 1, City of Newark, Essex County, New Jersey (shown as easement #3) dated 1/4/82 as prepared by Steven J. Lovenguth, L.S., of the firm of Lovenguth Surveying, Inc., 5 Valley Road, Warren, New Jersey 07060.

2. That the permission previously granted in Municipal Council Resolution 7 Rcc, adopted 7 December 1981, to the developer to construct a connecting passageway between two 5 story structures on the said site remains in full force in effect except that said location of passageway occupancy

easement area is modified and relocated. Said modification and relocation is as shown on the aforementioned survey drawing and more fully described in the description prepared by said Steven J. Lovenguth, L.S., entitled "Description of a Portion of a 10' Wide Storm and Sanitary Sewer Easement Under the Proposed Building Location. Tax Map Block 4180, Lot 1, City of Newark, Essex County, New Jersey (shown as Easement #4), dated 1/4/82 and revised 1/13/82.

3. That further permission is hereby granted to the developer to construct certain storm relief lines for the existing City owned storm sewer within the said property, which relief lines are to be constructed in accordance with the drawing prepared by Carl R. Meinhardt, A.I.A., of the firm of the Erhrenkrantz Group, O.C., with offices located at 19 West 44th Street, New York, New York, 10036 entitled "SD-S" dated October 8, 1981, and revised with the latest date being 2/2/82.

September 15, 1982

The location of said storm sewer relief line being more fully and accurately located within the easement areas designated as Easement #1, and Easement #2 on the aforementioned survey drawing, and descriptions entitled "Description of a 10' Wide Storm Sewer Easement, Tax Map Block 4180, Lot 1, City of Newark, Essex County, New Jersey (shown as Easement #1)" dated 4/12/82, and "Description of a 10' Wide Storm Sewer Easement, Tax Map Block 4180, Lot 1, City of Newark, Essex County, New Jersey (shown as Easement #2)" dated 1/18/82 revised as prepared by said Steven J. Lovenguth, L.S.

4. The aforementioned drawing, survey drawing and easement descriptions are hereto attached and made a part hereof.

5. That the Director of Department of Engineering be and is authorized to execute the agreement which is attached hereto on behalf of the City of Newark, and which is between the City of Newark and the developer stipulating the conditions attendant to construction, maintenance and operation of the existing utilities, relocated easement areas, and new storm sewers and associated easement areas, as well as, respective responsibilities and liabilities.

6. That permission is hereby granted on the condition that the Essex County authority provides written acceptance of the easement encroachment for the survey drawing and description prepared by the aforementioned Steven J. Lovenguth, L.S. said approval instrument shall be filed with the City Clerk of the City of Newark within 120 days from the passage of this ordinance.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

REVEREND F.D. RANDOLPH, 44 LONGFELLOW AVENUE, NEWARK, NEW JERSEY, wanted to know if the sanitary sewerage utility easement would affect the people in the Vailsburg area.

President Grant said someone from the Engineering Department would be better qualified to answer that question and mentioned that they have been reaching out for someone from that department and he was hopeful someone would arrive shortly.

A motion to close the hearing and table this ordinance was made by Councilman Payne, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Payne, Rice, Tucker, Villani, President Grant.

Absent During Roll Call: Councilman Martinez.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MS. ARLENE HENRY, 603 ELIZABETH AVENUE, NEWARK, NEW JERSEY, wanted a clarification on this ordinance.

President Grant said these two secretaries were presently working in the Mayor's Office and that this was only an increase in salary.

Ms. Henry mentioned a lot of people were getting pay increases and they did not even live in the City of Newark. She wanted to know if this ordinance was part of the package that was previously tabled.

President Grant answered in the negative.

MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, wanted to know the present salaries of these positions and their job descriptions.

President Grant mentioned the job descriptions can be obtained either from the City Clerk's Office or the Personnel Division.

Mr. Kurtz felt all that was being done was the granting of raises.

Councilman Carrino mentioned that almost 300 raises were put on the agenda and they were amended to strike out salaries for the years 1983 and 1984.

Mr. Kurtz wanted to know if these people were evaluated.

Councilman Carrino said it was not the Council's responsibility to evaluate the Mayor's secretaries. It was the responsibility of the Mayor.

Chief Accountant George Fitzsimons indicated the salaries for Executive Secretary and Personal Secretary in the Mayor's Office was \$19,087.95.

Councilman Branch stated he would not deny anyone a salary increase if he or she was doing their job. If he thought it was unjustifiable, he would not vote for it.

REVEREND F.D. RANDOLPH, 44 LONGFELLOW AVENUE, NEWARK, NEW JERSEY, indicated he wanted the salaries repeated. He mentioned this was an increase of 40% and wanted a copy of everything that was being considered.

Councilman Rice replied that Reverend Randolph could contact his office and his staff would go over everything that was discussed.

MR. JOHN L. SMITH, 55 WILBUR AVENUE, NEWARK, NEW JERSEY, estimated the increases in these two salaries would amount to approximately 31%. He said people were starving in this day and age. These salary increases were ridiculous. He wanted to know what was being done to merit these increases.

Councilman Payne said he agreed with Mr. Smith. He is sure these positions are held by competent people.

A motion to amend this ordinance by deleting therefrom all salary ranges for the years 1983 and 1984 was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

No: Councilman Carrino.

September 15, 1982

A motion to close the hearing, as advertised, was made by Councilman Tucker, seconded by President Grant and failed of adoption by the following votes:

SECTION 3. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, wanted to know what this person did and who he supervised.

Councilman Tucker replied the recommendation came from Administration, which was to supervise the security service which was contracted out to work in City Hall.

Councilman James said the hardest working person he knew in City Hall was Officer Brown, who kept City Hall safe.

Councilman Rice stated there was a tremendous problem with the security services. He said this was a very important job, it consisted of overseeing the security service which worked in City Hall.

Mr. Hurtz said he did not understand why someone was being hired to supervise a professional agency.

Councilman Payne indicated it was out of the ordinary to monitor these contractors; this is just to make sure that the job was being done.

Mr. Hurtz felt if the company could not do the job, then the contract should have never been approved.

Councilman Tucker mentioned the Purchasing Agent has the statutory power, when the contract was bid, to say whether or not the company could

perform the services which were specified in the bid. No documentation was ever submitted stating the company could not perform such service.

Mr. Hurtz declared that he would do everything in his power to see that the right thing was being done.

No one else appearing, a motion to close the hearing on the ordinance, as advertised, was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

BOND ORDINANCE PROVIDING A SUPPLEMENTAL APPROPRIATION OF \$100,000. FOR THE RECONSTRUCTION OF FIREHOUSES IN AND BY THE CITY OF NEWARK, IN THE COUNTY OF ESSEX, NEW JERSEY AND AUTHORIZING THE ISSUANCE OF \$95,000. QUALIFIED BONDS OR THE ISSUANCE OF NOTES OF THE CITY FOR FINANCING PART OF THE APPROPRIATION.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. The improvement described in Section 3 of this bond ordinance has heretofore been authorized to be undertaken by the City of Newark, New Jersey as a general improvement. For the improvement or purpose described in Section 3, there is hereby appropriated the supplemental amount of \$100,000, such sum being in addition to the \$71,200 appropriated therefor by Section 3(b) of bond ordinance number 6s and Fb of the City finally adopted January 6, 1982, and including the sum of \$5,000 as the additional down payment required by the Local Bond Law. The additional down payment is now available by virtue of provision for down payment or for capital improvement purposes in one or more previously adopted budgets.

Section 2. In order to finance the additional cost of the improvement or purpose not covered by application of the additional down payment, negotiable qualified bonds are hereby authorized to be issued in the principal amount of \$95,000 pursuant to the Local Bond Law and the Municipal Qualified Bond Act, N.J.S.A. 40A:3-1 et seq. In anticipation of the issuance of the qualified bonds, negotiable bond anticipation notes are hereby authorized to be issued pursuant to and within the limitations prescribed by the Local Bond Law.

Section 3. (a) The improvement heretofore authorized and the purpose for the financing of which the bonds are to be issued is project number 0480 providing for the reconstruction of various firehouses in the City including Engine Companies #4, #14, #15, and #29 as more specifically described in Section 3(b) of bond ordinance number 6s and Fb of the City finally adopted January 6, 1982.

(b) The estimated maximum amount of bonds or notes to be issued for the improvement or purpose is \$162,800, including the \$67,800 bonds or notes authorized by Section 3(b) of the bond ordinance number 6s and Fb of the City finally adopted January 6, 1982 and the \$95,000 bonds or notes authorized herein.

(c) The estimated cost of the improvement or purpose is \$171,200, including the \$71,200 appropriated by the Section 3(b) of bond ordinance number 6s and Fb of the City finally adopted January 6, 1982 and the \$100,000 appropriated herein.

Section 4. All bond anticipation notes issued hereunder shall mature at such times as may be determined by the chief financial officer; provided that no note shall mature later than one year from its date. The notes shall bear interest at such rate or rates and be in such form as may be determined by the chief financial officer. The chief financial officer shall determine all matters in connection with notes issued pursuant to this ordinance, and the chief financial officer's signature upon the notes shall be conclusive evidence as to all such determinations. All notes issued hereunder may be renewed from time to time subject to the provisions of N.J.S.A. 40A:2-8(a). The chief

financial officer is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver them to the purchasers thereof upon receipt of payment of the purchase price plus accrued interest from their dates to the date of delivery thereof. The chief financial officer is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this ordinance is made. Such report must include the amount, the description, the interest rate and the maturity schedule of the notes sold, the price obtained and the name of the purchaser.

Section 5. The capital budget of the City of Newark is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith. The resolution in the form promulgated by the Local Finance Board showing full detail of the amended capital budget and capital program as approved by the Director of the Division of Local Government Services is on file with the Clerk and is available there for public inspection.

Section 6. The following additional matters are hereby determined, declared, recited and stated:

(a) The improvement or purpose described in Section 3 of this bond ordinance is not a current expense. It is an improvement or purpose that the City may lawfully undertake as a general improvement, and no part of the cost thereof has been or shall be specially assessed on property specially benefited thereby.

September 15, 1982

362

(b) The period of usefulness of the improvement or purpose within the limitations of the Local Bond Law, according to the reasonable life thereof computed from the date of the bonds authorized by this bond ordinance, is 20 years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the office of the Clerk, and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey. Such statement shows that the gross debt of the City as defined in the Local Bond Law is increased by the authorization of the bonds and notes provided in this bond ordinance by \$95,000, and the obligations authorized herein will be within all debt limitations prescribed by that Law.

(d) An amount not exceeding \$10,000 for items of expense listed in and permitted under N.J.S.A. 40A:2-20 is included in the supplemental appropriation authorized herein for the purpose or improvement.

(e) Pursuant to N.J.S.A. 40A:3-4(c), the Local Finance Board has determined by resolution that the City is entitled to issue qualified bonds under the Municipal Qualified Bond Act, N.J.S.A. 40A:3-1 et seq. and has endorsed its consent upon a certified copy of the ordinance as passed upon first reading.

Section 7. The full faith and credit of the City are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance.

September 15, 1982

The obligations shall be direct, unlimited obligations of the City, and the City shall be obligated to levy ad valorem taxes upon all the taxable real property within the City for the payment of the obligations and the interest thereon without limitation of rate or amount.

Section 8. This bond ordinance shall take effect 20 days after the first publication thereof after final adoption, as provided by the Local Bond Law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and defer action on this ordinance awaiting supplemental debt statement was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

CAPITAL ORDINANCE PROVIDING FOR THE CONSTRUCTION OF A RECREATION FACILITY AT ECHO LAKE IN THE NEWARK WATER SHED BY THE CITY OF NEWARK, IN THE COUNTY OF ESSEX, NEW JERSEY, APPROPRIATING \$250,000. THEREFOR FROM THE CITY'S WATER UTILITY CAPITAL IMPROVEMENT FUND TO FINANCE THE COST THEREOF.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. The improvement described in Section 2 of this ordinance is hereby authorized to be undertaken by the City of Newark, New Jersey as a general improvement. For the improvement or purpose described in Section 2, there is hereby appropriated the sum of \$250,000 from the water utility capital improvement fund.

Section 2. The improvement hereby authorized and the purpose for which the \$250,000 from the water utility capital improvement fund has been made available is Project No. 6581 providing for the design and construction of a recreation facility at Echo Lake in the Newark water shed.

Section 3. The capital budget of the City of Newark is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith. The resolution in the form promulgated by the Local Finance Board showing full detail of the amended capital budget and capital program as approved by the Director of the Division of Local Government Services is on file with the Clerk and is available there for public inspection.

Section 4. This ordinance shall take effect ten (10) days after the first publication thereof after adoption, as provided by law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MR. JON DOLBERG, 31 MARNE STREET, NEWARK, NEW JERSEY, stated the appropriation for the recreational facility was very commendable. The City of Newark was making an effort to do something worthwhile. He mentioned two facilities presently in the Ironbound Section of Newark, the Wilson Avenue Bath House and the Hayes Pool facility which needed money for restoration. He invited President Grant and Councilman Martinez to take a much needed tour of the Wilson Avenue Bath House.

MR. JOHN SMITH, 55 WILBUR AVENUE, NEWARK, NEW JERSEY, said that many citizens have joined together to promote the welfare of recreation in the City of Newark. He commended the Municipal Council for the appropriation of funds.

MS. JOAN PICKUL, 60 WILSON AVENUE, NEWARK, NEW JERSEY, pointed out the Wilson Avenue Bath House needed renovation and presently, the facility stood idle.

Councilman Payne said he supported the ordinance for the recreational facility. He believed the facilities that were already standing should be taken care of first.

Councilman Martinez indicated he thought the \$250,000. appropriation should be used for the rehabilitation of the Wilson Avenue Bath House. He went on to say that Wilson Avenue Bath House, J.F.K. has to be rehabilitated, Ironbound Stadium needs money and there are other recreational facilities that have to be maintained. He added that the City was now going to spend \$250,000. on Echo Lake when the City can not even take care of what they already have.

Councilman Tucker mentioned the people in Echo Lake Park did not want the citizens of the City of Newark using that facility. They went to court to block the construction to build toilet facilities for eight years.

367

There is also no running water up there for the children to use. He added it was a battle that had taken a long time to come into fruition. He also said that the Federal Government of Environmental Protection would reimburse the City approximately \$120,000. for that facility. The taxpayer's would only be expending \$130,000., which would be sold on bonds and which would mature over a period of twenty years.

No one also appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Payne, Rice, Tucker, Villani, President Grant.

No: Councilman Martinez.

President Grant: The yeses are eight and the noes are one. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE AMENDING ORDINANCE NO. 6-S & F-u OF THE CITY OF NEWARK, IN THE COUNTY OF ESSEX, NEW JERSEY, FINALLY ADOPTED DECEMBER 7, 1981 IN ORDER TO PROVIDE FOR THE CANCELLATION OF UNFUNDED AUTHORIZATIONS FOR THE ISSUANCE OF BONDS OR NOTES FOR VARIOUS CAPITAL PROJECTS OF THE CITY.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section One. Bond Ordinance No. 6s and Fu of the City of Newark, New Jersey finally adopted December 7, 1981 and entitled, "Bond Ordinance appropriating \$646,411.91 bond proceeds and other cash balances not needed for their original purposes into water utility capital surplus fund and \$3,809.41 for capital project No. 343-86, in and by the City of Newark, in the County of Essex, New Jersey," is hereby amended to provide for the cancellation of unfunded authorizations pursuant to the ordinances described therein and is amended by the addition of the following Section:

"Section 5. The unfunded authorizations available pursuant to the ordinances listed in Section 1 hereof for the capital projects described therein are hereby cancelled."

Section Two. This ordinance shall take effect twenty (20) days after the first publication thereof after final adoption, as provided by the Local Bond Law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilman James and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

Councilman Carrino indicated it was three hours since he had asked for someone from the Water Department to come to the meeting and answer questions that were raised.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE OFFICE OF THE MAYOR AND ESTABLISHING SALARIES THEREFOR", (6-S & F-c) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR AIDE TO MAYOR)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That Section 1. of an ordinance entitled, "An ordinance creating positions in the Office of the Mayor and establishing salaries therefor," (6-S & F-c) adopted May 4, 1977 and amendments thereto, be adjusted by creating the following title, title code, annual minimum and annual maximum salary as follows, to wit:

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
(a) <u>Office of the Mayor</u>			
Aide to the Mayor	1/1/82	\$ 30,850.75	\$ 37,425.42

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum salary and annual maximum salary therefor, which are inconsistent herewith are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, wanted to know what the present salary was for the Aide to the Mayor.

Councilman Tucker believed the next two ordinances were transfers over from H.C.D.A. and did not believe they were salary increases. He told Mr. Hurtz that he would get the correct information for him.

No one else appearing, a motion to close the hearing and table the ordinance was made by Councilman Carrino, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, Villani, President Grant.

Absent During Roll Call: Councilman Rice.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MS. ARLENE HENRY, 603 ELIZABETH AVENUE, NEWARK, NEW JERSEY, wanted to know if the salaries were retroactive.

President Grant replied in the affirmative.

Councilman Tucker stated that it was a transfer from H.C.D.A. and only a 5% increase.

MR. MURRAY EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY, asked the Council if they would consider tabling the ordinance. He brought up an incident which the Chief of Staff was directed, by the Mayor, to help him with a problem. He said he was never contacted by the Chief of Staff and thought he was derelict in his duties.

September 15, 1982

MR. RALPH TAYLOR, 34 RIVERVIEW PLACE, NEWARK, NEW JERSEY, asked Councilman Tucker to repeat his previous statement.

Councilman Tucker again stated this was a transfer over from H.C.D.A.

Mr. Taylor suggested that these positions be investigated because people were not doing their jobs.

REVEREND F.D. RANDOLPH, 44 LONGFELLOW AVENUE, NEWARK, NEW JERSEY, asked someone to clarify ordinances 6-Ph, S & F-y and 6-Ph, S & F-z.

Councilman Payne said these positions were not new. They have been in existence for a long time. He thought the positions were justifiable.

No one else appearing, a motion to close the hearing on the ordinance, as advertised, was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

No: Councilman Carrino.

A motion to amend the ordinance by deleting therefrom all salary ranges for the years 1983 and 1984 was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk stated that the ordinance, as amended, will be advertised in accordance with law and a public hearing will be held on the amendment to the ordinance, and the ordinance, as amended, will be considered for further action on October 6, 1982.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF HEALTH AND WELFARE AND ESTABLISHING SALARIES THEREFOR", (6-S & F-m) ADOPTED MAY 4, 1977, AS AMENDED. (TO ADJUST SALARIES)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 1 of an ordinance entitled "An ordinance creating positions in the Department of Health and Welfare and establishing salaries therefor," (6S&Fm) adopted May 4, 1977, as amended, be and the same is hereby amended to adjust salaries, as follows, to wit:

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Director, Department of	1/1/80	\$ 36,465.19	\$ 36,465.19
Health and Welfare	7/1/80	\$ 40,516.88	\$ 40,516.88
177905	1/1/81	\$ 42,542.72	\$ 42,542.72
	1/1/82	\$ 44,669.28	\$ 44,669.28

Section 2. The hereinabove noted position is to be considered in the managerial or exempt class of positions with no standard hours of work. The incumbent employed in each position shall be subject to the responsibility for the completion of assigned duties and responsibilities and shall not be entitled to overtime compensation or to any accumulation of compensatory time. Where required for data processing purposes only, the hereinabove noted salary shall be calculated on a thirty-five (35) hour work week except as otherwise noted.

Section 3. All prior ordinances or parts of prior ordinances which relate to the above position titles, hours of employment, number of positions, annual minimum salary and annual maximum salary therefor, which are inconsistent herewith, as hereinabove set forth, are hereby repealed.

Section 4. Notwithstanding any other provisions contained herewith, the incumbent employed in the aforementioned position shall not be eligible for longevity payments. The salary hereinabove shall represent total compensation paid.

Section 5. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MS. ARLENE HENRY, 603 ELIZABETH AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the 1980 salary of the Director of the Department of Health and Welfare.

Councilman Payne said he was opposed to the retroactive salaries.

Councilman James requested information pertaining to the current salary of the Director of the Department of Health and Welfare. He directed the City Clerk Staff to look into that information for him.

President Grant indicated that salary was tabled in 1979 and he has not received an increase since then.

MRS. DAWKINS, 159 GOLDSMITH AVENUE, NEWARK, NEW JERSEY, reminded the Municipal Council the citizens voted for them to look into their interests. She added that all of the retroactive money should be used for the City; the cleaning of streets, etc.

Councilman Carrino mentioned that all of the directors in the City of Newark were receiving the bottom line figure of \$44,669.00. The reason why the Director of the Department of Health and Welfare was not at that level was because the Council felt that he was not doing his job and therefore, he was not given a salary increase in 1979, 1980 and 1981.

No one else appearing, a motion to close the hearing on the ordinance, as advertised, was made by Councilman Carrino, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A motion to amend the ordinance by making salary effective from July 1, 1982 was made by Councilman Carrino, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Villani, President Grant.

No: Councilman Tucker.

Not Voting: Councilman Branch.

The City Clerk stated that the ordinance, as amended, will be advertised in accordance with law and a public hearing will be held on the amendment to the ordinance, and the ordinance, as amended, will be considered for further action on October 6, 1982.

At a later time in the meeting, a motion to reconsider Ordinance 6-Ph, S & F-bi was made by Councilman Carrino, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A motion to close the hearing on the ordinance, as advertised, was made by Councilman Carrino, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A motion to amend the ordinance by removing salaries for the years 1980 and 1981 and making salary effective January 1, 1982 was made by Councilman Carrino, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk stated that the ordinance, as amended, will be advertised in accordance with law and a public hearing will be held on the amendment to the ordinance, and the ordinance, as amended, will be considered for further action on October 6, 1982.

Section 4. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

September 15, 1982

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the salary range of that title.

Councilman Carrino explained it was done by a different system. The retroactive was a flat rate and in 1982 a range was developed.

Councilman Payne stated the ordinance seemed inconsistent.

Councilman Tucker indicated in 1982, the range was at a minimum and a maximum.

No one else appearing, a motion to close the hearing on the ordinance, as advertised, was made by Councilman Carrino, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker,

A motion to amend the ordinance by deleting therefrom all salary ranges for the years 1979, 1980 and 1981 and making salary effective January 1, 1982 was made by Councilman Carrino, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk stated that the ordinance, as amended, will be advertised in accordance with law and a public hearing will be held on the amendment to the ordinance, and the ordinance, as amended, will be considered for further action on October 6, 1982.

Councilman Carrino indicated it was 4 hours and 10 minutes since he last requested someone from the Water Department.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND TITLE 2, CHAPTER 5, OFFICE OF REAL PROPERTY, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, BY ADDING A NEW SECTION. (PROVIDING FOR THE RIGHT OF FIRST REFUSAL TO CONTIGUOUS PROPERTY OWNER OF UNIMPROVED PROPERTY)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. Title 2, Chapter 5 of the Revised Ordinances of the City of Newark is hereby amended by adding a new section entitled the "Right of First Refusal," the same to read as follow:

(a) Unless specifically defined below, words or phrases used in this section shall be interpreted so as to give them the meaning they have in common usage and to give this section its most reasonable application.

CONTINGUOUS PROPERTY - means any adjacent properties which are actually touching or in contact with each other.

NON-DEVELOPMENTAL PROPERTY - means any real property which is less than the minimum size required for development under the City of Newark's zoning Ordinance.

PUBLIC AUCTION - means any auction to sell real property as authorized by the Municipal Council pursuant to N.J.S.A. 40A:12-13.

UNIMPROVED PROPERTY - means any real property without any capital improvements thereon.

2:5-26 RIGHT OF FIRST REFUSAL

That whenever it has been determined by either the Office of Real Property or the Real Estate Commission that any unimproved and non-developmental property is no longer needed for public use, the Office of Real Property shall be required to offer said property to the adjacent property owners contiguous to said real property at a price not less than the fair market value of the property prior to offering said property for sale at a public auction, except that where there is more than one owner with real property contiguous thereto said property shall be sold to the

highest bidder from all such owners. Said offer and subsequent contract to purchase said property must be completed within 90 days or the property shall be submitted for sale at the next available public auction.

SECTION 2. All Ordinances and parts of Ordinances inconsistent or in conflict with the provisions of the within Ordinance are hereby repealed.

SECTION 3. This Ordinance shall take effect upon final passage and publication according to law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

MS. ARLENE HENRY, 603 ELIZABETH AVENUE, NEWARK, NEW JERSEY, wanted someone to explain the ordinance to her.

Councilman Tucker explained that if someone owned a particular piece of property and the City owned the lot that was next to the property, prior to the City taking the lot, they have to give the adjacent property owner the right of first refusal. He explained that the City had to contact the property owner and ask them if they wanted to buy the lot, and if the City did not do this, they could not sell the lot.

No one else appearing, a motion to close the hearing and defer action on this ordinance was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

HEARINGS OF CITIZENS.

6-HC-a. MR. FRANK DELLI SANTI, 602 PARKER STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to his high taxes. (Approximately \$10,000. a year). He also addressed the Municipal Council with respect to his high costs in repairs of his buildings.

Councilman Tucker suggested that Ms. Geraldine Smith from the Rent Control Board come before the Council at the next Special Conference.

President Grant stated he would arrange a meeting between the Rent Control Board and Mr. Delli Santi to straighten this problem out.

6-HC-b. MS. MICHELE HENLEY, 381 BROAD STREET, NEWARK, NEW JERSEY:  
6-HC-c. MR. MEL KRACOV, 351 BROAD STREET, NEWARK, NEW JERSEY:

The above speakers addressed the Municipal Council with respect to the conditions of the apartments, buildings, rent increases and surrounding areas of the Colonnade/Pavilion Apartment Houses.

Councilman Carrino mentioned these buildings were owned by HUD and they were tax exempt from any type of rent control in the City of Newark.

Ms. Henley said the buildings were going to be bought from a group from Chicago.

Councilman Payne indicated he was currently organizing a meeting with people from HUD.

Councilman Tucker said a determination had to be taken care of in court, a court above the regional one.

Councilman Carrino suggested a letter be sent to Ms. Geraldine Smith of the Rent Control Board to have an inspection made of the buildings.

6-HC-d. MR. MURRAY EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to establishing a Newark Municipal Council Citizens Advisory Committee to determine dollar value of tax exempt groups relative to payroll and property taxes.

Councilman Martinez mentioned a study was being done by himself and Mr. Joseph Bradley on tax exempt properties.

Mr. Edson brought up the drug and criminal resident centers that were springing up in Newark.

Councilman Tucker asked Mr. Edson if any criminal programs were expanding in or near Lincoln Park.

Mr. Edson indicated that Integrity House and Quera were there.

Councilman Tucker said he wanted documentation on that.

Mr. Edson continued to say that all the people wanted was no more drug rehabilitation centers springing up in the City.

Councilman Carrino indicated it was 5 hours since he had asked for someone from the Water Department.

A motion to permit Ms. Louise Johnson, Mr. Ralph Taylor and Reverend F.D. Randolph to be heard under "Hearings of Citizens" was made by President Grant, seconded by Councilman James and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

September 15, 1982

6-HC-e.      MS. LOUISE JOHNSON, 231 CUSTER AVENUE, NEWARK, NEW JERSEY, addressed the Council with respect to the disappointing service she had received when seeking out information in City Hall. She also wanted to know if the Director of the Department of Health and Welfare was working in Consumer Action in 1979. 384

Councilman Tucker stated that the Health and Welfare Director was appointed in 1980. He would not be paid retroactive money back from 1979.

6-HC-f.      MR. RALPH TAYLOR, 34 RIVERVIEW PLACE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the expiration dates on the certificates that were posted in the elevators located in City Hall. He said they were expired and wanted the Council to look into this.

6-HC-g.      REVEREND F.D. RANDOLPH, 44 HAWTHORNE AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to Longfellow House. He wanted to be updated on that situation.

Councilman Rice said he had requested information from the State and as of yet, had not received it. He also mentioned he was looking into the fact that the certificate of occupancy might have been violated.

Reverend Randolph mentioned that outpatients have been placed in a facility located on Fleming Avenue, in the Ironbound Section.

Councilman Martinez said he would like to have documentation on that rumor.

The Hon. Thomas Kean  
Governor  
State House  
Trenton, New Jersey

Dear Gov. Kean:

In November, a moratorium on the revaluation of 38,000 taxable properties in Newark will end. The reprieve was granted to Newark in 1980 by the state legislature, and then Gov. Brendan T. Byrne to enable the city and state government to look into alternative means of financing local governments.

September 15, 1982

Originally to be extended for five years, Gov. Byrne reduced the moratorium for two years with the provision that a state commission be set up to study alternative methods of raising money for the city. This commission was to report its findings to the legislature and Governor within a year. The study group was to consist of 15 members, i.e. four state senators, four assemblymen and seven members of the public.

Although we in Newark set up a special committee of the City Council to work with the public and urban affairs experts at Rutgers University, the full commission was never organized.

Earlier this year, I requested a meeting with Attorney General Irwin Kimmelman relative to the matter of the moratorium and the state's obligation to appoint a commission to address the tax problems of Newark and other municipalities. Ms. Amy Piro, an attorney in Mr. Kimmelman's office, met with members of the City Council, two urban affairs professors from Rutgers University, a representative of the Greater Newark Chamber of Commerce and myself. We provided her with a detailed history of the efforts to fight revaluation in Newark, and gave her written documentation of its projected impact.

With the moratorium scheduled to expire at the end of this year, the revaluation of Newark's property remains this city's greatest concern. Nearly 80 percent of our land is tax exempt, leaving a small number of property owners to shoulder the majority of the tax burden. Newark's homeowners are further strapped by mandated escalating sewer and water costs.

If the revaluation goes through, Newark will be rendered a virtual ghost town, because homeowners will be unable to pay tax increases that may run as high as 112 percent!

We believe strongly that we in Newark have done our homework. We have worked with officials at Rutgers University, and are prepared to present alternatives to the current property tax structure in New Jersey. However, we feel let down and disappointed that the state has not followed through on its commitment to its largest city.

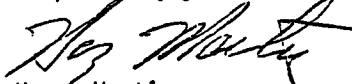

I do not blame the current state administration for failing to live up to an agreement, of which it was not part. My concern is not with what is past, but what lies in store in the future for Newark.

The matter of revaluation is our most urgent concern. Thus, I am writing to you to request a meeting between yourself and the members of the City Council charged with addressing the problems of revaluation, and the urban affairs specialists with whom we have worked at Rutgers University.

We are available to discuss this situation at both a time and place that is convenient for you:

I look forward to hearing from you at your earliest convenience.

Respectfully yours,

  
Henry Martinez  
Councilman-East Ward

A MOTION EXPRESSING ITS STRONG DISAPPROVAL OF THE PLAN BY THE STATE DIVISION OF FISH, GAME AND WILDLIFE TO TEACH COURSES IN HUNTING AND TRAPPING THROUGH THE PUBLIC SCHOOL SYSTEM AS REPORTED ON LOIS STEVENSON'S "ANIMALS AND PEOPLE" COLUMN IN THE STAR LEDGER OF SEPTEMBER 12, 1982; FURTHER, QUESTIONING THE VALIDITY OF SUCH EXPENDITURES IN LIGHT OF THE REAGAN ADMINISTRATION'S ATTEMPT TO CUT BACK SEVERELY ON PROGRAMS WHICH BENEFIT THOSE MOST NEEDY IN OUR SOCIETY, was made by Councilman Rice, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-M-h.

A MOTION REQUESTING THAT THE PRUDENTIAL LIFE INSURANCE COMPANY PROVIDE THE CITY CLERK'S OFFICE WITH A LIST OF ALL SUBCONTRACTORS WHO WILL BE INVOLVED IN THE CONSTRUCTION OF GATEWAY III AND THE HOME LOCATION OF EACH SUCH CONTRACTOR, was made by Councilman Carrino, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Carrino stated at this meeting the Municipal Council heard complaints from several citizens on the quality and cleanliness of City water being received in their homes. He mentioned the Council attempted to contact a number of top officials in the City Administration. Failing this, several calls were made to the City's water emergency night crew on Central Avenue. He said the Supervisor on duty assured the Council, by telephone, that every effort was being made to immediately send a supervisory representative to the Council meeting to answer concerns expressed by citizens and Members of the Governing Body. No representative ever appeared.

Councilman Carrino requested the Municipal Council to adopt the following motion.

7-M-i.

A MOTION URGING THE ADMINISTRATION TO INVOKE A ONE-DAY SUSPENSION IN PAY FOR THE INDIVIDUAL HAVING SUPERVISORY RESPONSIBILITY FOR SAID CREW DURING THE EVENING HOURS OF SEPTEMBER 15, 1982; FURTHER, EXPRESSING ITS STRONG OBJECTION TO THE LACK OF CONCERN APPARENTLY FELT BY THE ADMINISTRATION IN MATTERS OF THIS SORT, was made by Councilman Carrino, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Tucker, Villani, President Grant.

Not Voting: Councilmen James, Rice.

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 4:20 P. M.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant, Acting City Clerk Irving A. Polster, Acting Clerk of the Municipal Council.

Acting City Clerk Polster read letter dated September 16, 1982, from Council President Ralph T. Grant, Jr., calling a special meeting of the Municipal Council for 1:00 P. M., Tuesday, September 21, 1982, or as soon thereafter as the Council can convene to consider the following:

1. Resolution amending Resolution 7-R-ea (A.S.), August 11, 1982, "Resolution authorizing Mayor and Executive Director of Mayor's Policy and Development Office/Community Development Administration to enter into modified grant agreement with United States Department of Housing and Urban Development to accept an implemented UDAG Grant No. B-88-AA-34-0204, to refurbish Robert Treat Hotel at 50 Park Place," by changing Paragraph 4.
2. Resolution authorizing Mayor and Executive Director of Mayor's Policy and Development Office/Community Development Administration to enter into agreement with Newark Economic Development Corporation and Park Place Urban Renewal Associates for purpose of transferring grant funds to Newark Economic Development Corporation for the refurbishment and rehabilitation of Robert Treat Hotel; contract provides for grant in amount of \$310,000. to N.E.D.C. contingent upon receipt of grant funds from Department of Housing and Urban Development; administrative costs to N.E.D.C. shall not exceed \$10,000. (Contract awarded without competitive bidding pursuant to N.J.S.A. 40A:11-5 (2)).

President Grant stated, "In accordance with New Jersey P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on September 16, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law.

#### RESOLUTIONS.

7-R-a.

RESOLUTION AMENDING RESOLUTION 7-R-ea (A.S.) AUGUST 11, 1982, "RESOLUTION AUTHORIZING MAYOR AND EXECUTIVE DIRECTOR OF MAYOR'S POLICY AND DEVELOPMENT OFFICE/COMMUNITY DEVELOPMENT ADMINISTRATION TO ENTER INTO MODIFIED GRANT AGREEMENT WITH UNITED STATES DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT TO ACCEPT AN IMPLEMENTED UDAG GRANT NO. B-82-AA-34-0204, TO REFURBISH ROBERT TREAT HOTEL AT 50 PARK PLACE," BY CHANGING PARAGRAPH 4.

(Copy of resolution and correspondence submitted to each Member of the Council)

Sept. 21, 1982

September 21, 1982

Councilman James indicated he will move this resolution. He served on the Committee dealing with the Robert Treat Hotel closing and found Mr. Rosenthal and members of the Hotel always concerned about our City.

A motion to adopt the resolution was made by Councilman James, seconded by Councilman Branch and declared adopted by President Grant by the following votes:  
 Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Tucker, Villani, President Grant.  
 No: Councilman Rice.

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date, in the Council Chamber, City Hall, Newark, New Jersey at 4:26 P. M.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant, Acting City Clerk Irving A. Polster, Acting Clerk of the Municipal Council.

Acting City Clerk Polster read letter dated September 17, 1982, from His Honor, Mayor Kenneth A. Gibson, calling a special meeting of the Municipal Council for 2:00 P. M., Tuesday, September 21, 1982, or as soon thereafter as the Council can convene to consider Bids received for Employment and Training Activities for FY'83 which begins October 1, 1982 for the following:

1. On the Job Training/Retarded Citizens.
2. Bilingual Secretarial Training.  
(Acting City Clerk Polster noted this Resolution was not received for Council action)
3. Home Health Aid Training.
4. Work Experience/Older Adults.
5. Work Experience/In-School - Out-of-School.
6. Senior Citizens Day Care Program.
7. Youth Employability Skills.
8. Institute for Job Development.
9. Work Experience/Valley Section.

President Grant stated, "In accordance with P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on September 17, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law.

#### RESOLUTIONS.

7-R-a-S. RESOLUTION AUTHORIZING MAYOR AND ACTING DIRECTOR OF MAYOR'S OFFICE OF EMPLOYMENT AND TRAINING TO ENTER INTO CONTRACT WITH ASSOCIATION FOR RETARDED CITIZENS OF THE UNITED STATES FOR AN ON-THE-JOB TRAINING/RETARDED CITIZENS PROGRAM, ONLY REPOSIBLE BIDDER, FOR TRAINING OF 47 PARTICIPANTS, FOR PERIOD OCTOBER 1, 1982 TO SEPTEMBER 30, 1983; FOR SUM NOT TO EXCEED \$21,150.; SOURCE OF FUNDS - COMPREHENSIVE EMPLOYMENT AND TRAINING ACT AMENDMENTS OF 1978.

A motion to adopt the resolution was made by Councilwoman Villani, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Villani, Tucker, President Grant.

7-R-b-S. RESOLUTION AUTHORIZING MAYOR AND ACTING DIRECTOR OF MAYOR'S OFFICE OF EMPLOYMENT AND TRAINING TO ENTER INTO CONTRACT WITH CHR-ILL SERVICES, INC., ONLY RESPONSIBLE BIDDER, FOR A HOME HEALTH AIDE TRAINING PROGRAM FOR 27 PARTICIPANTS FOR PERIOD OCTOBER 1, 1982 TO SEPTEMBER 30, 1983; FOR SUM NOT TO EXCEED \$10,377.; SOURCE OF FUNDS - COMPREHENSIVE EMPLOYMENT AND TRAINING ACT AMENDMENTS OF 1978.

A motion to adopt the resolution was made by President Grant, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, James, Martinez, Payne, Rice, Villani, Tucker, President Grant.

7-R-c-S. RESOLUTION AUTHORIZING MAYOR AND ACTING DIRECTOR OF MAYOR'S OFFICE OF EMPLOYMENT AND TRAINING TO ENTER INTO CONTRACT WITH NORTH JERSEY COMMUNITY UNION FOR A WORK EXPERIENCE/OLDER ADULTS PROGRAM, ONLY RESPONSIBLE BIDDER, FOR TRAINING OF 100 PARTICIPANTS, FOR PERIOD OCTOBER 1, 1982 TO SEPTEMBER 30, 1983; FOR SUM NOT TO EXCEED \$444,640.; SOURCE OF FUNDS - COMPREHENSIVE EMPLOYMENT AND TRAINING ACT AMENDMENTS OF 1978.

President Grant requested the representative from Mayor's Office of Employment and Training to approach the podium.

President Grant said most of them have received calls from several of the senior citizens who are connected with some of the agencies that are being reduced in terms of funding. He questioned if they have notified most of these agencies in a timely fashion that they were going to be cut because there are some persons from the North Jersey Community Training, under Ken Peterson, who plan to march on City Hall on Friday to see the Council. There is nothing they can do for them in light of this. If these are Federal cut-backs, he is assuming what they have done is cut proportionately all the programs.

Mr. Clarence Eason, Contract Specialist of Mayor's Office of Employment and Training replied they are all aware of this at the present time.

Councilman Branch questioned whether there is any way to save the additional 28 people. There are now 128 people and they are requesting 100 for the amount of \$444,460. in this resolution. He reiterated whether they can maintain those 28 people that were laid off and affected by the program.

Mr. Eason replied that this would have serious impact on the program. The money is not there and there is nothing they can do.

A motion to adopt the resolution was made by Councilman Payne, seconded by Councilman Branch and declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, James, Martinez, Payne, Rice, Villani, Tucker, President Grant.

A special meeting of the Municipal of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 4:15 P. M.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen James, Martinez, Tucker, Villani, President Grant, Acting City Clerk Robert Marasco, Acting Clerk of the Municipal Council.

President Grant stated that Councilman Payne called and informed him that his foot was being placed in a cast and would not be in attendance but wanted the record to reflect that.

Acting City Clerk Marasco read letter dated September 22, 1982, from His Honor, Mayor Kenneth A. Gibson, calling a special meeting of the Municipal Council for Friday, September 24, 1982, at 3:00 P. M., or as soon thereafter as the Council can convene to consider the cancellation of the sale of certain City-owned properties not required for City purposes scheduled for Monday, September 27, 1982. Unfortunately, the sale date is on one of the most holy days of the Jewish Faith. We have received numerous complaints about the sale occurring on Yom Kippur.

President Grant stated, "In accordance with New Jersey P. L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981, the schedule of regular meetings and conferences of the Newark Municipal Council.

#### RESOLUTIONS.

7-R-a.

RESOLUTION RESCINDING RESOLUTION 7-R-cm, SEPTEMBER 1, 1982, "RESOLUTION AUTHORIZING PUBLIC AUCTION OF CITY-OWNED PROPERTIES NOT REQUIRED FOR GOVERNMENTAL PURPOSES, ON MONDAY, SEPTEMBER 27, 1982, AT 10:00 A. M., COUNCIL CHAMBERS, CITY HALL, 920 BROAD STREET, PURSUANT TO N.J.S.A. 40A:12-13(a) AND AUTHORIZING ADVERTISING OF EXHIBIT "A" AND NOTICE OF FURTHER MEETING ON OCTOBER 6, 1982, AT WHICH TIME THE MUNICIPAL COUNCIL WILL ACCEPT OR REJECT BIDS AS PROVIDED BY LAW."

A motion to adopt the resolution was made by President Grant, seconded by Councilman Martinez.

Councilman Tucker said as a matter of clarity, is it possible to split that resolution. He recognizes the auction on Yom Kippur but his posture on the Council especially with the investigation of Real Property, is not to vote for any additional property auctions. If it is not split he is not in support of the way it is currently constituted. All he is saying that he has no problem suspending the auction but he is not going to vote the additional property without being totally familiar with the property in question. He wants to know who the assessor is, he wants to know the background and everything else.

Councilman Martinez said perhaps he can clarify some things for his colleague. The auction is cancelled. All properties on that list are withdrawn from the sale until a new auction is advertised properly. For the benefit of the community group that is present, there is going to be legislation prepared by the Law Department that will come before this Body on October 6th meeting. He doesn't expect the next auction will be held prior to the October 6th meeting. The new legislation will deal with community groups, such as 30 Walnut Street, that will have the ability to lease, the option to purchase real property from the City of Newark. He sees Mr. Milano from the Office of Real Property present in the audience and he hoped that they would touch base with the Law Department relative to that legislation and perhaps set an according date of sale, lease, purchase, whatever, after October 6th.

Councilman James said it is rather unfortunate they find themselves in this position for the second time. He thinks it is somewhat poor administrative practice that they would schedule for the second time an auction sale on a religious holiday and they had to cancel that sale creating a lot of inconveniences for those who could not attend because of their religious belief and also an inconvenience for those who planned to attend. He would certainly like to question more thoroughly, placed in the record which is being headed by Councilman Martinez, because he believes the practice of that office has been, if a sale is suspended, they simply secure another day and continue on without adding or deleting property and the question of 30 Walnut Street then would not be resolved by that auction. He hoped the question of 30 Walnut Street would go back to the Office of Real Property and prior coming to the Council, at least there will be some administrative recommendation so it doesn't become a political football of Administration taking one position and this Body taking another. He would like to call to the podium Mr. Milano, with the President's permission and have him explain to them what procedures will they follow in the event this Council by its action today void the sale for Monday.

President Grant questioned Acting City Clerk Marasco whether there was an alternate date presented by the City.

Acting City Clerk Marasco replied in the negative.

Manager Milano, Office of Real Property, said that if he understands the question correctly, after this auction is rescinded, what they can do, what they will do is represent this to the Real Estate Commission. Of course, they will be aware of why it was rescinded and at that point they have a option to bring them all back as they appear here today or if they choose to separate the sale, that is the decision made by the Real Estate Commission. As a general rule in the past, if an auction has been cancelled, they reschedule it. That doesn't mean they can't separate it. That is the decision to be made by the Real Estate Commission. There is nothing that says they have to reassemble the same amount of properties.

Councilman James asked Mr. Milano since they do have citizens in attendance on this particular matter, it was brought to his attention that he indicated to interested parties concerning 30 Walnut Street that only the Council could remove that property from the auction so that they would be in a position to make a purchase. If this meeting is cancelled, will their office once again entertain the request for a unilateral purchase of 30 Walnut Street by citizens in a religious group prior to it coming to the Council and him telling them only Council can remove it by the Council's action vacating the sale for Monday, will he then have that option or will he exercise that option to entertain a request by citizens of 30 Walnut Street on the status of that property.

Mr. Milano replied the final judgement they present to the Council rests with the Council. With respect to the questions that they get from the public and there are many, the question is raised who has the authority to approve or accept the sale, the Council. That is what they convey to them.

Councilman James said his only concern is and he doesn't want to belabor the point. They ask specific questions they wish to raise with the Office of Real Property concerning an earlier attempt to purchase the building and concerning their present desire to purchase the building. What he is asking, would his office and is he willing to personally sit down with them and entertain their question prior to coming back to Council with some recommendation so at least they will know that they have afforded them an audience.

Mr. Milano replied absolutely.

Councilman Tucker said that this resolution is basically cancelling the auction.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen James, Martinez, Tucker, Villani, President Grant.

#### ADJOURNMENT.

12. A motion to adjourn the meeting was made by the Council of the Whole and adopted by the following votes:

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date, in the Council Chamber, City Hall, Newark, New Jersey, at 1:50 P. M.

The City Clerk announced due to the absence of President Grant, he would entertain a motion to elect a Temporary President.

A motion to elect Councilman Donald M. Payne, Temporary President, was made by Councilman Carrino, seconded by Councilman Martinez and adopted by the following votes:

Yes: Councilmen Carrino, Martinez, Payne, Rice, Villani.

Temporary President Payne called the meeting to order and asked for roll call.

Present: Councilmen Carrino, Martinez, Rice, Villani, Temporary President Payne, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

(Councilman Branch arrived 2:00 P. M.)

City Clerk D'Ascensio read letter dated September 27, 1982, from His Honor, Mayor Kenneth A. Gibson, calling a special meeting of the Municipal Council for Thursday, September 30, 1982, at 11:00 A. M., or as soon thereafter as Council can convene to consider the following:

1. Resolution authorizing the City to accept the bid received for the Norfolk Square Apartments Project, HFA #1026.
2. An ordinance increasing the Table of Organization for Lieutenant from 120 to 126.
3. Resolutions authorizing the Mayor and the Acting Director of Mayor's Office of Employment and Training to enter into an Agreement with the following agencies:
  - a. Rutgers, The State University.
  - b. Newark Manpower and Skills Center.
4. Resolution authorizing the Mayor to enter into a Grant Agreement with the United States Department of Education.

Temporary President Payne stated, "In accordance with New Jersey, P.L. Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on September 27, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

#### ORDINANCES ON FIRST READING.

President Payne called for Ordinances on First Reading.

6-F-a.

The City Clerk read AN ORDINANCE ESTABLISHING A MAXIMUM NUMBER OF POSITIONS FOR CERTAIN TITLES IN THE UNIFORMED SERVICE OF THE POLICE DEPARTMENT OF THE CITY OF NEWARK, NEW JERSEY.

(Copy of ordinance submitted to each Member of the Council)

1982

A motion to adopt the ordinance on first reading was made by Councilman Carrino, seconded by Councilman Martinez.

Temporary President Payne stated he is opposed to this ordinance. He wants to see more policemen in the streets doing a job that people are asking for. With the concept that we do not need additional policemen, he thinks it is incongruous then to increase Superior Officers to supervise less policemen. It simply does not make sense to him. He thinks the question is whether the police officers that they have are doing the job as the Mayor says. Yesterday about five o'clock a person was shot and killed on the corner of Renner Avenue and Osborne Terrace. It happens all the time. Violence, crowds of criminal elements are controlling the streets. Captain Knox has done an excellent job with 115 men. When Captain Green came in there were 180 men. He has 115 men and has doubled the arrests this year. With the arrest of so many people, they are saying he is bad because there are 4 or 5 men to a cell. He says put 20 in a cell if they have to. His point is it doesn't make sense to him to say we don't need men in the streets but we need more men in the office. Because there are only 4 Members of the Council here possibly to vote in the affirmative, only to get this through to second reading, because his vote is crucial, he will assent to vote in favor of this ordinance only if on next reading he is assured that additional foot patrolmen are hired by the Police Department and put on and secondly there has to be some kind of look at getting top heavy because that is the problem of Administration at the current time. What they need is workers; even ants have workers. They need people to cut trees, catch rodents and board up abandoned houses, and he will not allow himself to vote in favor of continuing to do something at the top and when the people are calling for police cars, they are not driven up there by lieutenants and he is very perplexed at this time and he rarely lets his conscience be swayed. This is a decision he made himself without any persuasion by those in favor of it. He will vote in favor of this ordinance simply to move it to second reading.

Councilman Rice stated he can appreciate what his colleague has indicated. He would ask the Union personnel, Superior Officers' Association and other entities in that Department to submit to them a list of the age factors of their police officers. Unfortunately, most of his colleagues do not have an up-date history on what has taken place in the Police Department. Right now it is in a very crucial stage of attrition, personnel are phasing out at a very rapid rate, hoping they soon will be getting increments. There will be a need eventually to increase the Table of Organization through directing people to the Police Academy and putting the young officers in the streets. The problem he has encountered has not been with the overflux of supervision in the streets of Newark, it has been for not having enough. Certainly a Lieutenant or a Sergeant or Captain on the street can take it also. The problem is at the top, that is the Police Director. Unfortunately, when his salary raise comes up or his position, they don't deal with that properly. There is a management problem. Captain Knox cannot continue to do the job the way he is doing with 115 officers unless he too has the proper number of supervisors. To give him the number of supervisors necessary to do the job adequately means that they are going to take away Supervisors from another area. Once again he thinks what the Councilman is doing is very honorable and respectful and he would hope that for his knowledge and the knowledge of the other Members of the Council that they can have some history prior to the second reading to enlighten them. He too agrees they need better services but also know they have to deal with the Table of Organization to allow themselves to increase the number of Superior Officers. Also as far as he is concerned, speaking racially, there is a minority problem in the Police Department in terms of the number of minority personnel; black and hispanic do not manage to ascend to supervisory capacities because of the lack of the Table of Organization and create communication problems in the street also.

Councilman Rice indicated he will support this ordinance and indicated to his colleague that he has respect for his decision.

Councilman Carrino requested the City Clerk to communicate with Police Director Williams and Chief of Police Zizza to meet with the Council at their pre-meeting conference October 5, 1982 to explain the justification and the need to increase the Table of Organization.

Temporary President Payne requested one of the Members present in the audience to approach the podium. They are going to ask the Police Director and the Chief of Police to meet with the Council at their pre-meeting conference

of October 5h, but this thing is weighing heavily on him. He requested a representative to give them a better picture of this situation.

(Councilman Branch arrived 2:00 P. M.)

CAPTAIN JOHN GOLBA, 37 VARNUM STREET, NEWARK, NEW JERSEY, said when you say City of Newark and many other towns, the Supervisors are allowed to perform solely supervisory and investigative functions. Because of the shortage of manpower, they agree with them which exists here, those supervisors in the streets are backing another radio car. This modest addition to the lieutenants Table of Organization, is not going to create a drain to the Police officers rank. Sometimes you will have a Lieutenant and his partner which they call an Aide, responding to a job because there are no police officers. They are doing the same work as well as the other functions. In this respect the City is getting quite a bargain. A lot of the other cities only allocate those responsibilities to the Superior Officers. Here in the City of Newark, Sergeant-Lieutenant rank, they in fact perform the police officers function as well unhesitatingly. Since August of 1977, over a five year period, they have had only 9 promotions in this rank, for whatever reasons. In the last six or seven months, they have over 10,000 hours of Acting Lieutenants. That is taking Sergeants off the street, which acted as additional radio cars, as well as supervision and putting that position in the precincts which is a very crucial position. This takes people off the street. If they are going to have the Lieutenants they are not going to quite have that problem. He was just informed before he came that Civil Service has promulgated a test for police officers. He is sure that Administration is desirable of increasing the number of police officers, at least to the lay-off level which is below now and will help considerably. In all honesty, he doesn't see or anticipate any problems that this additional 6 people as Lieutenants in the Table of Organization would cause. If anything, it would cause a better delivery of service. This is a hole in the chain of command which has been allowed to develop and if it is not filled, that is the highest attrition rank. It seems that in the Superior Officers' Association, more people acquire the rank of Lieutenant before they leave than anyone else. Now they have approximately 50 people that could walk off the job immediately. They have more than enough time to retire. They are in a very crucial situation because this list for all practical purposes, if this Table of Organization is not increased today, is dead. They won't be able to promulgate another list from any where from 9 months to a year. The next projected test is somewhere in the late Spring and he thinks they will find they are going to have police officers coming on before they would have a chance to promote any more Lieutenants.

Captain Golba reiterated he doesn't really anticipate the problem that was brought up by one of the Members of the Council. If anything else, it should dramatically enhance the delivery of service to the public which they are all concerned with.

Temporary President Payne stated his concern was that a Sergeant goes up to Lieutenant, then someone has to do the Sergeant's job, then you have at the bottom, 6 left. Six is not going to make an impact on crime. The concept of more Superior Officers, supervising at least six less people. You have a lot of policemen here, as a matter of fact, the majority, he doesn't think this is the time for him to learn the procedures of the Police Department. He does understand a little better.

Temporary President Payne stated that since Councilman Branch has arrived at this meeting, he wanted his remarks with respect to voting on this ordinance stricken. He will be voting in the negative on this ordinance.

The motion to adopt the ordinance on first reading and directing the City Clerk to invite Police Director Williams and Chief of Police Zizza to meet with the Council at their pre-meeting conference October 5, 1982 to discuss the justification and the need to increase the Table of Organization was made by Councilman Carrino, seconded by Councilman Martinez and declared adopted by Temporary President Payne by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Rice, Villani.

No: Temporary President Payne.

Temporary President Payne: The yeses are five and the noes are one. This ordinance is declared adopted on first reading and the City Clerk is hereby

authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on October 20, 1982.

#### RESOLUTIONS.

##### 7-R-a-S.

RESOLUTION ACCEPTING BID OF NEIGHBORHOODS OF THE UNIVERSITIES FOR THE PURCHASE OF CITY-OWNED PROPERTY KNOWN AS BLOCK 415, LOTS 40, 42, 43, 44, 45, 46 AND 49, 23 AND 29 HARTFORD STREET, NEWARK, NEW JERSEY; PURSUANT TO N.J.S.A. 40A:12-13(a), FOR \$11,500., BASED UPON RESOLUTION 7-R-ca, SEPTEMBER 15, 1982.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Branch, seconded by Councilwoman Villani and declared adopted by Temporary President Payne by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Rice, Villani,  
Temporary President Payne.

##### 7-R-b-S.

RESOLUTION AUTHORIZING MAYOR AND ACTING DIRECTOR OF MAYOR'S OFFICE OF EMPLOYMENT AND TRAINING TO ENTER INTO CONTRACT WITH RUTGERS - THE STATE UNIVERSITY FOR A CHEMICAL TECHNICIAN SKILLS TRAINING PROGRAM FOR 17 PARTICIPANTS, FOR PERIOD OCTOBER 1, 1982 TO MARCH 31, 1983; FOR SUM NOT TO EXCEED \$23,703.; SOURCE OF FUNDS - UNITED STATES DEPARTMENT OF EDUCATION. (CONTRACT AWARDED WITHOUT COMPETITIVE BIDDING PURSUANT TO N.J.S.A. 40A:11-5(2))

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Carrino, seconded by Councilman Martinez.

Councilman Rice questioned where these participants come from and what the selection process is.

Acting Director Smith, Mayor's Office of Employment and Training replied the program is a continuance program that was granted to the City for an 18 month period. The reason they are asking for this is that they can't run a contract beyond the one year period. They have asked for the extension of this contract to go through March, 1983. The individuals in the program are Newark residents. It is a high technology training program. The recruitment was by selection through the State Employment Service. They did the assessment, determined if the people were eligible for the program.

Councilman Rice asked if he has a list of these participants? He indicated he will go along with this resolution but would like a list because whoever does the selection for the City of Newark, he wants to make sure the West Ward gets their fair share.

Temporary President Payne requested Acting Director Smith to briefly explain this training program.

Acting Director Smith replied this program is a spin-off of the Hoffman LaRoche Program, where the youngsters are taken out of the City that have a tendency in the pure sciences and they are trained in the techniques of lab work and lab assessing and they are to be placed in the Hoffman LaRoche Chemical complexes.

Temporary President Payne remarked that is a long term program that Hoffman LaRoche started. They had a facility near Prudential when they first began, maybe 10 years ago. It is an excellent program.

Councilman Branch questioned what happens to these participants? Do they remain with Hoffman LaRoche, or do they go to college.

Acting Director Smith replied these youngsters are independent from

the Hoffman LaRoche plant. It is a model from Hoffman LaRoche. Hoffman LaRoche chooses youngsters ability throughout the City and puts them in a special work related program. They took additional monies that were made available from the Government and with the State University to train other youngsters who then go out in the open competitive market.

The motion to adopt the resolution and directing the Acting City Clerk to communicate with Acting Director Smith, Mayor's Office of Employment and Training to secure a listing of the names and addresses of the participants involved was declared adopted by Temporary President Payne by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Rice, Villani,  
Temporary President Payne.

7-R-c-S.

RESOLUTION AUTHORIZING MAYOR AND ACTING DIRECTOR OF MAYOR'S OFFICE OF EMPLOYMENT AND TRAINING TO ENTER INTO CONTRACT WITH NEWARK MANPOWER SKILLS CENTER FOR A CLASSROOM TRAINING ACTIVITIES PROGRAM, FOR PERIOD OCTOBER 1, 1982 TO SEPTEMBER 30, 1983; IN SUM NOT TO EXCEED \$370,833.; SOURCE OF FUNDS - COMPREHENSIVE EMPLOYMENT AND TRAINING ACT AMENDMENTS OF 1978. (CONTRACT AWARDED WITHOUT COMPETITIVE BIDDING PURSUANT TO N.J.S.A. 40A:11-5(2)).

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Carrino.

Temporary President Payne requested Acting Director Smith to give a brief background of this program.

Acting Director Smith stated the Newark Manpower Skills Program has traditionally been under the Manpower System. They tend to increase their activities with the Manpower Skills Center because it is a State recognized Vocational Institution. Previously what they have done with some of the Manpower funds was to go for private vendors. They have experienced some good and bad with private vendors. What they decided this year was to take the State recognized training programs by way of clerical skill training, welding and those types of programs that are within the Manpower Skills Program and support the training of Newark residents through that activity and that is the reason why they went with Newark Manpower Skills Training. Maybe some of the Members of the Council noticed the decrease in the private vendor as a training classroom situation.

Councilman Branch questioned who many students are in this program.

Acting Director Smith replied he is not sure of the number but what they normally experience is in excess of 300 to 400 students. They use a slot. In other words if they take a slot in training, put a person in that slot and if that person becomes job eligible before that period is over, he gets out of the slot and into employment, then they put on another person. It is an open-end contract arrangement and they keep pushing people through. He can find out the planning estimate for them for the \$300,000. and give them a report from last years experience, how many people went through the program.

Councilman Branch said his concern is have they lost a number of them as a result of going to school who could not really keep up competitively.

Acting Director Smith replied the youngsters who get into the training program, with the Manpower dollars generally are people who have been out of school for some time. They are not recent drop-outs. Most of them are adults in these programs. Their attrition rate is about average. They start a class size with about 34, depending on the type of training, they generally graduate somewhere between 20 out of those 34 students and the other 14 people fall by the wayside. They have a requirement within all of their training program, by way of performance that the vendor must create or find x number of private jobs as a result of this training.

Councilman Branch questioned do they ever find out why we lose the others?

September 30, 1982

Acting Director Smith replied in the affirmative. They lose them. They get locked up, move out of the State, they change their minds, they don't want to do that particular training. They first started experiencing people going into the training program for the stipends. The Government has indicated to people that next year when the CETA raise, it won't be called CETA, but the Manpower raise, there won't be any stipends. You will get pure individual who wants to be trained for an occupation and who will stay with it and the reason why we find attrition is people getting married, get locked up, etc.

Councilman Carrino said this doesn't preclude the private vendors. There is still going to be a pot of money for private vendors because Manpower is in one spot and one of the successes of the program is the fact they are able to have training programs in different Wards so people don't have to go to the Manpower Training Center. He would assume that they are going to have other training programs.

Acting Director Smith said he can share with the Council prior to the meeting of the 6th, the planning estimate that was used, they only received \$4.3 million this year. Traditionally, they were receiving between \$12 and \$14 million. It has severely reduced the kinds of activities that they can participate in but they are anticipating and have already planned those private vendor programs that have high placement rates that will be continuing as private vendors as opposed to State Employment Services.

Councilman Martinez remarked that former Director of Mayor's Office of Employment and Training Wheeler was very effective in going to Washington and bringing back a lot of those dollars, \$12 million or \$14 million, was directly attributable to Mr. Wheeler. He questioned if they have any one in Administration that is doing what Mr. Wheeler did as far as going back and forth to Washington in trying to get more of those dollars?

Acting Director Smith replied the program has been operated on a daily basis by Carlton Lovett, Professional Manpower Planner. He is the person most responsible for doing the search and the lobbying for additional manpower dollars. Many times Mr. Wheeler and himself, when he was in the program, the dollars are not there. They get indications from the Federal Government that the \$4.3 they received, if they are able to perform in measurement, much more strict then previously. Maybe they will be able to do that next year. They don't anticipate a great landfall of money that was available to them before.

Councilman Martinez thought it would be wise to have Mr. Lovett appear at the next special conference of the Municipal Council to brief them on what is happening and where they are going in the future. He thinks it is very important to those residents in the City seeking employment, what kind of money we have going. He would like to be briefed a little more on this.

Temporary President Payne directed the City Clerk to invite Mr. Carlton Lovett to meet with the Council at their October 12, 1982 Special Conference.

The motion to adopt the resolution was declared adopted by Temporary President Payne by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Rice, Villani,  
Temporary President Payne.

7-R-d-S.

RESOLUTION AUTHORIZING MAYOR AND ACTING DIRECTOR OF MAYOR'S OFFICE OF EMPLOYMENT AND TRAINING TO ENTER INTO AND EXECUTE GRANT AGREEMENT WITH UNITED STATES DEPARTMENT OF EDUCATION UNDER THE CHEMICAL TECHNICIAN SKILLS TRAINING PROGRAM, FOR PERIOD OCTOBER 1, 1982 TO MARCH 31, 1983, IN SUM OF \$26,965.

(Copy of resolution and correspondence submitted to each Member of the Council)

City Clerk D'Acensio called attention to paragraph 4 of said resolution which states "Resolution does not authorize the expenditure of any funds prior to the adoption of legislation to include these funds in the City Budget". What they need is a resolution accepting the grant and authorizing the Mayor to accept the grant and enter into this contract. Apparently, this is going to be forthcoming and reiterated said resolutions states no money can be expended until that legislation is adopted by the Municipal Council.

A motion to adopt the resolution was made by Councilman Branch, seconded by Councilman Carrino.

Temporary President Payne requested Acting Director Smith to give a brief background of this resolution.

Acting Director Smith replied this is a companion resolution to Resolution 7-R-a-S already adopted by the Council.

The motion to adopt the resolution was declared adopted by Temporary President Payne by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Villani,  
Temporary President Payne.

Councilman Branch stated before we adjourn the meeting, he would like to report as a result of his meeting this morning with the Real Estate Commission, he requested all minutes be sent to the Council Members so that they can read and review the decision that the Commission took this morning. He thinks there should be on record the decision that they took while they took positions on real estate property.

Temporary President Payne added he thinks it is the sense of the Council that they would like to have that practice re-enacted. In addition to that, he requested that the ABC reports be sent up. In addition, he would like the Board of Adjustment meetings and their decisions be sent up. We seem to work in a vacuum and it would appear to him that all that material should be available in this office for their Staff or individual perusal and he would ask that those appropriate bodies which meet on a monthly or bi-monthly basis, which affect them in particular, in the Wards.

Councilman Rice stated he would like all information, free information, of all the applicants that apply for licenses in this City, particularly in reference to vending machines, bingo and ABC, etc. He is not going to be embarrassed as he was before with all these vending machines coming in after the fact they have been approved and he would hope that at the next meeting the resolution or ordinance that his colleague will present will be forthcoming.

Councilman Martinez noted at the last Council meeting, on Communications, passed the video arcade ordinance. As the law currently exists, the person applies for a license and the Police Department does a record check on it. Once it is cleared, it's automatic approval. It takes no action by this Body, so that they have no knowledge of it. They keep it that way. He thinks what the ordinance would do is basically give the power or strength to hear the rule on a lot of the applications.

Councilman Martinez continued he would like to note that there are people that are applying for video-arcade licenses in the City of Newark. There are people that are placing a lot of these machines, not only in arcades, some are in City-owned buildings, some are in areas where people haven't paid the taxes in two or three years, areas where people haven't paid their fuel or surcharges, water bills in a long time and he can't understand how they in the City can allow people to make \$30 or \$40 thousand a year in arcades. One particular building they are investigating now on Market Street, and they gave them a license. He would think the City should have a responsibility to do a further check. If a person makes an application for any kind of a license, liquor license, restaurant license, or anything, if his taxes are not fully paid up, his water-sewer bill is not paid up, they shouldn't give them the licenses. He would hope that this will be submitted to the Law Department requesting them to draw up an ordinance indicating that they can't apply for a license in the City of Newark unless their obligations are met.

Councilman Carrino pointed out that Councilman Martinez has an ordinance that he is working on right now. Instead of asking the Law Department to work on one, they should decide among themselves and have it placed on the Calendar and submit it to the Law Department as to legality. This way they will have the ordinance that they want as opposed to an ordinance that the Law Department will draw up.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Martinez, seconded by Councilman Carrino.

Councilman Tucker said he respects his colleague's concerns in dealing with this particular ordinance which is an attempt to at least deal with the whole question of coin-operated vending machines. His only concern is based on the discussion yesterday that he does believe the Council needs to work out a broad ordinance which at least would encompass all of their concerns and their needs. He thinks this particular ordinance, although it is targeted for particular areas will not meet their particular needs. He is of the opinion they need to amend or come up with a new way of regulating vending machines. He does not believe they can do it on a "stop gap measure" the way they are currently planning to do it under this ordinance.

Councilman Martinez said back in April of this year, he introduced an ordinance also, similar to this one and couldn't receive the support at that time. Since then he has seen three youngsters shot at 123 Wilson Avenue over the video games. He has seen the enterprise growing. He has seen people that do not reside in the City of Newark applying for more and more permits for the licensing of these machines. He has seen more and more youngsters taking their lunch money and using it on these video machines, has seen more loitering, drinking, taking narcotic drugs from youngsters that do not reside in the City of Newark, coming here because they can't do in their town what they are doing here. He has just about had it and it is about time they take some sort of strong stand. Under this

October 6, 1982

ordinance any person that applies for one machine, two machines, or whatever, if you are in a certain district you must come in for a variance, notifying all of the residents of the community of your intent to put in some sort of video machine. If you are outside of the 1,000 foot ruling, and you are in a 3rd Industrial Zone, you must go to the Planning Board. It certainly takes the control away from the Licensing Division, now under the current law, you make an application for a video machine they check your record, regardless of your residence or not, if you have no police record, you automatically get a license, putting machines all over the City. They also have in effect people applying for licenses that have not paid their taxes, not paid their water and sewer bills for several years, they also have been receiving licenses. He has no problem amending this ordinance if it will be in the best interest of the City. This is certainly one of the strongest things he has seen and he thinks it is about time they take a stand, for or against the growing operation of video machines which are destroying our City. If the Council's decision is to defer, to come up with amendments that will even make it stronger, he has no problem with that. If the Council's decision is to defer and make it weaker, then he has a problem. He has also requested the Law Department to adopt a companion ordinance wherein a person who has not paid his taxes, has not paid the water or sewer bills, doesn't even bother to apply for this license or any other kind of license in the City of Newark. There is too much of that going on. He hoped the companion ordinance, if the Council wants to deal with amendments, he has no problems deferring it for two weeks. He would expect that within that two week period that the meeting of the minds will be met and they are going to come up and not play any games and adopt this ordinance in the best interest of the City.

Councilman Tucker said lets qualify what the ordinance is and what it is not. The current ordinance doesn't deal with whether or not a person is a resident of the City of Newark and plays a video machine in the City of Newark. It also does not require a person who is a resident of the City of Newark to get a video machine license. He thinks the concerns they discussed at the pre-meeting conference are valid concerns. One is, currently right now, the existing ordinance which would not be amended by the approval of this ordinance, if a person has a candy store, they can come in and get a candy store license, sell one box of candy and put approximately 3 video machines within that location. He thinks if you have 2,500 square feet, that is the only requirement. The other point that is important is that one of the major problems they are dealing with right now in the City is the large peripheration of arcades. There is no licensing within the City of Newark that deals with the establishment of an arcade. This ordinance won't address that. He thinks the other question that has to be raised is whether or not they want to have video machines within the City. All he is saying, he is not denying the fact that we need to at least strengthen the laws dealing with video machines but they have to think it out to at least cover all areas and all concerns. He has a major problem with video machines in bars. This doesn't relate to that either. He also believes they have to be mindful of the way they write ordinances. They currently may very well be reacting to the establishment of an arcade that is operational right now or video machines that are operational right now. Whether they like the reality or not, State Law prevents them from passing a law and going back and saying "you must now remove the machines". All existing locations right now will be grandfathered in. He thinks they can come up with other ways and means of dealing with that. He has some concerns, if a person has been convicted of major crime in the City and they want to set up an arcade, he doesn't believe they should give that person a license. He has a problem, if in effect, a drug bust has taken place in a location, he doesn't believe a person should be able to continue their license if they have a drug bust. They need to develop an ordinance that is comprehensive and relates to all of their needs.

Councilman Rice stated he supports Councilman Martinez's ordinance. To him it goes beyond just legislation of paper work. He thinks the citizens of Newark deserve much more in terms of protection. He can fight incidents of youngsters in his community, wherein a 12 year old because of this equipment and the lack of service in the community, recently came out of the hospital. He has a big problem with the number of machines going into those locations in his Ward. They just received 16 to 18 machine approval on 18th Avenue and that was done in June and that person had a clean background and that is basically it. He has to say to his colleagues that have thoughts about the present law and about the timetable in terms of

October 6, 1982

deferring it, they may be making a very serious mistake. He understands they cannot make ex post facto law and make a law retroactive, and what has been done already, certainly is not justice to people. He doesn't think they can afford to let the day go and tomorrow go and have those groups of individuals or corporations who own those machines recognizing there may be some very stringent legislation coming down in the next 24 hours, dumping 3,000 or 4,000 machines in the City. That is what really is going to happen unless they stop that. They are talking about two types of legislation. They are talking about something that would prevent the addition of these numbers of machines in various places. First, what can they do about the machines they already have and certainly they can't take them out but they can certainly regulate that also. Once again, he is in support of that legislation and he thinks the public should have some say-so in reference to making laws on those vending machines. He will go as far as saying to have a public forum and bring the public here to deal with that issue and he can say what the response would be.

Councilman Martinez said he understand the concerns. It is a strong, tough ordinance and gathering from Councilman Tucker, he wants to have amendments to the ordinance. He would like to get an opinion from the Law Department. He would like to address the question, if now there is pending legislation before the Governing Body, can they instruct the License Division not to issue any licenses between the time it is now pending until it is resolved. They would request the License Division to hold up, say approximately 6 weeks.

Assistant Corporation Counsel Johnson replied she could not answer that question but would submit a written legal opinion.

Councilman Martinez asked whether this Body could go on record as directing the License Director, Mr. Rocco Blasi, the Council's wishes are that no licenses be issued until this ordinance is adopted. He believes if he can get the Governing Body to give direction to the License Division that authority, he would agree to defer and include all the concerns of his colleague.

Councilman James said he would dare say the request that Councilman Martinez made, he believes would be in the negative. They are lawmakers and they have an existing law on the books and any citizen who wishes to go to the Division of Licenses now and comply with the existing license law, they would have that right. He doesn't think they can unilaterally or wishfully say "suspend an existing law". He would like to know from the Assistant Corporation Counsel, wherein West Orange and Nutley tried to abolish the whole question of the pinball machines and he would agree with them but the State Law ruled they were in conflict with State Law. He is suggesting to Councilman Martinez that they do have a conflict on the matter and they have a copy of the State Law and the Law Department participated in that meeting and agreeing with him and Councilmen Rice and Tucker. He thinks if they are going to make a new law that is so tough, at least it ought to be legal, it should not be refuted by existing State Laws and at least they should make sure the contents of that ordinance speaks to the concerns that Councilman Martinez is expressing, as Councilman Tucker has so articulately explained that are not being covered by the ordinance. He thinks they have a serious problem. Just to pass along without a thorough research of the ramifications of the law, he would suggest they have the two weeks deferment on the issue and have further study.

Councilman Branch said he is not sure he is fully knowledgeable of the ordinance preventing vending machines will stop crime at this time in the City. Perhaps it might minimize it to a degree. He thinks maybe they need to think about strengthening to a point where the law will say that only a certain age will be allowed to play the vending machines if they feel that young people spend their money instead of spending for food, what have you instead of spending it on the slot machines committing crimes in those areas. He is not just so sure that even strengthening the ordinance is going to prevent youngsters from committing crimes. If they don't do it in one way, they probably are going to do it in another. He thinks we need to look at something else a little different and how they can deal with this in terms of putting some teeth into this wherein it would prohibit the young people from using the slot machines. If you are 18 years of age you are of age and can play any machine you want.

October 6, 1982

Councilman Rice said for the benefit of the City Council and the public, he would like to ask the Law Department to objectively take a look at the present law. He thinks if he is correct, from the research they had people do, they have a Superior Court ruling from the State and therefore brought to the Fifth Circuit which is the Appellate Division and his understanding is that the law is still held up in the Appellate Division and the Appellate Division may reject what the Council is saying is law. What has presently been given as State Superior Court opinion as it stands right now, and he stands to be corrected, is only an opinion until the Appellate Division renders, that was sent up there for interpretation in terms of legal rights. Technically, Councilman Martinez, he is in support of the ordinance and there is no State ruling on that. If that is true, the State Legislatures of a municipality or any other entity of government can make laws until that law is found to be infringement on constitutional issues, law, or violate some right, that law in itself is law. He would suggest that they do not necessarily have to defer, they can pass until such an opinion is rendered and he would maybe question whether or not the Appellate Division of the Fifth Circuit would even indicate affirmatively on that ruling for a lot of policy reasons.

Councilman Martinez said the constitutional questions have been addressed in the ordinance. As far as the question of the 13, or 14 year old, that has been ruled against the unconstitutional right of the 13 year old. They cannot stop a 13 year old from playing the machines. He would like to move this as is and at the next special conference, October 12th, have a full conference on any amendments that are so requested prior to the final adoption.

The motion to adopt the ordinance on first reading was made by Councilman Martinez, seconded by Councilman Carrino and failed of adoption by the following votes:  
Yes: Councilmen Branch, Martinez, Rice.  
Not Voting: Councilmen Carrino, James, Tucker, Villani, President Grant.

Councilman Carrino stated he agrees with everything Councilman Martinez stated and he feels they have to do something. However, he believes the amendments would be too substantial to add on to this ordinance. That is why he abstained hoping that on Tuesday, they do come up with an ordinance that has all of the amendments incorporated. His biggest concern in his Ward is a peripheration of arcades and he wants to make sure part of this ordinance prohibits the expansion of arcades. He also feels if they make this ordinance too restrictive, somebody is going to take it to court and they are going to wind up losing an entire enforcement procedure under these machines and that could be more dangerous than having something on the books that everybody could live with. He would hope this could be discussed at the Council's next Special Conference. He agrees with Councilman Martinez that instead of sitting on this for the next five or six weeks that we come up with something to put on the Calendar of October 20th and proceed to have it become law.

Councilman Rice requested that a letter be forwarded to the Police Director indicating that the corner locations of these strips where these machines are, they are very identifiable, very visible, he wants the young folks and adults chased off those corners drinking alcohol, playing those machines. He is not going to live through this with his conscience with young people, senior citizens, men and women getting their heads battered in because people gather around these machines. One machine in his opinion is bad as 100. If you have 10 people at one machine they fight to see who is going to play first. They are battling and everything else. That is a reality. Perhaps the other Wards don't have that problem.

Councilman Rice said he would like some directive to go and he wants to go on record saying to the Police Director that as long as the Good Lord gives him health he will be on his police radio and he will be observing those corners and he is going to call radio cars to deal with that and if somebody doesn't respond somebody is going to respond to this Council and to the public.

President Grant directed the City Clerk to excerpt remarks made by Councilman Rice and forward them to Police Director Williams.

Councilman Tucker said it is important to note that in both cases, when these pinball machines or electronic video machines are put in locations there is an administrative process that says "the Captain of the Local Precinct has somebody

assigned to do an investigation. The problem is that the Police Department will say "we don't approve this application and the Division of Licenses will give them the license. If they in turn embody within the ordinance, that says, unless the Police Department approves it, it will not be given as a license. He thinks they are going to eliminate a lot of the problems. It doesn't say that now. It's a decision made by the License Division but if you hook it up and say they must obtain approval from the Police Department, he thinks it will eliminate most of the licenses because they will just not get them.

6-F-k. The City Clerk read AN ORDINANCE PROVIDING FOR THE DISCLOSURE OF CERTAIN INFORMATION IN ALL SALARY ORDINANCES HEREAFTER ADOPTED.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Tucker, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are eight and the noes are none. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on October 20, 1982.

6-F-l. The City Clerk read AN ORDINANCE AMENDING TITLE 2, CHAPTER 5, ARTICLE 9, OFFICE OF REAL PROPERTY OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, 1966, AS AMENDED AND SUPPLEMENTED. (TO ADD A NEW SECTION REQUIRING THE OFFICE OF REAL PROPERTY TO NOTIFY CONTIGUOUS PROPERTY OWNER(S) OF A PENDING CITY PROPERTY AUCTION).

A motion to adopt the ordinance on first reading was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are eight and the noes are none. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on October 20, 1982.

A motion to consider Item 8-m on Ordinances on First Reading was made by Councilman Martinez, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, Villani, President Grant.

6-F-m. The City Clerk read AN ORDINANCE PROVIDING FOR AN ACQUISITION/DEMOLITION SITE CLEARANCE AGREEMENT WITH THE HOUSING AUTHORITY OF THE CITY OF NEWARK FOR THE TAX MAP BLOCK 30 ON BROAD STREET, FOR AN AMOUNT NOT TO EXCEED \$1,400,000.; FUNDS AVAILABLE FROM THE STATE OF NEW JERSEY, DEPARTMENT OF TRANSPORTATION.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Carrino, seconded by Councilman Martinez.

Councilman Tucker said he has had an opportunity to review the documentation involved in this ordinance. We have in the past given them money. To be exact at one point, \$1.3 million, we gave to them in December of 1981. That contract ran from December of 1981 to April of 1982. We have on various occasions requested that the Housing Authority submit a report to us indicating what they have done with the money. They have refused to submit that report and they have consistently been involved in trying to circumvent the Municipal process by not even giving us an audit of how we are dealing with the funds. Let us be frank, these are State funds that

October 6, 1982

are coming into the City of Newark that we are in turn assigning to the Housing Authority. There is \$83,000. in this particular budget for Administration costs to the Housing Authority. That money should be taken out and given to the Water Department so that they will pay their bills. All he is saying in effect is that we have got to inevitably get to the point where the Housing Authority is going to be a part of Municipal Government or is not going to be and if it is not going to be, we should not give them any more money.

The motion to adopt the ordinance on first reading was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are eight and the noes are none. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on October 20, 1982.

Councilman Branch suggested perhaps a Task Force can be established to monitor that money.

Councilman Carrino said he would like to ask Councilman Martinez if he has any knowledge as to why that grant has to go through the Housing Authority and not the City of Newark since they also are in the demolition business and we would probably be able to save \$80,000. by doing it ourselves instead of having \$83,000. borne by the Housing Authority.

Councilman Martinez replied it is his understanding that the money is going to go to Al Faiella and not the Housing Authority and he would be in direct control of the dollars and all of the total operation of a one block area.

Councilman Tucker said it is not just that. The Housing Authority, being the Redevelopment Authority of the City of Newark is the only entity within Municipal Government that has the right of condemnation and they have to condemn those properties, work out a process of acquiring them and deal with relocation. The aspect of condemnation, no other entity within the City has it but them.

Councilman Martinez said that certain people are speculating on this property and they have been buying this property and the reason for moving this to First Reading and adoption is to stop the speculation. What they did was purchase some of the property and now are looking for tremendous dollars to be bought out and relocated. Unless it is stopped right away, the project will be beyond reach of cost.

At a later time in the meeting, a motion to consider Item 8-k on Ordinances for First Reading was made by Councilman Carrino, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, Villani, President Grant.

6-F-n.

The City Clerk read AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE AUTHORIZING THE MAYOR AND THE EXECUTIVE DIRECTOR OF MPDO/CDA TO ENTER INTO AN AGREEMENT WITH THE NEWARK REDEVELOPMENT AND HOUSING AUTHORITY TO USE THE PROCEEDS FROM THE ST. MARY'S SITE TO ACQUIRE THE ST. LUCY'S SITE PHASE II, FUNDS BEING PROVIDED FROM THE NEWARK REDEVELOPMENT AND HOUSING AUTHORITY," 6-S & F-e, ADOPTED MAY 4, 1982; AND SITE CLEARANCE OF PROPERTIES DESIGNATED TO BE IN THE ST. LUCY'S SITE PHASE II PROJECT.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Carrino, seconded by President Grant.

October 6, 1982

Councilman Tucker questioned Councilman Carrino how does he know what the proceeds are from St. Mary's Site? 135

Councilman Carrino replied the Housing Authority in the process of acquiring the acquisition plans for St. Mary's Site had x amount of dollars, he thinks it was \$400,000. or \$500,000. He thinks they only used \$370,000.

Councilman Tucker said what he is trying to say is that they have responded to Councilman Carrino's inquiry in dealing with proceeds but did not respond to any other Members of the Council.

Councilman Carrino said he doesn't know what Councilman Tucker means.

Councilman Tucker said he has no problem with this but would like to state for the record that they have never been in receipt of a report pinpointing the proceeds of anything from the Housing Authority. They have been giving money to the Housing Authority for a number of years. They have never seen them indicate that they had anything left from anything.

Councilman Carrino said this is the first time he is aware they ever had any money left over from an acquisition site. He was a little shocked himself when he found out they had money left over from the acquisition site.

Councilman Tucker said he has no problem. He just wants to be assured that money is the proceeds of the acquisition of the St. Lucy's Site. It may very well be proceeds of all of the other acquisitions that they have no record of at this point and time. They have approved for the Housing Authority in the last 10 years about \$20 million.

Councilman Carrino said he can assure Councilman Tucker that it is a lot less, about \$30,000. or a few dollars more.

Councilman Carrino suggested that the Housing Authority be invited to the pre-meeting conference of the Municipal Council on October 19, 1982.

Councilman Rice said he would like to have those persons there with paper work. He saw this but wasn't sure what a St. Lucy's Site was and then he found out where it was. This is proceeds coming from the West Ward Site and he doesn't know how much those proceeds are but he does know that the Housing Authority has bungled money on some economic redevelopment, like the Munn Avenue Housing Projects, and the banks took them over and that in itself prevented them from getting, basically right now he understands that HUD is going to take back the moneys that he has waited for and fought for since 1974 to putting stock on Brookdale Avenue, which is his street. He does not know if that money can help but he will be interested to know the amount and how they can come up with that because they did get the first three sites.

The motion to adopt the ordinance on first reading and directing the City Clerk to invite Business Administrator Hill, Corporation Counsel Teare, Executive Director Jean, Mayor's Policy and Development Office and Executive Director Buck, Newark Housing Authority to meet with the Council at their pre-meeting conference October 19, 1982 was made by Councilman Carrino, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Tucker, Villani, President Grant.

Not Voting: Councilman Rice.

President Grant: The yeses are seven, the noes are none and one not voting. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on October 20, 1982.

#### ORDINANCES ON PUBLIC HEARING, SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on public hearing, second reading and final passage.

(Councilman Payne arrived 2:00 P. M.)

October 6, 1982

6-Ph, S & F-a.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF ENGINEERING AND ESTABLISHING SALARIES THEREFOR," (6-S & F-n) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR CHIEF FORESTER)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That Section 1 of an ordinance entitled, "An ordinance creating positions in the Department of Engineering and establishing salaries therefor," (6S&Fn) adopted May 4, 1977, as amended and supplemented be amended to create the title and salary range as follows, to wit:

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Chief Forester 153959 (40 Hrs.)	1/1/82	\$ 17,312.84	\$ 21,044.44

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum and annual maximum salary therefor, which are inconsistent herewith are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MRS. HELEN POCH, 687 SUMMER AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council opposing this ordinance. The speaker felt that we need help in City of Newark. The trees and woods will still be there.

MR. RUSSELL DAWKINS, 159 GOLDSMITH AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council opposing this ordinance.

No one else appearing, a motion to close the hearing and defer action on this ordinance was made by Councilman Tucker, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen James, Payne, Rice, Tucker, Villani.

No: Councilmen Carrino, Martinez.

Not Voting: Councilman Branch, President Grant.

6-Ph, S & F-b.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE APPROVING THE SALE OF PREMISES COMMONLY KNOWN AS 258-64 FIRST STREET, NEWARK, NEW JERSEY, BLOCK 1912A, LOT 67, TO THE HOUSING AUTHORITY OF THE CITY OF NEWARK, PURSUANT TO THE PROVISIONS OF N.J.S.A. 40A:12-13 (b) (10).

October 6, 1982

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That the premises commonly known as 258-64 First Street, Newark, New Jersey, Block 1912A, Lot 67, be sold to the Housing Authority of the City of Newark, a body corporate and politic, by private sale for the amount of \$500.00 pursuant to the provisions of N.J.S.A. 40A:12-13 (b) (1).

Section 2. That the Director of Finance be authorized to execute a Bargain and Sale Deed for the above described premises, same to be approved by the Corporation Counsel and attested and acknowledged by the City Clerk.

Section 3. This Ordinance shall take effect upon publication and passage according to law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Carrino, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-Ph, S & F-c.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE GRANTING PERMISSION TO THE WESTINGHOUSE ELECTRIC CORPORATION WITH OFFICES AT 95 ORANGE STREET, NEWARK, NEW JERSEY, TO CONSTRUCT AND MAINTAIN AT ITS OWN EXPENSE, A SEWER MONITORING SYSTEM IN LACKAWANNA AVENUE ALL WITHIN AN EASEMENT APPROXIMATELY FIVE FEET WIDE AND 18.5 FEET LONG.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That permission is hereby granted to the Westinghouse Electric Corporation to construct and maintain at its own expense and cost, a Sewage Monitoring System within and beneath Lackawanna Avenue as laid out 42 feet in width on the Map of the Commissioners to lay out streets, avenues and squares all within a 5.0 feet wide easement as shown on the drawing entitled "Proposed Sewage Sampling Systems, Westinghouse Electric Corporation, Newark, New Jersey", dated 7/7/82 and prepared by John J. Flood, P.E., of the firm of CFM, Incorporated, P.O. Box 584 Far Hills, New Jersey, and a survey entitled "Easement for Sewer Monitoring System for Westinghouse Corporation, Newark, New Jersey", dated March 25, 1982, prepared by Gerard A. Lupo, L.S., of the firm of Richlan, Lupo & Pronesti, Land Surveyors, 470 Roseville Avenue, Newark, New Jersey.

Section 2. That the easement is more fully described as:

BEGINNING at a point in the southerly line of Lackawanna Avenue, said point being distant the following courses from the intersection of the present southerly line of Lackawanna Avenue with the westerly line of University Avenue; thence running

- a) Along the southerly line of Lackawanna Avenue North 59 degrees 24 minutes West, 84.44 feet to an angle point; thence
- b) Still along said Lackawanna Avenue, South 30 degrees 39 minutes West, 45.00 feet to an angle point; thence
- c) Still along said Lackawanna Avenue, North 59 degrees 24 minutes West, 241.25 feet to the point of BEGINNING of easement; described as follows:
  - 1) Along the southerly line of Lackawanna Avenue, North 59 degrees 24 minutes West, 5.00 feet to a point; thence
  - 2) North 30 degrees 56 minutes 28 seconds East, 18.49 feet to a point; thence
  - 3) South 59 degrees 03 minutes 32 seconds East, to and through the center of a manhole, 5.00 feet to a point; thence
  - 4) South 30 degrees 56 minutes 28 seconds West, 18.46 feet to the point and place of BEGINNING, containing 92.35 square feet.

October 6, 1982

Section 3. That such permission be and is hereby given upon the condition and provision that the said Westinghouse Electric Corporation, its successors and assigns, shall indemnify and save harmless the City of Newark, its officers, agents and servants from any claim whatsoever, arising from or in any way connected with the granting of said privilege or by reason of the installation, location, maintenance or the existence of such sewage monitoring system in the above described 5.0 foot wide easement in Lackawanna Avenue and shall agree to assume, on behalf of the City of Newark, the defense of any action of law or injury which may be brought against the City upon the claims.

Section 4. That in addition to the aforesaid Indemnity Agreement, Westinghouse Electric Corporation, its successors and assigns, shall at its own cost and expense procure and keep in full force and effect paid up policies for Comprehensive General Liability Insurance in favor of the City of Newark, in an amount of at least \$ 100,000 covering bodily injury and property damage arising out of any one accident and \$ 200,000. for multiple occurrences, said policies to be approved by the Corporation Counsel of the City of Newark. Proof of indemnification clause in Section 3, shall be filed with the City Clerk prior to installation. Said insurance shall not be subject to cancellation or change until sixty (60) days after the City Clerk has written notice thereof as evidenced by return receipt or certified or registered letter. In the event the properties, or any part hereof, that are served by the easement do not remain in the ownership of Westinghouse Electric Corporation, the City shall be given notice thereof, and should the City find and determine that the use to which the aforesaid easement may be put may increase the hazard at the premises or affect the liability of the comprehensive coverage, the City may alter the terms of insurance as called for under this Section.

Section 5. That such permission be and is hereby given upon the condition that the Westinghouse Electric Corporation shall file with the City of Newark its written acceptance of the provisions of this Ordinance within thirty (30) days from the date on which it takes effect and shall pay on demand of the City of Newark the amount and cost and expense to the City for all official publications of this Ordinance as well as a recording fee.

Section 6. That such permission hereby is granted, subject to all State Laws and City Ordinances governing the said installation, maintenance and use of the sewage monitoring system.

Section 7. That the Westinghouse Electric Corporation shall be responsible for the repair of and/or damage to paving, existing utility lines either public or private and other such structures or appurtenances arising from the construction or maintenance of their facilities in the easement area.

Section 8. In the event that the sewage monitoring facilities covered by the aforesaid easement are no longer used by either the Westinghouse Electric Corporation or by its successor in title, the City of Newark shall be so notified, and it shall have the right to terminate this easement and upon such termination all rights shall revert to the City. Upon the cessation of use of the sewage monitoring facilities the Westinghouse Electric Corporation its successors and assigns shall remove the facilities and revert the easement to its original condition.

Section 9. That so long as the sewage monitoring system covered by this easement remains in existence, the obligations and performances hereunder shall run with the land and shall be binding upon the Westinghouse Electric Corporation and upon all subsequent owners of the properties served by the easement.

First and Second Tracts being part of Lot 1 in Block 2751, and Third Tract being part of Lot 27 in Block 2750 on the current Tax Maps of the City of Newark, New Jersey. Waverly Avenue is now known as Muhammad Ali Avenue.

2. That the acquisition of the above parcels of land by the City of Newark is in accordance with the Urban Renewal Plan for Project N.J. R-32, approved by the Municipal Council of the City.

3. That a copy of said deed be filed with the City Clerk for inspection by any interested party, pending its acceptance.

4. That this Ordinance shall take effect on final passage and publication, after which the original deed shall be recorded in the Essex County Register's Office by the City's Law Department and thereupon filed with the City Clerk.

5. That the deed to be delivered to the City of Newark contain a statement that this conveyance is made for the purpose of widening 18th Avenue and Muhammad Ali Avenue, formerly Waverly Avenue, as described herein, it being, nevertheless, within the absolute discretion of the City of Newark to determine when, and to what extent, the same shall be used to widen the sidewalk area, propertyline to curbline, or to widen the road bed or to do both.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Payne, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF RECREATION AND PARKS AND ESTABLISHING SALARIES THEREFOR," (6-S & F-1) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO ADJUST THE SALARY RANGE OF SUPERINTENDENT OF RECREATION)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 1 of an ordinance entitled, "An ordinance creating positions in the Department of Recreation and Parks and establishing salaries therefor," (6S&F1) adopted May 4, 1977 as amended and supplemented be amended to adjust the salary of Superintendent of Recreation, as follows, to wit:

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Superintendent of Recreation 153935 (40 Hrs.)	1/1/82	\$ 18,939.90	\$ 23,021.25

Section 2. All prior ordinances or parts of prior ordinances which relate to the above position titles, hours of employment, number of positions, annual minimum salary and annual maximum salaries therefor, which are inconsistent herewith are hereby repealed.

Section 3. This ordinance shall take effect upon final passage and a publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MRS. HELENA FALCONE, 595 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, PRESIDENT OF ELLIOTT STREET SCHOOL P.T.A., addressed the Municipal Council opposing this ordinance. The speaker pointed out that the Department of Recreation and Parks is doing nothing for the North Ward.

MRS. HELEN POCH, 687 SUMMER AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council pointing out that when the Board of Education handled the Recreation Department, every school had recreation. The speaker opposed this ordinance.

Councilman Martinez said he totally agrees with the two speakers. He received news about an hour ago and it started from a rumor that the Department of Recreation and Parks was working in the Ironbound Stadium rehabilitating the shower facilities. The shower facilities he tried to get fixed for over two years. They have a leaky roof there, etc. They couldn't understand all the activity that was going on there. Finally they tracked down the rumor through the electrician and the plumber and found out that City Administration and the Department of Recreation and Parks came up with a plan that they were now going to take prisoners from the jails to the Ironbound Stadium to take showers every day. He sees some people here from the East Ward and informed them that there will be a massive rally at 8 o'clock tomorrow morning in front of the Ironbound Stadium because over his "dead body" they are going to bring prisoners there to take showers. When this Administration and the Department of Recreation and Parks has existing jail facilities such as the North District which they are looking to close and the people are saying "keep it open, we need the presence of police officers" and they can house the policemen there, they can house the prisoners there and has been an existing prison for several years, many years and all they have to do is construct some bathrooms and shower facilities. While they are trying to pull the "wool over everyone's eyes", this is a direct result of the position of the Department of Recreation and Parks that instituted this plan. He certainly concurs with the speakers. Administration and that Department is not worth two cents. They can't come up with constructive programs for recreation yet they can come up with a plan how they are going to bring prisoners in and chase the kids out. They are going to pull out every school kid, they are going to close the schools down, the P.T.A., what have you. This Administration is not going to get away with it and he totally agrees with the speakers that they can take the whole Department, as far as the Administrators go and they can "shove it".

Councilman Branch agreed with the speakers. When recreation was cut out of the budget in the Board of Education and he only saw a handful of parents at the meeting. He has sat on the Board for six years and he fought for a massive plan that should have been put together by the Board to retain recreation instead of cutting it. He reiterated that there was only a handful of parents that came to those meetings, the rest of the community stayed home and did not become interested until something happened. At the pre-meetings they discussed a massive plan for recreation. Every time recreation comes up, the problem is always money. They spend more money for vandalism in the City than they do putting together a good solid recreation program that would keep many of the youngsters off the streets and keep them involved in something constructive. The people have to stand up and fight for their kids because nobody is going to do it for them. They have to find ways to find money for recreation because it won't be there unless they look for it. He has no problem giving a raise to someone if it is

118

going to improve the quality of recreation.

Councilman Payne said he agrees with his colleagues. There is certainly a crisis due to the fact that there is a lack of recreation opportunities in the City. One of the speakers pointed out that in the old days the teachers manned the recreation parks, he knows what they are talking about because when he was a teacher in the Newark School System, he also in the summer subbed as a recreation teacher at Miller Street School. The problem today with that system is that the cost of teachers today is so astronomical that the City Budget cannot afford any longer to have fully certified teachers working from 3 to 9. That is one of the reasons the Board of Education felt it was too expensive. If they cannot afford certified teachers, who might make \$16,000. or \$17,000., two or three at them at each school, then maybe they can hire some of those unemployed young people who are 18 or 20 and pay them and have a qualified recreation person to work. What he is saying, they have to take a look at the problem and look at the new ways to confront these problems. People are asking what can young people do and we don't have any alternatives for them and they need to come up with some meaningful alternatives, open up the schools again and not pay \$45,000. a year to keep them open, maybe at \$15,000., they need to look at vacant lots and have them cleaned up and have neighborhood recreation programs, they need recreation and need to have a creative approach to it and he knows many of the Members of the Council are dedicated to seeing that recreation must receive high priority in the years to come.

Councilman Carrino said the only thing that concerns him and he happens to know for a fact, it is better than two years that Councilman Martinez has been trying to get the shower facilities and the roof fixed. He would like to know where they came up with the money all of a sudden to fix the showers and the roof for prisoners when they didn't have the money for the kids in the area and requested the City Clerk to communicate with the Recreation Department to find out under what Department, under what program they were able to receive the money to renovate the building for the prisoners and what was the total cost.

The City Clerk was directed to communicate with Director Chavis, Department of Recreation and Parks, requesting a comprehensive report detailing what role the Department of Recreation and Parks did or is to play in using the facilities at the Ironbound Stadium for municipal prisoners; including but not limited to information on the personnel to be used as well as the departments cost of involvement in this plan.

No one else appearing, a motion to close the hearing and defer action on this ordinance was made by Councilman Tucker, seconded by Councilman Rice.

Councilman Carrino questioned what do they accomplish by deferring something that is going to come up on the calendar two weeks later. Either they should reject or table it and get it off the calendar.

Councilman Tucker said the last time they discussed this was when it was originally recommended by the Department of Recreation and Parks. They indicated that currently they have two Superintendents of Recreation within the City. He doesn't believe this particular action of the Council in effect talks about a raise. He believes this creates a new position. He would like to know from the Department of Recreation and Parks whether it is a new position. The other factor is whether or not at this point and time it is needed because all of them have been familiar with the tax rate for next year is going to be high.

The motion to close the hearing and defer action on this ordinance was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Payne, Rice, Tucker, Villani, President Grant.

No: Councilmen Carrino, Martinez.

WHEREAS, the Housing Authority of the City of Newark and the Central Planning Board of the City of Newark, have considered and approved a further amendment to said Urban Renewal Plan, said amendment consisting of:  
(1) An increase in the floor area ratio for industrial services from 1.5 to 2.5; and (2) A change in a parcel of land at the southeasterly corner of the intersection of Nevada and Court Streets from residential-Elderly to commercial-retail.

WHEREAS, said Urban Renewal Plan complies with the requirements of all applicable state and federal statutes and regulations promulgated thereunder; and

WHEREAS, the Central Planning Board of the City of Newark has submitted to the Municipal Council its report and recommendation respecting the Amended Urban Renewal Plan for the Project Area and the Municipal Council has duly considered the report and recommendations of the Planning body; and

WHEREAS, it has heretofore been found and determined by Resolution 7Rg adopted May 31, 1961 that the project area is a blighted area under Chapter 187 of the Laws of the state of New Jersey, 1949, as amended; and

WHEREAS, it is necessary that the Municipal Council take appropriate official action respecting the relocation program and the Urban Renewal Plan for the Project, in conformity with a contract for financial assistance between the Housing Authority and the United States of America, acting by and through the Secretary of the Department of Housing and Urban Development; and

WHEREAS, the Municipal Council is cognizant of the conditions that are imposed in the undertaking and carrying out of the urban renewal projects with Federal financial assistance under Title I, including those prohibiting discrimination because of race, color, creed or national origin;

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. That it is hereby found and determined that the Amended Urban Renewal Plan for the Project area conforms to the general plan of the City of Newark.
2. That it is hereby found and determined that the Amended Urban Renewal Plan for the Project Area gives due consideration to the provisions of adequate park and recreational areas and facilities, as may be desirable for the neighborhood improvement, with special consideration for the health, safety, and welfare of children residing in the general vicinity of the site covered by the Plan.

3. That it is hereby found and determined that the Amended Urban Renewal Plan for the Project Area will afford maximum opportunity, consistent with the sound needs of the City of Newark as a whole, for the urban renewal of the area by private enterprise.

4. That it is hereby found and determined that the objectives of the amended Urban Renewal Plan cannot be achieved through rehabilitation of the Project Area.

5. That it is hereby found and determined that the Program for the proper relocation of the individuals and families displaced in carrying out the Project in decent, safe, and sanitary dwellings in conformity with acceptable standards is feasible and can be reasonably and timely effected to permit the proper prosecution and completion of the Project; and that such dwellings or dwelling units available or to be made available to such displaced individuals and families are at least equal in number to the number of displaced individuals and families, are not generally less desirable in regard to public utilities and public and commercial facilities than the dwellings of the displaced individuals and families in the Project area, are available at rents or prices within the financial means of the displaced individuals and families, and are reasonably accessible to their places of employment.

6. That in order to implement and facilitate the effectuation of the Amended Urban Renewal Plan it is found and determined that certain official action must be taken by this Body and, accordingly, this Body hereby (a) pledges its cooperation in helping to carry out such Urban Renewal Plan; (b) requests the various officials, departments, boards, and agencies of the City of Newark having administrative responsibility in the premises to cooperate to such end and to exercise their respective functions and powers in a manner consistent with said Urban Renewal Plan and take appropriate action upon proposals and measures designed to effectuate said Urban Renewal Plan.

7. That it is hereby found and determined that the financial aid provided and to be provided pursuant to contracts for Federal financial assistance pertaining to the Project is necessary to enable the project to be undertaken in accordance with the Urban Renewal Plan for the Project Area.

8. That the Amended Urban Renewal Plan for the Project Area having been duly reviewed and considered, is hereby approved, and the City Clerk be and is hereby directed to file said copy of the Amended Urban Renewal Plan with the minutes of this meeting.

9. This ordinance shall take effect upon final passage and publication in accordance with law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilman Tucker and declared adopted by President Grant by the following votes: Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

A CAPITAL ORDINANCE PROVIDING A SUPPLEMENTAL APPROPRIATION IN THE AMOUNT OF \$96,500. FOR THE REHABILITATION OF THE HAYES WEST POOL, IN AND BY THE CITY OF NEWARK, IN THE COUNTY OF ESSEX, NEW JERSEY, APPROPRIATING \$96,500. FROM THE CAPITAL IMPROVEMENT FUND OF THE CITY FOR FINANCING THE APPROPRIATION.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, IN THE COUNTY OF ESSEX, NEW JERSEY, AS FOLLOWS:

Section 1. The improvement described in Section 2 of this ordinance has heretofore been authorized to be undertaken by the City of Newark, New Jersey as a general improvement. For the improvement or purpose described in Section 2, there is hereby appropriated the supplemental amount of \$96,500 from the capital improvement fund of the City, such sum being in addition to the \$1,100,000 appropriated therefor by Section 3k, Project Numbers C1-81, of bond ordinance number 6s and Fa, finally adopted January 6, 1981.

Section 2. (a) The improvement heretofore authorized and the purpose for the financing of which the \$96,500 from the capital improvement fund has been made available is the rehabilitation of R-32 Hayes West Pool in the City, as more particularly described in the bond ordinance of the City, finally adopted January 6, 1981.

(b) The estimated cost of the improvement or purpose is \$1,196,500, including the \$1,100,000 appropriated by the bond ordinance of the City finally adopted January 6, 1981 and the \$96,500 appropriated herein.

Section 3. The capital budget of the City of Newark is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith. The resolution in the form promulgated by the Local Finance Board showing full detail of the amended capital budget and capital program as approved by the Director of the Division of Local Government Services is on file with the Clerk and is available there for public inspection.

Section 4. This bond ordinance shall take effect ten (10) days after first publication thereof after adoption, as provided by law.

October 6, 1982

AN ORDINANCE TO REGULATE, CONTROL AND STABILIZE RENTS AND CREATE A RENT CONTROL BOARD WITHIN THE CITY OF NEWARK.

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, COUNTY OF ESSEX AND STATE OF NEW JERSEY, AS FOLLOWS:.

Sec. 1 - Statement of Policy

A. The governing body of the City of Newark does hereby declare that an emergency exists within the City of Newark with respect to the rental of housing space in dwellings by reason of the demands for increases in rent which are hereby determined to be exorbitant, speculative and unwarranted; and

B. This emergency has been created by housing demolitions, deterioration of a substantial portion of the existing housing stock, insufficient new housing construction, increased cost of construction and finance, and growing inflation. This has caused a substantial and increasing shortage of rental housing accommodations for families of low and moderate income and abnormally high rents; and

C. Unless residential rents of tenants are regulated and controlled, such emergency and the further inflationary pressures resulting therefrom will produce serious threats to the public health, safety and general welfare of the citizens of the City of Newark; and

D. The fear of being evicted without just cause and being forced to seek housing in such a market discourages Newark tenants from complaining about exorbitant increases in rent and about the continued deterioration of housing, and this fear thus contributes to these harmful conditions; this warrants legislative action by the governing body; and

E. Under the police powers granted to the City of Newark and in order to protect the health, safety and welfare of the citizens of the City of Newark, it is necessary to regulate, control and stabilize rents and create a Rent Control Board for the City of Newark.

Sec. 2 - Definitions

A. "Housing Space", means that portion of a dwelling rented or offered for rent for living and dwelling purposes to one individual or family unit, together with all privileges, services, furnishings, furniture, equipment, facilities, improvements and common areas connected with the use or occupancy of such portion of the property.

B. "Dwelling", means any building, structure, trailer or land used as a trailer park, rented or offered for rent to one or more tenants, or family units.

C. "Available for Rent to Tenants", means housing fit for habitation as defined by the statutes, codes and ordinances in effect in the State of New Jersey, County of Essex and City of Newark, and offered for rent, whether occupied or unoccupied.

D. "Notice", means written notice to a tenant or landlord which is mailed to the tenant's residence or the landlord's residence or offices by regular mail of any proceedings or determinations of the Board.

E. "Housing Services", means repairs, replacement and maintenance, painting, providing light, heat, hot and cold water, elevator service (where applicable), storm windows and screens superintendent services and any other benefit, privilege or facility connected with the use or occupancy of any proportionate part of services provided to common facilities of the building in which the dwelling is contained.

F. "Rent", the consideration, including any bonus, benefits or gratuity demanded or received for in connection with the use or occupancy of housing space or the transfer of a lease of such housing spaces, including but not limited to monies demanded or paid for parking, pets, the use of furniture, subletting, security deposits and damage and cleaning deposits.

G. "Tenant", a tenant, subtenant, lessee, sublessee, or any other person entitled under the terms of a housing space agreement to the use or occupancy of any housing space.

H. "landlord", an owner, lessor, sublessor or any other person entitled to receive rent for the use and occupancy of any housing space, or an agent or successor of any of the foregoing.

I. "Housing Space Agreement", an agreement, oral, written or implied, between a landlord and tenant for the use and occupancy of a housing space or housing services or both.

J. "Capital Improvement", means a permanent improvement that is reasonably expected to last more than one year. The improvement must benefit the dwelling and must be subject to allowances and depreciation under the Federal income tax provisions.

K. "Repair", means to reconstruct a building to a sound condition or good state after decay, injury, dilapidation or partial destruction; to remedy, heal, make right, or to mend.

L. "Periodic Tenant", is a tenant for a period of less than one year.

M. "Month to Month Tenant", is a tenant for a term of one month whose tenancy shall automatically be extended for each succeeding month unless terminated as provided by statute.

N. "Exemptions", means dwellings to which this ordinance shall not apply. Exempt dwellings include all public housing; owner occupied one, two, or three family housing space units; and motel or hotel space rented on a day to day basis to transients; and any dwelling, building or structure or portion thereof rented for commercial use.

O. "Owner occupied", means any dwelling of three units or less in at least one unit of which the owner resides.

### Sec. 3 - Rent Increases

The establishment of rents between a landlord and tenant in all housing spaces shall hereafter be determined by the provisions of this ordinance. The expiration of a lease or at the termination of the lease of a periodic tenant, no landlord may request or receive a percentage increase in rent which is greater than six (6%) per cent without first petitioning the Rent Control Board.

The rental for housing space shall not be increased more than 6% in any consecutive twelve (12) month period irrespective of the number of different tenants occupying said housing space during said 12 month period, any change of ownership of the landlord or vacancy of the housing space.

#### Sec. 4 - Rent Rebate

The landlord shall rebate to the tenant any amount of rent collected in excess of that permissible pursuant to the terms of this ordinance by crediting the tenant with the amount of excess rent paid over a period not to exceed 14 months, or in the event the tenant is no longer in occupancy, by refunding within a one month period.

#### Sec. 5 - Tax Surcharge

A landlord may seek a tax surcharge from a tenant because of an increase in municipal property taxes. The tax surcharge shall not exceed that amount authorized by the following provision: The landlord shall divide the increase in the present property tax over the property tax of the previous year by the total number of rooms in the dwelling, whether occupied or unoccupied, and surcharge each tenant by the sum per room times the number of rooms in the tenant's dwelling unit. The tenant shall not be liable for a tax surcharge exceeding the tenant's percentage of the entire rent roll for the dwelling.

Any landlord seeking a surcharge shall petition the Board for approval and shall give notice to the tenant and the Board at least thirty (30) days prior to the increase sought of the calculations involved in computing the tax surcharge including the present property tax for the dwelling, the property tax for the dwelling for the previous year, (a) total rent rolls of all units, occupied and unoccupied in the dwelling, (b) the percentage of the increase over the total rent roll, (c) the rent of the tenant and the percentage of his present rent compared to the total rent roll.

The tax surcharge each tenant is liable for shall be paid in equal monthly payments only after the landlord gives the tenant one month prior notice of the increase as required by statute.

#### Sec. 6 - Tax Decreases

If the municipal property taxes are decreased in a given year due to either a decrease in the property tax rate or a lowering of the assessed evaluation of the property by the municipality, then the tenants are entitled to a tax decrease. Apportionment of such decrease shall be in the same manner as apportionment of tax surcharge under Sec. 5.

In the event a tax appeal is taken by the landlord and the landlord is successful in said appeal and the taxes reduced, the tenant shall receive fifty (50%) per cent of said reductions as applied to its tax portion, after deducting all reasonable expenses incurred by the landlord in prosecuting said appeal.

The landlord shall be deemed to have received his rebate upon his receipt thereof from the receiver of taxes, or upon the execution of any agreement with the landlord. The tenant must receive notice within 14 days from when the landlord receives his notice of successful appeal. The landlord must notify the tenants within thirty (30) days of the time the landlord receives his rebate of the amount he has received with the computations on how much the tenant is entitled to. The amount due the tenant shall be forwarded to the tenant within the same thirty day period.

156

#### Sec. 7 - Capital Improvement

A. In addition to the percentage of rental increase and tax surcharge herein provided for, the landlord may seek additional rent for capital improvements made by him in the dwelling or attributable to the dwelling. The landlord shall compute the average cost of the improvement per year of useful life by dividing the cost of the completed capital improvement by the number of years of useful life of the improvement as claimed by the landlord for income tax depreciation purposes. The amount of the monthly increase which a landlord may charge shall be prorated among all tenants benefiting from said improvements by dividing one twelfth of the annual cost of the capital improvement by the total rent roll of the units affected by the improvement in the dwelling occupied or unoccupied. No tenant shall be liable for a capital improvement increase if he receives no benefit from the improvement nor, if he benefits, shall he be liable for an increase exceeding the percentage of rent paid by him as calculated above, and all such rent increases shall be charged for no period greater than the depreciation period of said improvements. The landlord shall notify the Board and tenants at least 60 days before the effective date of the increase. The notice to the Board shall, on a form provided by the Board, include the amount of increase, a description of the improvement, and the figures used to compute the increase. The Board or a tenant may request a hearing within 30 days of receipt of notice from the landlord.

After approval by the Board of a Capital Improvement surcharge, the landlord shall give to each tenant one month prior notice of the effective date of the Capital Improvement surcharge as required by statute.

#### Sec. 8 - Landlord Hardships

In the event a landlord claims he cannot meet the expenses of maintenance, financing, and/or repairs, he may appeal to the Board for a hardship rent increase. The procedure outlined in Section 12 (15:98-12) shall be followed. Within thirty (30) days after a hardship appeal has been filed, supported by all information which the Board may require for a determination, the Board may order the property inspected by the Division of Inspections for code violations. The inspection reports shall be made and filed with the Board within thirty (30) days thereafter. In the event that the inspection reveals code violations, the Board may deny the increases or conditionally grant the increase subject to the landlord abating the violations within a reasonable period of time. However, in no event shall this period of time exceed ninety (90) days.

In the event that said abatement has not taken place within the aforesaid period prescribed by the Board, the Board shall revoke said conditional increase, and the landlord shall be required to restore to the affected tenants all of the additional monies collected pursuant to said conditional hardship increase. The restoration of monies shall be in the form of either a direct refund of all monies collected or a deduction from the next month's rent.

As used in this section, code violations shall mean any violations of the existing buildings, fire, plumbing, electrical or housing codes of the City of Newark then in effect. Violations which the Board may rely upon in implementing this section shall be only those violations which were found to have been existing at the time of the original inspection as requested by the Board.

The landlord shall submit proof of expenses for maintenance, repairs and financing expenditures to substantiate any hardship increase application, and the Board shall only consider said expenses for a period not to exceed 14 months prior to the date of the landlord's application.

#### Sec. 9 - Rent Control Board

A. Membership: There is hereby created a Rent Control Board within the office of the Mayor of the City of Newark. Said Board shall consist of five (5) members appointed by the Mayor and approved by the Council. It's composition shall be two (2) tenants, two (2) landlords, and a fifth member who is a homeowner and neither a tenant nor a landlord. The term shall be for a period of two (2) years each, except that one tenant and one landlord appointed to the Board after initial passage of this act (chapter) shall serve for a term of one year. Successive terms, however, shall be for two years. Board members shall serve for a maximum of two (2) consecutive terms. The Board members must reside in the City of Newark and be compensated for their services.

B. Candidates for the position of Rent Control Board member shall submit a verified statement listing all of their interests and dealings in real property, including, but not limited to, the ownership, sale or management thereof, and their investment in, membership in or association with partnerships, corporations, joint ventures and syndicates engaged in the ownership, sale, or management of real property during the previous three (3) years.

C. The Rent Control Board shall issue and abide by such rules and regulations, including those which are contained in this section as will further the purposes of this act. All rules and regulations shall be subject to the approval of the Municipal Council by ordinance. All rules and regulations, internal staff memoranda, and written correspondence explaining the decisions and policies of the Board shall be kept in the office of the Board and shall be available to the public for inspection and copying.

D. Meetings: The Board shall determine the schedule of meetings and hearings as is necessary to carry out the provisions of the ordinance. Special meetings may be called upon the request of at least two (2) Board members. All regularly scheduled meetings shall be conducted in accordance with the provisions of Section 12 of this ordinance.

E. Quorum: Three (3) Board members shall constitute a quorum. Three affirmative votes shall be required for a decision of the Board, including decisions on all motions, orders and rulings of the Board.

F. Dockets: The Board shall maintain and keep in its office rent adjustment hearing dockets. Said dockets shall list the time, date, place of hearing, the names of the parties involved, the addresses of the dwellings involved, and the final disposition of the petitions heard by the Board.

G. Language: All rules, notices, orders, rulings and regulations of the Rent Control Board shall be printed in English and Spanish. Information disseminated to the public by the Board shall be disseminated in English and Spanish. At the request of a Board member, participant or observer, provision shall be made for concurrent oral translation into Spanish of any hearings or meetings of the Board.

October 6, 1982

H. Registration: The Board shall require registration of all dwelling units. In this registration shall be included the following: the address of each dwelling unit, the name and usual address of the manager of the premises, the name and usual address of the owner or the person who is authorized to act for and on behalf of the owner for the purpose of receiving service of process and for the purpose of receiving and receipting for all notice and demands, the rent, and the housing services provided for the unit or the occupants or tenants thereof. The Board shall provide for forms for this purpose.

I. Records: A copy of this registration information shall be kept at the Office of the Board and shall be open for public inspection and copying. Copies of the registration form shall be kept by the landlord or his agent at or adjacent to any dwelling unit as well as a list of any vacant units within such building, of the date on which said unit or units of housing space most recently became vacant, and the current and immediately previous rents of said housing space. These records shall be available for inspection during normal business hours by any tenant or prospective tenant of the housing space to which they pertain.

#### Sec. 10 - Powers of the Rent Control Board

The Rent Control Board shall be responsible for carrying out the provisions of this act, and may request the hiring of such personnel as are needed, shall promulgate such policies, rules and regulations as will further the provisions of this act, and shall recommend to the City for adoption such ordinances and bylaws as may be necessary to carry out the purposes of this act.

The powers of the Board shall include but not be limited to the following.

A. to grant a rental increase, decrease, or surcharge under the provisions of this act.

B. to fix at its discretion the effective date of any approved rental increase, decrease or surcharge to be at any reasonable time prior to or after the determination of the Board.

C. to hold public hearings (see Sec. 12).

D. to obtain, keep and maintain all available records, and all other data and information necessary to the enforcement and application of this ordinance.

E. to promulgate rules and regulations governing all proceedings authorized by this ordinance.

F. to supply information and assistance to landlords and tenants to help them comply with the provisions of this ordinance.

G. the Rent Control Board may deny a rent increase if the landlord fails to register all dwellings with the Rent Control Board. (see Sec. 9).

H. to appoint an administrator of the Rent Control Board, for a term to coincide with the administration, at an annual salary as fixed by ordinance and to be paid as other municipal salaries are paid.

1. The administrator or the administrator's delegate shall review all petitions submitted to the Board.

2. The administrator may meet with petitioners in order to reconcile any discrepancy in the petition.
3. The administrator shall attach to the petition a recommendation to be considered by the Board. Said recommendations shall be based on the administrator's investigations of the petition.
4. For good cause, the administrator may grant an adjournment of a matter pending before the Board.
5. The administrator shall be in charge of the office of the Rent Control Board and shall carry out such investigations and shall maintain such records as is necessary for the proper functioning of that office.

#### Sec. 11 - Rent decreases

During the term of this chapter a rent decrease may be granted by the Board for any decrease in housing space, services, furniture, furnishings or equipment. A tenant or group of tenants may petition for rent reduction through the Rent Control Board.

A decrease in services, such as to justify a rent decrease under this section, shall include any cessation or inadequate provision of the vital services listed herein, due to deterioration or improper maintenance of said services, where it is the responsibility of the landlord to provide said services. For the following decreases in services, a petitioner or petitioners rents may be decreased in accordance with the following percentages of the total rent or rents collected during the period of said decrease in services:

- A. No heat.....45%
  - B. No water.....30%
  - C. No hot water (when provision of hot water is the responsibility of the landlord)..10-25%
  - D. Roof leaks (such as to make the apartment, or dwelling unit uninhabitable).....25-75%
  - E. Non-functioning stoves or refrigerators (where supplied by landlord).....10%
  - F. Faulty electrical fixtures (such as to constitute a dangerous condition, or threat to the health and safety to the tenants....10-50%
  - G. Faulty plumbing (defined as inoperable "fixtures" i.e., tub, sink, toilet, kitchen sink).....15%
- (15% per fixture, but not to exceed a maximum of 75% of the total rent of all petitioners).

- H. Inoperable elevator (shall only apply in buildings over four stories, when inoperability is due to the neglect of the landlord; reduction shall only be applied to tenants of said building living on the fifth floor or above).....10%

No petition for a rent decrease, due to a decrease in services, shall be considered under this section, unless the potential decrease in rent for each petitioner, or each tenant in a group petition shall be greater than 44% of their rent for the period of the decrease in services, as determined by the administrative branch of the Rent Control Board.

Evidence of the existence of any alleged decrease in services shall only be considered by the board for a period of 30 days prior to the filing of the petition, and no rent decrease shall be imposed by the Board for any period prior to said 30 days.

If a rent decrease is made conditional upon the landlord's performing whatever repairs are deemed necessary to correct a decrease in services, the landlord may petition, upon completion of 75% or more of the repairs ordered, for a reinstitution of all or part of the decreased rents. Said petition and any determinations made by the Board thereon, shall conform to the procedures of the Board, as set forth in section 15:9B-12, for adjustments in rents.

Where it is found that the landlord has contracted to change the heating service by changing a heating unit or otherwise requiring the tenants to pay for their heat, the Board may grant a rent decrease equal to the cost of providing heat as that cost is determined by the Office of Rent Control.

The procedures of the Board under this section shall be set out in a statement of policy, which shall be available for public inspection at all times in the offices of the Board. (4-8-80,S11)

#### Sec. 12 - Public Hearing

A. Petitions: The Board shall consider an adjustment of rent for an individual dwelling unit upon receipt of a petition for adjustment of rent filed by the landlord or tenant of such a unit or the Board staff. All petitions shall be filed on forms provided by the Board. No such adjustment shall be granted until after the Board considers the petition at an adjustment hearing.

B. Notice: The Board shall notify the tenants and landlord of such petition(s). The Board shall notify both parties by regular mail that a petition was filed indicating the time, date and place of the hearing. The hearing shall be scheduled for not earlier than the sixteenth (16) day after the day of mailing the notice of the hearing, but not later than the sixtieth (60) day after the filing of the petition. Hearings shall be scheduled for times most convenient for all parties and may be held during the week. Hearings may be postponed or continued for good cause provided that all parties receive timely notice of such action.

C. Records: The Board may request either party to a rental adjustment to provide it with all pertinent books, records, and papers. Any documents provided to the Board shall be made available to the parties involved at the Office of the Rent Control Board at least seven (7) days prior to the hearing.

D. Open Hearing: All rent adjustment hearings shall be open to the public.

E. Right to Assistance: All parties to a hearing may have assistance in presenting evidence and developing their position from attorneys, legal workers, tenant union representatives or any persons designated by said parties.

F. Hearing Record: The Board shall make available for inspection and copying by any person at his own expense an official record which shall constitute the exclusive record for decision on the issues at the hearing.

G. Decision: The Board shall make a final decision no later than fifteen (15) days after the conclusion of the hearing. No rent adjustment shall be granted unless supported by the preponderance of the evidence submitted at the hearing. All parties shall be sent a notice of the Board's decision and a copy of the finding of fact and law upon which decision is based. At the same time, parties to the proceeding shall also be notified of their right to judicial review of the decision pursuant to Section 14 of this ordinance.

H. Hearing Officer: The Board may at its discretion designate individuals with professional training in law, business administration, or similar field to serve as hearing officers to preside over landlord-tenant hearings when it determines that the number of petitions for hearings before the Board are so great that the Board could not hear them all itself within the time limits prescribed for such action by this act. The findings of the hearings conducted by him shall be submitted to the Board which, after review, shall make the final ruling.

#### Sec. 13 - Retaliatory Eviction

No landlord shall bring any action to recover possession of a dwelling unit as a reprisal for the tenant's efforts to secure or enforce any right under this ordinance.

#### Sec. 14 - Appeal (Judicial Review)

A landlord or tenant aggrieved by any action, regulation or determination of the Board may appeal in a court of appropriate jurisdiction.

#### Sec. 15 - No Excessive Rents

No landlord shall after the effective date of this ordinance charge any rents in excess of what he was receiving from the effective date of this ordinance except for increases authorized by this ordinance.

#### Sec. 16 - Utilities Surcharge

Notwithstanding the language contained in Section 8 of Chapter 9B, where the landlord substantiated through credible proof to the Rent Control Board Administrator that heating expenses and water expenses (excluding sewer charges) for the twelve months immediately preceding his application are in excess of 10% of the heating expenses and water expenses for the prior twelve months, the Rent Control Board Administrator shall grant a Utilities Surcharge to the applying landlord.

However, the increase allowed shall not exceed 15% of the monthly rent roll of apartments which contain 30 or fewer units; and, the increase allowed shall not exceed 5% of the monthly rent roll of apartments which contain more than 30 units but less than 201 units; and, the increase allowed shall not exceed 3% of the monthly rent roll of apartments which contain more than 200 units.

The percentage increase allowed shall be a percentage of the monthly rent roll in the month in which the application is submitted.

When the Rent Control Board Administrator has received the application of the landlord and all documentation required by the Rent Control Board Administrator to make the determination, the Rent Control Board Administrator shall notify the tenants of the application for a Utilities Surcharge. The notice shall contain a copy of the application and shall be mailed to the affected tenants within 14 days of receipt of the landlord's completed application. The landlord's completed application shall include a certified statement from the fuel heating dealer for the building indicating the number of gallons delivered, cost per gallon and total cost, for the twelve months immediately preceding the application and for the previous 12 month period. It shall also include a statement describing the landlord's water bills from the Division of Water Accounting in the City of Newark for the 24 months immediately preceding the date of application.

The decision of the Rent Control Board Administrator shall be rendered within sixty (60) days of the filing of the completed application. Failure of the Rent Control Board Administrator to render a decision within sixty (60) days shall result in the application being deemed granted.

If the requested increase is denied by the Rent Control Board Administrator, the landlord may lodge an appeal with the Rent Control Board.

After the date of application, a finding that heat or water is not provided to the building in conformance with applicable laws shall be a basis for a denial of an increase pursuant to this section of the Rent Control Ordinance.

The landlord shall notify all tenants in writing of the approved increase. Said notice shall be served upon the tenants at least one month prior to the effective date of the increase. The landlord shall file with the Rent Control Board Administrator a copy of the notice that was served upon the tenants.

The landlord shall equally distribute this Utility Surcharge that has been granted, according to the number of rooms within the housing space in the building for which the application is made. The computation of this Utility Surcharge shall be the annual amount of increase divided by twelve months and the results of that division further divided by the number of rooms in the building. The result of that division shall then be multiplied by the number of rooms in each apartment of the building to determine the Utility Surcharge amount per month for each apartment.

#### Sec. 17 - New Construction and Substantial Rehabilitation Exempted

##### A. New Construction.

The owner of housing space or dwelling being rented for the first time shall not be restricted in the initial rent he charges. Any subsequent rental increase, however, shall be subject to the provisions of this chapter.

### B. Substantial Rehabilitation.

Dwellings which are substantially reconstructed or rehabilitated shall not be restricted in the initial rent charged if the Rent Control Board determines that the cost of reconstruction or rehabilitation during a 12 month period has exceeded 50% of either the undepreciated cost or the fair market value of the dwelling.

The substantial rehabilitation shall be completed prior to the date of application to the Rent Control Board for an exemption under this section.

Petitions for an exemption under this section shall be submitted no later than 14 months from the date of the commencement of the substantial reconstruction or rehabilitation.

The petition forms provided by the Office of Rent Control shall require that the owner submit some tangible evidence as to the undepreciated cost or the fair market value of the dwelling. The petition shall also require a written description of the reconstruction or substantial rehabilitation of the building; and, the unrestricted initial rent that shall be charged shall appear on the petition.

The procedures outlined in Section 15:9B-12 shall be followed. In addition, the petitioner shall give each tenant a one month prior notice, of the effective date of any unrestricted rental increase approved by the Rent Control Board.

#### Sec. 18 - Violations

Violation of any provisions of this ordinance or misrepresentation of facts before a hearing of the Rent Control Board, shall be punished by a fine of not more than five hundred dollars (\$500.) or imprisonment for not more than ninety (90) days or both. A violation affecting more than one housing space shall be considered a separate violation as to each housing space.

#### Sec. 19 - Liberally Construed

This ordinance being necessary for the welfare of the City and its inhabitants, shall be liberally construed to effectuate the purposes thereof.

#### Sec. 20 - Severability

If any provisions of this ordinance or the application of such provisions to any person or circumstances is declared invalid, such invalidity shall not affect other provisions or application of this act which can be given effect and, to this end, the provisions of this act are declared to be severable.

Sec. 21 - Any existing ordinance, or part thereof inconsistent with this ordinance is hereby repealed.

#### Sec. 22 - Effective Date; termination; extension

This ordinance (chapter) shall take effect upon final passage and publication in accordance with the law. All rents for rental of housing space and services in dwellings to which this act (chapter) is applicable are hereby controlled at the rent level received by the landlord as of the date the ordinance was adopted, and no rental increases shall hereafter be instituted except as provided in this ordinance (chapter). This ordinance (chapter) shall

October 6, 1982

continue in full force and effect for a period not to exceed three (3) years from October 20, 1982 and shall automatically terminate, cease and be of no force and effect unless specifically extended by the Municipal Council by ordinance extending said term for three (3) years and every three years thereafter.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MR. MANUEL TIRADO, 9 SOUTH STREET, NEWARK, NEW JERSEY, EXECUTIVE DIRECTOR OF ST. COLUMBA NEIGHBORHOODS, commended the Council for extending this ordinance for a number of years. The speaker referred to proposed amendments to this ordinance which was compiled by residents, tenants, community activists, housing activists and developers from various community based organizations in Newark. The speaker said he had copies of this and would submit it to the Council. He understands that there were proposals submitted by the Rent Leveling Board.

Councilman Tucker said that there were two proposals that were recommended by the Director of Rent Control. One deals specifically with the question of utility, identifying sewerage rate as utility. That was not accepted by the Council. The other proposal deals with identification of a fair rate of return of approximately 11½%. That was not accepted by the Council. The ordinance that is currently before the Council is a continuation of the Rent Control Board the way it is presently constituted. There are no amendments. The amendments were stricken by the Council. They will be having a meeting on Tuesday to talk about the feasibility of coming up with amendments.

Mr. Tirado again referred to the amendments and President Grant requested the speaker to contain his remarks to the ordinance.

Councilman Tucker said they are not discussing the proposed changes. They set a date when they are going to be dealing with the amendments. This is just a continuation of the Rent Control.

President Grant invited the speaker to meet with the Council at their special conference, Tuesday, October 12, 1982, at 3:00 P. M. when the discussion on Rent Control will be held.

MS. KAREN FRITZ, PASTOR OF WOLFF MEMORIAL PRESBYTERIAN CHURCH, 106 ANN STREET, NEWARK, NEW JERSEY, addressed the Municipal Council in favor of the Rent Control Ordinance and congratulated the Council for extending this ordinance.

MR. GEORGE HAUSHALTER, 22½ RICHARD STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the increase of rent for his apartment.

MS. NANCY ZAK, 48 READ STREET, NEWARK, NEW JERSEY, addressed the Municipal Council in favor of the Rent Control Ordinance.

MR. ELMONT TUNISON, 241 RIDGE STREET, NEWARK, NEW JERSEY, indicated that he was surprised to find a clause in the ordinance a 44% trigger point. The speaker referred to article in the Star Ledger of September 13th, wherein the Law Department indicated that it should not be there.

Councilman Carrino said because of Mr. Tunison's problem, he and Mr. Tunison have had extensive discussions, that is one of the things they will be discussing on Tuesday.

Councilman Tucker said one of the primary concerns Council had in not accepting amendments to the ordinance is that the Division of Rent Control must be reinstated every three years by State Statute. The Division of Rent Control goes out of existence by the end of October. If they would have gotten hung up dealing with amendments, the period of time the ordinance was not in effect, it would mean that Newark would not have any Rent Control. The determination of moving the ordinance the way it is presently constituted, making sure that Rent Control comes into effect so they don't have a lapse period. That lapse period in other municipalities, you have no control over what a landlord does. Even if you have a lapse period of 24 hours, a landlord can raise his rent

to whatever he or she believes they want to deal with. That is the reason why they are moving expeditiously to make sure it is hopefully going to be approved today. They have a resolution to make that effective immediately so that there will be no period of time where there will be no rent control in the City of Newark. That does not mean the Council is satisfied with all the things embodied within the ordinance. On Tuesday, they will be looking at proposals that are coming in from tenants and also coming in from landlords. In all probability they will be deal with amendments. What they are doing now is to make sure that tenants are protected.

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

A motion to remove from the Table and consider 6-S & F-b1 at this time, "AN ORDINANCE GRANTING PERMISSION TO THE CITY OF NEWARK TO RELOCATE AN EXISTING STORM AND SANITARY SEWERAGE UTILITY EASEMENT WITHIN THE PROPERTY KNOWN AND DESIGNATED AS BLOCK 4180, LOT 1, ON THE OFFICIAL TAX MAPS OF THE CITY OF NEWARK, NEW JERSEY, AND GRANTING PERMISSION TO SAINT MARY'S VILLA ASSOCIATES, A LIMITED PARTNERSHIP OF THE STATE OF NEW JERSEY TO OCCUPY AND USE THE ENTIRE LENGTH OF THE RELOCATED 10' WIDE CITY STORM AND SANITARY SEWERAGE UTILITY EASEMENT, AND FURTHER TO GRANT PERMISSION TO SAID PARTNERSHIP TO CONSTRUCT AND MAINTAIN CERTAIN STORM SEWER RELIEF LINES AND FINALLY TO AUTHORIZE THE DIRECTOR OF ENGINEERING TO EXECUTE AN AGREEMENT ON BEHALF OF THE CITY OF NEWARK WITH SAID PARTNERSHIP ESTABLISHING THE TERMS AND CONDITIONS OF SAID OCCUPANCY AND STORM SEWER RELIEF LINE CONSTRUCTION," (6-Ph, S & F-f, September 15, 1982), was made by Councilman Payne, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

5981	Improvement of handicap facilities at the J.F. Kennedy School	100,000
6081	Expansion and rehabilitation of the existing centralized school intrusion alarm system	<u>120,000</u>
TOTAL:		\$9,088,000

Section 2. In order to finance the cost of the project described in Section 1 of this ordinance, negotiable qualified bonds are hereby authorized to be issued in the aggregate principal amount of \$9,088,000 pursuant to Chapter 24, Title 18A, Education, of the New Jersey Statutes.

Section 3. Each of the bonds authorized herein shall be designated "School Bond (Qualified pursuant to the School Qualified Bond Act, P.L. 1976 c. 39)" and shall contain a recital that it is issued pursuant to Title 18A, Education, of the New

October 6, 1982

Jersey Statutes and that the bonds are entitled to the benefits of the provision of the School Qualified Bond Act, P.L. 1976 c. 39. Within 10 days after the issuance of qualified bonds, the City shall certify to the State Treasurer the name and address of the paying agent, and the maturity schedule, interest rate and dates of payment of debt on such qualified bonds. The bonds shall be coupon bonds registrable as to principal only or as to both principal and interest. The form, date, denominations, interest rate and maturity of the bonds shall be as hereafter determined by resolution of the Municipal Council.

Section 4. The chief financial officer of the City of Newark is hereby authorized to issue temporary notes or loan bonds of the City pursuant to N.J.S.A. 18A:24-3. All temporary notes or loan bonds issued hereunder shall mature at such time as may be determined by the chief financial officer; provided that no temporary note or loan bond shall mature later than one year from its date. The temporary or loan bonds shall bear interest at such rate or rates and be in such form as may be determined by the chief financial officer. The chief financial officer shall determine all matters in connection with temporary notes or loan bonds issued pursuant to this ordinance, and the chief financial officer's signature on the temporary notes or loan bonds shall be conclusive evidence as to all such determinations. All temporary notes or loan bonds issued hereunder may be renewed from time to time subject to the provisions of N.J.S.A. 18A:24-3. The chief financial officer is hereby authorized to sell part or all of the temporary notes or loan bonds from time to time at public or private sale and to deliver them to the purchasers thereof upon receipt of payment of the purchase price, plus accrued interest from their dates to the date of delivery thereof. The chief financial officer is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of the temporary notes or loan bonds pursuant to this

October 6, 1982

171

ordinance is made. Such report must include the amount, the description, the interest rate and the maturity schedule of the temporary notes or loan bonds sold, the price obtained and the name of the purchaser.

Section 5. The Supplemental Debt Statement required by N.J.S.A. 18A:24-16 and 17 has been duly prepared and filed in the office of the City Clerk and in the office of the Secretary of the Board of Education, and a complete, executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey as required by law. The bonds authorized herein shall be included for purposes of calculating the net school debt of the school district of the City of Newark pursuant to N.J.S.A. 18A:24-19 but shall be deducted from the gross debt of the City pursuant to N.J.S.A. 40A:2-44.

Section 6. Pursuant to N.J.S.A. 18A:24-88, the City shall make application to the Commissioner of Education of the State of New Jersey for the issuance of qualified bonds. Upon satisfactory investigation and recommendation by the Commissioner, the State Board of Education may determine by resolution that the City is entitled to issue qualified bonds. Within one year of the adoption of said resolution the City shall submit a copy of the ordinance to the Commissioner for an endorsement certifying that the ordinance is consistent with the determination of the State Board of Education.

Section 7. Pursuant to N.J.S.A. 18A:24-89, a copy of the resolution of the State Board of Education and a copy of this ordinance bearing the endorsement of the Commissioner shall be submitted to the Local Finance Board for its consideration and upon satisfactory investigation shall determine by resolution that the City is entitled to issue qualified bonds pursuant to

October 6, 1982

the School Qualified Bond Act, N.J.S.A. 18A:24-85 et seq. and shall endorse its consent upon this ordinance authorizing the qualified bonds.

Section 8. It is hereby determined that the period within which the bonds shall mature is 30 years.

Section 9. The capital budget of the City of Newark is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith. The resolution in the form promulgated by the Local Finance Board showing full detail of the amended capital budget and capital program as approved by the Director of the Division of Local Government Services is on file with the Clerk and is available for their public inspection.

Section 10. The full faith and credit of the City are hereby pledged to the punctual payment of the principal of and the interest on the bonds. The bonds shall be direct, unlimited obligations of the City, and the City shall be obligated to levy ad valorem taxes upon all the taxable property within the City for payment of the bonds and the interest thereon without limitation of rate or amount.

Section 11. This ordinance shall take effect 10 days after the first publication thereof after final adoption, as provided by law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appeared.

City Clerk D'Ascensio called attention to the Council that we have not yet received the debt statement and the approval by the State Finance Board is predicated upon the receipt and the filing of the debt statement. An Assistant Corporation Counsel is present in the audience to discuss this if Council so wishes.

Assistant Corporation Counsel Johnson stated that it is her understanding that this ordinance cannot be adopted because there is an Elected School Board and therefore any decisions regarding expenditures are subject to the electorate. If that were not the case, the Council could still not pass the ordinance because they would be in violation of the Local Budget Law since this ordinance has not been approved by the Local Finance Board in Trenton.

October 6, 1982

Councilman Branch said is he to understand that if the Council passes this today, they will be in violation of the Local School Board.

Assistant Corporation Counsel Johnson replied in the affirmative.

Assistant Corporation Counsel Johnson said that she is advising the Council not to vote on this.

Assistant Corporation Counsel Johnson said the Law provides certain guidelines, certain regulations that have to be followed. A debt statement must be filed and go before the Commissioner of Education and the Local Finance Board has to look it over and approve it before Council can adopt it.

A motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilman Rice.

Councilman Tucker said he thinks they discussed this at the pre-meeting conference and they are knowledgeable about the things that are being related. He thinks they received legal advice on this matter and indicated at that time they were trying to raise the question as to whether or not the Board of Education would actually make repairs on Capital Projects that have been previously approved before the election. He thinks that they were informed that by this action they would internally bring this matter directly into the Court and clearly resolve whether or not the Board would be able to expend funds that were appropriated prior to the May election.

Councilman Rice concurred with Councilman Tucker and also for the sake of the public indicated that this action in his opinion is necessary and that the public will find out many times, at least on some occasions, be it limited or not, that in the best interests of the public, they are going to have to take some things into the judicial system to test them in the courts. He has had too many complaints about conditions of the schools in the City of Newark and the comments received from the Board of Education is that certain monies cannot be spent. He thinks the public should understand to move this and possibly wind up in court, is in his personal opinion in the best interest of the public, particularly our school age students.

The motion to close the hearing and adopt the ordinance on second reading and final passage was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

#### 6-Ph, S & F-O.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE OFFICE OF THE MAYOR AND ESTABLISHING SALARIES THEREFOR," (6-S & F-c) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO ADJUST THE SALARY RANGES FOR EXECUTIVE SECRETARY AND PERSONAL SECRETARY, OFFICE OF THE MAYOR)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That Section 1 of an ordinance entitled, "An ordinance creating positions in the Office of the Mayor and establishing salaries therefor, (6S&Fc) adopted May 4, 1977 as amended and supplemented be amended to adjust the salary ranges for Executive Secretary and Personal Secretary, Office of the Mayor as follows, to wit:

October 6, 1982

(a) Office of the Mayor

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Executive Secretary, Office of the Mayor 102907 (35 Hrs.)	1/1/82	\$ 25,725.00	\$ 25,725.00
Personal Secretary, Office of the Mayor 102908 (35 Hrs.)	1/1/82	25,725.00	25,725.00

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position titles, hours of employment, number of positions, annual minimum salary and annual maximum salaries therefor, which are inconsistent herewith are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MRS. HELEN POCH, 687 SUMMER AVENUE, NEWARK, NEW JERSEY, pointed out that if they put a stop to abandoned buildings, she has no objections to salary increases.

MR. RONALD JACKSON, 128 SMITH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council pointing out that the Coalition Six requested the Council to have a salary freeze in the City of Newark, a job audit be conducted by Staff Members of Council of all City employees. The speaker pointed out this particular ordinance represents a 31% increase in pay.

MR. FRANK FERRUGIA, 433 SOUTH 14TH STREET, NEWARK, NEW JERSEY, representing Coalition Six as its Council, opposing this salary increase and every other salary increase. The speaker indicated he will not speak on each salary ordinance and his remarks may be applicable to the salary ordinances. They want it to be understood that they are unreasonable and are not against all pay raises, people sometimes deserve pay raises. There has to be control and accountability about who merits pay raises and whether these pay increases are cost efficient. They have not seen anything from Administration or the City Council to indicate that there has been a review or an accountability procedure. The speaker questioned what is going to happen to the tax rate if these pay increases go up?

MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, pointed out last time he addressed the Council he requested job descriptions and was told by President Grant that that information was available in the Personnel Office. He went to the Personnel Office and informed him that they did not have the job descriptions. He questioned where does he have to go to get a job description and what does the Council see as its responsibility in this matter.

President Grant replied he would like to respond because he vividly remembers Mr. Hurtz requesting that. Since they have spoken, he has addressed that to the Mayor's Office and indicated to them that some residents have sought to find job descriptions, specifications of some of the people who work in his office and indicated to them they were not to be found and suggested to him if they were not in his office, he should take action to make sure they are there. They do not set up the specifications, nor guidelines. The speakers concern has been expressed to the Mayor.

October 6, 1982

Councilman Carrino said he finds it kind of embarrassing as a City Councilman to know that there is any job in the City of Newark for which the Department of Personnel or the hiring agency of that job title, does not have a job description. He would like the City Clerk to send a letter to Personnel Officer Veltri mandating that all jobs in the City of Newark have a job description. He can't believe they are being told that there is no job description. He does not care if the man is cleaning toilet bowls, or Chief Engineer of the City, there should be a job description for that title somewhere in the City of Newark.

President Grant questioned Mr. Hurtz whether he went to the Personnel Office.

Mr. Hurtz replied he did not.

President Grant said the reason he is asking is that they have asked the Mayor to make sure that someone is present at each Council meeting from Administration who can take concerns and address them immediately. That individual is present here today, Mr. Edwards, and will take this under advisement to make sure that it is done and send the report to Mr. Hurtz and send a copy to the Council.

Mr. Hurtz questioned if they were Civil Service positions.

President Grant replied they are not.

Councilman Tucker said they are Unclassified.

Councilman Payne said that in the Office of the Mayor, there is confidentially and in offices like that and on many occasions it is allowed to give the opportunity to select your staff because of the confidential nature of running a business of the City. He doesn't think it is out of line to have Unclassified positions.

President Grant said that the history in City Government has been, the exclusion of minorities. There are certain minorities who because of their social and economic backgrounds, who perhaps might not be equipped in some areas to pass every Civil Service exam that is given. Therefore, in every governmental institution, including the White House, there are what they call "appointments made" concurrent with the office holding of that particular individual. That is not to say that every exam given, the speaker could pass it or he could pass it with advanced college degrees. He thinks in some instances, Civil Service exams are excellent, in other instances they are defecting the purpose of trying to build the City.

Councilman Tucker said whether it is Civil Service or Non-Civil Service, that question is being addressed to the wrong body. If it is an Unclassified position, that determination is not decided by the City Council. It is decided by the State Legislature and the Governor.

Councilman Martinez said he can understand what Mr. Hurtz is questioning. In Civil Service, the exams are not limited to Newarkers. On many occasions they hear people say "why can't we give Newarkers jobs"? If these two particular titles were opened up to Civil Service, anyone in the State of New Jersey could take the examination. There is no question if you open a competitive exam, the way they have it now, Newarkers get first preference, you must reside in the City and then you can move out after you have passed the exam and are appointed. If this position is opened, and he goes back to a lot of the people who are coming out of high schools today, are not coming out with a 12th grade education in the City of Newark, some are coming out with 9th grade education. Some have come to his office, who are 18 years of age, who could barely spell their name or address on an application. He imagines they would have difficulty passing the Civil Service test. He has gone to other communities, they don't have the same problems. There is a two-way street. Some of these he will vote in the affirmative and some he will vote in the negative. He will vote based upon his own personal observation of that person who has been employed by the City of Newark and he feels some are entitled to pay increases, some are not. There

October 6, 1982

are some people that were by-passed in 1979, 1980, 1981 with the normal 5% increment. He is assuming that is the reason this appears to be a heavier increase than the others but the speaker will see that most of the increases on this calendar are within the 5%.

Councilman Payne said that there is not a Member on this Council who would not or does not feel accountability is certainly one of the most important tools that employees should have to work towards. They feel that employees should be accountable. He personally has been disturbed at the lack of affirmative action on the part of the Departments when they call about a tree that is in the process of falling, possibly injuring someone, problems with Rodent Control people when they are not out when they are supposed to be, the Dog Control people, or the sewers are backed up. They have asked for accountability. He hoped that after his recent remarks with the Mayor and other persons, that they may start to get better service as it relates to these employees. They do not hire, nor do they fire. They approve the funds but don't work for the Council, they work for the Department heads. They call them the same way as the citizens do and they don't get responses sometimes like the citizens don't and they are working towards having that corrected.

Councilman Rice said he is not embarrassed and he is glad to have people come before the Council because the speaker is kind of like him, a newcomer to the Council in some areas and in other areas reiterates and supports the things he supports. As far as the pay raises are concerned, he thinks he is one of those who takes the front line in terms of letting Administration know that until we start employing some of the people that we are laying off, such as the basic services, sanitation, etc., he won't vote for pay raises and he has to be honest with his constituency that there are people and they should be able to identify, do deserve a raise but 31% or 40% or 50%, during these hard economic times are not very real and not very sound especially when you can get a \$10,000. raise, when a person is already making \$40,000. or \$50,000. and at the same time give a "pink slip" to a person making \$9,500. It seems to him they ought to all sacrifice even those on salaries. He wants to make his position clear to the public, for those who don't understand who he is and what he is all about. He is not about blanket raises.

Councilman James congratulated Mr. Hurtz for coming before the Council. If they had many more citizens like him and others, we wouldn't have the problems we have in Newark. He thinks it is reasonable to ask a question if we grant raises, what will happen to our taxes. For those who will come when we have a \$12. or \$13. rate, it will be too late. He thinks the questions about personnel are reasonable and he thinks it is not this body, but they ought to solicit those answers. They should know how many Unclassified positions there are. Certainly they need a certain number of confidential people to work around you. The speaker's question is how many are and what are they. The tragedy is simply they do not know because that question has not been posed and no one could tell him how many Unclassified, how many Aide positions are divorced from Civil Service and what is the status of the Office of the Mayor. He could tell the speaker that Civil Service is trying to make all of their positions Civil Service although they have one Unclassified entitled "Aide to Councilman" where they realize that they need one person that would be divorced from Civil Service, who would work around the clock for the Council. He hoped that at the conclusion of this meeting that they would design a system wherein questions that go unanswered will be actually forwarded to the speaker and made a record of this Council. He finds no problems with the speaker's questions and finds a serious problem ahead of them. Everybody knows what happens in an Election Year, the tax rate goes down and everybody knows what happens thereafter, it actually goes up.

No one else appearing, a motion to close the hearing and adopt the ordinance, as amended, on second reading and final passage was made by Councilman Tucker, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Martinez, Tucker, Villani, President Grant.

No: Councilmen Carrino, James, Payne, Rice.

President Grant: The yeses are five and the noes are four. This ordinance, as amended, having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

ORDINANCES ON SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on second reading and final passage.

6-S & F-p.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. The ordinance was amended and the amendment was advertised in accordance with law. The amendment to the ordinance is now before you for public hearing, and the ordinance, as amended, will be considered on second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING PERMANENT POSITIONS IN THE OFFICE OF THE MAYOR AND ESTABLISHING SALARIES THEREFOR," ADOPTED MAY 4, 1977, (6-S & F-c) AND AMENDMENTS THERETO. (TO ADJUST THE SALARY RANGE FOR ASSIGNMENT CLERK, MUNICIPAL COURTS)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That Section 1 (c) of an ordinance entitled, "An ordinance creating permanent positions in the Office of the Mayor and establishing salaries therefor," (6S&Fc) adopted May 4, 1977 and amendments thereto, be and the same is hereby amended to adjust the salary range for Assignment Clerk, Municipal Courts, as follows, to wit:

(c) Municipal Courts

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Assignment Clerk 103903 (35 Hrs.)	1/1/82	\$ 18,178.56	\$ 22,107.35

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, annual minimum or annual maximum salary which are inconsistent herewith, as hereinabove set forth, are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the amendment to approach the rail, give their name and address and be heard.

MR. DONALD JACKSON, 128 SMITH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council informing them that they should have a salary freeze and questioned if they read a Supervisors job evaluation of the person involved. The speaker questioned whether this ordinance went through the normal channels.

Councilman Martinez replied that when this ordinance was on first reading, they deleted 1983 and 1984 salary ranges. It was readvertised for this meeting.

Councilman James said he would like to pose a question to the Law Department. At the last Council meeting, various salary ordinances appeared before the Council granting raises for 1982, 1983, 1984 and 1986 in some cases, that is the matter on which it was advertised. They did not take

October 6, 1982

action. The only action at that meeting was to delete 1983, 1984, 1985 and 1986 in some cases. Should then those salary ordinances reappear on this calendar on first reading as now being advertised for a single year, or should they appear on this calendar as before them on second reading and final passage.

Assistant Corporation Counsel Jackson replied she could not answer that question off-hand.

Chief Accountant Fitzsimons said the way he understands the law is that if you amend something, and it is a major amendment it has to be readvertised which was done after the last meeting, that appeared in the newspaper with the deletion of the 1983 and 1984 salary and only having the 1982 salary. Then it appears under Ordinances on Second Reading and Final Passage only on the amendment.

Councilman Branch suggested perhaps that when raises come about that they can request for an evaluation of those persons requesting raises, whoever is in charge of that Department.

MR. RUSSELL DAWKINS, 159 GOLDSMITH AVENUE, NEWARK, NEWARK, NEW JERSEY, addressed the Municipal Council requesting for a number of persons on staff in the Mayor's Office.

President Grant stated that he thinks for anyone to appear before the Council and ask them for a litany of numbers of persons who work in each Department in City Government, he does not know if there is anybody in City Government who can do that without referring to notes or research. To ask how many people are working in the Mayor's Office, he doesn't think they know the numbers, they can make an approximation but in terms of accurate numbers they would have to go to the books to actually find out. If that is a vital concern, that information through Mr. Edwards, an employee of Administration can get it for the speaker.

President Grant informed the speaker if he wants to know how many people he has working for him, he could answer that. What their duties and responsibilities are, he can answer that, the hours they work, he can answer that but to ask him how many people work in the Department of Engineering, he can't give him an answer.

No one else appearing, a motion to close the hearing on the amendment and adopt the ordinance, as amended, on second reading and final passage was made by Councilman Branch, seconded by Councilman Payne and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Payne, Tucker, Villani, President Grant.

No: Councilmen Carrino, James, Martinez, Rice.

President Grant: The yeses are five and the noes are four. This ordinance, as amended, having been read on two separate days and having achieved the vote required by the the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-S & F-q.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. The ordinance is now before you on second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF POLICE (NON-UNIFORMED) AND ESTABLISHING SALARIES THEREFOR," (6-S & F-k) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO ADJUST SALARIES PER AGREEMENT WITH ESSEX COUNCIL #1, CIVIL SERVICE ASSOCIATION)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That Section 1. of an ordinance entitled, "An ordinance creating positions in the Department of Police (Non-Uniformed) and establishing salaries therefor," (6S&FK) adopted May 4, 1977 as amended and supplemented be amended to adjust salaries per agreement with Essex Council #1, Civil Service Association as follows, to wit:

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Parking Violations	1/1/82	\$ 10,235.40	\$ 12,209.40
Officer	1/1/83	10,747.17	12,819.87
121319 (40 Hrs.)	1/1/84	11,284.52	13,460.86

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum salary and annual maximum salaries therefor, which are inconsistent herewith are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

A motion to adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilman Carrino.

Councilman Carrino said just for the benefit of everyone present, these agreements are made with the bonafide Unions for people representing Civil Service workers and the contracts have been set for 1982, 1983 and 1984 at 5% each year. These are negotiated contracts or agreements with Administration of the City of Newark and bonafide Unions representing these particular people.

Councilman Rice said he hoped that this ordinance would be deferred and the Police Director or someone from his office would respond at the last meeting because he has some very serious questions and he understands this is Civil Service and will deal with in an appropriate way. He wants the public to know that it is \$60,000. and is a duplication of service. It seems that every time he sees a Meter Maid, he also sees a Newark Police Officer giving a ticket, "bunny hopping" each other and he has received requests from several school sites that they need school crossing guards and he questions if the Police Budget can handle that. If they can defer this ordinance until answers are received without doing any injustice to those who are already employed.

Councilman Martinez said he has been an elected official for eight years and you look around at job responsibilities and people are knowledgeable of their duties, people that really pay back a service. This to him is one of the ultimate persons that pay back a return. These are 5 Parking Violation Officers that give out tickets to illegally parked cars in the City. He would welcome another 20 of them, for the salary they draw, \$10,000. to \$12,000. when only they were making \$6,000. or \$7,000. They bring back a return to the City of over \$90,000. per person. He thinks it is one of the best investments that they have in the City and he would welcome another 10. He can understand his colleagues concern that it is a duplication of services and he can question whether it is a duplication of services. They have policemen today, 200 or 300 less than they had several years ago and people are begging them out there to fight crime. He sees Traffic Policemen issuing summonses and he would rather see the Traffic Policemen responding to calls for assistance. They gave Administration over \$2 million to hire more policemen this year and they

October 6, 1982

haven't hired any. His personal observation if they can get 20 more, he will take all he can get for enforcement because they definitely bring a rate of return to the City.

Councilman Rice said he doesn't really disagree with Councilman Martinez. He thinks they are saying the same things but in different words. He reiterated that it is a duplication of service. If they are going to keep 5 Meter people to write tickets, then free Police Officers. He cannot get a ticket written on Saturday morning when it is time to get his street cleaned. They are having serious problems. He is not saying to fire them but they need to evaluate position, evaluate the Police Department, the Police Department Budget.

Councilman Rice reiterated it is a duplication of service. If you have 5 Meter Maids downtown and 5 Vice people writing tickets, to him is fruitless. It is a duplication of service and he thinks the public should have, from them the right to evaluate that can make some just decisions. They are talking about budgetary cuts in hard times. If they are going to maintain personnel, they have to be employed in the best interest of people. On Mulberry Street, you have cars parked double and triple. Regardless of how many people complain, that area is never attacked properly with summonses. Yet around City Hall area where people are trying to respond to get some basic services, they will be ticketed, he has no problem with that because that is a violation but to have 5 Meter Maids on top of Police Officers doesn't make any sense at all to him. He kind of questions why this position was put back. He has no problem with employing these 5 people but have them put some place else or transfer some of the Traffic Police Officers back into serious crime fighting.

Councilman Martinez said he can understand what Councilman Rice is saying. He doesn't think it would be necessary to hold up this ordinance but a discussion with the Police Director be held. The Ironbound Merchants Associations have had meetings for the last two years, begging for two Meter Maids on Ferry Street to enforce the rules where they have no traffic enforcement. He has no problem with that saying give him two and let them enforce the laws down there and bring in the revenue but he doesn't think they should hold up the ordinance on these. 5. It is a legitimate pay increase by the Union and should not hold it up because they are not satisfied with the location they are in.

Councilman Rice said he doesn't know his colleague's experience with the Police Director and he would assume it is numerous. Unless they make some strong commitments they get no commitments from him. If he is very much concerned about these positions, whether it be Police Officers being hired, or Meter Maids being retained, they want commitments that he is coming to make changes to better employ these people, he suggests that they start taking some action here. If they allow this to go through without properly evaluating what these people are supposed to do, once this is through it is through and the Police Director will basically do what he wants to do. He thinks the public will agree to that.

The motion to adopt the ordinance on second reading and final passage and directing the City Clerk to invite Police Director Williams and Chief of Police Zizza to meet with the Council at their Special Conference October 12, 1982 was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Villani, President Grant.

No: Councilmen Rice, Tucker.

President Grant: The yeses are seven and the noes are two. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-S & F..

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. The ordinance was amended and the amendment was advertised in accordance with law. The amendment to the ordinance is now before you for public hearing, and the ordinance, as amended, will be considered on second reading and final passage:

Supervising Engineer 155300 (35 Hrs.)	1/1/82	28,201.08	34,278.61
Supervising Principal Engineering Draftsman 153962 (35 Hrs.)	1/1/82	19,083.43	23,201.29

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum and annual maximum salary therefor, which are inconsistent herewith are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the amendment to approach the rail, give their name and address and be heard.

MR. DONALD JACKSON, 128 SMITH STREET, NEWARK, NEW JERSEY, once again requested the Council to have a salary freeze on all salaries and questioned whether Council was in receipt of a Supervisors report on any of the positions before this ordinance.

No one else appearing, a motion to close the hearing on the amendment and defer action on this ordinance, as amended, was made by Councilman Tucker, seconded by Councilman Rice and failed of adoption by the following votes:

Yes: Councilmen Branch, Rice, Tucker, Villani.

No: Councilmen Carrino, James, Martinez, President Grant.

Absent During Roll Call: Councilman Payne.

At a later time in the meeting, President Grant requested to change his vote from the negative to the affirmative.

A motion to close the hearing on the amendment and defer action on this ordinance, as amended, was made by Councilman Tucker, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Rice, Tucker, Villani, President Grant.

No: Councilmen Carrino, James, Martinez.

Absent During Roll Call: Councilman Payne.

The City Clerk: The following ordinance was adopted or first reading, advertised in accordance with law and a hearing held thereon. The ordinance was amended and the amendment was advertised in accordance with law. The amendment to the ordinance is now before you for public hearing, and the ordinance, as amended, will be considered on second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF FINANCE AND ESTABLISHING SALARIES THEREFOR," (6-S & F-h) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR SUPERVISOR OF WATER AND SEWERAGE BILLING AND COLLECTIONS)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That Section 2 of an ordinance entitled, "An ordinance creating positions in the Department of Finance and establishing salaries therefor," (6S&Fh) adopted May 4, 1977 as amended and supplemented be amended to create the title and salary range for Supervisor of Water and Sewerage Billing and Collections in the Division of Water Accounting and Customer Service, as follows, to wit:

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Supervisor of Water and Sewerage Billing & Collections 142917 (35 Hrs.)	1/1/82	\$ 13,165.27	\$ 15,704.33

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum salary and annual maximum salary therefor, which are inconsistent herewith are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the amendment to approach the rail, give their name and address and be heard.

MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, addressed the Council pointing out that the past three years the Water Department has failed to collect \$14 million in uncollected water and sewerage bills. He questioned in light of this how does the Council see fit and proper to give anyone in this Department a raise?

Councilman Carrino said all you had to do was look at the sample of water someone brought in to the last Council meeting. Everyone should be fired from that Department. He is speaking for one Councilman. They will not be even considered for a raise by him.

Councilman Payne directed the City Clerk and his staff to look at alternate ways that this agenda can be prepared so there is more specificity as to exactly what they are talking about and secondly to be sure it is legal within the matter which there is a law in Trenton, the plain language, where the State Legislature has changed the manner in which they are written. It is totally confusing to a person who picks up the agenda and he too feels there should be some clarity.

Chief Accountant Fitzsimons explained this is a current job. There is a person working in this job. This is just changing the title and 5% increase. There wasn't a previous 5% increase for this job.

Councilman Payne said we all know there has been a crisis in the question of the water and the sewer situation. What we need to do is what has been collected opposed to what has not been collected as it relates to the previous year. They will probably find even though there was a substantial amount uncollected, collections have increased. He is not defending the position. For example, in Atlantic City, unemployment is up even though employment is up. Some people say how can that happen. It is just more people are working from someplace else. They need to look at the whole picture and the whole question of personnel review and he thinks they are all about to request it and he doesn't think it can be done in individual meetings but thinks it is something Administration would need to address.

Councilman James said he has listened closely to Mr. Hurtz's remarks and agrees with everything he said, accepted the question of evaluation, job freeze, raise freeze. What have you. What he is saying now could be refuted. It is possible, even if a Department did not function, did not service the people entirely, an individual employee can be doing a great job. This person is not the Director, Mr. Joseph Paradise is the Director. This person could be a workaholic.

Mr. Hurtz said they are not against raises but are against giveaways against incompetency, etc.

Councilman Tucker said they have moved from the ridiculous to the sublime. This public hearing is supposed to be on the amendment only and he thinks what is being discussed has nothing to do with the amendment.

Councilman Tucker said he finds it hard to understand that if Mr. Hurtz raises a question, the Council in its wisdom can at that point and time answer that question, but it is not a requirement that the Council must respond to every question that he raises. What he is concerned with, is if he is raising a legal question, he has a right to contact the attorney present because he is a citizen of the City of Newark but he finds it hard to understand that they will sit here and consistently answer questions which have nothing whatsoever to do with the amendment.

In response to a statement made by Mr. Hurtz, President Grant stated he rejects that assumption and he thinks he speaks for the entire Council. This Council spends countless hours pouring over documentations to get ready for a meeting, such as this. As a matter of fact, Mr. Hurtz was present for most of the pre-meeting conference.

MR. DONALD JACKSON, 128 SMITH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council questioning whether they were here about the yearly increase for this individual.

President Grant replied they are here about the amendment as addressed and read to this Council by the City Clerk. For the edification of everyone present, he requested the City Clerk to re-read the amendment.

City Clerk D'Ascensio replied that at the last meeting there was a public hearing on this ordinance, which was advertised that established salaries for the years 1982, 1983 and 1984. At that hearing, the public hearing was closed on the ordinance as advertised, establishing the salaries for three years. Then

October 6, 1982

184

there was a motion to delete the years 1983 and 1984. By law if the amendment is material, substantial, it must be advertised and have a public hearing on the amendment. The amendment was to delete the years 1983 and 1984 and that is what is before the Council now. If you adopt the amendment, the ordinance will read for the year 1982 at the salary established. If the Council doesn't adopt the amendment, the Council goes back to what it was before it was amended.

Councilman Carrino said what Mr. Jackson is asking, can he address deleting 1983 and 1984, and also are they going to pass 1982. He thinks the ordinance the way it was two weeks ago, said 1982, 1983 and 1984. They are deleting 1983 and 1984. So the converse of that is they are deleting 1983 and 1984 and are they in fact going to pass 1982.

City Clerk D'Ascensio said he can be guided by the legal opinion issued to the effect "deleting the salary range for the two years is a material change that required advertisement and a public hearing be held on those amendments." That is what the Law Department said in the opinion.

Councilman James said based on what the City Clerk just said, at what point would the citizens have the right to speak for the position for 1982 in this said amount.

City Clerk D'Ascensio replied the citizens had a right to be heard for 1982 at the last meeting. It was on public hearing.

Councilman Tucker said at the last meeting he made a motion to close the public hearing and amend the ordinance by deleting 1983 and 1984. The amendment was advertised in the paper and by law, the Corporation Counsel at that point in time indicated they could not amend the ordinance because it was substantial and had to appear on the next agenda. What he is raising is a very straight and forward point. What they are discussing now is the amendment. They closed the hearing on whether or not they should grant the raise per say. He is clearly of the opinion if the Council in its wisdom doesn't want to grant the 5% raise, all they have to do is vote no. Their discussions and the public hearing relate to the amendment and not whether or not they should vote affirmatively or not vote affirmatively on the issue.

President Grant said to bring this matter hopefully to a conclusion, in essence the Council, the rightful approach, the amendment is simply deleting 1983 and 1984. When this Council votes today, they will be voting to delete 1983 and 1984. There will be no raises for those two years.

No one else appearing, a motion to close the hearing on the amendment and defer action on this ordinance was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, Payne, Rice, Tucker, President Grant.  
No: Councilmen Carrino, James, Martinez, Villani.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the amendment to approach the rail, give their name and address and be heard.

Chief Accountant Fitzsimons said this is a transfer from H.C.D.A. to the City Budget.

MR. RUSSELL DAWKINS, 159 GOLDSMITH AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council opposing this ordinance.

MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, questioned if this was for one person or more than one and questioned when there was going to be another hearing.

President Grant replied this particular position happens to be for the Chief of Staff for the Mayor and it is one position.

City Clerk D'Ascensio once again explained that this is a hearing on the amendment which struck out for the years 1983 and 1984 the salary ranges for those two years only.

Councilman James stated for the record what happened at the last Council meeting clearly was not conveyed to the public nor to the Members of this Council that when all these salary ordinances appeared at the last meeting the motion was made to delete 1983, 1984, 1985 or 1986, and the thinking by some Members of this Council it would then come back to this Council with a salary increase for the current 1982 year and this Body would decide to vote on it. What in fact happened, unknown to the public and unknowingly to some Members of this Council, they actually passed it last time for one year and now they are debating on the foregone conclusion that they are going to vote on the amendment. They passed on the raises last time. He hopes everyone understands what they did. All they are doing this evening is voting on the amendments.

Councilman James said just as a matter of clarity. They closed the public hearing on the matter. They have not approved these positions. All they did was close the public hearing on the matter whether or not it should be a position or not a position. All they are dealing with right now is the public hearing on the amendment. He reiterated they did not approve these positions.

Councilman James said the only hardship, although they have not deliberated themselves on whether they should pass it or not. The public will not be allowed to address that point at this meeting. Their opportunity only existed at the last meeting.

Councilman Tucker said he does not believe that at the last Council meeting, the people did not exercise their opportunity. If he remembers correctly they started at 8 o'clock and left at 2:30 A. M. If he remembers correctly, every single public hearing on every range that was brought before this Council, the public expressed their opinion to the letter. All he is saying they are talking about the amendment. He thinks they should express themselves to the letter but at least restricted to the amendment.

Councilman Payne said it was really the Council's feeling that it was in poor governmental taste to give three year raises at one time. They deleted giving these people raises for three years and in 1983 they will all have to come back before the Council. He thinks the Council acted in a responsible manner because next year they will once again decide whether these people are entitled to the raise.

Councilman Tucker said our Staff is right here and they can answer Mr. Hurtz's questions. The issue they are dealing with right now is any person who wants a copy of the agenda, all they have to do is go to the City Clerk's Office and based on the right to know law, that this Council supported, any information relating to Council's activities, they can get in contact with the City Clerk and he will give them that. If they don't want to pay for it they can read it in the City Clerk's Office. The question of when this was

approved on first, approved on second, the first and second readings on this particular ordinance, which they are dealing with now is on second reading and final passage. They were first submitted to the Council back in August, 1981.

No one else appearing, a motion to close the hearing on the amendment and adopt the ordinance, as amended, on second reading and final passage was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilman Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

No: Councilman James.

President Grant: The yeses are eight and the noes are one. This ordinance, as amended, having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

MR. DONALD JACKSON, 128 SMITH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council requesting if this is a Civil Service position?

MR. FRANK HURTZ, 402 MT. PROSPECT AVENUE, NEWARK, NEW JERSEY, said that if Council is solely voting on amendments, then he thinks as the people's representatives they should make them knowledgeable in government and doesn't think they are being responsible in that manner.

No one else appearing, a motion to close the hearing on the amendment and adopt the ordinance, as amended, on second reading and final passage was made by Councilman Branch, seconded by Councilwoman Villani and failed to adoption by the following votes:

Yes: Councilmen Branch, Payne, Villani.

President Grant called for those desiring to be heard on the amendment to approach the rail, give their name and address and be heard.

Chief Accountant Fitzsimons said that this position is being transferred from H.C.D.A. Budget to the City Budget.

No one appearing, a motion to close the hearing on the amendment and adopt the ordinance, as amended, on second reading and final passage was made by Councilman Tucker, seconded by Councilwoman Villani.

Councilman Carrino said he still maintains that they better act responsible on these things because these positions have never been in the City Budget and now coming to the City Budget and the Budget for 1983 is going to be bloated with these new positions and the tax rate is going to show the appropriate amount of bloating when they are finished here.

The motion to close the hearing on the amendment and adopt the ordinance, as amended, on second reading and final passage failed of adoption by the following votes:

Yes: Councilmen Tucker, Villani.

No: Councilmen Carrino, James, Martinez, Payne, Rice.

Not Voting: Councilman Branch, President Grant.

The City Clerk stated the public hearing on the amendment to this ordinance will be held on October 20, 1982.

President Grant called for those desiring to be heard on the amendment to approach the rail, give their name and address and be heard.

Chief Accountant Fitzsimons said that this position is being transferred from H.C.D.A. Budget to the City Budget.

MR. DONALD JACKSON, 128 SMITH STREET, NEWARK, NEW JERSEY, once again addressed the Municipal Council requesting that this position be in line with Civil Service and indicated he was somewhat confused on what the Council was adopting.

Councilman Carrino said the only confusion is that the speaker is determining what his responsibility is as to what the Council's responsibility is. The speaker's responsibility is that he can only speak on the amendment to the ordinance which is deleting the years 1983 and 1984. Their responsibility is to vote on the raise or not to vote on the raise.

Councilman Martinez said this is the second time this is being heard on second reading and final passage.

No one else appearing, a motion to close the hearing on the amendment and adopt the ordinance, as amended, on second reading and final passage was made by Councilman Tucker, seconded by President Grant.

Councilman Tucker noted that Ordinances 6-S & F-bc, bd and be, basically are the day care network. These are the people in effect who provide technical assistance to all of the Day Care Programs established in the City. Most of us are knowledgeable of the fact that H.C.D.A. is a Municipal responsibility and that is why they are being transferred to the City Budget. These people coordinate our Day Care responsibilities in the City of Newark.

Councilman Carrino questioned prior to H.C.D.A., how was the Day Care administered?

Councilman Tucker replied we didn't have a Day Care. They had no Day Care Programs in the entire City. The only way they were able to get one was through H.C.D.A.

Councilman Branch questioned how long is this for?

Councilman Tucker replied they currently have approximately 25 Day Care Agencies that have a contract with the New Jersey Department of Youth and Family Services. They provide 25% match to those Day Care Agencies. The staff, which is in Ordinances 6-S & F-bc, bd and be is part of that match they provide. They take the 25% match and get 75% reimbursement from the State in order for all of Day Care Agencies to function.

The motion to close the hearing on the amendment and adopt the ordinance, as amended, on second reading and final passage was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, Rice, Tucker, Villani, President Grant.

No: Councilman James.

AN ORDINANCE TO AMEND TITLE 2, CHAPTER 5, OFFICE OF REAL PROPERTY, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, BY ADDING A NEW SECTION (PROVIDING FOR THE RIGHT OF FIRST REFUSAL TO CONTIGUOUS PROPERTY OWNER OF UNIMPROVED PROPERTY)

(Copy of ordinance and correspondence submitted to each Member of the Council)  
(Public Hearing Closed)

A motion to adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilman Rice.

Councilman Carrino questioned whether it was explained as to whether a contiguous property is a regular building lot, that is not the proper dimensions because to his knowledge it has not been explained.

Councilman Tucker said the question of the lot, rather than approve this at this time. This deals with vacant lot and the Ordinance 6-F-1 on this agenda deals with notification of other buildings. Rather than have any discussions now, he suggested this ordinance be discussed at the next special.

Councilman Tucker removed his motion to adopt.

Councilman Rice removed his second to the motion.

A motion to defer action on this ordinance and directing the City Clerk

October 6, 1982

to invite Business Administrator Hill, Assistant Business Administrator Banker, Corporation Counsel Teare and Administrative Aide Lembo, Office of Real Property to meet with the Council at their special conference October 12, 1982, was made by Councilman Tucker, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

(Resolution tabled July 7, 1982)  
(Resolution removed from the table October 6, 1982)

A motion to adopt the resolution was made by Councilwoman Villani, seconded by Councilman Tucker.

Councilman Tucker said his original tabling of this resolution just related to two factors. One, they as a Council asked the Purchasing Division that when they advertise car wash, that they take into consideration the amount of time

October 6, 1982

it takes cars coming from Victoria Street. He is clearly of the opinion that they should at least try to get similar to what they did with the car pick-ups, two locations within the City of Newark. This in effect is the lowest responsible bidder, but if you take into consideration the amount of time and effort a person must go through to take a car from Victoria Street to that location. He has no problem of removing and hoped they can send a communication to the Purchasing Agent that next year that they advertise for two locations.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

#### HEARINGS OF CITIZENS.

6-HC-a.

MS. RUBY L. STONE, 10 HILL STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to having purchased City-owned property at 541 South 18th Street, in 1979, the building was demolished August 1980.

President Grant suggested the speaker give her documents to the City Clerk and will make copies for each Member of the Council.

President Grant further suggested that they can have persons from Administration, including the Acting Tax Collector and Tax Assessor to look into this matter.

Councilman Martinez said it appears Ms. Stone thought she bought a house, but she bought an empty barn. She was being assessed for a full value home of about \$1,800. in taxes. After she bought the home, it was demolished by the City. They are still looking for her to pay all the back taxes on something she really never had.

6-HC-b.

MS. CARMEN NILDA LOPEZ, 371 LAKE STREET, NEWARK, NEW JERSEY, addressed the Municipal Council in behalf of Mr. Marinda who presently resides in Columbus Homes which have been on a legal rent strike for eight months for lack of hot water and heat, poor maintenance, etc. Mr. Marinda's family has been asking for a transfer for a year and a half to no avail.

President Grant questioned Ms. Lopez if she was employed by any City or County agencies and Ms. Lopez replied in the negative. She is a friend of the family.

President Grant said he understands and can certainly appreciate what is being said about Columbus Homes. He has been there and knows the conditions and thinks the Deputy Secretary of HUD, Mr. James Bow indicated that "no human should have to live that way". He suggested that the past history of public housing has been that they would not transfer persons from one subsidized building to another and suggested that she call Assistant Executive Director Blue, Newark Housing and Redevelopment Authority and assured the speaker that he will listen to her. He will call Mr. Blue personally and ask him to make that transfer.

RESOLUTION AUTHORIZING BUSINESS ADMINISTRATOR TO ENTER INTO CONTRACT WITH THE AMERICAN APPRAISAL COMPANY, 200 MADISON AVENUE, MORRISTOWN, ONE OF THE RESPONSIBLE BIDS RECEIVED, TO PROVIDE APPRAISALS OF REAL PROPERTY, PER ATTACHED SCHEDULE, \$5,000. ENCUMBERED IN 1982 OPERATING BUDGET OF ADMINISTRATION/OFFICE OF REAL PROPERTY; BALANCE TO BE ENCUMBERED IS CONTINGENT UPON AND SUBJECT TO APPROPRIATION OF FUNDS IN NEXT FISCAL YEAR; FOR PERIOD OCTOBER 7, 1982 TO OCTOBER 6, 1983.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Martinez, Payne, Tucker, Villani, President Grant.  
No: Councilmen Carrino, James, Rice.

October 6, 1982

President Grant indicated that on this particular matter, if the City does not have appraisers to go out and appraise properties that we own, they remain there, remain vandalized, people can go in and continue to reduce the ratables. All this particular resolution is doing is authorizing the City to hire responsible appraisers so that we can sell some of this property that is around the City.

Councilman Rice said he understands but kind of questions one of the appraisers in terms of responsible. He also questions the appraisals itself because everything that is appraised seems to stand around until demolition takes place.

7-R-cl.  
(A.S.)

RESOLUTION BY THE NEWARK MUNICIPAL COUNCIL SUPPORTING THE CONCEPT OF ELECTING A MINIMUM OF 6 MEMBERS TO THE NEWARK BOARD OF EDUCATION AT THE UPCOMING SCHOOL ELECTIONS IN APRIL OF 1983.

A motion to adopt the resolution was made by Councilman Carrino, seconded by Councilman Rice and declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani.  
No: President Grant.

Councilman Branch said it has been called to his attention that there were 5 or 6 children who died in a fire at 766 South 17th Street and felt that maybe they should take a look at that site.

Councilman Rice added that they had a death also around the same time on South 10th Street or South 11th Street area. He thinks if they are going to make a tour, they could look at this building.

Councilman Carrino said in conjunction with that, he goes by West Market Street and South 8th Street every morning and they also had a fire there, an 80 or 90 unit building that was abandoned. Maybe they can also look at that.

Councilman Payne said the reason he was late for this meeting was that he visited the site where there was a tragedy wherein five people were killed by suspected arson. He said maybe there needs to be an increase in the scrutiny because it seems there is a fever for that.

(A.S.)

RESOLUTION BY THE NEWARK MUNICIPAL COUNCIL CALLING FOR A SEPARATE PUBLIC HEARING FOR THE CITIZENS OF NEWARK TO EXPRESS THEIR VIEWS ON THE PROCEDURES TO BE USED ON THE UPCOMING ELECTIONS FOR MEMBERS OF THE BOARD OF EDUCATION.

A motion to adopt the resolution was made by Councilman Carrino, seconded by Councilman Tucker.

Councilman Tucker said that in the resolution it should be stipulated that this public hearing will be guided by persons registering with the City Clerk, either prior to or the night of the public hearing and each person would have a maximum of five minutes for their presentation.

Councilman Carrino requested the City Clerk to have this resolution advertised in the newspaper.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani.

No: President Grant.

7-R-cn.  
(A.S.)

RESOLUTION SUPPORTING THE TRI-CITY CITIZENS UNION FOR PROGRESS IN ITS EFFORTS TO MAINTAIN ITS HISTORICAL MANAGERIAL RELATIONSHIP WITH THE AMITY VILLAGE HOUSING PROPERTIES.

A motion to adopt the resolution was made by Councilman Branch, seconded by Councilman James and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Martinez said he has three Resolutions that he would like to have considered at this meeting, which he thinks is drastic. When you call up for services, tree removal and you get a responding call telling the homeowner to hire a contractor and have it done themselves. The confirmation of Department Heads, the Council hasn't seen since 1974. The services aren't here anymore. What he saw today and heard, to him was a total disgrace. When Administration has nothing better to do than to turn around and take a Recreation Center and say all of our prisoners are going to go to the Center, which is used by kids, a Recreation Center that they couldn't find any money to repair and all of sudden they found the money for the showers. To think there are buildings like the North District in the West Ward, where the community says "keep the precinct here". You would think they could install showers there, put showers in the East District. We look around and see pay raises, pay increases going up, yet no one knows what the revaluation is going to do and it is almost here. No one knows what the tax rate is going to be for next year, no one knows what the water bill is going to be next year; no one knows what the sewer bill is going to be next year; and no one knows what the Board of Education is going to be next year. They can have a drastic effect on the tax rate next year of about \$12.50 and he would have to be on this side voting for pay increases for himself, Department Heads and other Administrators within the City of Newark and to look

October 6, 1982

at the tax rate, it would be a total disgrace.

Councilman Martinez said one of the Resolutions deal with the salary freeze for all elected and appointed officials and various other employees of the City of Newark. This freeze would be on until the revaluation is over, tax rate set, etc. It would not effect the Bargaining Unions. The other resolution would deal with the salary freeze for the Board of Education, to publicly support the implementation of a policy immediately. The third resolution would deal with the Housing Authority.

Councilman James said certainly he would be the first person on this Council to be overwhelmed by the motion posed by the Honorable Henry Martinez, East Ward. He is only echoing a principle he has exercised over the years. He doesn't understand how he can offer a motion at this time, having voted for 31% pay raise, having introduced position from H.C.D.A., Zinneford Smith's for \$44,000. and placing it in the Municipal Budget. What point do we join the "cry" for a pay freeze after we make the votes for these measures or before. By looking at his vote tonight and as a colleague and as a friend, he thinks his motion is a hypocritical act. It doesn't coincide with his voting tonight. He should have been the person tonight to oppose the raises, transfers, that might have an impact on the fiscal budget. He respects what he is saying but his actions refute the motion he is bringing to the floor.

Councilman Martinez said when these came before them sometime in August, his vote certainly reflects those positions he gave his word for. His name has been pretty good for his word for the last 8 years. Some people have no words. He stuck on his word on the issues that came before him in August. It came about as a result of a multitude of observations. They received a pay package last week that had every Department Head getting a pay increase and he can see his vote in the negative on the Assignment Clerk in Municipal Courts, Senior Architect and Supervising Engineer, Supervising Principal Engineering Draftsman Supervisor of Water and Sewerage Billing and Collections, Accountant and of course, others were deferred, in the negative for the Office of the Business Administrator, Central Purchasing Clerk. There were two ordinances that reflected his vote in the affirmative and they are two positions where he sees people working. One is Camille Savoca and Delores Johnson, who were left out of a pay raise in 1979 and the other is Zinneford Smith, Chief of Staff.

Councilman James questioned Councilman Martinez how can he impose a freeze on everybody else, if in their wisdom they feel other people are worthy of a raise. He is sure that other Members of the Council would say "they didn't vote for all of them". He doesn't think there is anyone on this Council who voted for every raise. Either you are for a freeze or you are not for a freeze.

Councilman Tucker said he would like to discuss the resolutions individually because there are three issues.

7-R-co.

RESOLUTION BY THE NEWARK MUNICIPAL COUNCIL SUPPORTING THE CONCEPT OF A PAY FREEZE FOR ELECTED AND APPOINTED OFFICIALS AND VARIOUS OTHER EMPLOYEES OF THE NEWARK BOARD OF EDUCATION AND CALLING UPON THE PRESIDENT AND THE MEMBERS OF THE BOARD OF EDUCATION AS WELL AS THE EXECUTIVE SUPERINTENDENT OF SCHOOLS TO PUBLICLY SUPPORT AND IMPLEMENT SUCH A POLICY IMMEDIATELY.

Councilman Martinez requested the City Clerk to read the body of the context indicating that it has nothing to do with teachers.

The City Clerk read the resolution.

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Carrino.

Councilman Tucker said the Members of the Board of Education who will within the future be elected representatives, based on State Statute do not receive reimbursement. So in effect it doesn't really affect them. He thinks if they feel very strongly on this matter they should meet with the Board and try through whatever means to influence them to at least abide by it. To say it in this context and then say to the Board that we want them to take a pay freeze, knowing full well, they have no statutory authority to at least implement that pay freeze

is to put them in an adversary position. They currently enjoy an adversary position with them right now. They do not relate to us and the issue we are saying now is "fine, they don't believe they should get any raises at all", but the net result is they have no authority to actually deal with the raise. It just puts another nail in the coffin of relationship between the Council and the Board of Education.

President Grant said in light of the discussions on these resolutions, he asked Councilman Martinez if he would be amenable to have them discussed at the next special conference and perhaps there might be a greater appreciation for what he is doing. He thinks it is being brought up strong at a point where a lot of them have not had an opportunity to digest them properly.

Councilman James said he would like to concur with President Grant's remarks and all of them are being disrespectful and create a problem to the Members of the Council when they "rip out of their hip pocket, 12th hour", motions, resolutions, etc. that they have not had the opportunity to review. He thinks that is not being respectful to the Council. In 13 years that he has been on the Council, anything that he has deemed worthy enough to bring before the public, he would have it discussed at a pre-meeting conference. He thinks the mere fact that they bring out of their "hip pocket", that in itself creates an area of doubt, suspect. He would hope that if they feel strong about public issues and public matters, that they would share it with the Members of the Council. He thinks that is protocol for government.

Councilman Payne concurred with the statement made by Councilman James. He thinks they ought to study these resolutions. He endorses a lot of concepts. He thinks everyone should have a job, every child a place to play. They have no jurisdiction of the Board of Education. They do not give them raises. He doesn't know if the Housing Authority is the same.

Councilman Martinez withdrew his motion.

Councilman Carrino withdrew his second to the motion.

A motion directing the City Clerk to invite Corporation Counsel Teare to meet with the Council at their special conference on Tuesday, October 12, 1982 to discuss proposed pay freezes for various Municipal Officials.

#### MOTIONS.

7-M-a.

A MOTION DIRECTING THE CITY CLERK TO REQUEST THE LAW DEPARTMENT TO DRAFT AMENDMENTS TO STATE LAW TO LIMIT THE LENGTH OF TIME AN APPOINTED OFFICIAL CAN SERVE IN A HOLDOVER CAPACITY IN NEWARK MUNICIPAL GOVERNMENT, was made by Councilman Tucker, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-M-b.

A MOTION REQUESTING A LEGAL OPINION STATING WHETHER OR NOT THE CITY OF NEWARK CAN SUSPEND THE ISSUANCE OF AMUSEMENT DEVICE AND ARCADE LICENSES UNTIL THE COUNCIL CAN CONSIDER PROPOSED AMENDMENTS CONCERNING THE ABOVE SUBJECT WHICH HAVE BEEN SUBMITTED BY BOTH THE COUNCIL AND THE ADMINISTRATION; FURTHER, THAT IF SUCH ACTION IS POSSIBLE, THAT THE CORPORATION COUNSEL'S OFFICE IMMEDIATELY INFORM THE MEMBERS OF THE COUNCIL THROUGH THE OFFICE OF THE CITY CLERK AS TO THE PROPER PROCEDURES TO BE FOLLOWED TO ACHIEVE THIS END, was made by Councilman Martinez, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-M-c.

A MOTION STRONGLY URGING THE BUSINESS ADMINISTRATOR TO IMMEDIATELY FORWARD TO THE COUNCIL THROUGH THE OFFICE OF THE CITY CLERK, AMENDED FLAT AIRPORT RATES WHICH REFLECT THE PROPOSED INCREASES DISCUSSED FOR SOME PERIOD OF TIME BETWEEN THE CITY OF NEWARK AND REPRESENTATIVES OF THE NEWARK TAXI BUSINESS AT NEWARK INTERNATIONAL AIRPORT;

502  
FURTHER, THAT THIS INFORMATION HAS BEEN REQUESTED ON PREVIOUS OCCASIONS AND AS OF THIS DATE HAS NOT YET BEEN RECEIVED BY THE MUNICIPAL COUNCIL FOR THEIR CONSIDERATION, was made by Councilman Tucker, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-M-d.

A MOTION DIRECTING THE CITY CLERK TO HAVE PREPARED FOR CONSIDERATION BY THE MUNICIPAL COUNCIL AT THEIR OCTOBER 20, 1982 MEETING "RESOLUTION URGING MEMBERS OF STATE LEGISLATURE TO SUPPORT LEGISLATION TO PROTECT THE PURITY OF OVER-THE-COUNTER-DRUGS, was made by Councilman Payne, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-M-e.

A MOTION DIRECTING THE CITY CLERK TO REQUEST THE LAW DEPARTMENT TO PREPARE AN ORDINANCE WHICH WOULD INCREASE LIQUOR LICENSE FEES BY 10% WITH SAID INCREASE IN REVENUE TO BE SET UP IN A DEDICATED ACCOUNT FOR PURCHASE OF INACTIVE ALCOHOLIC BEVERAGE CONTROL LICENSES, was made by Councilman Tucker, seconded by Councilman Payne.

Councilman Payne said he was happy this Motion was being introduced. Twenty years ago he stood before the Council and made a similar request that at that time there were 1,400 licenses in operation and the liquor license at that time was \$150. a year. It went on deaf ears and in fact it had been established at that time an increase of 10%, which brought it up by \$15. He is currently fighting two new re-establishments of liquor licenses in the South Ward, licenses that have been dead for a number of years. On Bergen Street they are an inundated. If they had a system where they could purchase them, retire them or put them out of existence because of decreased population, the licenses should be decreased. The State law says that there should be one for every thousand man, woman and children. We have 300,000 people, we should only have 300 licenses.

Councilman Martinez said he knows Councilman Tucker is looking for a 10% increase but over the past couple of years didn't they have an automatic 25% increase built in for this year.

Councilman Tucker said what happened is that the Mayor recommended that they have 10%, 10% and 10% which would have brought them up to 30%. He thinks they as a Council just dealt with the 10% in the liquor license. They did not deal with 10%, 10% and 10%. He believes what they did was approve 10% two years ago on liquor licenses.

Councilman Martinez said it was his understanding that it went from \$750. to a \$1,000. and now it is going to \$1,250. this year.

Councilman Tucker said he is pretty sure it is \$1,250. now and had been for the last two years.

President Grant said he does not know that the fee presently is a point of contention.

The motion to adopt the Motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani.

Not Voting: President Grant.

7-M-f.

A MOTION DIRECTING THE CITY CLERK TO REQUEST THE CORPORATION COUNSEL TO INITIATE LEGAL PROCEEDINGS AGAINST THE NEWARK HOUSING AUTHORITY TO COMPEL IT TO SUBMIT COMPLETE MINUTES OF ITS MEETINGS, INCLUDING COPIES OF ALL RESOLUTIONS TO THE MUNICIPAL COUNCIL ON A REGULAR AND TIMELY BASIS, was made by Councilman Tucker, seconded by Councilman Carrino.

Councilman Carrino asked if they can legally, since the Housing Authority is an agency of the City of Newark, can they create an ordinance mandating them. He doesn't see any teeth in the Motion. They will laugh at us and forget about it.

Councilman Tucker said this directs again, that they take the Housing Authority to court to get the minutes of their meetings.

Councilman Carrino said what he is saying that if they enacted an ordinance, mandating that, would that be any more legal than a Motion? Do they have the authority to enact an ordinance to force them to do it.

City Clerk D'Ascensio said that the ordinance would have a penalty attached to it.

The motion to adopt the Motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-M-g.

A MOTION EXTENDING SINCERE CONGRATULATIONS TO CONNECTION COMMUNICATION CORPORATION ON THE OCCASION OF THEIR START-UP OF CABLE SERVICE TO RESIDENTS OF NEWARK'S NORTH WARD, was made by Councilman Carrino, seconded by Councilwoman Villani.

Councilman Carrino remarked that the West Ward has been completed many months before the North Ward.

The motion to adopt the Motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-M-h.

A MOTION DIRECTING THE CITY CLERK TO REQUEST THAT THE DIRECTOR OF THE MAYOR'S OFFICE OF EMPLOYMENT AND TRAINING SUBMIT NO LATER THAN TUESDAY, OCTOBER 12, 1982, A COMPLETE LISTING OF ALL MOET TITLES, SALARY RANGES AND NAMES OF INDIVIDUAL INCUMBENTS THEREOF, was made by Councilman Carrino, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-M-i.

A MOTION CALLING UPON THE MEMBERS OF THE BOARD OF EDUCATION OF THE CITY OF NEWARK TO PUBLICLY SUPPORT THE MUNICIPAL COUNCIL IN ITS POLICY OF NOT PAYING ANY OFFICER, OFFICIAL OR EMPLOYEE, WHETHER BY CONTRACT OR SALARY, A YEARLY AMOUNT EQUAL TO OR IN EXCESS OF THAT AMOUNT OF MONEY PAID TO THE MAYOR OF THE CITY OF NEWARK, was made by Councilman Martinez, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-M-j.

A MOTION DIRECTING THE CITY CLERK TO REQUEST THAT THE CORPORATION COUNSEL IMMEDIATELY PREPARE APPROPRIATE LEGISLATION WHICH WOULD AMEND THE CITY'S AFFIRMATIVE ACTION PLAN TO REQUIRE THAT A COPY BE SENT TO THE MUNICIPAL COUNCIL ON A MONTHLY BASIS OF ANY REPORT DONE BY OR UNDER THE AUSPICES OF THE HUMAN RIGHTS COMMISSION OF THE AFFIRMATIVE ACTION REVIEW COUNCIL, was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

524

7-M-k.

A MOTION CALLING UPON THE COMMISSIONERS AND EXECUTIVE DIRECTOR OF THE NEWARK HOUSING AUTHORITY TO PUBLICLY SUPPORT THE MUNICIPAL COUNCIL'S POLICY OF RECOMMENDING THAT NO FUNDS RECEIVED BY THE NEWARK HOUSING AUTHORITY FROM OR UNDER THE AUSPICES OF THE NEWARK MUNICIPAL GOVERNMENT SHALL BE USED TO PAY THE SALARY OF ANY NEWARK HOUSING AUTHORITY ADMINISTRATIVE OR MANAGERIAL PERSONNEL REGARDLESS OF THEIR RESPECTIVE INDIVIDUAL DEPARTMENT, was made by Councilman Martinez, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-M-l.

7-M-m.

A MOTION RECOGNIZING AND COMMENDING MATTHEW SAAD MUHAMMAD, FORMER LIGHT HEAVYWEIGHT CHAMPION OF THE WORLD, was made by President Grant, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

#### COMMUNICATIONS AND PETITIONS.

##### COMMUNICATIONS.

8-a.

The City Clerk presented COMMUNICATION FROM HIS HONOR, MAYOR KENNETH A. GIBSON, RECEIVED SEPTEMBER 10, 1982, NOMINATING MR. CRAIG RANDALL HARRIS, 75 MAIN STREET, MILLBURN, NEW JERSEY, AS A JUDGE OF THE MUNICIPAL COURT OF THE CITY OF NEWARK, NEW FOR A THREE YEAR TERM COMMENCING FROM DATE OF CONFIRMATION BY THE MUNICIPAL COUNCIL.

(Replaces term of Judge Robert Brennan)

(Copy of communication submitted to each Member of the Council)

A motion to confirm the nomination of Mr. Craig Randall Harris, as Judge of the Municipal Court for a three year term commencing from date of confirmation by the Municipal Council was made by Councilman Branch, seconded by President Grant.

President Grant: Will the Council confirm this nomination?

Yes: Councilman Branch.

No: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker.

Not Voting: Councilwoman Villani, President Grant.

President Grant: The nomination failed of confirmation.

A motion to reject the nomination of Mr. Craig Randall Harris, as Judge of the Municipal Court for a three year term commencing from date of confirmation by the Municipal Council was made by Councilman Tucker, seconded by Councilman Rice.

Yes: Councilmen Carrino, Martinez, Payne, Rice, Tucker.

Not Voting: Councilmen Branch, James, Villani, President Grant.

Councilman Rice said to him it is a kind of offense in regard to where the person lives. He has been evaluating some of the Judges and certainly knows them and they are Judges sitting on the bench in Newark who live in the City, grew up in the City and is not certain where they live now but up until their adult life, and they weren't even considered for the position. It is one thing if you live outside of the City but it is something else that you participate in the City and the system itself and he knows at least one Judge if not two over there that should be afforded the opportunity to fill the seat. They have been sitting making decisions on the criminal element in the City of Newark and yet they are overlooked after being told by Administrative people and he knows this for a fact, they are doing a good job.

6-F-o.

The City Clerk read AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE OFFICE OF THE NEWARK MUNICIPAL COUNCIL AND ESTABLISHING SALARIES THEREFOR," (6-S & F-F) ADOPTED MAY 4, 1977 AS AMENDED AND SUPPLEMENTED. (TO DELETE THE TITLE AND SALARY RANGE FOR EVALUATION SPECIALIST, MUNICIPAL COUNCIL)

(Copy of ordinance submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by President Grant, seconded by Councilman Branch.

Councilman James questioned the procedure the Council used in hiring individuals to fill the position of Legislative Research Officer. He said when Council's Public Relation's person Pam Goldstein was hired it was a vote of the entire Council, when Mr. Joseph Bradley was hired it was a vote of the Council, when Mr. Nulty was hired it was a vote of the Council and when Frank Megaro was hired it was a vote of the Council. He said this ordinance will create three lawyers' positions for the Newark City Council and he said whereas resumes have already been submitted to the City Clerk's Office, he questioned the procedure Council used to hire three attorneys in said positions.

City Clerk D'Ascensio said the position is created in the Municipal Council and the Municipal Council is responsible for the appointments and the certification of the appointee.

Councilman James continued whereas resumes have already been submitted for the positions, it seems it is a foregone conclusion the individuals have been hired. He said he thinks it is disrespectful to the entire Council. He said presently the three positions for the City Council, lawyers, all three would be from out-of-town. He said it is hypocritical for this Council who says to the Administration, hire Newarkers, who goes out publicly in Newark and says "Vote for me and I will deal with the unemployment rate and hire Newarkers" then create positions, only three lawyers to represent us, and then all of them would be from out of town. He said he thinks that would make this Council very hypocritical.

The motion to adopt the ordinance on first reading was declared adopted by President Grant by the following votes:

October 20, 1982

At a later time in the meeting this matter was discussed.

6-F-b.

The City Clerk read AN ORDINANCE AMENDING AND SUPPLEMENTING SECTIONS 27:1-1, DEFINITIONS; 27:3-28, USE REGULATIONS, SECOND BUSINESS DISTRICTS; 27:4-27, CONDITIONAL USE REGULATIONS, OF TITLE 27, ZONING, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, TO ESTABLISH PERMISSIBLE LOCATIONS FOR COIN OPERATED AMUSEMENT DEVICES IN THE CITY OF NEWARK.  
(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to defer action on the ordinance was made by Councilman Martinez, seconded by Councilman Tucker.

Councilman Martinez said he has tried to address as many of the Council's concerns as possible. After speaking with Assistant Corporation Counsel Goger both Councilman Carrino and himself had some concerns they would like Ms. Goger to address. He asked Ms. Goger to appear before Council to give an overall review of the total video arcade ordinances, four in total. The attitude is to approve the two ordinances on communication and to have the other two clarify the other amendments and concerns for the Meeting of November 3, 1982, then take the two packages and move them to first so we would have four simultaneous ordinances moving in the next two weeks.

Councilman Martinez stated the definition of arcades would be anything over three machines; the space would be 100 feet per machine of unoccupied space; any arcade having 10 machines or more would necessitate a security guard; the fee for an arcade, any person applying for over 4 machines, would be \$5,000.; the fee for existing machines would be \$150. for 1 machine, \$550. for 2; there is a relocation clause; there is also a clause if you do not pay your water bill or back taxes or all of your rent, you cannot apply. There is a clause that indicates before you can have these games of chance or coin operated machines in your building it must be inspected by the Building Department, Plumbing, Electrical and Fire Department. You must have a Certificate of Occupancy prior to even applying for this license. You must post the maximum amount of people that will be inspected by the Fire Department, that will be allowed within the premises.

Councilman Carrino said he has one major concern not addressed in the ordinance. It has been brought to his attention that a retail liquor store can have machines. He said that no youngster is supposed to be in a retail liquor store. Since no youngster is supposed to be in a retail liquor store, he questioned how it could be a justification for that store to have machines in that store. He said he could understand if it was a bar or a liquor store plus a bar having machines in there, but by having a retail liquor store with no other business but retail liquor having machines, it means 10, 11, 12, 14 year old kids will be able to go into that store to play those machines. He said he would like that included in the ordinance that no retail liquor stores can have video machines or pinball or amusement devices.

Assistant Corporation Counsel Goger responded she would have to check with The Alcoholic Beverage Commission Laws to make sure whatever they do is in conformance with those laws.

Councilman Tucker stated that under the Land Use Law, Conditional Use, a determination could be made by the Secretary of the Planning Board to either deal with the waiver on a conditional use or to call a hearing. He said the waiver provision by the Secretary of the Planning Board should not prevail in this ordinance. He said a Public Hearing must be held. He said he wants to be assured that under no circumstances can the Secretary of the Planning Board give a waiver and give conditional use.

Assistant Corporation Counsel Goger opined the way it is drawn up now there is no discretion for the Planning Board to grant any conditional use where the arcade would be located within 1,000 feet of a school, etc., and where it was not in the correct zone. She said if it was not perfectly clear in the present ordinance she would include that language in the ordinance.

Councilman Tucker reiterated that the Secretary of the Planning Board has the option to give conditional use in two ways - based on her review of the application or a public hearing on the conditional use. He said under no circumstances should a conditional use be given until a public hearing has been held.

October 20, 1982

The motion to defer action on the ordinance was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-F-c.

The City Clerk read AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE OFFICE OF THE MAYOR AND ESTABLISHING SALARIES THEREFOR", ADOPTED MAY 4, 1977 (6-S & F-c) AND AMENDMENTS THERETO. (TO ADJUST SALARIES IN THE COMMUNITY DEVELOPMENT ADMINISTRATION, MAYOR'S POLICY & DEVELOPMENT OFFICE, H.C.D.A.)

(Copy of ordinance and correspondence submitted to each Member of the Council)

(Ordinance tabled September 15, 1982)

(Ordinance removed from the table October 6, 1982)

A motion to adopt the ordinance on first reading was made by Councilman Tucker, seconded by Councilman Rice.

Councilman James questioned how many titles were contained in this ordinance.

Chief Accountant Fitzsimons stated originally there were 133 titles. This is the unrepresented titles in H.C.D.A. for which no 5% increase has been given for the year 1982. Some titles have been taken care of in other ordinances where some have been transferred to the City side and some are still on the table. He said he cannot give the exact number.

The motion to adopt the ordinance on first reading was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Rice, Tucker, Villani, President Grant.

Not Voting: Councilman Carrino.

President Grant: The yeses are seven and the noes are none and one not voting. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on November 3, 1982.

At a later time in the meeting Councilman Payne requested he be recorded in the affirmative on this ordinance.

A motion to adopt the ordinance on first reading was made by Councilman Tucker, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Not Voting: Councilman Carrino.

President Grant: The yeses are eight and the noes are one. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on November 3, 1982.

6-F-d.

The City Clerk read AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF GENERAL SERVICES AND ESTABLISHING SALARIES THEREFOR," (6-S & F-e) ADOPTED MAY 16, 1979, AS AMENDED AND SUPPLEMENTED. (TO ADJUST THE SALARY RANGE AND HOURS OF EMPLOYMENT FOR PURCHASING EXPEDITER)

(Purchasing Expediter	1/1/82	\$14,480.11 - \$18,038.10
(40 Hours)	1/1/83	15,582.11 - 18,940.00
	1/1/84	16,361.21 - 19,887.00

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Tucker, seconded by President Grant and failed of adoption by the following votes:

Yes: Councilmen Branch, Tucker, Villani, President Grant.

No: Councilmen Carrino, James, Martinez, Rice.

(Councilman Payne arrived at 8:12 P.M.)

6-F-e.

The City Clerk read AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF LAW AND ESTABLISHING SALARIES THEREFOR," (6-S & F-g) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLES AND SALARY RANGES FOR DATA CONTROL CLERK AND OPERATOR, WORD PROCESSING EQUIPMENT)

(Data Control Clerk	1/1/82	\$10,511.40 - \$12,777.66
(35 Hours)	1/1/83	11,036.97 - 13,416.54
	1/1/84	11,588.81 - 14,087.36

Operator, Word Processing	1/1/82	10,511.40 - 12,777.66)
Equipment (40 Hours)		

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Tucker, seconded by President Grant.

Councilman Tucker requested a clarification of these titles.

Chief Accountant Fitzsimons said Ordinance 6-F-e has two position titles. The title of Data Control Clerk is included under the Civil Service contract, but the title of Operator, Word Processing Equipment is not. He said these are two new positions.

Councilman Payne opined that if they have not had a Word Processing Clerk they evidently have not had terminals or computerized operations. He said, however if the the Law Department is planning to go on computerized forms he would guess they have to create a position to do the job.

Chief Accountant Fitzsimons said that is the justification given in the backup presented with the ordinance.

Councilman Rice questioned if the Law Department presently has such a terminal, plan to order one or transfer one.

Chief Accountant Fitzsimons responded he did not know but in the letter accompanying the ordinance it said "In order to provide for the proper utilization of newly acquired computer related equipment in the Department."

Assistant Corporation Counsel Mendez said it is his understanding the Law Department is getting computer terminals, but he was not sure of the date. They had been informed by Judge Teare that a computer would be installed and are now in the process of getting it installed.

President Grant said the question was a clarification if the positions are civil service and/or covered by union contract. He said what has been determined is that the position under Ordinance 6-F-d is and the position under Ordinance 6-F-e are new positions.

The motion to adopt the ordinance on first reading failed of adoption by the following votes:

Yes: Councilmen Branch, Tucker.

No: Councilmen Carrino, James, Martinez, Payne, Rice, Villani.

Not Voting: President Grant.

6-F-f.

The City Clerk read AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF ENGINEERING AND ESTABLISHING SALARIES THEREFOR," (6-S & F-f) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. This ordinance will come up for a public hearing and be considered for further action on November 3, 1982.

6-F-h.

The City Clerk read AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF LAW AND ESTABLISHING SALARIES THEREFOR," (6-S & F-g) ADOPTED MAY 4, 1977 AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR SENIOR CLERK TYPIST)

(Senior Clerk Typist  
(35 Hours) 1/1/82 \$ 9,079.81 - \$11,038.13  
1/1/83 9,533.80 - 11,590.03  
1/1/84 10,010.49 - 12,169.53)  
(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by President Grant, seconded by Councilman Payne.

Councilman Carrino pointed out this is a new position. In all fairness to the people who are voting no, the point is they are new positions and it just seems like half the Law Department - new computers, new Clerk Typists, new Data Control Clerk, Word Processing people - from 11 lawyers to 21 lawyers to cover the self insurance program that we saved so much money on by being self insured and now the couple of hundred thousand dollars that we have saved with the insurance premium is now being spent in the Law Department. He said he thinks we are trying to mix apples with oranges it is not a Senior Clerk Typist that's being disapproved of or voted no by me but the fact the Law Department is now becoming another one of these loaded agencies that all of these new positions are being created for to cover the cost of the insurance policy.

Councilman Tucker said he disagrees. He said if we are talking about an Attorney, if we are talking about an Administrative Analyst, he said he has no problem in being real, raising salaries, I can understand that, but we are talking about a Clerk Typist and if we are going to hold the line on Clerk Typists and say we are concerned about escalating costs, I think we have to be consistent in that regard. He said he does not know what this Clerk Typist is going to do, but he thinks we are getting into a situation where we are looking at with jaundiced eyes a Clerk Typist's position and he does not think it is real.

Councilman Branch questioned if the positions being created are needed to make the system function. He stated if it is justified that the positions are needed, and the money is available, then that is what we should look at.

The motion to adopt the ordinance on first reading failed of adoption by the following votes:

Yes: Councilmen Branch, Tucker, Villani, President Grant.

No: Councilmen Carrino, James, Martinez, Payne, Rice.

6-F-i.

Councilman Tucker said this is an ordinance which is an amendment to the State Statute that increases the amount that can be expended on out of town travel.

October 20, 1982

This ordinance brings it directly in line with what the State Statute calls for. The current ordinance mandates that when a person expends \$500. they must have a Council resolution. This ordinance raises the fee to \$2,500. before it deals with a Council resolution. The second factor is Judge Teare indicated there were some major questions as to the travel of the Council in regard to being considered in the aggregate amount dealing with the \$500. Based on their recommendation, he said it is recommended they move to adopt this on First Reading so that it can be adopted finally at the meeting in November.

The motion to adopt the ordinance on first reading was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Martinez, Payne, Rice, Tucker, Villani, President Grant.

No: Councilman James.

Not Voting: Councilman Carrino.

President Grant: The yeses are seven and the noes are one and one not voting. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on November 3, 1982.

A motion to consider Item 8-o under Ordinances for First Reading was made by Councilman Tucker, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

AN ORDINANCE AMENDING THE URBAN RENEWAL PLAN AND THE FEASIBILITY OF RELOCATION OF THE OLD THIRD WARD URBAN RENEWAL PROJECT N.J.R.-6. (14TH AMENDMENT)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

WHEREAS, it has heretofore been found and determined by Resolution 7Ru adopted August 20, 1958 that the Project Area known as the Old Third Ward Urban Renewal Project (N.J.R-6) is a blighted area under Chapter 187 of the Laws of the State of New Jersey, 1949, as amended; and

WHEREAS, the Municipal Council of the City of Newark has heretofore by Resolution 7RB adopted June 15, 1970; 7Ri adopted January 3, 1962; 7Rb adopted March 4, 1964; 7Rc adopted March 3, 1965; 7Rf adopted January 4, 1967; 7Rf adopted May 6, 1970; 7RBz adopted March 21, 1973; 7RBI adopted November 6, 1974; 7RBU adopted March 5, 1975; 7Rs adopted August 8, 1975; 7Rr adopted May 19, 1976; Ordinance 6S & F-i adopted April 6, 1977; and Ordinance 6S & Fe adopted May 3, 1978, Ordinance 6S & Ft adopted April 1, 1981 approved an Urban Renewal Plan and Amendments thereto for the Old Third Ward Urban Renewal Project (N.J.R-6); and

WHEREAS, it is necessary to further amend said Urban Plan such amendment to consist of: (1) A change in the plan to allow Broome Street between Mercer Street and Springfield Avenue to remain open, (2) A change in the plan to allow William Street to be retained in its present configuration, instead of turning it at right angle to Springfield Avenue, (3) A change in the plan of an area of land measuring 93' x 150' located along the 350' west of High Street to be changed from Semi-Public to Neighborhood Commercial, (4) The firehouse in Block No. 2567 will not now be acquired.

WHEREAS, said Urban Renewal Plan complies with the requirements of all applicable state and federal statutes and regulations promulgated thereunder;; and

WHEREAS, the Central Planning Board of the City of Newark has submitted to the Municipal Council its recommendation respecting the amended Urban Renewal Plan for the Project area and the Municipal Council has duly considered the recommendation of the Planning Board; and

WHEREAS, the Municipal Council is cognizant of the conditions that are imposed in the undertaking and carrying out of Urban Renewal Projects with financial assistance under Title I, including those prohibiting discrimination because of race, color, creed or national origin; and

WHEREAS, it is necessary that the Municipal Council take appropriate official action respecting the relocation program and the Urban Renewal Plan for the Project, in conformity with a contract for financial assistance between the Housing Authority and the United States of America, acting by and through the Secretary of the Department of Housing and Urban Development.

NOW THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. That it is hereby found and determined that the amended Urban Renewal Plan N.J.R-6 for the Old Third Ward Urban Renewal Project Area conforms to the general plan of the locality.
2. That it is hereby found and determined that the amended Urban Renewal Plan indicates proposed land uses and building requirements in the area, and its

relationship to definite local objectives as to appropriate land uses, density of population and improved traffic, public transportation, public utilities, recreational and community facilities and other improvements, with special consideration for the health, safety and welfare of the children residing in the general vicinity of the site covered by the Plan.

3. That the amended Urban Renewal Plan provides for the relocation of persons living in the Project Area and that the proper relocation of the individuals and families displaced in carrying out the Project in decent, safe, and sanitary dwellings in conformity with acceptable standards is feasible and can be reasonably and timely effected to permit the proper prosecution and completion of the Project; and that such dwellings or dwelling units available or to be made available to such displaced individuals and families are at least equal in number to the number of displaced individuals and families, are not generally less desirable in regard to public utilities and public and commercial facilities than the dwellings of the displaced individuals and families in the Project Area, are available at rents or prices within the financial means of the displaced individuals and families and are reasonably accessible to their places of employment.

4. That it is hereby found and determined that the objective of the amended Urban Renewal Plan cannot be achieved through rehabilitation of the Project Area.

5. That it is hereby found and determined that the amended Urban Renewal Plan for the Urban Renewal Area will afford maximum opportunity, consistent with the sound needs of the locality as a whole, for the Urban Renewal of the areas by private enterprise.

6. That in order to facilitate the implementation of the amended Urban Renewal Plan hereby approved it is found and determined that certain official action must be taken by the Municipal Council of the City of Newark, and accordingly, this Municipal Council hereby (a) pledges its cooperation in helping to carry out such Urban Renewal Plan; (b) requests the various officials, department, board and agencies of the locality having administrative responsibilities in the premises likewise to cooperate to such end and to exercise their respective functions and powers in a manner consistent with said Urban Renewal Plan; and (c) stands ready to consider and take appropriate action upon proposals and measures designed to implement said Urban Renewal Plan.

7. That it is hereby found and determined that the financial aid provided and to be provided pursuant to contracts for federal financial assistance pertaining to the Project is necessary to enable the project to be undertaken in accordance with the Urban Renewal Plan for the Project Area.

8. That the amended Urban Renewal Plan for the Project having been duly reviewed and considered, is hereby approved, and the City Clerk be and is hereby directed to file said copy of the amended Urban Renewal Plan with the minutes of this meeting.

9. This Ordinance shall take effect upon final passage and publication in accordance with law.

That the Housing Authority of the City of Newark be and is hereby designated, constituted, authorized and empowered to act as the agency in and for the City of Newark and throughout the limits thereof for the purpose only of carrying out acquisition/demolition/and site clearance functions for Block 30 in Newark, New Jersey.

Section 2. That the Director of Engineering is hereby authorized to enter into this Acquisition/Demolition/Site Clearance Agreement, commencing within 10 days following execution of this agreement with the Housing Authority of the City of Newark for performing the conditions set out in the grant from the State of New Jersey, Department of Transportation. A copy of said agreement is annexed hereto and made a part hereof.

Section 3. That the Director of Engineering is hereby authorized on behalf of the City of Newark to execute the agreement attached hereto and made a part hereof in an amount not to exceed \$1,400,000.00.

Section 4. An executed copy of the aforesaid agreement shall be filed with the Office of the City Clerk by the Director of Engineering.

Section 5. This Ordinance shall take effect after final passage and publication in accordance with law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE AUTHORIZING THE MAYOR AND THE EXECUTIVE DIRECTOR OF MPDO/CDA TO ENTER INTO AN AGREEMENT WITH THE NEWARK REDEVELOPMENT AND HOUSING AUTHORITY TO USE THE PROCEEDS FROM THE ST. MARY'S SITE TO ACQUIRE THE ST. LUCY'S SITE PHASE II FUNDS BEING PROVIDED FROM THE NEWARK REDEVELOPMENT AND HOUSING AUTHORITY," (6-S & F-e) ADOPTED MAY 5, 1982; AND SITE CLEARANCE OF PROPERTIES DESIGNATED TO BE IN THE ST. LUCY'S PHASE II PROJECT.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

October 20, 1982

WHEREAS, the City of Newark submitted an application and received approval for a grant under Title I of the Housing and Community Development Act of 1974, amended, 42 USC 5301, P.L. 93-383, for assistance in Housing and Community Development activities for the City of Newark as authorized by the Municipal Council (Res. #7RB 012880, Res. #7RH 062680); and

WHEREAS, the Newark Redevelopment and Housing Authority of the City of Newark, pursuant to statutes and appropriate ordinances of the City of Newark, has been heretofore duly designated as the agency for the purpose of carrying out land acquisition and clearance, relocation, land disposition and other related activities pursuant to ordinances and statutes of the City of Newark and the State of New Jersey; and

WHEREAS, the Newark Redevelopment and Housing Authority has proceeds from the sale of St. Mary's site in the sum of \$692.885.00; and

WHEREAS, the Mayor and the Executive Director of the Mayor's Policy and Development Office/Community Development Administration (hereinafter referred to as M.P.D.O.) have entered into an agreement with the Newark Redevelopment and Housing Authority to authorize the Authority to utilize the proceeds from St. Mary's sale to acquire the St. Lucy's site, Phase II; and

WHEREAS, as part of this agreement the sum of \$117,760.00 has been allocated to demolition and site preparation of the properties located within Blocks 475, 476 and 477 on the Tax Map of the City of Newark; and

WHEREAS, the City of Newark has undertaken to demolish and will in the future demolish certain buildings within Blocks 475, 476 and 477 which have been and are in need of demolition due to their extremely dilapidated and dangerous condition; and

WHEREAS, the buildings which the City of Newark have demolished and will in the future demolish, located in the Blocks 475, 476 and 477, have previously been scheduled for demolition by the Newark Redevelopment and Housing Authority; and

WHEREAS, the Mayor and the Executive Director of the Mayor's Policy and Development Office/Community Development Administration (hereinafter referred to as MPDO/CDA) desire to amend its earlier agreement with the Newark Redevelopment and Housing Authority to reimburse the City of Newark, from the monies allocated in the contract for the demolition which it has incurred and will in the future incur to demolish certain buildings located in Block 475, 476 and 477 which buildings have been previously scheduled to be demolished by the Newark Redevelopment and Housing Authority pursuant to this contract.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL FOR THE CITY OF NEWARK, NEW JERSEY THAT:

Section 1. Attached hereto is an executed copy of the original Acquisition, Demolition and Site Clearance Agreement between the City of Newark and the Newark Redevelopment and Housing Authority ratified and approved by City Council on May 5, 1982.

Section 2. The Mayor and The Executive Director of the Mayor's Policy and Development Office are hereby authorized to enter into this amendment to this Acquisition, Demolition and Site Clearance Agreement, executed December 1, 1981, with the Housing Authority of the City of Newark for the reimbursement of the demolition costs incurred and to be incurred by the City of Newark in Blocks 475, 476 and 477 of the City of Newark and previously scheduled for demolition. A copy of said Amendment to the contract is annexed hereto and made a part thereof.

Section 3. The abovementioned amendment to the agreement is ratified from the period commencing December 1, 1981 until the effective date of this ordinance, and approved from that date to December 1, 1982.

Section 4. An executed copy of the aforesaid amendment shall be filed with the Office of the City Clerk by the Executive Director of the Mayor's Policy and Development Office.

Section 5. This Ordinance shall take effect after final passage and publication in accordance with the law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

Councilman Martinez said this seems to be another ordinance submitted to us that causes division amongst the Council. He asked if there was any way Council could defer and have discussion on it prior to the next meeting.

Councilman Carrino said there should not be any problem pitting the West Ward against the North Ward. Money was allocated to the West Ward to complete a project. The project was completed with his vote as one of the Councilmen who voted for it. However, there is money left over from that project and the next project that is ready to get started happens to be in the North Ward, the St. Lucy's project. The money that has been allocated for St. Mary's in the West Ward has been expended and there are residuals from that project and the next project that is supposed to get started is a project in the North Ward. This is something we have done on numerous occasions before. It was never done as far as an ordinance before and he does not know why all of a sudden they have become ordinances. Everytime a project is completed whatever is left over from the acquisition and the relocation and demolition is then turned over to the project next to be started. In all fairness to Councilman Rice, the same reason he wants to hold up is the same reason Councilman Carrino wants to get started. St. Lucy's Phase II is ready to go and they do not have the money to acquire and demolish the land that is supposed to be developed.

Councilman Rice said after he left the Administration building last night, he spoke to some folks and the information he received at the pre-council conference in reference to these monies and the process is not the same information he received from people involved with that process who have good knowledge. He said his understanding is that St. Lucy's could not meet, going back those years, some of the requirements of Phase II and it was not monies, because if they had met those requirements, acquisition, etc., his understanding was monies would have been found at that time. These are not the monies that are alleged to be. Until he can get the information that he has requested, he thinks in the interest of the people, his constituency, the people in the City of Newark, also the people in the North Ward Community, we need to defer this ordinance and discuss it.

Councilman Tucker said when Mr. Chranewycz met with Council at the pre-meeting conference, Councilman Tucker raised the question about the process of transferring funds in the past. He has tried to get an inclination of what has been happening to funds that the City Council has appropriated to the Housing Authority for acquisition, demolition and relocation. He said it should be clear that City Council has never been in receipt of any balances from the Housing Authority on any redevelopment effort. He said he respects what Councilman Rice is talking about and he assumes that his conversation was directly with Administration in regard to projects that are ready to go and transfer of funds. He said this Council has never voted on a transfer of funds from one project for acquisition demolition and relocation that the Housing Authority has been in receipt of. Mr. Chranewycz, at the pre-conference meeting, indicated he had submitted those reports dealing with carry-over balance funds to Mr. Ron Jean and if we wanted a copy of those reports all we had to do was ask Mr. Jean or send him communication and he would inform us of what carry over balances were left, not just from St. Mary's site but all sites we have given them funds for. He said he has no problem dealing with the reality that we need that additional information.

559

Councilman Carrino said what Councilman Tucker is saying is very correct. However, because one of them has finally done right, is that the one to be punished. They are reporting there is money that can be transferred to another site, they are finally doing what is supposed to be done, so does that mean the St. Lucy's site has to be punished because something has been done right for a change. He is asking this ordinance be adopted and we still get the information from Ron Jean to find out what other projects money has been transferred from and to in the past, but there is no reason for something that is being done correctly to be punished.

Councilman Rice said he wants the North Ward residents and his colleagues to know that he supports all projects in the City of Newark as well as the citizens and also works in the best interest of his ward and his constituency and he is not here to punish anyone or any project doing right. He said he thinks we should defer and get more information in terms of dollars.

Councilman Carrino said he respects the Councilman from the West Ward and he hopes he respects why he has to do what he has to do for the same reason he is doing what he has to do. He said the vote should be taken and whatever way the vote goes, then he will abide by it.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Carrino. There was no second to the motion.

A motion to close the hearing and defer action on the ordinance was made by Councilman Rice, seconded by Councilman Tucker and failed of adoption by the following votes:

Yes: Councilmen James, Payne, Rice, Tucker.

No: Councilman Carrino.

Not Voting: Councilmen Branch, Martinez, Villani, President Grant.

President Grant directed the City Clerk to move expeditiously in requesting detailed information on how much money has been received for disposition and transferred to fund acquisition for other housing development within the City of Newark; further directing the City Clerk to invite Business Administrator Hill, Mayor's Policy and Development Office Interim Executive Director Ron Jean and Mr. George Chranewycz, Acting Director of Redevelopment, Newark Redevelopment Housing Authority to the Special Conference, October 26, 1982.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE ESTABLISHING A MAXIMUM NUMBER OF POSITIONS FOR CERTAIN TITLES IN THE UNIFORMED SERVICE OF THE POLICE DEPARTMENT OF THE CITY OF NEWARK, NEW JERSEY.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That the maximum number of positions for each of the below listed titles in the uniformed service of the Police Department of the City of Newark shall be established as follows, to wit:

<u>POSITION TITLE</u>	<u>MAXIMUM NUMBER OF POSITIONS</u>
Deputy Police Chief	13
Inspector	13
Captain	30
Lieutenant	126
Sergeant	132
Police Officer	1522

October 20, 1982

560

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position titles and number of positions which are inconsistent herewith, as hereinabove set forth, are hereby repealed.

SECTION 3. This ordinance shall become effective upon final passage and publication and in accordance with the laws of the State of New Jersey.

SECTION 4. The maximum number of positions established herein for each title shall be effective as of October 1, 1982.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give his name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, Villani, President Grant.

No: Councilman Payne.

President Grant: The yeses are eight and the noes are one. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on November 3, 1982.

#### ORDINANCES ON SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on second reading and final passage.

#### 6-S & F-m.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. The ordinance was amended and the amendment was advertised in accordance with law and a public hearing on the amendment was held thereon. The ordinance, as amended, is now before you on second reading and final passage:

#### AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF RECREATION AND PARKS AND ESTABLISHING SALARIES THEREFOR," (6-S & F-i) ADOPTED MAY 4, 1977 AS AMENDED AND SUPPLEMENTED. (TO ADJUST THE SALARY OF SUPERINTENDENT OF RECREATION)

(Superintendent of Recreation

(40 Hours)

1/1/82

\$18,939.90 - \$23,021.25)

(Copy of ordinance and correspondence submitted to each Member of the Council)

(Public Hearing Closed)

A motion to adopt the ordinance, as amended, on second reading and final passage was made by Councilman Tucker, seconded by Councilman Rice.

Councilman James said there was a sign at the Recreation Department saying "Closed" and there was glass, bottles, debris and graffiti all over. He said it was a horrible sight and he would like to address a letter to the Superintendent of Recreation questioning how they can close a playground where there is paddle ball, basketball courts, a concrete track. He said people are using the park anyway and when you put up a sign saying "Closed" you are inviting loitering and drinking. He remarked there were almost a thousand beer and wine bottles all over the grounds of this facility and he opined it was a disservice to a recreational facility when we put up a "Closed" sign. He stated what we are saying to the undesirable element is "We are closed, come in, we are not going to be here, we are not going to supervise it, we are not going to look after it." He stated the County does not put up signs saying "Closed" at Weequahic Park or Vailsburg Park for the winter. The County does not close any of the parks. He requested a letter be sent asking why they put up a "Closed" sign and if the facility is closed, do they reduce the personnel who are working.

561

Councilman Payne questioned if this was a new position.

Chief Accountant Fitzsimons stated this is a 5% increase. This ordinance previously had the years 1983 and 1984 in it, but was amended by deleting those years.

Councilman Payne said he would like to see a recreation program.

The motion to adopt the ordinance, as amended, on second reading and final passage was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Rice, Tucker, Villani, President Grant.

No: Councilmen Carrino, Payne.

Not Voting: Councilman Martinez.

President Grant: The yeses are six and the noes are two and one not voting. This ordinance, as amended, having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

At a later time in the meeting Councilman James requested to change his vote from the affirmative to not voting.

A motion to adopt the ordinance, as amended, on second reading and final passage was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Rice, Tucker, Villani, President Grant.

No: Councilmen Carrino, Payne.

Not Voting: Councilmen James, Martinez.

President Grant: The yeses are five and the noes are two and two not voting. This ordinance, as amended, having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

(Ordinance tabled September 15, 1982)

(Ordinance removed from the table October 6, 1982)

President Grant called for those desiring to be heard on the amendment to approach the rail, give their name and address and be heard.

MR. MURRAY H. EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to where the money for this particular position was going to come from.

Councilman Tucker said this is on the transfers of H.C.D.A. people and he believed in the adoption of the 1982 Budget these persons were basically budgeted for a period of six months. The reason you do not see them directly as a budgeted figure is that you have funds that are either in the Unclassified portion of the budget under contingencies and salaries. If the Council, in its wisdom, feel they want to approve this position he assumed Mr. Banker would have to come up with a budget insertion transferring the funds from an Unclassified portion of the budget into the Office of the Mayor, Personnel.

Councilman Carrino stated this is for three positions, not one.

Councilman James said he believed Councilman Carrino had raised a valid point. The only question is the public is not aware of how many positions are being created and he poses this to the Members of the Council. He said Council needed to explore showing how many actual numbers there are in some of these positions that are being created. He said we need to clarify that for the public's consumption in the future. He said he would like the City Clerk's Office to give this Council some feedback on this.

Councilman Tucker said once this Council adopts the ordinance dealing with the names of the individuals this problem will be rectified as it will be printed directly in the paper. He said he believes the Corporation Counsel has indicated that he believes it is an infringement on Administrative prerogative. He said we should understand this ordinance deals with three positions - Barbara Sachs, who is a non-Newark resident who represents the City and the State on a State level; Helen DeMyrick who works directly in the Mayor's Office and Mike Rodriguez. Those are the three people whose positions are referred to in this ordinance.

Councilman Martinez questioned Assistant Corporation Counsel Mendez if it would be illegal to take this ordinance and divide it into three parts calling it Aide to the Mayor 1, 2, 3 and changing the salary of each by \$1.00.

Assistant Corporation Counsel Mendez said it is up to the City Council how they want to vote on an ordinance and he opined if there was any legal issues involved he could not answer them at this time. He said it should be submitted to the Law Department to do some research if they are concerned with any legal issues especially with the procedures you want to use.

Councilman Martinez asked if the Assistant Corporation Counsel was saying that if there was a move made by this body to separate this ordinance into three categories making \$1.00 difference that it could be done and there would be another Public Hearing based on the three positions for the three individuals at that \$1.00 difference.

Assistant Corporation Counsel Mendez responded that was correct.

President Grant said Councilman Martinez was proposing that since there are three positions being mentioned that we decrease each one by \$1.00 so that they represent themselves in three separate fashions. He said it is also good to keep in mind that this not a Councilmanic request but a request from the Office of the Mayor and no doubt it is our prerogative to move in this fashion, but he does not know what Council would accomplish by changing it in this fashion.

Councilman Martinez said he aimed to eliminate some of the confusion. He said there would be three different ordinances, three different individuals and three different salaries at a \$1.00 difference.

A motion to amend the ordinance by separating it by \$1.00 for the 3 individuals involved was made by Councilman Martinez. There was no second to the motion.

No one else appearing, a motion to close the hearing on the amendment and defer action on the ordinance was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani,  
President Grant.

No: Councilman Carrino.

The City Clerk read A BOND ORDINANCE PROVIDING FOR VARIOUS SCHOOL IMPROVEMENTS IN AND BY THE CITY OF NEWARK, IN THE COUNTY OF ESSEX, NEW JERSEY, APPROPRIATING \$9,088,000 THEREFOR AND AUTHORIZING THE ISSUANCE OF \$9,088,000 QUALIFIED SCHOOL BONDS TO FINANCE THE COST THEREOF.

(Copy of ordinance and correspondence submitted to each Member of the Council)  
(Ordinance rejected by the Mayor October 18, 1982)

The City Clerk stated the question before the Council is "Shall the Municipal Council override the Mayor's veto of "A Bond Ordinance providing for various school improvements in and by the City of Newark, in the County of Essex, New Jersey, appropriating \$9,088,000 therefor and authorizing the issuance of \$9,088,000 qualified school bonds to finance the cost thereof?"

The City Clerk read the following veto message from Mayor Gibson:

October 18, 1982

To: Frank D'Ascensio, City Clerk

Re: Rejection of Ordinance 6S&FN 100682

Enclosed please find ordinance 6S&FN100682, which I have chosen to veto. My rejection of this action is not based on any question as to the need for capital improvements within Newark schools, but rather on the question of the municipal governments authority to take this action. Based on the opinion of both the City's bond counsel and our own Corporation Counsel, when the voters of this City chose to change our school district from "Type I" to "Type II", they effectively eliminated the authority of the City to approve capital authorizations. To enact legislation which is both outside our legal authority and is contrary to the voters wishes is to make a mockery of the laws under which we operate. I must therefore exercise my rights to veto this ordinance.

Kenneth A. Gibson  
MAYOR

dn

A motion to override the Mayor's veto was made by Councilman Tucker, seconded by Councilman Branch.

Councilman Tucker said this matter was discussed with representatives of the Corporation Counsel at a pre-meeting conference and we are knowledgeable of the fact that we have gone through the change from the Type I to Type II District. He said he is hopeful with the presentation made by Assemblyperson Mildred Barry Garvin that that new piece of legislation which will in effect maintain the Board of School Estimate and also maintain the bonding capacity that we have subsequently approved before the referendum on the change will go through. If it does not go through, it may very well mean that if we are concerned about two schools, Lafayette Street School and Quitman Street School, we resolved we would have to take the Board to Court and the only way we would have standing in Court was to approve this ordinance and fight to insure those two schools are rehabilitated. He said this is not a matter of overriding the Mayor, it is a matter of getting into Court to force the Board in order to fix those two roofs. That is the issue he is moving toward in overriding the Mayor's veto.

The motion to override the Mayor's veto of this ordinance failed of adoption by the following votes:

Yes: Councilmen Martinez, Rice, Tucker, Villani, President Grant.  
No: Councilmen Branch, Carrino, James, Payne.

President Grant said as a matter of clarification what Councilman Tucker is attempting to do is to indicate that the Council is very strong in favor of trying to force the issue so that we could get into the school system to make some necessary and needed repairs. In overriding the Mayor's veto we understand the legal implications but it is to further foster and force that activity so that we can do exactly what it is we want to do, that is, to make those repairs.

At this time Councilman Branch and Councilman Payne requested to change their votes from the negative to the affirmative.

The motion to override the Mayor's veto of this ordinance was made by Councilman Tucker, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Martinez, Payne, Rice, Tucker, Villani, President Grant.  
No: Councilmen Carrino, James.

The City Clerk: The Mayor's veto of this ordinance is overridden. This ordinance will be advertised according to law.

HEARINGS OF CITIZENS.6-HC-a.

MR. MURRAY H. EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY addressed the Municipal Council with respect to two concerns. He said he had forwarded a communication to the Council in regard to establishing a Council Citizens Advisory Committee to serve without pay to determine the dollar value of Newark payroll tax and property tax which are currently exempt from payment in the City of Newark, a committee on which he volunteered to serve. His second concern was the freezing of the growth of Criminal Rehabilitation and Drug Rehabilitation resident program centers in the Lincoln Park Area. He requested that Council resolve this affirmatively and communicate the resolution to the proper Departments in Trenton as well the proper City Departments. He mentioned that in late 1982 or early 1983 the Lincoln Park Area will be designated as a National and State Historic District and its reputation is being affected by this potential growth of expansion. He said he is asking if the Council has had any discussion on these two proposals and what action Council intends to take.

Councilman Martinez said he had met with Mr. Edson about two months ago and Mr. Edson addressed these same concerns at that time. He said the question was addressed to the Corporation Counsel if tax exempt groups pay payroll tax and the answer was that they do.

Mr. Edson said tax exempt people such as CHAD School, Community School of the Arts, Integrity, Inc., C.U.R.A. do not pay Newark payroll taxes.

Councilman Martinez responded that they do pay payroll tax. As far as the other tax exempt Corporations most of them are done by State Statute such as Port Authority, Churches, Schools. That is out of our control. He said Mr. Edson was watching a shrinking tax base and watching a growing drug program in the area of Lincoln Park. He saw Integrity House buy three homes, probably valued at around \$80,000. or \$90,000. a piece receiving Federal and State dollars. Now a new building is being purchased by Integrity House. Again it was a concern of the Community that Integrity House, C.U.R.A. and other drug programs were getting rich on the dollars of other taxpayers. We had Mr. Bradley do an investigation of what kind of property taxes we were losing, but that study was never completed. He said the suggestion of a Citizens Advisory Group to the Governing Body that would report to the Governing Body, at no pay, and certainly there are not too many people who are willing to sacrifice their time and their efforts for no dollars. We should ask people like Mr. Edson to do anything to help us because 1983 will be a serious year to the taxpayers of the City of Newark. He said that perhaps at the Special Conference on October 26, 1982, Council could choose six people from different wards who are available to volunteer their services and see what kind of support we could get to get people to help us.

President Grant said he would take that under advisement and at the Special Conference propose that to the entire body and take a vote on it.

Councilman Payne asked if there had been any problems with the current residents and also if the area would have been in better shape had these groups not been there.

Mr. Edson responded that if Integrity and C.U.R.A. had not been in the Lincoln Park Area, this area would not be as well preserved as it is today. He said they have done a good service to the City of Newark by their presence, but he does not want them to continue to grow.

Councilman Rice said he does not totally agree that it would be in a worse condition, in fact, it may be in the same or better condition. Because of the geographic location, Developers or other folks, particularly because of its historic nature, once they get those bars off the corners, would look at it. He said he understands the plea, as it is no different than the West Ward plea in terms of the Mental Health Halfway House. There is such a thing as fair share. If there has been any development at all in the Lincoln Park area that is for the good of the community, he thinks there is such a thing as not creating an overflow. He said there is a problem in the West Ward with Halfway Houses coming all around us and there have been incidents, but because there haven't been a greater number of incidents, it does not mean we are going to keep pushing their

October 20, 1982

luck. He thinks Council could take his colleagues suggestion and get community people to assist in some type of committee because he does not think we are getting enough information from the State or we have not requested enough from the Legal Department. It will take some in-depth research and may take actually going to the Governor and fighting the State before somebody says that is enough for that area, but we cannot afford to sit and watch those halfway houses go throughout the total community.

Councilman Tucker said his presentation at the last meeting indicated the whole question of expansion. Since then he has talked with Mr. David Kerr, Executive Director of Integrity House and Mr. Oswaldo Fierro of C.U.R.A., and we should put on the record those agencies are attempting to expand their activities, but he thinks the Council in 1972 set into motion the process to deal with that. That application for expansion is currently before the Board of Adjustment and the Board of Adjustment has to grant a variance for the location of every new drug rehabilitation program. His concern with dealing with this issue is that he believes that this Council, at this point since an application has been filed, a hearing has been set before the Board of Adjustment, should hold up until such time as a determination has been made by the Board of Adjustment in that regard. He said there are two applications currently pending.

Mr. Edson said he has 244 signatures to present to the Board of Adjustment against the installation of two trailers at 73 Lincoln Park. He said he was not aware Integrity had filed with the Board of Adjustment and that he is within 50 feet of 43 Lincoln Park.

Councilman Tucker said before a drug rehabilitation program can be established within any facility within the City of Newark, prior to them establishing that facility, they must get a variance from the Board of Adjustment. The houses that C.U.R.A. and Integrity presently hold were licensed and were established prior to the ordinance. The application pending is for the operation to be expanded. The City has already established a remedy and that is the Board of Adjustment. His concern is that Council should not get involved until the Board of Adjustment makes a decision.

President Grant directed the City Clerk to invite Mr. Edson to the Special Conference on October 26, 1982.

A motion to permit Ms. Priscilla Anthony to be heard under Hearings of Citizens was made by Councilman James, seconded by President Grant and declared adopted by President Grant by the following votes;

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-b.

MS. PRISCILLA ANTHONY, 720 SOUTH 19TH STREET, NEWARK, NEW JERSEY addressed the Municipal Council with respect to fire hydrants that have not been operating since the summer. She said that fire hydrants should be inspected more often and when a citizen reports a problem with hydrants, something should be done immediately.

President Grant said the process now is to have a representative from Administration present at the meeting so these complaints would be acted on as expeditiously as possible.

President Grant directed that Ms. Anthony's comments be forwarded to Mayor Gibson, Business Administrator Hill and Fire Director Caufield.

Councilman Tucker said he remembers in the past the Fire Department opening and checking the hydrants, but he has not seen a Fireman open a hydrant in the last eight years. He said we should be in receipt of a report from the Fire Director indicating what hydrants are not operating and the period of time the Water Department takes to repair them.

October 20, 1982

Councilman Rice said he concurs these hydrants should be done twice a year and certainly more than that. He would like to go on record to say that citizens in the City of Newark have been penalized with heavy fines in so many instances because they do not have what the Fire Director has been promoting throughout the State by newspapers and radio, that is smoke alarms inside the apartments; yet the same Department is negligent in providing the type of maintenance service for the hydrants. It is important to know that we can insist that people go out and spend their hard earned dollars to get smoke alarms in their apartment, we get the people out, only to have buildings burned down anyway and destroy lives in the adjacent buildings. He said it seems to him there contradiction in the philosophy of the Fire Department and he would hope they would start penalizing themselves for not dealing with the fire hydrants.

Councilman Payne said he agreed there should be inspections of the fire hydrants. He was at a meeting in the summer with the Fire Director and the Fire Chief. He spoke to the Fire Director about the fire hydrants and he said he never saw fire come out of the hydrant which meant that it was not his responsibility. He said he thinks the Fire Director's point was a good one. He said we need to check to see whoever's responsibility it is and to check to see if they are functioning. He said these remarks should also go to the Maintenance Department who are responsible for repairing it.

Councilman Branch said the people have a certain responsibility of inviting the elected officials to their communities to talk about issues and some of the problems can be resolved and come up with alternatives to deal with these problems. He said you should call our attention to these meetings so we can have an exchange of dialogue and come up with things to correct some of the issues that exist in the community.

Ms. Anthony said she thinks we should have accountable people in positions. When a citizen reports a non-working fire hydrant, it should be taken care of. She said she has invited representatives to their meetings. She said she does not believe one individual Councilperson who represents a certain ward, the total responsibility of the entire Ward should lie on him. She said it is the responsibility of the entire Council and she would hope they would go to the proper sources.

RESOLUTION AUTHORIZING DIRECTOR OF ENGINEERING TO PREPARE AND ADVERTISE FOR  
RECEIPT OF BIDS FOR STREET SWEEPING SERVICES FOR APPROXIMATELY ONE-THIRD OF THE  
CITY.

(Copy of resolution and correspondence submitted to each Member of the Council)

(Resolution tabled August 11, 1982)

(Resolution removed from the Table October 6, 1982 and directed to place  
on the October 20, 1982 Calendar)

A motion to adopt the resolution was made by Councilman Martinez, seconded  
by Councilman Payne.

Councilman Rice said he would like to go on record that he is not going  
to vote for this and he reiterated once again that he cannot see in good  
conscience how we can vote on contracts for basic services that Newark citizens  
who are unemployed or will be laid off if these contracts go through in many  
cases. He said we should start straightening up some of these Supervisors and  
Directors and compel them to work or get rid of them and hire some other folks.  
He said if the Mayor would take the attitude of hiring and firing, like  
private contractors do, we could get the people in the unemployment lines to do  
these jobs. He said he thinks it just takes more supervision and the Council  
should be out taking a look at what is happening in the Wards in the City,  
calling these bosses out on the spot and standing them up. He cannot see this  
Council taking street cleaning jobs, sanitation, and contracting those  
type of jobs out to contractors, in most cases to contractors outside the City.  
The one thing poor people can do is get down on their hands and knees and scrub  
and push brooms. He wants the public to know he will not support laying off  
poor folks, no pay folks, nor would he support contractors coming in and taking  
those jobs away. He does not want these contractors in the West Ward. He wants  
Newark citizens to clean up his ward.

Councilman Martinez said in 1974 they used to keep a running tally of  
complaints and the heaviest complaints he received were in regard to Sanitation  
Department, garbage collections, etc. In 1977-78 The City of Newark purchased  
new equipment. Within one week there was over \$100,000. worth of damage  
according to the Mayor's report. One new truck had sugar poured into the gas  
tank and ruined a diesel engine. Ice picks were put into garbage trucks so  
they could not make their second pick up causing more delay and more destruction  
and more harassment to the rest of the citizens of Newark. When the private  
contractors came into the City of Newark, they took an area that was being  
serviced by Newark employees, 100 employees, 27 trucks. That same area is now  
being serviced by the private sector, with Newark residents, with only nine  
trucks and 33 people, one-third of the work force. He said the improvement  
of the Sanitation Department has been excellent. He said he does not have any  
more complaints with the Sanitation Department with garbage pick-up, but there  
are many complaints on street cleaning. There are many areas of the East Ward  
that have been virtually uncleaned and unswept and he would say that probably in any  
area of this City there are complaints of street cleaning service provided by  
the City of Newark Street Cleaning Department. Any person in this room, any  
Elected Official, can go up to Victoria Street and see five or six or seven  
brooms broken down which means the fleet we have cannot totally clean the  
district. It takes 15 brooms to clean a district. He said he believes the  
private street cleaning venture will form competition, we will do it at less  
cost and he said if any colleague does not want private contractors in their  
ward he will take them in his Ward. He said it will be an incentive to the City  
employees. No one wants to see layoffs. When Sanitation contract was approved  
there was not one person laid off. The Contractor offered the employees a job,  
but not one person from the Sanitation Department, even though the Contractor  
was going to pay more money, wanted to work for the private contractor, because  
he knew if he did not do his job he would be fired. This does not happen in  
the City of Newark. Until someone can prove to him that the City Sanitation  
Department and Street Cleaning Department can go out and do a job like they are  
supposed to do, he is for competition, decreased costs and for getting better  
services for the Newark residents.

Councilman Payne said he is totally disheartened with lack of City services.  
He said calls come in daily from the South Wards on the streets not being swept.  
He said he wants the residents of the City to get essential City services. In  
the South Ward they are not getting them so far as it relates to the cleaning  
of the streets. He said he will accept them in the South Ward, because what we  
have right now is not working.

Councilman Rice said he too wants services for the West Ward and the people of the City of Newark. He said for whatever reasons those private contractors work best in the South, East and North Wards, in the West Ward they are not performing. He said he would challenge anyone to get behind the Orange Truck picking up garbage and you find no difference. His question is, if the contractor is doing such a good job, the question is why when the private contractor came before the Council at a pre-conference meeting and he raised the question of why his employees worked better than the people who live in the City, he clearly indicated because if you do not work for him, he would fire those individuals who were not doing the job. His position is the taxpayers deserve more, but by the same token until we get industry back, we need to stop contradicting what we are saying we need to employ as many people of the City of Newark that we can. Those of us sitting on the City Council are going to eat this winter and we will have heat, but there are folks in the Administration because of those contracts, regardless of what you say will be laid off in some kind of way, whether it be a transfer to another department and given a pink slip. He wants to make it clear he is for City services and he feels Administration should fire some folks and then hire some folks. When you look at the equipment and at what is taking place in Administration, we have people in Administration purchasing equipment and they do not know what they are doing in terms of buying. He has talked to the people who drive the machines. He has looked at the equipment. He has seen the type of tires. He was shown that the equipment could not be damaged as easily as it is alleged to be by the Department of Engineering. He said he is not going to sit back and have some Director who is a good salesperson for some outside contractor, come before the Council, at the expense of the West Ward residents.

Councilman Tucker said that most of us are knowledgeable that the Central Ward is the most densely populated ward in the City. He assumes Council knows the Central Ward will not be in receipt of garbage contract services. He said the line covers entirely the South Ward and the East Ward in its entirety and all other Wards are not covered.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Villani, President Grant.

No: Councilman Rice.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Payne, seconded by Councilman Martinez;

Councilman Tucker questioned if there could be an amendment made to this resolution. He said we have never been in receipt of any report from Real Property indicating what they have done with monies that we have given them on other contracts. He said this allows them to expend \$1,000. on different pieces of property. He said he does not deny the fact they need the money, but he believes it is prudent for Council to ask what they have done with the money given to them in the past. He said he would like to know what piece of property they are going to spend \$1,000. on and he does not feel it is an undue request.

Councilman Martinez questioned if this resolution could be separated, one to move for approval of the ratification and one to defer the second part until this information is submitted to us by Office of Real Property.

Councilman Payne requested to withdraw his motion and Councilman Martinez requested to be removed as seconder to the motion.

Councilman Tucker said if Council is amenable to approving this resolution and we are talking about splitting it, let us split what the future brings, not ratify the past, since we do not know what they did.

Councilman Payne said he has some questions about the accountability of the jobs that are done and he thinks that we need to have the inspectors who are supposed to say the work was done and done well come before this Council, because he does not know who checks the checker who said there was \$1,000. worth of work done and whether it was done properly. He said he thinks it is a losing system. He said he knows there must be repairs done to City-owned property, but he was not sure about the checks and balances that go on and he further stated he is not alluding to the fact that every contractor is not honest or doing what he is supposed to do. He said he would like it shown to him what kind of check and balance system they have. He said he has never seen a list of suspensions or firing because of lack of a proper job being done, so he assumes that the same thing moves into this area. He requested some clarification on this.

A motion to defer action on the resolution and directing the City Clerk to communicate with Assistant Business Administrator Banker requesting a full and comprehensive report of past and proposed vendors' history and track record providing general contracting and plumbing services to City-owned residential and commercial structures as well as the total expenditures during 1981 and 1982 by contractors was made by Councilman Branch, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

(ADMINISTRATIVE AIDE - DEPARTMENT OF ADMINISTRATION, OFFICE OF REAL PROPERTY - FIRST LEAVE BEGAN SEPTEMBER 7, 1979).

A motion to adopt the resolution was made by President Grant, seconded by Councilman Branch.

Councilman Rice said he assumes this is the same Mr. Lembo that is in charge of the Office of Real Property and also the same Mr. Lembo that indicated that in the past, there has been some problem with personnel and he could not really control them the way he should and if so he would like to indicate on record that he will vote no because a Director that tells me he can not properly direct his department and give information to folks that are in a position to do something about it at least to assist him, yet nothing is done, it seems to him they have the wrong person.

7-R-ca.      RESOLUTION BY THE NEWARK MUNICIPAL COUNCIL SUPPORTING QUESTION NUMBER 1 ON THE NOVEMBER 2, 1982 GENERAL ELECTION BALLOT, CALLING FOR A "FREEZE" ON ALL FURTHER TESTING, PRODUCTION AND DEPLOYMENT OF NUCLEAR WEAPONS.

A motion to adopt the resolution was made by Councilman James, seconded by Councilman Payne.

Councilman Martinez questioned if this freeze was for the entire world or just the United States of America.

Councilman James said there will be a press conference on Wednesday that they were going to start 60 commercials calling for a freeze in the entire world. He said if one of these bombs was dropped at Broad and Market Streets in this City everyone within a 1.6 of a mile would be killed instantly. Everyone within a 10 mile radius would suffer 30 degree burns and permanently injured, within 6 miles nothing could survive. Everyone asks if the United States would stop, what about Russia. He said Senator Kennedy best answers that when he simply stated "We are talking about two men sitting in a basement, knee-high in oil, each holding in their hands a lighted match threatening one another." We need some sanity in this world. We should be thankful during the Second World War when the question of chemical warfare came about, led by the then League of Nations, they proposed an end to the use of chemical warfare. He is sure at that time there were some nations which had a more vast stockpile than the United States, but the nations did agree coming to the conclusion that the continued use of nuclear warfare might be to the annihilation of civilization. He said that is where we are today.

President Grant stated that President Reagan has already indicated his preference for a non-freeze on nuclear weapons by appropriating \$1.6 trillion to the Department of Defense which was approved by Congress and the Senate.

Councilman James said if we were to come about with a nuclear war, it should be clear to us that the Trident submarine which costs billions of dollars, that cutback alone would put the ketchup back on the hamburger which was taken off by Reagan. It would restore many of the social cuts in welfare and most important aid to education. He said 6% of all minority persons who heretofore attended Universities of America are no longer there because of the reduction in aid to education. If we bring about this freeze, we can do many of the social programs this nation has been crippled with and has hurt many individuals.

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilman Payne said he is aware we want to improve the image of Newark and bring people out, but he is concerned with trying to get the people who live in Newark who want to come out in Newark and that should be the first step. He said that could be done by cleaning some streets, having additional policemen, revitalizing abandoned buildings. He said we could do this with the Public Relations Department of the City or the Council or with some of the outside agencies. He said we should not tax licensees, even if it is a small surcharge, to try to form a creation of a department.

Councilman James said he concurred with Councilman Payne, but he said it is commendable that we want to improve our image and try to invite citizens to Newark because all of us are tired of adverse publicity against the City of Newark.

The City Clerk presented PROPOSED "ORDINANCE TO AMEND TITLE 25, WATER, CHAPTER 3, RATES AND CHARGES, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY (1966), AS AMENDED AND SUPPLEMENTED". (REDUCTION OF WATER RATES BY 25%)

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion directing the City Clerk to place this ordinance on the November 3, 1982 Calendar of the Municipal Council for first reading was made by Councilman James, seconded by Councilman Tucker.

Councilman Martinez said he believes the public should be aware and it is commendable of Councilman James to want to reduce the sewer charges and probably every elected Official here would like to do the same, but we should be realistic. This would mean \$8 million which would be attached to somewhere else. He said maybe we should attach companion ordinances to the both of these and one should be let us reduce the taxes by 25% and maybe the other companion ordinance should be that everybody should live in the City of Newark for free - don't pay any taxes or water and sewer charges. He said we know there is a deficit at present in the budget of \$10 million. This increase of \$8 million would mean \$18 million. He asked who will pick up this deficit. It would certainly be picked up by 30% of the property owners. They are paying all of the taxes in the City of Newark today. If there is a realistic figure where you can reduce a water and sewer charge by 25% without creating one penny of an additional tax upon the property owners of the City of Newark he feels it is a commendable ordinance.

Councilman James said the reason we have not gone public on this because we asked if we could receive a fiscal report on the fiscal impact this would have on the budget. To date, we have not received this information. Mr. Fleming Jones appeared at the pre-meeting conference and attempted to talk off the top of his head about the amount of monies Councilman Martinez was talking about. We felt it was an insult to the dignity of the Council and we told him to produce the report in writing. This ordinance which is being proposed has always been proposed along the lines that we would review it upon receipt of its fiscal impact. We have not received the fiscal impact so we have not made any public pronouncement. We are simply keeping it before us on the calendar until such a report arrives. He said we have already approved over \$2 million in raises. He said maybe we could reduce the water rates with the \$2 million in the raises we gave. If we have money, if we can create jobs for our boyfriends and our girlfriends, then why not go to the people who put us up here and give them some reduction, make their burden a little less. He said upon receipt of a fiscal analysis we will make an intelligent decision.

Councilman Carrino said he would be glad to vote for both of these ordinances if Councilman James would have an amendment put on that would say that the property taxes for next year will not be increased one penny.

Councilman James asked if that meant no increases on taxes based solely on the water and sewer rates or no increases on taxes with greater scrutiny on salary packages, creation of new jobs, creation of new offices and other things.

Councilman Carrino said being elected responsible officials we could assume the property tax is going to increase next year so he would put in the amendment that no property taxes would be increased as the result of the 25% decrease in the water and sewer.

Councilman James said he is suggesting if we are irresponsible in other areas we should not then hold the public accountable for some expenditures.

Councilman Martinez said that he did not believe Councilman James was in the room when Mr. Banker gave the fiscal report and he made the indication of the \$10 million deficit. He made the indication of the \$8 million that would be decreased would be added on to the \$10 million deficit, but if an ordinance like this is approved this evening and printed in the paper tomorrow, certainly a lot of people will look and say our Councilmen are going to reduce our sewer and water rates by 25%. Then next year they are going to get their tax bills and it is going to go up to \$16. or \$17. and they in turn will say our Councilmen did not help us, they shafted us.

Councilman James said he would never want to take any action that would bring disgrace upon this Council, so he said he would like to withdraw his motion to move it to first and he asked the seconder to also do that and table this ordinance.

Councilman James requested to remove his motion to move this ordinance to first reading and Councilman Tucker requested to withdraw as seconder to the motion.

A motion to table the ordinance was made by Councilman James, seconded by Councilman Tucker and adopted by the following votes:

Yes: Councilmen Branch, James, Payne, Rice, Tucker, Villani.

A motion to adopt the resolution was made by Councilman Carrino, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Payne, Rice, Tucker, Villani, President Grant.

President Grant stated before this meeting is adjourned, he asked if there are Members of the Council who would like to take a look at the various ordinances before them and if there is a desire to change their vote from a nay to an aye because this information will once again appear and they keep "beating a dead horse". Either they are going to approve them this week or next week, or two weeks from now. It keeps their night calendar heavy and full, time consuming. If they don't want to deal with them at all they should be rejected and sent back and that is the end of them.

Councilman Rice stated it appears to him after conversations they had upstairs, just to play games, that's the point he was making. Either they are going to do something for the citizenry, Administration is going to support them and they are going to support Administration or they are going to keep lines drawing. It seems to him that something is lacking in the ingredient and he is going to keep tabs on how they move these ordinances because it is going to be interesting to see what the quid pro quos are and how serious they are about helping the people in the City of Newark and as far as he is concerned they can stay in limbo until the end of time.

Councilman Carrino said he doesn't think trying to cooperate with Administration in moving the City ahead has anything to do with the Councilmen's votes are concerned with the raises. He thinks some of them are voting no not because of an individual doing his job or not doing his job, but the fact that many of them realize that next year is going to be a very bad year for the Newark taxpayers. All of them want to see the Mayor and Administration move the City ahead, a vote for raises doesn't necessarily mean they are anti-Administration.

Councilman Payne said it is really difficult coming in at a the middle of the year, having a lot of information that has been held up previously, from what he understands this is a normal year at this point in time, these questions would have been solved but because it was a political election year, it is almost unfair for new Council people to have to be voting on budget items that should have been dealt with in his opinion. In the County they dealt with it in January and get elected and sworn in on July 1st, voting on these kind of issues the end of October, it seems to be a little out of place. It is difficult to use good judgement. They might have seen his vote fluctuate. What he did in many instances was vote for one of the two in a Department because he felt it was too much but there was a need for some kind of balance. He is going to have difficulty in trying to determine at this point who received raises, who didn't receive raises, it is just a kind of patchwork situation they are in during the end of the year. He thinks comes January, 1983, when a total budget is presented then perhaps some of the votes may look intelligent. At this time he questions the whole process and he really has a problem in making a realistic determination. He is opposed to unnecessary positions being around, he thinks they are going to have to cut, they are going to have to become prudent and he is going to expect this coming January, that Administration is going to have to come and they are going to have to show what is important, what is not important.

Councilman Tucker said he is not of the opinion to reject any of these. He is prone to reject those in Real Property but doesn't believe it is just Armand Lembo who is incompetent. He thinks they just have a whole bunch of people. His concern especially dealing with Real Property, they as a Council should move as quickly as possible to reorganize Real Property. At this point all they have dealt with was a statement of intent. They have not as a Council established a process where they would meet with the Mayor, or meet dealing with realtors, what have you. He knows he received a letter from the Business Administrator who indicated he is willing to meet with the Council on that issue. He doesn't believe they should be giving raises to positions in some cases are questionable they are going to exist if they really and truthfully follow on the reorganization of Real Property.

President Grant stated last Monday the Mayor met with the Council and indicated he was not opposed to the study of the abolition of Real Property. He thinks what has to happen now is that they have to call the Mayor back. He suggested that six months might be too long. He doesn't think they are too far off base in terms of coming to a decision.

Councilman James said this job can be frustrating. Maybe the Council ought to take target projects that they want resolved in the City and then draft a plan that they would jointly follow up. He thinks all of them are doing what they can individually and the real hurt is that they don't see much being done cohesively as a Body. Maybe in the near future they can take one problem, one issue and perhaps work collectively with that.

Councilman Branch said along with his colleagues, particularly the comments made by Councilman Payne, as a new Council Member, himself personally he didn't know the people presently working, their job responsibility, what have you. He felt that Administration could have provided information on the person working who was up for a raise. He feels he has a responsibility to work with all the Members of the Council and Administration. He is not here to fight against raises but wants to see people working for their money. He wants to feel that he is doing the right thing. He thinks they have to tighten up and Administration as well.

Councilman Rice concurred with Councilman James' remarks which he and Councilman Branch have been talking about for quite some time. He just feels, Councilman James, question the politics and the 9 of them can get together, organize or even plan.

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 2:23 P. M.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Martinez, Payne, Rice, Villani, President Grant, Acting City Clerk Archie Korngut, Acting Clerk of the Municipal Council.

Acting City Clerk Korngut read letter dated October 27, 1982, from His Honor, Mayor Kenneth A. Gibson, calling a special meeting of the Municipal Council for Friday, October 29, 1982, at 1:00 P. M., or as soon thereafter as the Council can convene to consider Resolution authorizing the submission of an Urban Development Action Grant (UDAG) by the Office of Planning and Grantsmanship. This application represents renovating the former St. Joseph Roman Catholic Church located at 229-233 West Market Street. Said property has been exempt from taxation and has been vacant and abandoned for several years. Proposed project will be developed by New Community Corporation, a private, non-profit minority-owned community development organization. This organization, which has developed over 1,500 units of housing for families and seniors, is proposing to renovate the former church and create 26,000 square feet of professional office space for physicians and establish an exclusive restaurant. The project has been estimated to cost \$1,900,000. and create 76 permanent jobs for Newark residents.

President Grant stated, "In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on October 27, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

President Grant recognized Doctor Robert J. Jenkins and Reverend Arthur S. Jones, who were sitting in the audience, and told them to come up to the podium so they could accept the resolutions which were passed at the October 20, 1982 regular meeting of the Municipal Council, which were in their honor.

7-R-x.

RESOLUTION RECOGNIZING AND COMMENDING DOCTOR ROBERT J. JENKINS FOR 50 YEARS OF OUTSTANDING MEDICAL SERVICE.

President Grant read the following resolution:

WHEREAS, Doctor Robert Jewett Jenkins is celebrating the completion of 50 years as a physician, and has spent most of those years in Newark's Central Ward; and

WHEREAS, Doctor Jenkins has faithfully followed his calling as a family practitioner, and has brought emotional as well as physical healing to thousands of patients who have sought his help; and

WHEREAS, Doctor Jenkins has repeatedly reaffirmed his commitment to the inner city, and has said that "I stayed no matter what changes took place because a real need for a physician remained"; and

WHEREAS, his alma mater, Meharry Medical College, has conferred a distinguished service citation on Doctor Jenkins, and the Medical Society of New Jersey has given him its Golden Merit Award;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby recognize and commend Doctor Robert Jewett Jenkins for his outstanding medical service during the last half-century, and for his steadfast adherence to the highest traditions of his profession, and does wish him many more years of productive practice.

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to Doctor Jenkins in remembrance of this happy occasion.

President Grant presented Dr. Jenkins with the resolution.

Dr. Jenkins thanked all the Members of the Council. He said he was pleased to be presented with such an honor and mentioned that he was shocked that he was selected by such a distinguished body for that particular honor.

(Councilman Tucker arrived at 1:35 P.M.)

Councilman Branch congratulated Dr. Jenkins and told him that he was proud of his services which he contributed to the City of Newark.

7-R-y.

RESOLUTION RECOGNIZING AND COMMENDING THE REVEREND ARTHUR S. JONES FOR MANY CONTRIBUTIONS TO THE COMMUNITY.

President Grant read the following resolution:

WHEREAS, the Reverend Arthur S. Jones recently retired as Executive Director of the Comprehensive Employment and Training Delivery System (CETDS) to devote more time to his ministry, his writing, and his community interests; and

WHEREAS, the employment programs under his leadership brought new skills and new hope to many unemployed Newarkers, and succeeded in training and placing 40,000 men and women in jobs, while bringing more than \$100 million in federal and state aid to Newark; and

WHEREAS, the Reverend Arthur Jones, upon first arriving in Newark in 1967, helped put the city's anti-poverty program on a sound footing, and later organized and directed the city's first full-service job program, Total Employment and Manpower (TEAM); and

WHEREAS, the Reverend Arthur Jones has served as President of the New Jersey Council of Churches, and continues to serve as Pastor of St. Mark's African Methodist Episcopal Church in East Orange and has written several books and plays;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby recognize and commend the Reverend Arthur S. Jones for his many contributions to the people of Newark, particularly the unemployed and downtrodden, and does wish him many more years of rewarding endeavor in the Newark area.

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to the Reverend Arthur Jones in remembrance of this happy occasion.

President Grant presented Reverend Jones with the resolution. He mentioned that Reverend Jones arrived in the City of Newark in 1967 and has been serving the City admirably ever since.

Reverend Jones thanked all the Members of the Council. He said it was a rare privilege for him. He went on to say he was extremely happy by the presentation because for the past fifteen years he has been associated with the Members of the Council. He said he had the utmost respect for them because they have tried to do the best for the City of Newark. He stated this represented a turning point in his career.

Reverend Jones quoted his favorite line by Robert Frost "I have miles to go before I sleep". He said he believed in this quotation, for he had many miles to go before he slept.

(At this time, President Grant and Councilman Branch excused themselves from the meeting for a few minutes)

(Ordinance tabled September 1, 1982)  
(Ordinance removed from the table October 26, 1982)

A motion to adopt the ordinance on first reading was made by President Grant, seconded by Councilman Branch.

Councilman Martinez requested that the City Clerk indicate, upon introducing each new title, whether or not the position was a new one; and whether or not it was a normal salary adjustment.

President Grant recalled a similar request was made at the last Council meeting. He stated he wanted the status of a particular piece of legislation to appear on the next Council agenda so that these discussions do not have to go back and forth.

Councilman Payne said he was at a disadvantage because he feels he does not receive the entire information of the legislation. Particularly to the people in the audience, the agenda means nothing to them. He suggested a plain language bill so everyone could understand what the Council agenda really means.

Councilman Tucker believed it was important to state whether or not a particular piece of legislation was for a new position. He said this was a raise for someone in the Office of Real Property; and he did not think services were being properly rendered from that office.

The motion was declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, Payne, Rice, Villani, President Grant.  
No: Councilmen James, Martinez.  
Not Voting: Councilmen Carrino, Tucker.

President Grant: The yeses are five, the noes are two and two not voting. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on November 23, 1982.

AN ORDINANCE PROVIDING FOR THE VACATION OF HOWARD STREET, AS LAID OUT 60 FOOT IN WIDTH ON THE MAP OF THE COMMISSIONERS, TO LAY OUT STREETS, AVENUES AND SQUARES, EXTENDING FROM THE NORTHERLY LINE OF MERCER STREET, NORTHERLY TO THE SOUTHERLY LINE OF SPRINGFIELD AVENUE.

631

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That all portion, part and parcel of Howard Street, as laid out 60 foot in width on the Map of the Commissioners to lay out streets, avenues, and squares, extending from the northerly line of Mercer Street northerly to the southerly line of Springfield Avenue, shall be vacated as a public street or right-of-way, however, reserving to the Public Service Electric and Gas Company and to the City of Newark the right of entry and easement for the entire length and total width of said street to be vacated for the purpose of relaying, rebuilding, reconstructing, or maintaining their respective electric and water and sewerage utilities and appurtenances thereto, now or to be laid, within the lines of said street. The erection, construction, or placing of any building vault or structure upon or within the above reservation which will interfere with the laying, relaying, rebuilding, reconstructing or maintaining of existing or additional electric, water and/or sewerage utilities and their appurtenances is prohibited and contrary to this ordinance.

All is as shown on a map prepared under the direction of this Council which map is known and designated as Map 1765-V dated 15 June 1982, and is hereto attached and made a part hereof. A copy of said map is on file in the office of the Director of Engineering.

Section 2. This ordinance is adopted under and by virtue of the provisions of Sections 40:67-1(b), 40:55-21.11 and 40:55c-72 of the Revised Statutes of New Jersey, 1937.

AN ORDINANCE APPROVING AN AMENDMENT TO THE URBAN RENEWAL PLAN FOR THE FAIRMOUNT URBAN RENEWAL PROJECT N.J.R.-72 (EIGHTH AMENDMENT)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

**634** WHEREAS, it has heretofore been found and determined by virtue of Municipal Council Resolution 7RJ adopted May 20, 1964 that the Project Area is a blighted area under Chapter 187 of the Laws of the State of New Jersey, 1949, as amended; and

WHEREAS, The Municipal Council of the City of Newark has heretofore by Resolution 7RB1 adopted August 4, 1965; 7RBD adopted March 20, 1968; 7RBD adopted April 16, 1969; 7RV adopted November 24, 1970; 7RCE adopted March 21, 1973; 7R-g adopted September 5, 1973; 7RBT adopted March 5, 1975; Ordinance 6S & F-D April 18, 1979 approved an Urban Renewal Plan and Amendment thereto for Fairmount Urban Renewal Plan (N.J.R-72); and

WHEREAS, it is necessary to further amend said urban renewal plan such amendment to consist of: (1) The vacation of Bruce Street between 12th Avenue and Cabinet Street; (2) a change in the area covered by the school and surrounding area of the City Block to be changed from public to intensive land use. This property will be added to the already existing land on the east side of Bruce Street, which is already designated for intensive business use; and (3) a change in south-easterly corner of Warren and Hudson Streets, formerly known as St. Joseph Roman Catholic Church, from semi-public use to intensive business.

WHEREAS, said Urban Renewal Plan complies with the requirements of all applicable state and federal statutes and regulations promulgated thereunder; and

WHEREAS, the Central Planning Board of the City of Newark has submitted to the Municipal Council its recommendation respecting the amended Urban Renewal Plan for the Project area and the Municipal Council has duly considered the recommendation of the Planning Board; and

WHEREAS, the Municipal Council is cognizant of the conditions that are imposed in the undertaking and carrying out of Urban Renewal Projects with financial assistance under Title I, including those prohibiting discrimination because of race, color, creed or national origin; and

WHEREAS, it is necessary that the Municipal Council take appropriate official action respecting the relocation program and the Urban Renewal Plan for the Project, in conformity with a contract for financial assistance between the Housing Authority and the United State of America, acting by and through the Secretary of the Department of Housing and Urban Development.

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. That it is hereby found and determined that the amended Urban Renewal Plan J.J.R-72 Fairmount Urban Renewal Project Area conforms to the general plan of the locality.

2. That it is hereby found and determined that the amended Urban Renewal Plan indicates proposed land uses and building requirements in the area, and its relationship to definite local objectives as to appropriate land uses; density of population and improved traffic, public transportation, public utilities, recreational and community facilities and other public improvements, with special consideration for the health, safety and welfare of children residing in the general vicinity of the site covered by the Plan.

3. That the amended Urban Renewal Plan provides for the relocation of persons living in the Project Area and that in proper relocation of the individuals and families displaced in carrying out the Project in decent, safe, and sanitary dwellings in conformity with acceptable standards is feasible and can be reasonably and timely effected to permit the proper prosecution and completion of the Project; and that such dwellings or dwelling units available or to be made available to such displaced individuals and families are at least equal in number to the number of displaced individuals and families, are not generally less desirable in regard to public utilities and public and commercial facilities than the dwellings of the displaced individuals and families in the Project Area, are available at rents or prices within the financial means of the displaced individuals and families and are reasonably accessible to their places or employment.

4. That it is hereby found and determined that the objective of the amended Urban Renewal Plan cannot be achieved through rehabilitation of the Project Area.

5. That it is hereby found and determined that the objective of the amended Plan for the Urban Renewal Area will afford maximum opportunity, consistent with the sound needs of the locality as a whole, for the Urban Renewal of the areas by private enterprise.

6. That in order to facilitate the implementation of the amended Urban Renewal Plan hereby approved it is found and determined that certain official action must be taken by the Municipal Council of the City of Newark, and accordingly, this Municipal Council hereby; (a) pledges its cooperation in helping to carry out such Urban Renewal Plan; (b) requests the various officials, department, board and agencies of the locality having administrative responsibilities in the premises likewise to cooperate to such end and to exercise their respective functions and powers in a manner consistent with said Urban Renewal Plan; and (c) stands ready to consider and take appropriate action upon proposal and measures designed to implement said Urban Renewal Plan.

7. That it is hereby found and determined that the financial aid provided and to be provided pursuant to contracts for federal financial assistance pertaining to the Project is necessary to enable the project to be undertaken in accordance with the Urban Renewal Plan for the Project Area.

8. That the Urban Renewal Plan for the Area having been reviewed and considered, is hereby approved, and the City Clerk be and is hereby directed to file said copy of the Urban Renewal Plan with the minutes of this meeting.

9. That this Ordinance shall take effect upon final passage and publication in accordance with law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Branch, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND TITLE 2, CHAPTER 5, ARTICLE 4, SECTION 11, SUBSECTION b (1) B (i) AND ADDING THERETO SECTION B (ii) AND B (iii) AND AMENDING SUBSECTION C. (INCREASES FROM \$2,500. TO \$4,500. THE AWARDS FOR GOODS, MATERIALS, SUPPLIES AND EQUIPMENT; TRAVEL AND CONFERENCE LIMIT TO BE \$2,500.)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. Title Two, Chapter 5, Article 4, Section 11, subsection (b)(1)(B) be and hereby is amended in its entirety to read as follows:

(B)(i) Have the power to make awards for all purchases, contracts and agreements for goods, materials, supplies and equipment. In the case of such purchases, contracts and agreements awarded pursuant to this power in excess of \$4500, the purchasing agent shall report such awards to the Municipal Council in the form of a monthly report indicating the date of the award, the name of the contractor, the amount of the award, the term of the contract, and a brief description of the goods, materials, supplies and/or equipment to be furnished.

637

(B)(ii) Except for the case of services involving travel and conferences, have the power to make awards for all purchases, contracts and agreements for the provision of services not in excess of \$4500.

(B)(iii) Have the power to make awards for all purchases, contracts and agreements for the provision of services involving travel and conferences in all cases where the total cost of the individual trip does not exceed \$2,500.00 in the aggregate for one individual.

2. Title Two, Chapter 5, Article 4, Section 11, subsection (b)(i)(C) be and hereby is amended by substituting the amount of "\$4500" in place of the amount of "\$2500" in the first sentence of that subsection.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Martinez, Tucker, Villani, President Grant.

Not Voting: Councilmen Carrino, James, Payne, Rice.

President Grant: The yeses are five, the noes are none and four not voting. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

Councilman Payne wanted to know when the ordinances 6-Ph, S & F-g and 6-Ph, S & F-h were disposed of.

Council President Grant answered at the beginning of the meeting.

Councilman Payne indicated he did not agree with the proposal of 6-Ph, S & F-g.

Council President Grant told Councilman Payne he was out of order in discussing a piece of legislation that was already voted on.

Councilman James said in view of the fact that the vote was already taken out of order on the calendar, he wanted his vote recorded in the negative on Ordinances 6-Ph, S & F-g and 6-Ph, S & F-h.

City Clerk D'Ascensio reminded Council President Grant that the motion would have to be reconsidered in order to get Councilman James' vote recorded in the record.

Councilman James told City Clerk D'Ascensio that there have been times at previous meetings when Council Members have not been in their chairs and had their votes recorded.

City Clerk D'Ascensio asked Councilman James how he would like to have his vote recorded.

Councilman James replied in the negative. He reminded the City Clerk that this had been done over a million times. He said Council Members were sometimes busy on the telephone in the back of the room, and had their votes recorded into the record by shouting from where they were. He added that he was there for the National Anthem, and as a point of information, he was in the back of the room.

City Clerk D'Ascensio said he did not know that Councilman James was in the back of the room. All he knew was that Councilman James was not in his seat when the roll call was being taken.

**638**

Councilman Payne also had a problem with this ordinance. He wanted to know why these two ordinances were voted on in the beginning of the meeting. He said he wanted his opposition also recorded in the record.

City Clerk D'Ascensio reminded Councilman Payne when a motion was made and duly seconded, then it had to be carried.

Councilman Payne indicated to Council President Grant that he wanted to express his vote on those two items.

Council President Grant mentioned if an individual was not present at the time of a vote, then that individual could not come in at a later time and cast their vote. The only way it could be done was for the entire Council to vote on a reconsideration, and at that time the vote could be cast.

(At this time, Councilman Payne indicated he wanted to make a motion for reconsideration of ordinance 6-Ph, S & F-g; see Page 2 in the minutes of this meeting)

6-Ph, S & F-j.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO GRANT FIVE YEARS OF TAX ABATEMENT FOR A COMMERCIAL IMPROVEMENT IN THE FORM OF A NEW BUILDING TO BE USED FOR A GARAGE FOR BUS COMPANY OPERATION ON PREMISES COMMONLY KNOWN ON THE OFFICIAL TAX MAP (YEAR 1982) OF THE CITY OF NEWARK, NEW JERSEY, AS REAR 30-116 PORT STREET (BLOCK 5084, LOTS 92 AND 94). (APPLICATION OF NIKOLAS AND SOPHIE AGATHIS, APPLICANT)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

1. That pursuant to the laws of New Jersey and the Revised Ordinances of the City of Newark (R.O. 10:11-1, et seq.), formerly Ordinances 6S&FB051778 and 6S&FH090678, the Municipal Council of the City of Newark has approved as in the best interest of the City of Newark, (being conducive both to an increase in ratables and employment for this City) an Application and Agreement with Nikolas and Sophie Agathis for five years of tax abatement for a commercial improvement in the form of a new building to be used for a garage for a bus company operation, erected on lands, owned by Nikolas and Sophie Agathis, commonly known on the Official Tax Map (year 1982) of the City of Newark, New Jersey as Rear 30-116 Port Street (Block 5084, lots 92 & 84) which lots together were assessed for the year 1981 at \$154,300 for land, only.

2. That in consideration of said tax abatement on the new construction, Nikolas and Sophie Agathis will pay to the City of Newark an annual service charge, thereon of approximately \$12,300. representing 2% of the total cost of construction, estimated at approximately \$615,000.00.

3. That the annual service charge is to be paid quarterly, together with, and on the same due dates as the taxes on the land, for said premises Rear 30-116 Port Street.

4. That nothing herein shall, impliedly or otherwise relieve Nikolas and Sophie Agathis from or relax their obligation to comply with and conform to, all applicable statutes, municipal ordinances, and the lawful regulations made pursuant thereto, governing land, building(s) and the use thereof.

5. That this Ordinance shall take effect upon publication and passage according to law, whereupon the Mayor on behalf of the City of Newark is empowered to execute and the City Clerk to attest and affix the seal of the City to the aforementioned Agreement for tax abatement, a copy of which is on file in the Office of the City Clerk with the accompanying Application, and these two instruments may be there examined during regular business hours.

6. That an executed Agreement authorized by this Ordinance shall be filed with the City Clerk by the Department of Law.

7. That all advertising costs for publishing this Ordinance shall be paid by Nikolas and Sophie Agathis before the Agreement, executed by the City, shall be delivered to them.

8. That within 30 days after the execution of the aforementioned tax abatement Agreement, there shall be forwarded by the City Clerk a copy of such Agreement to the Director of the Division of Local Government Services and to the Commissioner of the Department of Labor and Industry, with a copy of this Ordinance.

9. That the tax abatement hereby granted shall be in effect for a period of not more than five (5) years starting with the date of completion of the project.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MS. PEARL BELL, 182 MIDLAND PLACE, NEWARK, NEW JERSEY, wanted to know what tax abatement meant.

Councilman Martinez mentioned the subject of tax abatement went as far back as 1976, when many of the homeowners faced re-evaluation. At that time, it was found that most of the homeowners were improving their properties, and for improving their properties, they were being penalized with an excessive tax increase; and the people that were not improving their properties were receiving the benefits of tax decreases. In order to create an incentive for the people who were rebuilding their homes, a five year tax abatement was given to them. This meant there would be no additional tax on the improvement to their property. This was limited to \$10,000. per unit of improvement.

(At this time, Councilmen Payne and Rice excused themselves from the meeting for a few minutes)

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Tucker, Villani, President Grant.

Absent During Roll Call: Councilmen Payne, Rice.

President Grant: The yeses are seven, the noes are none and two absent. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

November 3, 1982

6-Ph, S & F-k.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE AUTHORIZING THE MAYOR AND EXECUTIVE DIRECTOR OF MPDO/CDA TO ENTER INTO AN AGREEMENT WITH THE NEWARK REDEVELOPMENT AND HOUSING AUTHORITY TO USE THE PROCEEDS FROM THE ST. MARY'S SITE TO ACQUIRE THE ST. LUCY'S SITE PHASE II FUNDS BEING PROVIDED FROM THE NEWARK REDEVELOPMENT AND HOUSING AUTHORITY", 6-S & F-e, ADOPTED MAY 5, 1982; AND SITE CLEARANCE OF PROPERTIES DESIGNATED TO BE IN THE ST. LUCY'S SITE PHASE II PROJECT.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

WHEREAS, the City of Newark submitted an application and received approval for a grant under Title I of the Housing and Community Development Act of 1974, amended, 42 USC 5301, P.L. 93-383, for assistance in Housing and Community Development activities for the City of Newark as authorized by the Municipal Council (Res. #7RB 012880, Res. #7RH 062680); and

WHEREAS, the Newark Redevelopment and Housing Authority of the City of Newark, pursuant to statutes and appropriate ordinances of the City of Newark, has been heretofore duly designated as the agency for the purpose of carrying out land acquisition and clearance, relocation, land disposition and other related activities pursuant to ordinances and statutes of the City of Newark and the State of New Jersey; and

WHEREAS, the Newark Redevelopment and Housing Authority has proceeds from the sale of St. Mary's site in the sum of \$692,885.00; and

WHEREAS, the Mayor and the Executive Director of the Mayor's Policy and Development Office/Community Development Administration (hereinafter referred to as M.P.D.O.) have entered into an agreement with the Newark Redevelopment and Housing Authority to authorize the Authority to utilize the proceeds from St. Mary's sale to acquire the St. Lucy's site, Phase II; and

WHEREAS, as part of this agreement the sum of \$117,760.00 has been allocated to demolition and site preparation of the properties located within Blocks 475, 476 and 477 on the Tax Map of the City of Newark; and

WHEREAS, the City of Newark has undertaken to demolish and will in the future demolish certain buildings within Blocks 475, 476 and 477 which have been and are in need of demolition due to their extremely dilapidated and dangerous condition; and

WHEREAS, the buildings which the City of Newark have demolished and will in the future demolish, located in the Blocks 475, 476 and 477, have previously been scheduled for demolition by the Newark Redevelopment and Housing Authority; and

WHEREAS, the Mayor and the Executive Director of the Mayor's Policy and Development Office/Community Development Administration (hereinafter referred to as MPDO/CDA) desire to amend its earlier agreement with the Newark Redevelopment and Housing Authority to reimburse the City of Newark, from the monies allocated in the contract for the demolition which it has incurred and will in the future incur to demolish certain buildings located in Block 475, 476 and 477 which buildings have been previously scheduled to be demolished by the Newark Redevelopment and Housing Authority pursuant to this contract.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL FOR THE CITY OF NEWARK, NEW JERSEY THAT:

Section 1. Attached hereto is an executed copy of the original Acquisition, Demolition and Site Clearance Agreement between the City of Newark and the Newark Redevelopment and Housing Authority ratified and approved by City Council on May 5, 1982.

Section 2. The Mayor and The Executive Director of the Mayor's Policy and Development Office are hereby authorized to enter into this amendment to this Acquisition, Demolition and Site Clearance Agreement, executed December 1, 1981, with the Housing Authority of the City of Newark for the reimbursement of the demolition costs incurred and to be incurred by the City of Newark in Blocks 475, 476 and 477 of the City of Newark and previously scheduled for demolition. A copy of said Amendment to the contract is annexed hereto and made a part thereof.

Section 3. The abovementioned amendment to the agreement is ratified from the period commencing December 1, 1981 until the effective date of this ordinance, and approved from that date to December 1, 1982.

Section 4. An executed copy of the aforesaid amendment shall be filed with the Office of the City Clerk by the Executive Director of the Mayor's Policy and Development Office.

Section 5. This Ordinance shall take effect after final passage and publication in accordance with the law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Branch, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Villani, President Grant.

Not Voting: Councilman Tucker.

Absent During Roll Call: Councilmen Payne, Rice.

President Grant: The yeses are six, the noes are none, one not voting and two absent. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

(Councilman Payne and Councilman Rice returned at this time)

ORDINANCES ON SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on second reading and final passage.

S & F-l.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. The ordinance was amended at the October 20, 1982 regular meeting.

AN ORDINANCE PROVIDING FOR THE DISCLOSURE OF CERTAIN INFORMATION IN ALL SALARY ORDINANCES HEREAFTER ADOPTED.

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to defer action on this ordinance awaiting information from the Law Department was made by Councilman Tucker, seconded by President Grant.

Councilman Tucker mentioned the Council had requested the Law Department to develop an amendment to the ordinance to insure that the City would not have to pay the cost of advertisement. He said the Council did not want to vote on a title that had more than five names in it, the list should be available in the City Clerk's Office for the public to be aware of. The Corporation Counsel had indicated that when a title had less than five names there should be no advertisement of the names in question. He said the Corporation Counsel had forestalled any kind of public disclosure on the names of the people who would have been considered for raises.

The motion was declared adopted by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, Villani, President Grant.

No: Councilman Payne.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. The ordinance was amended and the amendment was advertised in accordance with law and a public hearing on the amendment was held thereon. The ordinance, as amended, is now before you on second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF ENGINEERING AND ESTABLISHING SALARIES THEREFOR", (6-S & F-n) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO ADJUST SALARY RANGES)

(Senior Architect (35 Hours)	1/1/82	\$25,579.64 - \$31,091.28
Supervising Engineer (35 Hours)	1/1/82	28,201.08 - 34,278.61
Supervising Principal Engineering Drafts- man (35 Hours)	1/1/82	19,083.43 - 23,201.29)

(Copy of ordinance and correspondence submitted to each Member of the Council)  
(Public Hearing Closed)

A motion to defer action on this ordinance was made by President Grant, seconded by Councilman Rice.

President Grant said he was not sure whether or not there was a certified architect on the books.

The motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. The ordinance was amended and the amendment was advertised in accordance with law and a public hearing on the amendment was held thereon. The ordinance, as amended, is now before you on second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF FINANCE AND ESTABLISHING SALARIES THEREFOR", (6-S & F-h) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR SUPERVISOR OF WATER AND SEWERAGE BILLING AND COLLECTIONS)  
 (Supervisor of Water and Sewerage 1/1/82 \$13,165.27 - \$15,704.33)  
 Billing and Collections  
 (35 Hours)  
 (Copy of ordinance and correspondence submitted to each Member of the Council)  
 (Public Hearing Closed)

A motion to defer action on this ordinance was made by Councilman Tucker, seconded by President Grant.

Councilman Martinez wanted to know if this was a new title, if it was for a 5% increase and if it was a transfer from H.C.D.A.

Chief Accountant George Fitzsimons replied that it was a 5% increase. He said someone was already working in the title; and that it was a title change with only a 5% increase.

Councilman Martinez stated this was very confusing. He said the impression was given that it was a new title and a new person working in it.

Councilman Payne wanted to know if there was something to determine how many hours a City employee works.

Chief Accountant Fitzsimons said that most of the 35 hour positions worked 30 hours a week until approximately 1½ years ago. Many of the people who worked 37½ hours were higher positions; and the 37½ hours was created so that the people would not receive any overtime or compensatory time. The number of hours is for computer purposes.

Councilman Payne wanted to know if there was any law indicating the employees could work 2½ hours more a week. This could be multiplied across to save money and reduce personnel.

Chief Accountant Fitzsimons said Councilman Payne was asking him a question he could not answer. That question was an Administrative question. He thought this was considered when the 35 hour work week was put into effect.

Councilman Payne said all he was concerned with was getting more productivity.

The motion was declared adopted by President Grant by the following votes:  
 Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, Villani,  
 President Grant.

Not Voting: Councilman Branch.

(35 Hours)

(Copy of ordinance and correspondence submitted to each Member of the Council)  
(Public Hearing Closed)

A motion to adopt the ordinance on second reading and final passage was made by President Grant, seconded by Councilman Branch.

Councilman Payne wanted to know in what department would this accountant work.

Chief Accountant George Fitzsimons replied that the person would be actually working in the Municipal Courts. This position was a new position.

Councilman Payne said that nowhere in the ordinance did it indicate that this position was for the Municipal Courts.

Councilman Tucker explained that the Municipal Courts was within the Office of the Mayor; and recalled that in the body of the original ordinance it stated that this position was for the Municipal Courts. The explanation in the Council agenda was a short synopsis.

Councilman Payne noted that if someone were to look at the Council agenda, they would not know that the position was for the Municipal Courts.

The motion failed of adoption by the following votes:

Yes: Councilmen Branch, Tucker, Villani, President Grant.

No: Councilmen James, Martinez, Payne.

Not Voting: Councilmen Carrino, Rice.

(Copy of ordinance and correspondence submitted to each Member of the Council)  
(Public Hearing Closed)  
(Ordinance tabled September 15, 1982)  
(Ordinance removed from the table October 6, 1982)

A motion to adopt the ordinance on second reading and final passage was made by President Grant, seconded by Councilman Branch.

Councilman Tucker wanted to know if it was possible to amend the classification, and request the two positions be separated by drafting new ordinances. He wanted to refer this back to Administration.

Councilman Martinez asked Assistant Corporation Counsel Janice Montana if the ordinance could be amended by calling each position #1, #2 and #3, and changing the dollar amount by \$1.00.

Assistant Corporation Counsel Montana replied that it would not be proper to amend it in that fashion. It would have to be revised in accordance with what was just stated, and resubmitted as three different ordinances with \$1.00 salary changes.

Council President Grant asked if it would be legal to vote on three separate ordinances one by one. He was of the opinion it was not legal.

Assistant Corporation Counsel Montana said it was not legal.

Councilman Tucker stated he wanted to make a motion to return the ordinance back to Administration, and let them decide what to do.

Councilman James said they were talking about an Administrative prerogative, and that it was their (Administration's) responsibility.

Councilman Payne said there was a diversity in the job that was being done in those titles. He said he would feel more comfortable in having three different ordinances.

The motion failed of adoption by the following votes:  
 Yes: Councilmen Branch, Payne, Villani, President Grant.  
 Not Voting: Councilmen Carrino, James, Martinez, Rice, Tucker.

A motion to return this ordinance to Administration was made by Councilman Tucker, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani.  
 No: President Grant.

#### HEARINGS OF CITIZENS.

6-HC-a.      MS. ALICE S. MITCHELL, 702 CLIFTON AVENUE, NEWARK, NEW JERSEY, addressed the Council in respect to a public alley behind property 252 Woodside Avenue, which was owned by the City of Newark and had a broken sidewalk. The alley was fifteen feet wide, and it was being used by the children of Good Counsel School and residents who walk past it to go to church. She respectfully asked the Council if that sidewalk could be repaired.

She further addressed the Council in respect to the litter and debris which covers Mt. Prospect Avenue, at the corner of Heller Parkway; the litter and debris which covers Mt. Prospect Avenue and Elwood Avenue. That property consists of medical associates. She mentioned that no street cleaning had been taking place on Heller Parkway, below Mt. Prospect Avenue; and was also interested in the attorney's fees of Mayor Gibson and Mr. Earl Harris.

She offered the Council any help she and her group could give them in any way. She presented the Council with pictures of the debris which she mentioned earlier.

Councilman Carrino referred Mrs. Mitchell to Mr. Harold Edwards, who was the Administrator of the "Love Newark, Keep It Clean" campaign. He noticed Mr. Edwards was not present and referred her to Mr. Jacob Weiss. He told Mr. Weiss to make sure Mrs. Mitchell is taken care of by Mr. Edwards, who would make sure the area she was talking about was taken care of.

Mr. Weiss said he would have the City inspectors investigate that area.

6-HC-b.      MR. THOMAS J. HARPER, 257 NORTH GROVE STREET, NEWARK, NEW JERSEY, addressed the Council with reference to the application of the City's Affirmative Action Program to the awarding of demolition contracts.

Assistant Corporation Counsel Janice Montana, who was at the meeting, suggested that Mr. Harper meet with Mr. William Schwartz, of the Law Department, to review his complaints in detail.

Council President Grant directed the City Clerk to send the Council any reports on any meetings that Mr. Harper has with members of the Law Department, and any findings or recommendations in that matter.

A motion to permit Mrs. Rose Chirico to be heard under "Hearings of Citizens" was made by Councilman Carrino, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-c.      MRS. ROSE CHIRICO, 536 SUMMER AVENUE, NEWARK, NEW JERSEY, addressed the Council with respect to an abandoned building, which was ten feet away from her home, which she had been having problems with since 1979. She mentioned the filth, the rodents which were running all around the property, and the derelicts who congregate around her home who rob it.

Councilman Carrino mentioned that he had twenty-seven pages of communications that were between him and the Trust Company of New Jersey, which was located in Jersey City. That bank owns the building; and everytime the City was ready to foreclose that property, they came in and paid a year's taxes. At one time, the Law Department got involved, and the bank hired off-duty policemen to stay there twenty-four hours a day.

Mrs. Chirico mentioned when the guards were there her house was robbed.

Councilman Carrino said the last letter he received from the Trust Company of New Jersey said they were not going to do anything, they were not going to pay the taxes, and that they were going to let the City take over the building. However, they came in this summer and paid the taxes from 1980 and 1981. All they owe is the 1982 taxes. He said he wanted someone from the Law Department to get in touch with the Trust Company of New Jersey and have them seal up the building, renovate it, knock it down, or turn it over to the City of Newark. He asked Assistant Corporation Counsel Janice Montana to follow up on the problem.

Councilman James suggested the matter should be discussed at a Special Conference.

Councilman Carrino said he did not understand why the Board of Health and Code Enforcement cannot take the matter to court, and make it a public record until the matter was abated. He requested a letter be sent to the bank from the Law Department stating that action was going to be taken against them.

Assistant Corporation Counsel Montana suggested the matter be referred to the construction officials and subcode officials, and let them determine what the fate was.

Council President Grant directed this information be forwarded to the Corporation Counsel, with a covering letter, asking what action should be taken.

A motion to permit Mrs. Marceline Reyes to be heard under "Hearings of Citizens" was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-d.

MRS. MARCELINA REYES, 250 WOODSIDE AVENUE, NEWARK, NEW JERSEY, addressed the Council with respect to garages behind her property, which she owned. She told the Council there used to be gates and locks on those garages, and someone took them away. Ever since then, she had been having problems with people stealing and looting her property and surrounding properties. She asked the Council if something could be done.

Council President Grant thanked Mrs. Reyes for bringing her problem to the attention of the Council, and that he would forward her problem to the Corporation Counsel for his attention and action.

A motion to adopt the ordinance on first reading was made by President Grant, seconded by Councilman Branch and failed of adoption by the following votes:

Yes: Councilman Branch, President Grant.

No: Councilman Carrino.

Not Voting: Councilmen James, Martinez, Payne, Rice, Tucker, Villani.

City Clerk D'Ascensio stated we have received a communication from the Mayor with respect to Ordinance 6-F-e indicating that Mayor's Aide I is held by Barbara Sachs, Mayor's Aide II is held by Helen DeMyrick and Mayor's Aide III is held by Miguel Rodriguez and three separate ordinances were submitted for each title.

Councilman Tucker said can they request the Law Department to be present at this meeting. He believes what happened when they returned this ordinance to Administration, they returned it based on two options. He believes Councilman Martinez raised a question along with himself wherein they indicated that they should have Mayor's Aide I, II and III. What Administration has submitted back to them was the numbers Aide I, II and III. The salary is identically the same which in reality means there is no such thing as Aide I, II and III.

President Grant said in reference to the back-up material the City Clerk received, he questioned if there is any differential in the salary line or is it exactly the same.

City Clerk D'Ascensio replied the salary ranges are identical. However, the memo indicates that the salaries being paid to the incumbents are different by reason of tenure. Barbara Sachs, Mayor's Aide I, \$35,714.38, Mayor's Aide II, Helen DeMyrick, \$32,548., Mayor's Aide III, Miguel Rodriguez, \$32,548.

Councilman Tucker said what he is saying in effect, either there is a difference in the salary of Mayor's Aide I up to Mayor's Aide III, or there is no difference. What they have here is that they are at different levels, but the net result is this ordinance creates the salary of \$30,850.70 to \$37,500.09. The issue is should the Mayor's Aides, I, II and III be at the maximum range of \$37,500.09. There is no salary differential which means there is no such thing as Mayor's Aide I, II or III.

President Grant requested Assistant Business Administrator Banker to approach the podium.

Assistant Business Administrator Banker said the only differential sought is the ability to separate the voting on each of the three positions. The salary ranges are similar or the same, for example, Administrative Analyst and Senior Budget Examiner. They submitted three separate ordinances.

President Grant questioned the City Clerk whether he is in receipt of three separate and distinct ordinances or is it three ordinances contained in one?

City Clerk D'Ascensio replied they submitted three separate ordinances which substitutes for the one on the printed agenda.

Councilman Tucker said what is happening here is that if they vote to make the salary range for Mayor's Aide I and vote affirmatively, they have also voted affirmatively on Mayor's Aide II and Mayor's Aide III. There is no ordinance with different salary levels which would create Mayor's Aide I, Mayor's Aide II and Mayor's Aide III. All of the salaries are the same. If you vote affirmatively on one, you have voted affirmatively on all of them.

President Grant pointed out they are going to be voted on separately.

Councilman Tucker said unless there is a distinct difference in the salary for Mayor's Aide I, II and III, then they are voting on all three positions. That is the point he is making. There is no definite difference in those classifications, no definite difference in the salary. If they create the position and vote for the raise for one, they are in effect doing it for all.

Councilman Martinez questioned the City Clerk what is the salary range for Mayor's Aide I and the City Clerk replied \$30,850.70 and the maximum is \$37,500.09 and Mayor's Aide II and Mayor's Aide III are the same.

November 9, 1982

Councilman Martinez questioned if they could make it \$30,849.70 and the City Clerk replied you have to get Personnel Division to do that. The salary ranges have to fit a particular scale.

Chief Accountant Fitzsimons said the Council can do whatever they want to do.

President Grant said the bottom line question is and Councilman Tucker is raising a concern, the concern has to be understood and the context of the entire three ordinances. They in fact sent 6-F-e back to Administration asking them to separate it. What Administration has done in return was send the Council three separate and distinct ordinances called 6-F-e-1, 6-F-e-2 and 6-F-e-3. They also attached a name to each ordinance. He thinks the critical point is, if they vote for one and two in the affirmative and the third is not voted in the affirmative, whether or not they are still holding that person to the same salary range. Until that person is voted in the affirmative he or she remains where they are presently and does not in fact receive any increase.

Chief Accountant Fitzsimons pointed out that each one of these ordinances has a different title code.

6-F-e-1.

The City Clerk read AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE OFFICE OF THE MAYOR AND ESTABLISHING SALARIES THEREFOR," (6-S & F-c) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. (TO CREATE THE TITLE AND SALARY RANGE FOR MAYOR'S AIDE I)

(Transfer from HCDA to City Budget with 5% increase)

(Office of the Mayor

Mayor's Aide I

(35 Hours)

1/1/82 . \$30,850.70 - \$37,500.09)

(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by President Grant, seconded by Councilman Branch.

Councilman Tucker said as a matter of clarity and for the record he does believe that the change in the title code has nothing whatsoever to do with the issue he was raising. Rather than hold it up, he will not vote on those issues because he firmly believes that a vote for one is in effect a vote for all three of them. The salary code is directly related to budgeting. It has nothing to do with personnel.

Councilman Payne asked whether they can get a legal opinion on this.

Councilman Martinez said rather than having all of this confusion, can't they deal with this at the next meeting and discuss it at the pre-meeting conference so everyone's mind can be satisfied.

Councilman Rice said he doesn't believe Councilman Tucker is questioning the legality of the ordinance. He is questioning whether it is distorted, whether it is properly coming before the Council or are they tricking us and coming back with something the Council at one time indicated they had problems with accepting. That is the issue. He thinks because of that they have to look at it objectively and use their own discretion and intelligence and vote either aye, nay or abstain or remain silent.

Councilman Payne said whether it is distortion or not, he simply wants to know from someone who is experienced in the passing of ordinances, if they vote for one does it mean they are automatically voting for two and three.

President Grant said that George Fitzsimons from the City Clerk's Staff who normally has handled these matters over the past several years and he thinks the Council has relied heavily on his interpretation of what comes in, he has indicated that these are three separate and distinct ordinances. If they are three separate and distinct ordinances, an aye vote on one and a nay vote on

two and three does not mean that all three are incorporated. It means that two and three would be negated and that one would have been moved in the affirmative and the same would apply to two and three.

The motion to adopt the ordinance on first reading was made by President Grant, seconded by Councilman Branch and failed of adoption by the following votes:

Yes: Councilmen Branch, Villani, President Grant. -

No: Councilmen James, Payne.

Not Voting: Councilmen Carrino, Martinez, Rice, Tucker.

Councilman Payne said it seems there is some doubt and that is the reason for the reluctance on the part of the Council to vote. He would like to hear some kind of legal opinion as it relates to this ordinance.

At a later time in the meeting Councilman Payne requested to change his no vote to not voting.

A motion to adopt the ordinance on first reading was made by President Grant, seconded by Councilman Branch and failed of adoption by the following votes:

Yes: Councilmen Branch, Villani, President Grant.

No: Councilman James.

Not Voting: Councilmen Carrino, Martinez, Payne, Rice, Tucker.

Councilman Payne questioned what does a Management Communication Specialist do?

Assistant Business Administrator Banker replied this position is for an employee who works under his direction, Richard Hillman. His principal responsibility is in the area of graphics. He prepares detailed forms, charts, publication, things that Administration, particularly Division of Budget and the Office of the Business Administrator use in way of documents. For example, the Budget, the 300 page Budget, he is responsible for the production of that annually.

Councilman Payne asked if this position was in the City Budget prior to HCDA funding?

Assistant Business Administrator Banker replied the City had the title of printer, but nothing specific like this.

A motion directing the City Clerk to return this ordinance to Administration, was made by Councilman Martinez, seconded by Councilman Carrino.

Councilman Tucker said he thinks they have to discuss this ordinance a little more especially since they are working now on the preparation of the 1983 Budget. By returning this ordinance to Administration, it would mean that this person is no longer working with the City.

Councilman Martinez said he waited for somebody to move this and if no one is going to move it or vote for it, why should it keep coming on and on the calendar. If there are five affirmative votes, he is willing to withdraw his motion to return.

Councilman Tucker said he would respectfully request his colleagues if they could defer this until the next meeting and look at the whole Budget Department.

Councilman Martinez withdrew his motion to return to Administration and Councilman Carrino withdrew his second to the motion.

A motion to defer action on this ordinance was made by Councilman Tucker, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

RESOLUTIONS.

7-R-a.

RESOLUTION AUTHORIZING TRANSFER OF FUNDS FROM DEPARTMENT OF POLICE, SALARIES AND WAGES-\$250,000. TO DEPARTMENT OF GENERAL SERVICES, DIVISION OF PUBLIC BUILDINGS, OTHER EXPENSES, SERVICES BY CONTRACT OR AGREEMENT-\$250,000.; PURSUANT TO N.J.S.A. 40A:4-58.

(Copy of resolution and correspondence submitted to each Member of the Council)  
 (Business Administrator Hill, Assistant Business Administrator Banker, Corporation Counsel Teare, Director of General Services Toma, Police Director Williams, Chief of Police Zizza and Manager of Division of Motors Roche met with the Council November 9, 1982)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Branch.

Councilman Carrino said for the fourth year in a row now, after very serious budget negotiations with Administration as far as the manpower in the Police Department is concerned, they are now at the end of the year, attempting to transfer money out of the Police Department, \$250,000. in this resolution, \$750,000. in Resolution 7-R-b and \$1,000,000. in Resolution 7-R-d. He realizes this being the middle of November, there is no way the Police Department could utilize that money for manpower. However, he also realizes that Administration again did not hire the manpower during the course of 1982 and has created a budget surplus in the Department such as the Police in order to eventually use that money in another Department after November 1st. He thinks the most insulting thing is that as of last week, three precincts in the City of Newark, namely the North, South and the West had on several different occasions police officers sitting in the precinct because a number of police vehicles namely, 68 vehicles were laid up in the Division of Motors in undrivable situations. The Police Director when he met with the Council today told them that there was an absolute critical shortage of vehicles in the Police Department and that unless something is done immediately he will not be able to guarantee that policemen can get out into the streets. Yet, they are going to transfer \$2 million out of the Police Department Budget to pay for utilities in this resolution, to pay for other ser-

- 673

vices, contract and vehicular maintenance in the next resolution and finally to buy vehicles in other departments outside of the Police Department. He thinks it is ludicrous, it is something Administration has been doing to them on purpose for several years knowing that they will agree on an inflated Police Department Budget and are not hiring the men, not buying the equipment, not servicing the equipment and then in November come to them and asking them to transfer the money out. They have to transfer the money because they cannot use it. As far as 7-R-a is concerned, they have to pay for utilities for public buildings and that might be a necessity but he wants it recorded that on 7-R-b and 7-R-d, he will take extreme exception to both of those transfers.

The motion to adopt the resolution was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:  
 Yes: Councilmen Branch, James, Payne, Tucker, Villani, President Grant.  
 No: Councilmen Carrino, Martinez, Rice.

7-R-b.

RESOLUTION AUTHORIZING TRANSFER OF FUNDS FROM DEPARTMENT OF POLICE, SALARIES AND WAGES-\$750,000. TO DEPARTMENT OF GENERAL SERVICES, DIVISION OF MOTORS, OTHER EXPENSES, SERVICES BY CONTRACT OR AGREEMENT-\$150,000., MATERIALS AND SUPPLIES-\$600,000., TOTALLING \$750,000.; PURSUANT TO N.J.S.A. 40A:4-58.

(Copy of resolution and correspondence submitted to each Member of the Council)  
 (Business Administrator Hill, Assistant Business Administrator Banker, Corporation Counsel Teare, Director of General Services Toma, Police Director Williams, Chief of Police Zizza and Manager of Division of Motors Roche met with the Council November 9, 1982)

A motion to adopt the resolution was made by Councilman Branch, seconded by Councilman Tucker.

Councilman Carrino said part of this \$750,000. is being used to repair the existing police cars that are in very bad disrepair. According to Director of General Services Toma in the special conference today, many of those cars are reporting back to Motors on an average of two times a month and he thinks for them to put \$750,000. into the Division of Motors, some of which is to repair the cars that keep going back to Motors two or three times a month, in lieu of purchasing new police cars is an irresponsible situation. As they know back in the early Spring when they went over the budget they all realized that politically they were looking to keep the tax rate down but the fact of the matter is that Administration came to them with an appropriation half of the amount expended in 1981. That was an unrealistic amount and he thinks that is irresponsible budgeting to come in with half of the amount, knowing full well they were not going to use the salary and wages line in the Police Department, and knowing full well that sometime in November they were going to come back to the City Council and get a transfer out of that line. They are all part of keeping the tax rate down in an election year, but he takes as much responsibility as everybody else. He thinks the Council and Administration deluded the people who pay the taxes with the idea they were going to have 1,000 police officers especially with the fact that Administration sat down with them during their negotiations that 1,000 was a realistic number they could live with and now knowing they have 874 policemen on the Newark Police Department coming back and taking \$750,000. out of that line item budget.

Councilman Tucker said he doesn't disagree with what Councilman Carrino is saying but thinks they need to understand what this represents. The money that is currently in the budget right now cannot be expended in the personnel salary line for police officers between now and December 31st. If it is a question if they are wasting money on fixing those police cars, he thinks they should understand that this \$750,000., only \$150,000. basically deals with the repair of vehicles, \$600,000. of that amount deals with materials and supplies within that Division and he thinks one of those items happens to be gas for municipal fleet cars. He believes the question of the number of policemen, and he will go on record to say he will vote for 1,000 policemen next year as well, that is not the issue they are dealing with right now. They are dealing with the attempt to meet the needs of the Division of Motors in trying to provide money to make sure they can function. That money will either be utilized by the Division of Motors

or it will go into Surplus and the cost of motors will be transferred over until 1983.

Councilman Rice stated he is not against the department that needs this money or any other department, however, those in the West Ward community, he doesn't know about the other four Wards, but they have listed as number one the crime problem and when he has to go out there, like he did on Mystery Night and other nights and play "cop" because they don't have police cars functioning, then he is very much concerned about these transfers. He understands quite well the education he received today from his Council colleagues in terms of how this money can be utilized, when it can be spent, etc. He thinks they have to draw a line some place and try to deal with some of these emergencies in terms of future planning. He doesn't want to be one to sit here and put Director Toma's department in hot water but he must go on record that once again request that they see some police in the West Ward community and until such time he cannot continue to pass on moneys because Administration is not properly laying out their items. If this \$750,000. can be itemized, it would seem to him that it should have come to the Council itemized and taken an indepth look at them.

Councilman Payne said he agreed with most of the previous comments made by his colleagues but as he indicated earlier and as the Councilman from the West Ward indicated, there is no question that in the South Ward, the one issue is also crime and the fear of people to come out at night. He personally feels that they need more police officers on the streets. If they have vehicles in disrepair, then they cannot even utilize the ones they have. He will vote favorably for this resolution but he thinks they need to take an overall look at the question of police. Several weeks ago they increased the number of officers, as they have a decrease in policemen, and today he still can't understand. They have vehicles that are laid up, they have a feeling that they do not need more policemen in the City because the population has decreased, but he thinks that is poor sense, he would even say to bring in the State Police if they cannot get the adequate number of police they need in this town. They are talking about developing a Bureau of Tourism and they have people in the City who are afraid to come out. He thinks in the future, in 1983 when the budgets are drawn, they should have realistic budgets, budgets that clearly indicate what is coming to be down and not come before the Council and ask for 1,000 policemen and intend to hire only 900. If you don't go for the 1,000 you are opposed to more policemen, you vote for it and it goes into the budget and it is not used. They have to stop the nonsense, too many problems out there, people are expecting accountability.

Councilman James said for some time the Council has tried to force Administration for a certain number of policemen and he has been one of those in support of that ordinance but they lost that battle in the courts. He is also mindful that this Council did place \$2 million in the budget for the addition of more police, hoping to force the hand of Mayor Gibson. They continue to debate the issue more or less police. He is surprised there was not one rebuttal to the remarks of the Business Administrator, Mr. Hill, when he indicated in the conference room that Administration during the time the \$2 million was in the budget, they hired all of the available police by way of Civil Service, he didn't hear anyone rebut Mr. Hill and he finds it interesting for them to continue to make these statements. They have some moneys left in the budget and part of that is the request from the Division of Motors. They criticize frequently on this body and he would like to state for the record that work productivity, response time for job sensitivity, the Division of Motors is second to none. Any Council Member has had their car breakdown, any Council Member has had their battery missing, any Council Member that needed his vehicle repaired, there is not one Council Member who can talk about the Division of Motors because they respond to their needs and the citizens need. He has seen them in good weather and in bad weather. He wants to state for the record that if any one has a specific charge against the Division of Motors, let that stand for itself. He thinks their work record has been an excellent one, they have a need, the majority of this money will be used for fuel and again he doesn't think they should deal with the issue of hiring policemen with the question of a transfer. He thinks that as he stated at the conference is an appropriate meeting between this Body and Mayor Gibson who has told them on numerous occasions he did not agree with the Council on a magic number for the police. He thinks if they would call another meeting

November 9, 1982

maybe he has changed, maybe he has altered, maybe they have additional feedback.

Councilman Branch said he can most certainly agree with most of the remarks made by his colleagues. They spend more time on going over the same things that they have gone over before and not offering any alternatives or solutions. He supports things that his colleagues really want but he can't support the efforts of rehashing over and over again. At some point they have to determine where they are going.

Councilman Carrino said the whole thing comes down to credibility. When they negotiated the 1982 Budget, it was agreed upon by Administration and the Council that there was some need for extra policemen. Certainly there was no magic number. Maybe they were bulldozed because it was an election year but there was an agreement between Administration and the Council that there was a need for a higher number of policemen. They then put the \$2 million into the budget to put their money where their mouths were. The credibility of the thing becomes the fact that the money was not spent. He takes exception to the fact that Business Administrator Hill was talking about running out of the list. He was in the Police Department in 1969 and the history of the City of Newark and any other City in the State of New Jersey, when it comes to the Police and Fire Departments, none of those lists ever expire. When a list is 6 or 8 months from expiration, they call another examination and there are more men investigated so that when the previous list expires, there is a new list ready. He is saying that exam was not called knowing full well that they would not be investigated until October or November of 1982 thereby saying there was nobody on the list to expend the money. He agrees with both Councilmen James and Tucker, that to talk about increased policemen for 1982 is a mute subject that has to be put aside. Councilman Branch talked about being able to do something to come up with alternatives. He thinks the alternative is here. The Police Director told them he has a crisis with Police Department vehicles. If they can't put the men on, then let's put the money into the Police Department vehicle line and let them go out and purchase vehicles so that there won't be men sitting on Saturday and Sunday nights who have no police cars to go out. If they want to put themselves in a situation where the remaining 800 men are on walking post every night, just wait to see what happens when a person can't get a car for 10 hours instead of 3 hours that it takes now. Yes, they have an alternative right now. They can't put one man on but they certainly can take this money and dedicate it to the Police Department vehicle line and make sure that x number of vehicles are ordered right now so the Police Department doesn't have to keep going back to the Division of Motors with inferior cars and inferior equipment.

The motion to adopt the resolution was made by Councilman Branch, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:  
 Yes: Councilmen Branch, James, Payne, Tucker, Villani, President Grant.  
 No: Councilman Martinez.  
 Not Voting: Councilmen Carrino, Rice.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution, as amended, was made by Councilman Tucker, seconded by Councilman Carrino.

Councilman Martinez said he feels as most of his colleagues do on the Council. He is witnessing \$2 million put in by the Governing Body for more police officers and Councilman Tucker hit it right on the head. They don't hire and they don't fire. It has been the determination of Administration not to hire policemen for 1982 regardless of what they say. He recognizes the fact that they did hire some prior to the election. He pointed out that five weeks ago Administration sent up a request for an emergency resolution for \$600,000. for the Division of Motors. That \$600,000. request was cut to \$300,000. which was supposed to carry them through 1982 and wait for the 1983 Budget. Today they just voted on not only the \$600,000. they originally requested, but an extra \$450,000., totalling \$1,050,000. added to that \$600,000. They are also watching \$1 million to new vehicles in November, 1982 when this Administration in this Budget Year, Election Year, 1982 submitted budgets for police vehicles or any other vehicles, \$.0 amount for the year 1982. It simply shows they played a game with the public, the taxpayers and waited until 1982 to make their transfers and weighed the lives of those people who are begging for police cars. Councilman Carrino was correct when he said on occasion there are policemen sitting inside the precincts because vehicles are not servicable or operable. It certainly is a sham that they would do something like this for the public. Now they are turning around saying \$1 million, policemen will not be hired, they are going to buy new cars. Let's not deceive the public. It is going to take a long time to get new cars, several more months. They know down at the Division of Motors, being that the money has been allocated, will certainly have their hands full because they are going to have to try to repair that are almost irreparable and they have a big job on their hands. He also takes exception to the fact that they are Legislators. They put money in the budget for Administration to spend as they see fit. When he watched the Police Director who is an Administrator and the Police Chief who is under him refuse to sign an agreement that this \$2 million that is taken out of their budget to be spent somewhere else, will not hamper the Police Department's operation and he cannot see fit to vote for this or other previous agreements made because somewhere down the line someone is going to say to the Police Director and the Police Chief "how come the \$2 million was taken out of your budget" and their reaction is going to be like several years ago, "don't come and see me, see the Council", they voted for it.

Councilman Rice stated that he was assured when he came to the City Council, he shook hands with the other Members of the Council, that the West Ward would receive support from this Council based on peoples needs and he has said over and over and he thanked the citizens of the West Ward who are responsible as voters for all of them being here to take a look at the numbers that has made it very clear that they need police protection. He can't say what is taking place in other Wards because he is spending too much time playing "cop" in his own Ward. They need police. Some of them may want to evade the issue. He has tried to deal with it in his short time from a management perspective when the Police Director's leave of absence comes up, they can't seem to get some of these positions before them to determine whether there should be reappointments. He has tried to deal with it personally with the Mayor, tried to deal with it by trying to briefly educate the Council in terms of distortion receiving from Administration

in reference to police and yet they tend to find all kinds of reasons when they make decisions to make the public feel that they are very much concerned about policing but it is nothing they can really do about it. He hoped that this Council can meet with the Mayor and rehash this problem because it doesn't have to be his neighbor that would be the victim tomorrow, it can be them, or their family. He thinks they have to take this police issue seriously.

Councilman Carrino said he submitted to all the Members of the Council a letter placing down the three resolutions and having the Police Director and the Police Chief state that the \$2 million was not needed by the Police Department and that in no way the transfer of these monies would curtail the operation of the Police Department and that they do not need any equipment or supplies with which they could use this \$2 million. It is very interesting that both the Director and the Chief of Police refused to sign the letter and walked out of the room. If the Chief Administrator of a Department refuses to sign a transfer stating that he doesn't need the money, then he thinks something is wrong as far as the credibility of the Administration as opposed to the Legislators is concerned. They are being told by Administration that the Police Department does not need the money and they should transfer and both the Director and the Police Chief have refused to sign the transfer stating they don't need the money. This is not the first time this has happened and when they sit down and have a verbal agreement with people in March figuring this is not going to happen this time and the same thing happens again. Next March when they start going over the budget they are going to see the same thing happen over and over. It is not the idea of transfer from the Police Department into Motors, what have you. The fact is that they were told if they put the money for manpower, the manpower would go on this year and here it is November 9th, right back to the same boat they were in 1978, 1979, 1980 and 1981. The money is in excess of \$1 million coming out of the Police Department budget. He had to go into a woman's apartment at 4:30 in the morning Sunday, with two women locked in their bathroom, with 4 men in the house, threatening them at gunpoint and a Councilman has to go down to Summer Avenue because they can't get a police car because two officers are sitting in the precinct without a car and all that is supposed to be, it happened, let's forget about it, give them the money. Although they are not the cause of the problem, they become parcel to it allowing them year in and year out to a point where they have emasculated the police department of 874 men.

Councilman Rice said that Councilman James suggested at a past meeting along with Councilman Branch and he concurred that this Council start taking issues important ones one at a time and spend marathon sessions on those issues. He would like to ask President Grant to go on record as to when they will start these sessions. He recognizes the sunshine law, whether people come or not, he doesn't care. They can work on a Saturday or Sunday. He is willing to work for the people of his Ward but he thinks going in circles putting money here and there and distort the real problems they have in the community is absurd.

Councilman Payne said with these positions coming up he thinks there needs to be a time when Administration comes before them, all the ones they have been deferring, etc. and tell them what they are, what is essential and take it from there.

Councilman Tucker said what they are doing now is putting money within the Police Department budget but does not prevent them from buying non-police vehicles but at least puts them in a position to where it says to them the Council is of the opinion that that money should be utilized to purchase the vast majority of these vehicles.

Councilman Carrino said the amendment states the money will stay within the Police Department but be transferred from salaries and wages to the vehicle line.

Councilman Branch requested that a report be submitted to the Council of the vehicles to be purchased with the money and where they will be assigned and also forward on a continuing basis reports as to how these dollars are being expended from the Business Administrator.

The motion to adopt the resolution, as amended, was made by Councilman Tucker, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Payne, Rice, Tucker, Villani, President Grant.

No: Councilman Martinez.

Yes: Councilman Tucker, President Grant  
 No: Councilmen Carrino, James, Martinez, Rice.

A motion directing the City Clerk to return this ordinance to Administration, was made by Councilman Martinez, seconded by Councilman Carrino.

Councilman Tucker said if they have some problems with the Auditing position within HUD/CDA, he thinks they need to discuss it with Director of Finance Jones. He doesn't want to get into the merits or the demerits because they need the Auditor in HUD/CDA. If they return this to Administration, then obviously at that point they are going to have to take that responsibility on somewhere else. They have a responsibility to audit.

Councilman Martinez withdrew his motion to return to Administration.

Councilman Carrino withdrew his second to the motion.

Councilman Carrino said he agrees with Councilman Tucker that it is needed but also he feels since he is going to be auditing HCDA Programs he should be on the HCDA Budget. He doesn't doubt that position is needed and that work has to be performed but why should someone on the City Budget perform audits for HCDA Programs.

Councilman Tucker said just as a matter of clarification. HUD/CDA when they did their administrative audit indicated that even though this person audits HUD/CDA Programs, that auditing is a Municipal function. It is not a matter, even at this point funds being available. They are saying the City has the responsibility to audit its programs to insure accountability. They are saying the function of auditing is a Municipal function.

A motion to defer action on this ordinance was made by Councilman Rice, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:  
 Yes: Councilmen Carrino, James, Martinez, Rice, Tucker, President Grant.

A motion to adopt the ordinance on first reading was made by Councilman Tucker, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Rice, Tucker, President Grant.

President Grant: The yeses are six and the noes are none. This ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on December 8, 1982.

Councilman Carrino commended Councilman Martinez for the work he did with respect to the five ordinances which will be the newest ordinances governing video games, amusement machines in the City of Newark. He thinks it will be the tightest and most strictly enforced ordinances in the State of New Jersey as far as the proliferation of video games and amusement parlors.

 (Copy of ordinance and correspondence submitted to each Member of the Council)

Councilman Tucker said this is the public disclosure giving the names, addresses and salary of all employees who are seeking raises. The Law Department has made the corrections and since the original ordinance did not have the stipulation indicating that if they have over 5 employees, they wouldn't have to advertise. The modification in effect says any employee over 5 now, all the names and addresses and job specs will now be in the Office of the City Clerk.

#### ORDINANCES ON PUBLIC HEARING, SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on public hearing, second reading and final passage.

6-Ph, S & F-a.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you on public

hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF GENERAL SERVICES AND ESTABLISHING SALARIES THEREFOR," (6-S & F-e) ADOPTED MAY 16, 1979, AS AMENDED AND SUPPLEMENTED. (TO ADJUST THE SALARY RANGE AND HOURS OF EMPLOYMENT FOR PURCHASING EXPEDITER)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That Section 1. of an ordinance entitled, "An ordinance creating positions in the Department of General Services and establishing salaries therefor," (6S&Fe) adopted May 16, 1979 as amended and supplemented, be amended to adjust the salary range and hours of employment for Purchasing Expediter, as follows, to wit:

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Purchasing Expediter	1/1/82	\$ 14,840.11	\$ 18,038.10
141325 (40 Hrs.)	1/1/83	15,582.11	18,940.00
	1/1/84	16,361.21	19,887.00

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position titles, hours of employment, number of positions, annual minimum salary and annual maximum salaries therefor, which are inconsistent herewith are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Carrino, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Rice, Tucker, President Grant.

President Grant: The yeses are six and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-Ph, S & F-b.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you on public hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING POSITIONS IN THE DEPARTMENT OF LAW AND ESTABLISHING SALARIES THEREFOR," (6-S & F-g) ADOPTED MAY 4, 1977, AS AMENDED AND SUPPLEMENTED. SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position titles, hours of employment, number of positions, annual minimum salary and annual maximum salaries therefor, which are inconsistent herewith are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Rice, seconded by President Grant and failed of adoption by the following votes:

Yes: Councilmen Martinez, Rice, Tucker, President Grant.

No: Councilmen Carrino, James.

Councilman Tucker said as a matter of clarification, he believes Corporation Counsel Teare met with the Council and also indicated he would submit ordinances which would abolish those two positions, which these two positions create. He indicated the City Clerk should be directed to communicate with the Corporation Counsel requesting them to have the ordinance deleting the positions available for the next Council meeting. He opined without the ordinance they could hire two additional people.

Councilman Carrino said this was the reason he would not vote for the two new positions unless there was a companion ordinance deleting the positions.

A motion to close the hearing and defer action on the ordinance was made by President Grant, seconded by Councilman Rice and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Rice, Tucker, President Grant.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you on public hearing, second reading and final passage:

AN ORDINANCE TO AMEND TITLE 13A, CHAPTER 4, SECTION 10(a), (NEW), THE ADMINISTRATION AND REGULATION OF SOLID WASTE, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, (1966), AS AMENDED AND SUPPLEMENTED. (13A:4-10 (a), RECEPTACLES: TIME OF PLACING AND REMOVING).

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. Title 13A, Chapter 4, Section 10, Receptacles: Time of Placing and Removing, Paragraph(a), of the Revised Ordinances of the City of Newark, New Jersey (1966), as amended and supplemented, be and the same is hereby amended to read in its entirety as follows:

- (a). Beginning on November 1st of each year and ending on the last day of April of each year, it shall be unlawful for any person to place, or cause to be placed, or permit to remain on the sidewalk, any receptacle or bundle containing refuse material earlier than 6:00 p.m. on the day prior to that premises regular collection day as established by the Director of the Department of Engineering.

Beginning on May 1st of each year and ending on the last day of October of each year, it shall be unlawful for any person to place, or cause to be placed, or permit to remain on the sidewalk, any receptacle or bundle containing refuse material earlier than 8:00 p.m. on the day prior to that premises regular collection day as established by the Director of the Department of Engineering.

No person shall allow or permit any empty receptacle to remain upon such sidewalk more than six hours after the contents have been collected.

Section 2. All prior ordinances or parts thereof inconsistent with this ordinance are hereby repealed.

Section 3. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MISS ALICE MITCHELL, 702 CLIFTON AVENUE, NEWARK, NEW JERSEY, said she originally came to speak on the ordinance already on the books. She wanted to know if the ordinance being acted on was any less specific. She mentioned the present ordinance stated people were not allowed to have litter around their home or to put it out before 8:00 P.M., but the cans were supposed to be brought in at 6:00 P.M. This was the responsibility of the Director of the Department of Health and Welfare, and the penalties were \$500. per day.

Councilman Rice said he presented the ordinance and he would stand by it 100%, which would benefit citizens like Miss Mitchell. The hours in the winter were reduced from 8:00 P.M. to 6:00 P.M. He could not see senior citizens and young people putting trash out late at night and getting mugged in the process. Eventually, the ordinance would change to 8:00 P.M. when the seasons change.

Miss Mitchell said the new ordinance did not reflect conditions, and did not want the ordinance to be weakened.

Councilman Rice indicated the legislation that was before the Council said the trash could not go out before 6:00 P.M. and any garbage that went out before that time created a situation which fell on the inspectors of the City.

Miss Mitchell questioned the ordinance changing the penalties.

Councilman Rice explained the ordinance did not change the penalties. It was mainly concerned with safety factors.

Councilman Carrino noted the ordinance did not lessen the severity of the other ordinance. He went on to say if a problem did occur with the garbage being placed out before time, he advised Miss Mitchell to call the Health and Welfare

Department where there was a summons procedure which could be done right on the spot. He added if someone did not get any action then a call should be placed to his office for assistance.

695

Miss Mitchell mentioned she had already done that.

Councilman James said the ordinance was good; it had good intent. He said he would take Councilman Carrino's words of wisdom by sending them to Director Zach. He thought the inspectors should travel throughout the City to see where there were numerous business violators who left their garbage out on the streets two and three days before regular pick-up. The existing laws were just not enforced; Administrative follow-up was not being done. He said he would love to know how many people were fined over the last ten years for violating the existing ordinance.

MRS. HELEN POCH, 607 SUMMER AVENUE, NEWARK, NEW JERSEY, mentioned the fact about the cans being taken in so many hours after the garbage had been collected. She said this caused a hardship with the people who had to go to work before this could be taken care of. It would unfair to fine these people.

MR. D.J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY, said it was difficult to know when the garbage was going to be picked up. He mentioned up until two years ago, he could set his clock by the time the garbage was being picked up. He said he puts his garbage out at 6:00 A.M., and by 5:00 P.M. it is still out there and he has to bring it in because there was no collection at all.

MR. DAWKINS, 159 GOLDSMITH AVENUE, NEWARK, NEW JERSEY, mentioned he remembered seeing an advertisement in the paper which Mayor Gibson said "Keep the garbage 18 inches from the curb". He said there were men working on the trucks who were careless with the garbage, and when they knock the garbage into the streets they just sweep it by the curb.

President Grant said he did not know this was germane, especially to that particular ordinance. The main concern was the time factor in placing the garbage out. Mr. Dawkins' concerns should be addressed to Administration. He said sweeping the garbage into the curbs was an unhealthy practice.

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Rice, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, Martinez, Payne, Rice, Tucker, President Grant.

No: Councilman James.

President Grant: The yeses are six and the noes are one. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

o-Ph, S & F-e.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you on public hearing, second reading and final passage:

AN ORDINANCE TO AMEND TITLE 15, CHAPTER 13, SECTION 1, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY (1966), AS AMENDED AND SUPPLEMENTED. (TO PROVIDE FOR THE PRESENCE OF A SECURITY GUARD OR A DOORMAN ON A TWENTY-FOUR HOUR BASIS IN EACH HOUSING BUILDING CONTAINING OVER 75 HOUSING UNITS).

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. Title 15, Chapter 13, Section 1, of the Revised Ordinances of the City of Newark, New Jersey (1966), as amended and supplemented, is hereby further amended to read as follows:

15:13-1. SECURITY GUARD OR DOORMAN REQUIRED.

Except as is otherwise herein provided, all public and private housing buildings in the City of Newark, New Jersey, which contain over 75 housing units shall be required to have present on the premises on a twenty-four hour basis a security guard or doorman.

Housing units which are situated on the grounds of hospitals, regularly patrolled by a security force, and wherein such grounds are visited by a security patrol at least once per hour, shall be exempt from the requirement of maintaining a security guard or a doorman on the premises.

Section 2. All prior ordinances or parts of prior ordinances inconsistent with the above are hereby repealed.

Section 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MR. CARL HUBERT, REPRESENTING OWNER OF 425 MOUNT PROSPECT AVENUE, NEWARK, NEW JERSEY, which is an 86 unit apartment building. He said the tenants of this building are largely poor, most of them are subsidized by welfare or a federal subsidy. He noted the tenants pay as little as \$30. per month. The total rents run from \$195. to \$375. for a two room apartment. Most of the tenants are minority members. He said he and his wife live in this building and have lived in Newark for 50 years and expect to live here for a while longer. He said his tenants are completely unable to pay any increase in rents which would be required by this ordinance. He figured it would cost between \$4,000. and \$8,000. a month at minimum wages to provide the services this ordinance calls for. He noted this would mean one of two things, ask for an increase, which the tenants cannot possibly pay, or if they don't pay and we have to provide the services, the building will then go back to the mortgagee and he would like to call Council's attention to what happens when a building goes back to the mortgagee. He said if this additional burden were placed upon the property, the assessment would have to be reduced with the result that Newark would collect less taxes. He said they have been trying to maintain the integrity of Mount Prospect Avenue which is one of the finest avenues in Newark, but the deterioration of Second Avenue and Mount Prospect Avenue could creep up on us.

Councilman Rice said the citizens of Newark and throughout this nation have a right to be secure in their person, places and things and that right has quite obviously been taken away from citizens due to the criminal element and the failure of the judicial system to function in its proper light and the Police Department in the City of Newark to properly, because of the lack of manpower and equipment, to handle the job. In the interim, citizens every day are asking for security. We are asking for something the City cannot apparently provide or is not providing; we are asking for something the landlords allege they cannot provide and we are asking for something the citizens are saying they want but do not want to pay for. He said in order to raise our young people and to offer our seniors the opportunity to live the rest of their days in tranquility we have to strike some kind of a medium. He recognizes the hard economic times, but he also recognizes that the little we have to spend on something and he thinks we have to set our priorities. He does not think the landlord should bear the full burden, recognizing that the property being secured is a benefit, since by the same token the tenants are being secured also. He noted Mr. Hubert had come before Council as a landlord with concern also for the tenants. He indicated this ordinance will be looked at and worked on, but he said

November 23, 1982

at present there is an important process taking place in the City of Newark and if we do not pass this law tonight, then the present law indicates that a landlord has to have 1 security guard and 1 doorman, 2 bodies, for 24 hours. This ordinance tonight eliminates the need for two people at the same door, so it splits the cost down the middle. In the meantime we will continually look at the situation in terms of what these dwelling units are doing. This ordinance is to strike some kind of harmony and take some of the pressure off the landlord.

MR. KENNETH LEWIS, SENIOR VICE PRESIDENT OF PROGRAMS, GREATER NEWARK CHAMBER OF COMMERCE said the Chamber supports this ordinance because it does split the cost by permitting the landlord an option between a security guard or a doorman. He said they would also ask Council to consider an amendment to the City's Rent Control Ordinance which would permit a landlord to pass through either all or some of the cost of this service to the tenants. It may well mean the difference between being in the black and being in the red for some landlords. By allowing the landlord to do this you would permit them to maintain their cash flow and maintain the building. It would not be necessary for any additional landlords to walk away from their property in this City.

Councilman Tucker said this ordinance specifically relates to an amendment of the security requirements of buildings. It does not deal with the rent control ordinance. From the standpoint of the landlords, this ordinance is in a better position for the landlord than the current existing ordinance. This is a simple matter of clarifying to say either a landlord of a building having over 75 units can either have a doorman or a security guard for the building, whereas in the past he had to have both.

Councilman James said this ordinance should be researched further. He said we ought to ascertain what the immediate need is in light of the fiscal problem we are talking about and the ordinance should be more specific.

Councilman Rice said we have the legal people to do the research but based on his own experience this ordinance does not reflect armed guards. A security personnel has no more legal powers or responsibility than a doorman. The only powers he has is that of a citizen. The idea is one of a deterrent mechanism, so the option is to hire a doorman off the street and call him security or go to a security agency. He intends to continue looking at the ordinance for some legal interpretation and the possibility of some fresh amendments. He said right now the landlords and tenants in the City of Newark cannot afford to wait 30 days to be brought into court and split the bill for two. The ordinance being presented indicates you have to have one or the other. He believes that in itself will relieve the City of any liability.

Councilman Tucker said we should clarify where this matter is to Mr. Hubert. He said this matter of security guard and doorman has reached a point where it is now in Court. A lot of landlords rather than deal with it, just chose to ignore it. Tenants have filed suit against landlords and what the Court is saying is that the existing ordinance we currently have on the books requires they have a security guard and a doorman, so in effect it is two people. The reason this particular ordinance was drafted was to at least qualify either that you have a security guard or a doorman. It will only affect the landlords that are currently now in court, but it will have impact on other landlords who have for other reasons in the last two years just ignored it. Now the Court is saying you either put those two security personnel in that building or you will be fined proportionately.

Councilman Carrino said the present ordinance only sets a time limit of 8 hours per day as opposed to this one which sets a limit of 24 hours a day, which means 24 hour security operation. He said he has received many calls from Section 8 buildings in his ward, especially senior citizen buildings, which operate right on the line as to how much money they make at the end of the year and some of them have volunteer tenants working as doormen at night. Now to start telling them they have to hire people for a 24 hour day operation when for all intent and purposes the senior citizens building are closed by 11:00 - 11:30 P.M. He thinks they are putting an undue burden on some of the people especially since most of them that he is talking about are non-profit corporations. He said most of the owners of large unit apartments in his ward have already satisfied the need by having off-duty policemen working from late afternoon until the early morning hours.

November 23, 1982

Councilman Rice stated the present law indicates a 24 hour operation. He said there was an amendment forthcoming in the past that indicated 8 hours but that amendment was never adopted by Council. The present law is still 24 hours, 1 doorman and 1 security guard.

Councilman James questioned if the building is not in compliance and the tenants have notified the City and in the event something should happen in that building, would the City be liable, since having had it brought to their attention, they failed to see that the building was brought into compliance. He wanted to know if there were any measures in the ordinance in case the owner fails to comply with existing ordinance and how would the City mandate that this action be followed up.

Councilman Grant indicated the City of Newark owns about 5,081 pieces of property and if Council is going to demand that this new ordinance be enforced, then the City must get its own house in order by making sure that guards are there 24 hours a day on the property we own.

Councilman Rice said somethings we can politic and somethings we have to deal with in a realistic manner. Any laws passed by this Council in the past are still on the books and still have validity to them and have to be enforced by the City, but unfortunately they are not. He said several landlords approached him and alleged they have received warning notices that within 30 days they do not fulfill the requirements of the present law they will be in court, so apparently there has been some enforcement effort. Enforcement is an administrative responsibility. This is the legislative body in terms of how to mandate.

Councilman James said his position is if the present laws are not being enforced then we should be about that business now, but to create new laws that we know are not going to be enforced then we become part of that problem. He welcomes the challenge that we should scrutinize existing ordinances and see if the laws are being enforced. He is of the opinion if we were to enforce the existing laws on the books today, Newark would be one of the finest cities in America. It is our failure to enforce existing laws that make it incumbent on us to find new laws to bring about change. He questioned if this ordinance says 75 units, does it mean 75 units that are occupied, rentable apartments or certified units.

Councilman Rice said if a 75 unit building has 20 abandoned apartments, he would assume the landlord intends to rent those apartments. As far as public housing is concerned, that is a private entity and does not fall under this ordinance. Public Housing has been somewhat mandated or at least directed to hire their own security system. He said with the resources we have there can be an enforcement process on every law we have. He indicated the problem is that this Council does not cling together as nine and take a "get tough" stance and properly deal with, not the Administration in totality, but some of the department heads in areas of administration that have that responsibility to deal with enforcement.

Councilman Payne said there is no question we have a problem relating to crime and to security and we all agree there needs to be some mechanism to make homes and residences safer. At this point he is not sure exactly what will be the best approach. He said we need to look at the total cost, how it is going to be spread and what the impact will be.

Councilman Carrino said this is all hypocritical since you have a building on Mount Prospect Avenue that is completely locked up at 11:00 P.M. and has to have a security guard all night, yet you go to Columbus Homes, where people are being murdered every night, yet the Housing Authority says they are a separate entity and they do not have to have security there. Columbus Homes has a roving patrol from 11:00 A.M. until 5:00 P.M.. If we are going to provide security for people then we should provide security where it is needed. If we are going to do it it must be a blanket endeavor. The Housing Authority has to be included and all of the City-owned buildings. He said he is sure the City is not going to put security guards in all buildings for 24 hours a day.

Councilman Tucker said the recommended change in the existing ordinance is one word. In the existing ordinance we are changing one word "security guard or doorman." The biggest thing this ordinance does is interject "or" where "and" used to be.

Councilman Carrino said the overriding factor is that nobody enforced the ordinance and nobody bothered the landlords. Now the enforcement is taking place and we have to be responsible for what kind of an ordinance we want, because where the landlords were left alone for two years, people are beginning to take them to Court. It is not the wording in the present ordinance as proposed to the one we wanted passed, but the fact that it is now going to be enforced. He opined it merited more discussion.

A motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Rice, seconded by Councilman Tucker and failed of adoption by the following votes:

Yes: Councilmen Rice, Tucker.

Not Voting: Councilmen Carrino, James, Martinez, Payne, President

Councilman Rice said by not passing this the landlords are going to have to deal with this. He said the present ordinance requires a doorman as well as a security guard. He said he is challenging those who voted no or abstained to take the ordinance and to come back to the public and tell them at another Council meeting that they have set up something structural to benefit both landlords and tenants.

A motion to close the hearing and defer action on the ordinance was made by Councilman Tucker, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, President Grant.

AN ORDINANCE TO AMEND TITLE 7A:2-1 OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED.

NOW, THEREFORE, BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT:

1. Pursuant to the provisions of item 2 of Chapter 73 of the P.L. of 1982, Title 7A:2-1 of the Revised Ordinances of the City of Newark is hereby amended to provide for the inclusion of item d.
  - d. Fee Waiver -- There shall be a waiver of enforcing agency fees for construction contracted for or conducted by the City of Newark, within its boundaries.
2. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

November 23, 1982

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Payne, seconded by Councilman James and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, President Grant.

President Grant: The yeses are seven and the noes are none. This ordinance ordinance is declared adopted on first reading and the City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on December 8, 1982.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you on public hearing, second reading and final passage:

AN ORDINANCE AMENDING TITLE 22, CHAPTER 21, ALL OF ARTICLE 3 OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966. (UNAUTHORIZED POSTING IN PUBLIC PLACES)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Title 22, Chapter 21, Article 3, be and is hereby amended to read in its entirety as follows:

PROHIBITION AGAINST POSTING IN PUBLIC PLACES

Section 1. No person, firm, partnership, association, corporation, company, or organization of any kind, shall paste, post, paint, print, nail, fasten or attach upon any curb, gutter, flagstone, pavement, sidewalk, tree, lamppost, awning post, telegraph or telephone pole, utility pole, barrel, trash container, box or hydrant, or other article, in any street or public place, any handbill, poster, notice, sign or advertisement, under any and all circumstances except as permitted in Chapter 21A.

Section 2. The presence of such a handbill, poster, notice, sign or advertisement affixed in violation of this ordinance shall be deemed prima facie evidence of said violation by the person, firm, partnership, association, corporation, company or organization named or indicated on said handbill, poster, notice, sign or advertisement.

Section 3. All prior ordinances or parts of prior ordinances inconsistent with this ordinance are hereby repealed.

Section 4. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilman Carrino.

Councilman James said this ordinance was passed and no one adheres to the rule. No adhesive signs should be placed around the City. He said to the best of his knowledge, no one has been brought up on charges for violating the rule. He asked the City Clerk if any candidates from the November election adhered to the rule by taking down their campaign signs.

City Clerk D'Ascensio replied this was Director Toma's responsibility.

President Grant said he did not think the Council requested this kind of information. The proper official to get in touch with would be Mr. Vincent Toma, Director of the Department of General Services.

Councilman James mentioned the refund would have come through the City Council. He just wanted to know from the City Clerk if he has been in receipt of any request for refunds from those candidates.

Councilman Carrino said this was an hypocrisy. He mentioned several days were spent with people in the audience drawing up the ordinance for the posting of signs and posters. The biggest abusers were the political people.

The ordinance was declared adopted by President Grant by the following votes:  
Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, President Grant.

President Grant: The yeses are seven and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you on public hearing, second reading and final passage:

AN ORDINANCE TO AMEND TITLE 7A, SECTIONS 7A:2-1 AND 7A:2-3 OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED. (TO WHOM FEES PAYABLE; PLAN REVIEWS, AND BUILDING SUBCODE FEES)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 7A:2-1 of the Revised Ordinances of The City of Newark, New Jersey, 1966 be hereby amended to read as follows:

7A:2-1. To whom fees payable; plan reviews.

All construction fees shall be payable by check or money order to the "Construction Official City of Newark, New Jersey", at 920 Broad Street, Newark, New Jersey. The fees are calculated to reasonably cover the municipal costs as required in the Regulations of the New Jersey Department of Community Affairs, and will be the sum of the subcode fees as follows:

(a) PLAN REVIEW-Twenty per cent of the construction fee shall be the plan review fee paid at the time of submission of an application for a permit, the amount of this fee shall then be deducted from the amount of the fee due for a construction permit when same is issued. Plan review fees are not refundable.

(b) PLAN REVIEW WAIVER-The construction permit shall be reduced 20% when a plan review is waived.

(c) PARTIAL PLAN REVIEW For projects that do not require plan review for all subcodes, the fee shall be the appropriate percentage of the subcodes, which are applicable.

(B) Permits and registration required; administration; inspections.

1. Before any electrical work covered by this code may be installed, altered, or repaired, a permit shall be secured from the central permit office. When the central permit office is not open, emergency repair work may be started without a permit, provided the application for the permit is filed as soon as is practicable on the next day on which the central permit office is open.
- a. Regular permits. Regular permits will be issued only to licensed electrical contractors complying with the requirements of the Electrical Contractors Licensing Act of 1962, section 45:5A-1 et seq., of the Revised Statutes of the State of New Jersey.
- b. Restricted permits; registrations. Electrical work exempted by section 45:5A-18(m) of the Revised Statutes of the State of New Jersey, but not exempted by Newark ordinances, such as maintaining and installing elevators, escalators, oil burners, and gas pumps, may be done on a regular permit by a licensed electrical contractor, or may be done on a restricted permit with each restricted permit limited to one class of work. Such restricted permits will be issued to persons, firms, or corporations who have in their employ a licensed journeyman electrician. Registration in the name of the persons, firms, or corporations shall be on an annual basis from January 1 through December 31. Application for each restricted permit shall be accompanied by an annual registration fee of \$50.00.
- c. Annual repair and maintenance permits. Repair or work in or on premises occupied by a firm or corporation may be performed on behalf of such firm or corporation on an annual permit basis either by a licensed electrical contractor, or by the corporation itself, if the corporation has in its employ a licensed journeyman electrician who is a regular full time employee. The annual permit will be issued in the name of the firm or corporation or the electrical contractor from January 1 through December 31. Said firm or corporation or electrical contractor shall be responsible for filing with the electrical subcode official, on a quarterly basis, a complete report on all work done under such permit. The annual fee for repair or maintenance work done under an annual permit shall be \$150.00. This amount shall cover the inspection fees for work done under any one such permit.
2. The electrical subcode official or his duly authorized representative is hereby empowered to inspect all wiring, appliances, devices, and equipment coming within the scope of this subcode. When the installation of any such wiring, appliances, devices, or equipment is found to be in dangerous or unsafe condition, the person, firm or corporation owning, using, or operating the same shall be notified and shall make the necessary repairs or changes required to place such wiring, appliances, devices, or equipment in safe condition and have such work completed within 15 days after notification thereof, or within such further reasonable time as may, upon request be prescribed.

November 23, 1982

3. Whenever a person, firm, or corporation owner shall apply to the city for an inspection of any building used for dwelling, commercial, business and industrial purposes, in order to ascertain if any of the electrical codes have been violated, the construction official, upon payments of the fees specified in section 2:(2)4 of this article (clause 4. below), shall cause an inspection to be made of the premises and issue a certificate or report of the inspection to the applicant, indicating therein, any violation of the electrical code found and any necessary repairs or changes to be made on such inspected premises.
4. There shall be a minimum charge of \$5.00 for the electrical inspection of not more than 5 dwelling units and \$0.75 for each additional dwelling unit up to 21 units. There shall also be a minimum charge of \$20.00 for the electrical inspection of not more than 21 dwelling units and \$0.50 for each additional dwelling unit. There shall be a charge for the electrical inspection of mercantile, industrial, and business buildings, according to the following schedule; from 1 to 1000 square feet \$5.00 minimum fee and \$0.01 for each additional square foot; from 1001 to 5000 square feet \$10.00 minimum and \$0.005 for each additional square foot; from 5001 to 10,000 square feet \$25.00 minimum and \$0.0025 for each additional square foot; over 10,000 square feet \$25.00 minimum and \$0.0020 for each additional square foot.
5. The electrical subcode official is empowered to disconnect or order the disconnection of electrical service to conductors or apparatus found to be in a dangerous or unsafe condition, or to have been installed without acquiring a permit, or not in accordance with the provisions of this code. He shall thereupon attach a violation notice which states that such conductors or apparatus have been disconnected because of their having been found unsafe to life and property, and it shall be unlawful for any person to remove said notice of disconnection or to reconnect such defective conductors or apparatus until the same has been placed in a safe and secure condition, and until the inspector has replaced the red violation notice by a green approval label.
6. Used electrical equipment shall not be installed unless specifically approved by the electrical subcode official prior to installation.
  - (3) FIRE SUBCODE FEE SCHEDULE:  
See Title 11A:1-8 (Permits; permit fees)
  - (4) PLUMBING SUBCODE FEES:
    - (a) For defraying the expense of inspecting and filing plans and specifications and for inspecting and supervising the testing of plumbing system, or part thereof, a minimum fee of \$15.00 shall be charged for each system or part thereof.
    - (b) For a plumbing system or part thereof with 3 or more plumbing fixtures or fixture outlets, the charge shall be an additional \$4.00 for each fixture outlet. A fee of \$25.00 shall be charged for each stack.
    - (c) A fee of \$10.00 shall be charged for a permit to relay a house sewer from the city sewer line to a building. A \$25.00 fee shall be charged for new sewer installation.
    - (d) A fee of \$15.00 shall be charged for the installation of all gas appliances and domestic hot water heating apparatus.
    - (e) A fee of \$15.00 shall be charged for the issuance of a permit for the replacement of a plumbing fixture.

707  
November 23, 1982

- (f) A fee of \$15.00 shall be charged for each reinspection to comply with the provisions of the code or permit issued.
- (g) Fees for a permit for work already started or completed without a permit: When a permit is applied for, for a plumbing installation already started, or completed for which no prior application for a permit has been made, the fee for such permit shall be 1½ times the normal fee schedule, and provided further that the minimum fee for any such application shall be \$50.00

Section 3. Any existing ordinances or parts thereof inconsistent with this ordinance are hereby repealed.

Section 4. This ordinance shall take effect upon final passage and publication according to law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Carrino, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, President Grant.

President Grant: The yeses are seven and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

The City Clerk: The following ordinance was adopted on first reading, adver-  
tised in accordance with law and a hearing date set. It is now before you on public  
hearing, second reading and final passage:

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED, "AN ORDINANCE CREATING PERMANENT  
POSITIONS IN THE DEPARTMENT OF ADMINISTRATION AND ESTABLISHING SALARIES THEREFOR,"  
(6-S & F-d) ADOPTED MAY 4, 1977 AND AMENDMENTS THERETO. (TO CREATE THE TITLE AND SALARY  
FOR MANAGEMENT PLANNER IN THE DEPARTMENT OF ADMINISTRATION)

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

SECTION 1. That Section 1 of an ordinance entitled, "An ordinance  
creating permanent positions in the Department of Administration and  
establishing salaries therefor," adopted May 4, 1977 and amendments thereto,  
be amended by creating the following title, title code, annual minimum  
salary and annual maximum salary as follows, to wit:

(a) Office of the Business Administrator

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Management Planner 152938 (37½ Hrs)	1/1/82	\$16,360.59	\$ 19,896.61

November 23, 1982

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum salary and annual maximum salary therefor, which are inconsistent herewith are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MR. D.J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY, wanted to know if the Department of Administration indicated in its budget, which was previously submitted, the need for a Management Planner. He assumed when a department submits their annual budget, it would describe all of its positions and justify the need for them.

Councilman Carrino explained many of the positions were on a Federal Program. However, in March or April, the Federal Government said that some of the programs were getting Administratively top heavy. The City then put money aside for the purpose of putting all of these federal programs onto the City payroll. In January there was no justification for the positions because no one anticipated putting them on the City payroll, and since the Federal Government did allow some of these positions to remain on the Federal payroll, now the jobs are being placed into different departments.

Mr. Henderson wanted to know if the City budget could afford these positions.

Councilman Carrino said when the people see the property tax next year then they will see how the City could afford these positions.

Mr. Henderson noted there were three levels of Management Planner, the one that was subject to the ordinance, a Senior Management Planner and a Principal Management Planner. He wanted to know just what the Management Planner did.

Councilman Tucker reiterated by saying the positions were in the budget last year. The positions were not budgeted for January, February, March or April. Most of the positions were picked up on the Municipal Budget. He added that the Management Planner works basically in the Business Administrator's Office. The individual provides planning to management, which deals with purchasing of vehicles on an on-going basis, deals with the overall preparation of the Municipal Budget, etc. The issue is really whether or not the City could afford it.

Mr. Henderson wanted to know what the people really did, and if their function was not necessary, then it should not be bothered with.

MISS HELEN POCH, 687 SUMMER AVENUE, NEWARK, NEW JERSEY, said on October 23, 1982, 114 jobs with increases were given out, this cost approximately \$479,386.70. She felt no raises should be given out when people are being laid off.

No one else appearing, a motion to close the hearing and return this ordinance to Administration was made by Councilman Martinez, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, President Grant.

HEARINGS OF CITIZENS.

6-HC-a.

MS. BARBARA KUNZ, 22 WILSON AVENUE, NEWARK, NEW JERSEY, REPRESENTING WILSON AVENUE BATH HOUSE COMMITTEE, NEWARK SWIM TEAM COMMITTEE, NEWARK TRACK TEAM COMMITTEE AND ALL THE CHILDREN OF THE CITY OF NEWARK, addressed the Municipal Council noting that the budget for the Department of Recreation and Parks will be looked at soon and hoped that the Wilson Avenue Bath House would be opened up soon including JFK Center, etc. The speaker said she cannot see building new facilities and letting the old facilities go to "pot". The children of the City of Newark need recreation. The speaker urged the Municipal Council to really look at the budget for the Department of Recreation and Parks.

President Grant indicated that he doesn't think there is a Member of the Council who is not in favor of making sure that recreation activities are returned again. The Director of Recreation and Parks, Mr. Chavis, who is present in the audience today, has voiced his opinion, when several Members of the Council made a visit to the Bath House. He assured the speaker that when that budget does come before the Council they will be taking a close look that there are additional advantages to the young people of this City, especially in the recreational area.

Councilman Martinez said that he got the feeling last week when he met with Director of Office of Planning and Grantsmanship Jewel Thompson, that there was some good news. She indicated that Administration was going to rehabilitate Wilson Avenue Bath House but there has been no follow-up. He said if a lot of this is going to be done it was caused directly by Ms. Kunz. He thinks that Ms. Kunz was the first person, he remembers her selling cakes outside of City Hall several years ago when the Mayor first indicated they were going to close down the Bath House, she has never stopped, has been persistent.

Councilman Tucker said that there has been a change in the HUD/CDA policy on a national level. That HUD/CDA policy is going to basically change the way that they deliver programs on a local level. Although they are going to receive a cut in what they refer to HUD/CDA, Year Nine, which are funds, which they have to submit an application in January of 1982. The Federal priorities have indicated that the top priority is for renovation of Municipal-owned facilities. The difference involved is that it will create havoc as to how they will deliver social services because of what they call the public sector, which relates to day care agencies and also agencies that are funded out of HUD/CDA. They will have to go back to a 10% funding level which means the social service programs are going to have to be cut in half, but ironically although there is going to be a negative, the positive is that it will free up funds that can be utilized for renovating Municipal facilities. All he can say to the speaker is to try to keep up the vigilance because although the Council may very well be supportive of her efforts, he does think it is important to at least make sure the Mayor is as well. He is not really sure at this point that is the case in regard to the opening of the Bath House but he does think from the Council's perspective, he doesn't believe the speaker has a problem. All he can do is suggest that the speaker communicate with the Mayor.

6-HC-b.

MR. JOHN WOODSON, 812 SOUTH 17TH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the water situation in the City of Newark. From his understanding there is an outstanding debt of \$26 million that is owed to the City of Newark, the Housing Authority owes the City of Newark approximately \$12 million. He asked the Council what procedures have been taken to collect this money and where this information would be public.

Councilman Tucker replied that they as a Council passed a resolution over a year ago directing the Corporation Counsel take the Housing Authority to Court and seek a judgement in regard to the water and sewer rates they currently owe the City. Thus far there has been no determination, the Housing Authority has subsequently sued the City of Newark indicating that there were certain parts on the redevelopment activity that they did not, as a City, provide them. Maybe what they can do is at least request a determination of the Law Department as to what has been resolved. This matter is in Court for the water and they in turn are suing the City.

November 23, 1982

Mr. Woodson questioned about the remaining money that is owed the City by citizens and absentee landlords.

Councilman Carrino replied that under Ordinances for First Reading they passed a couple of ordinances which is going to tighten that up and they are going to be able to pursue some of these people in a more progressive manner to collect some of the money they owe the City in regard to water. Presently, if someone owes the City money, they would turn the water off and when the house is sold whoever is buying the house, then they would pay the water bill. With this new law that they passed putting a lien on the property, they are going to be able to go after them much faster on some of these delinquent bills.

REVEREND JOHN B. MARTIN, BLESSED SACRAMENT CHURCH, 15 VAN NESS PLACE, NEWARK, NEW JERSEY, ACTIVE MEMBER OF COALITION SIX, addressed the Municipal Council with respect to outrageous water and sewer bills. The speaker urged the Council to do everything they can to get this system in order and to help the people that are struggling with respect to water and sewer rates.

Councilman Payne said they are concerned about the outstanding bills. They have been here for a long time and those bills have accumulated over a period of time and some of them are new to the Council. One of the problems is that it has been indicated in the past that when the City had funds subsidized as a cost of water they just put money into that Account, therefore, throughout the history of the City the cost of water was really not at the level that it really cost, it was a benefit the City could afford at that time. The luxury does not exist any longer and the City because of utilities of the nature of water, that particular account must be balanced. They have been in communication with the Water Department and he understands Coalition Six has been invited to a meeting in the South Ward and they are going to have a follow-up meeting with the Water Department and come up with some of their ideas for a solution. They stand open to work in conjunction with Coalition Six, their concerns are certainly the Council's concerns and if they can work out a solution that they can get people to pay their bills and come up with some enforcement to take those who are taking advantage of the situation, if they can locate those landlords. He is concerned about the person who is biting the "bullet", residential persons. He will stay on top of the matter and if there is another meeting in the South Ward with respect to water, he would appreciate being invited.

MS. ARLENA ROBINSON, 103 SIXTEENTH AVENUE, NEWARK, NEW JERSEY, MEMBER OF COALITION SIX, addressed the Municipal Council with respect to the high water bills. The speaker noted that the Housing Authority owes the City of Newark money but if it had been an individual the water would have been shut off and they would have been brought to the Court. The speaker noted that it was mentioned that the State is thinking about adding a tax on the water and how would this relate to the City. They have had a 300 increase already and the average person cannot pay their water and water bills are running higher than mortgage payments.

Councilman James said he has heard the statements the speaker make over and over again and certainly the citizens have every reason as to what action the Council is going to take to insure that everyone pays their fair share so no one segment of population has to suffer. He would move under Motions today that they instruct the Law Department to take the Housing Authority to Court on the issue of meeting their fiscal obligation for water. He thinks they have heard it so many times that they become irresponsible to hear citizens telling them that they use in their political rhetoric without any meaningful follow-up.

Councilman James reiterated that he would move under Motions to demand and direct the Law Department to take the Housing Authority into Court for the collection of outstanding water bills.

b-HC-e.

MS. JEAN WILLIAMS, 103 SIXTEENTH AVENUE, NEWARK, NEW JERSEY, BOARD MEMBER ON COALITION SIX, addressed the Municipal Council pointing out that the City of Newark sells water to neighboring communities at a much lower rate than the citizens of Newark pay. The speaker said she would like to know when these contracts will

come up for re-negotiations, so those communities will pay their fair share and will there be public hearings so they can have some input.

Councilman Tucker said they have discussed this as a Council on many occasions and he doesn't know if the public has been knowledgeable as to what has taken place. The neighboring municipalities who purchase water directly from the City started many years ago. In the old times, what used to take place is whatever the operational cost of the Water Utility for the entire area, Newark had the ability to contract to actually increase the rates for the neighboring municipalities directly as they did for the City of Newark. There may have been a difference of a one year or maybe in some cases three years depending on when the contract was terminated, they had the ability in the past to do that. Those suburban legislators who love Newark and do everything possibly they can to help Newark voted on a creation of a Water Utility Authority within the State of New Jersey. Basically that particular entity started promulgating rules and regulations in regard to guiding Water Utilities throughout the State of New Jersey. About eight years ago they were in the process of raising the rates for some of the neighboring municipalities, he is not exactly sure of the town, he believes it was Nutley, took the City of Newark to Court and based on the regulation promulgated by the State, they indicated the City of Newark needed to develop a filtration plant to filter the current water they have within their current system. That Court case was decided in favor of a suburban municipality. The Court did not rule on whether or not they had the operational cost of increase within the Water Utility. What they did say was that Newark would be able to get their increase in their water service the minute they construct the water filtration plant. Eight years ago when they started to appropriate money for the approval of the water filtration plant, they directed the Engineering Department to seek Federal funds, which were match funds and also sought State funds to try to enable the City to actually build that plant. What took place was that Federal funds were not available at that time, the City Council based on their ability to float bonds, floated bonds to raise money to develop the financial capability to build that filtration plant. When that one case was won all the other suburban municipalities followed suit. Their water rates are frozen at the rates that were established eight years ago until the City can either build the filtration plant or raise that issue to a higher court. They as a Council can sympathize with the speaker but the only thing they can do is to insure that the Law Department try to increase the vigilance on taking it up to the New Jersey Supreme Court or they come up with some sort of way of adding additional revenue into their bonding capacity so they can build that plant. Right now the City does not have the revenues to build that water filtration plant.

Councilman Carrino said the "wind" has it that the water rate is going to be doubled for 1983 and he would imagine that most of the speakers better be here come January when they have their hearings.

MR. DONALD JACKSON, 128 SMITH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council referring to newspaper article, Star Ledger, November 19th, "Water Utility must cut its rate", Hackensack Water Company was ordered to cut their water rates by the PUC by \$9.3 million this month. He also has an article by the Mayor who said "there are some actions my Administration could consider cutting into the \$28 million deficit, these items would include the increase of sewer tax and water tax." They are here in November for next year. There is \$26 million owed the City in uncollected water bills. If they collected the \$26 million they would not have to pay the water bills next year. The speaker also referred to the \$20 million that has not been collected by the Police Department. They appeared before the Council previously requesting them to get them a lawyer to collect demolition liens, that figure is around \$170,000. that has been collected. If they go after it they can collect it. The speaker pointed out that there is a surcharge on the sewer rate that someone pays in case someone else doesn't pay. He felt this was unfair.

Councilman Tucker in reply to a statement made by Mr. Jackson with respect to firemen, the 62 firemen represents \$1.3 million. Nobody has to be a mathematician to understand that \$1.3 million does not represent \$28 million. All he is saying to the speaker, clearly, they as a Council are not in a position to evaluate the \$28 million. By statute, they get the budget on January 15th. Whatever the Mayor basically talks

November 23, 1982

about at this point in time, he is talking about based on the figures he has presented to him by the various Department Heads. They have none of those figures. All they can function at this point in time is based on what he says to the press or what he submits to Municipal employees. They have not been in receipt of a budget and they are therefore not in a position to speak intelligently on whether there is a deficit of \$28 million, they can't substantiate on that except to inform the speaker that they heard what he heard. They have not had a detailed budget submitted to them and they are not in a position to analyze it and he finds it very difficult to ascertain why \$1.3 million which represents the amount of salaries for 62 firemen automatically is going to lay off 62 firemen. He finds it incomprehensible that they immediately go to either firemen or policemen when they talk about lay offs rather than deal with some of the other people within municipal government who at least provide a service but may be a questionable importance if they are compared to a fireman or a policeman. Last year the City of Newark had a certain amount of funds they get as surplus. The City Council placed the surplus funds directly into property tax reduction. They assume they will have a surplus similar to what they had last year but they don't know what the surplus figures are. They are at a distinct disadvantage right now.

Councilman Payne said with respect to uncollected fines from the Police Department, the Presiding Judge several weeks ago gave Council a report on the run down of what they were doing about the backlogs. They had a pretty indepth discussion as to changes in legislation that would hopefully get the State Motor Vehicle people to suspend licenses for outstanding tickets, computerized system that is being brought up to date so that all of these tickets can be put on a central computer form where action can be taken. He will be requesting a written report and will forward same to the speaker dealing with the uncollected fines from the Violations Bureau. He agrees if all the fines could be collected and all the water bills are paid they would be in great shape.

Councilman James said that more and more citizens are raising questions about the proposed increase in the water rates and the sewer user charge, in his earlier campaign literature when he wrote down that they have increased rates by 300%, which he opposed, he thought that was horrible. When he used his calculation to what the sewer user charge was it came out to 1,400% and thought he made a mistake and requested Mr. Marasco from the City Clerk's Office to calculate this problem and he came up with the same figure. He certainly will not vote for any increase in water rates and sewer user charge and he can say that now. He cannot be pressured, they can't buy him over a drink, eggs, etc. and they reach a point when they have to be consistent that it is too much to ask of people. He finds it hard during the campaign most of them campaigned with a \$30 million surplus and the only reason they couldn't spend it was because of the "CAPS" law and now they are talking about a \$28 million deficit. He said they can't have a deficit and a surplus, which he is somewhat confused about and he agreed with the speaker that they are going to have to make some very difficult decisions on the Council. It is going to be difficult for him and he knows there is a person on the budget that didn't go through tonight and this is a competent person, a Masters Degree in Accounting, excellent worker for the City and the Council in their own wisdom did not approve that ordinance and he voted for that person because he felt he was doing a job. He will be willing to make those type of sacrifices and they may have to start with the no show positions they have in the Council office. He still believes that some of the \$20,000. lawyers they have he has never seen, are not worth \$20,000. for two hours of work a month. If they are going to bite the "bullet", then they are going to bite the "bullet", if they are going to be consistent, they can be consistent. They can deny that person who is doing the job a job but then they can't deny people who are competent, educated, qualified, their personnel records indicate they are doing the job, they can't deny them and then play politics as usual. He doesn't even know one of the lawyers they hired, by name, by sight, never been introduced to them and they told him that his name is Tom Jones. He suggested simply to the speaker that they are going to have to make those difficult financial decisions and he is saying to those present in the audience it is not a game, because he has had other people call him crazy already, smoking pot. He will not be supporting any increase for water and sewer, no lay off of firemen who happen to be the one of the best Departments in the City of Newark, with a national reputation and in the City of Newark where people are running out and burning their property, they need the Fire Department in full force.

Councilman Tucker said he has sat with this Council and lobbied with the State to change the budgeting procedures of the State of New Jersey and more specifically the City of Newark. If there is any confusion he wants to qualify the confusion. They need relief in regard to the "CAPS" law, they need changes in the State Statute in regard to budgeting. He would like to explain one factor that people somehow like to manipulate. If they have a surplus for one year, that has nothing to do with their budget for the next year and he thinks people have to understand that. If they don't understand that then when they lobby directly in Trenton, they won't understand what in effect they are doing. What he is saying in effect, the "CAPS" law says that they can't go over 5% of what the current revenues are, so it doesn't matter, even though they will have the money, they can't take the money and put it into the operational budget. Maybe they like to flip around, game plans, everything else, he doesn't like to do that, he much prefers to deal with him straight forward and tell him that if they have a surplus they may very well be able to utilize that surplus in capital projects, utilize that in property tax reduction, but they can't utilize surplus acquired in 1982 to hire firemen. He doesn't want to sit down here under any misconception, the Newark Municipal Council does not hire firemen nor does it hire police. He is not going to allow the public to do the "jam", at least Councilman Tucker, as they did with the last police issue. The Council does not have that authority and to allow the public to operate under the misconception that they do, is a misnomer, they do not have that authority. They can put funds directly in the budget, but clearly the administrative responsibility of running Government, is clearly the Mayor and they have hired attorneys. Whether or not the speaker wants to listen to him or not, that is his decision, whether or not he wants to listen to reality that is a decision the speaker makes. What he is saying is a hard reality, whether he accepts or not, is something that the speaker has to decide upon. He can't make him accept anything. They have a clear statutory responsibility, they can raise those concerns with the Mayor, basically appropriate those funds, they can make laws, but he is not going to sit here and let the speaker operate under the misconception, whether he likes it or not, that this Council has the ability to hire police, or this Council has the ability to hire firemen, because clearly they do not.

MS. ROSE WILKINS, 90 LEHIGH AVENUE, NEWARK, NEW JERSEY, COALITION SIX, working on the Water Task Force, pointed out that throughout their research they found the PVSC billed the City of Newark \$12,396,122.16 and the City of Newark billed the customers of the City of Newark \$18,000,000., with a \$6 million difference which the Water Department should have in surplus and what happens to this money?

Councilman Rice questioned the speaker whether those figures include the sewer charge and water charge because it is his understanding from the Water Department, there is a difference.

Ms. Wilkins replied \$18 million sewer and \$15 million for water.

Councilman Rice questioned, through the Chair, whether anyone was present from the Water Department because he does understand they have a very serious problem with Passaic Valley and it was his understanding that regardless of whether they collect, the sewerage from the citizens of Newark or not will still be mandated because of a contract, he assumes, to pay 41% and he is a little concerned about the difference of the speakers' figures because he has talked to the Water Department many times in trying to find solutions and it seems to him they are in the red in collection and the speaker indicated they collected \$18 million over \$12 million billed.

President Grant said he is almost positive that no one is present from the Water Department but there is someone present from Administration.

President Grant indicated that the concerns voiced by the residents of Newark tonight are valid concerns, concerns that are certainly personal to all of them. He doesn't think there is a Member on this Council who isn't a homeowner and must be faced as the same as anyone else in the City. When it comes to the reduction in certain areas, when the budget is received, he thinks persons in this audience know the Council takes a long sharp look, uses a pencil, and areas where they feel are too much "fat", they try to trim where they can and when they operate within what is known the "CAPS" law, which means they cannot spend in excess of next fiscal year, 5% of more than they did the previous year, that hampers what they are doing. The observations the speakers are raising relative to the amount assessed and the amount collected, he doesn't think there is anyone on this Council who can say tonight, yes, \$18 million was collected and that \$12 million was here and \$6 million is an overage, they don't know that. As a normal day to day course, they would not go down and find out if that in fact is the case. He thinks now what ought to

November 23, 1982

nappen, the representative from the Administration is present, the representative from the Law Department, who ought to be taking this information down and he thinks that information should be disseminated back, so that we can ascertain what is being said is accurate and then how best to deal with it. For us to try to pretend we will tell you about an \$18 million collection, \$6 million overage, \$12 million assessed properly, we cannot.

Councilman Rice said when that information is forwarded he would hope Council would be in receipt of it because he said since he has been in office it seems that some of the questions citizens raise are the same ones he raised before he was elected. He said he personally confronts the Mayor, he speaks to him as a person, he directs himself to the Directors, he does everything except take people physically in his hands. When he gets answers and then research indicates there is some question, he was not told that when he spoke to people in the Water Department. He said, though he has Staff, they cannot do the extensive research that is required. He said as a part of Council's function to citizens, we cannot tell citizens we know everything, but if we first admit that to you, collectively we can work together. When you raise these questions, it is our duty to come back with some answers.

Councilman Carrino stated we have to understand we have a Sewer Department. If Passaic Sewerage is billing us \$12 million we have to have men and equipment in the daily operation of running the Sewer Department to fix the sewers. He said he does not know if that costs \$6 million offhand, but he knows if we collect \$18 million on the water, maybe \$10 or \$11 million is paid for the water, the other \$6 or \$7 million runs the Water Department. He explained the Passaic Valley Sewerage bills us "X" amount of dollars, we have to have money left over for the City of Newark to run the Sewer Department. When sewers break, the Passaic Valley Sewerage does not fix them, the City does; when a street caves in the City has to fix it. We have in the Public Works Division, a Sewerage Division. We have men that work there, equipment that must be used. He said he was not justifying the amount of money raised by the Sewer, nor is he justifying Passaic Valley, but what he is saying is that whatever they pay Passaic Valley, the City of Newark has to operate with funds also and that is part of the difference of what we give them and what we have to keep for ourselves to keep the Sewer Department operating at all times.

Ms. Wilkins stated she was told the water and sewerage bill was on the same bill, but when it came to City it was separated.

Councilman James said if there is going to be a request from the Administration for an increase in water rates, there will have to be justification to the Council. He said hopefully, the question posed by Ms. Poch, as indicated by the Council President and the appropriate administrative personnel in attendance tonight, they will immediately attempt to gather information to answer that question, but he would hope that during the time they have their hearing, each time there is a justification of why we need the increase, the fiscal records of that account, he hopes Council will notify Coalition 6 and as we receive this information and we deliberate and under the Sunshine Law, we hope as many citizens as many as part of Coalition Six as possible will also share in those hearings with us and then at the time we have to make a decision we will be knowledgeable of the data at hand and we will have the opportunity to explore that with citizens. He said what is being said tonight is very critical. The water situation has become very sensitive to the citizens of Newark. So many bills have been out of proportion, so many bills have been estimated, so many bills cannot even come in line with any "guesstimate" the citizens are trying to do. He said he always asks the question "Do they have an outside meter" because heretofore the biggest problem of errors in bills dealt with estimated bills. As President Grant indicated, they will answer the speakers specific question and he will inform her and provide her with the data they receive on the reason and proposal for increase before any vote of this Council, certainly the speaker and all of the citizens of Newark will have an opportunity to address them.

6-HC-h.

MS. DOROTHY RODRIGUEZ, 118 SIXTEENTH AVENUE, NEWARK, NEW JERSEY, BOARD MEMBER OF COALITION SIX, addressed the Municipal Council whether the outside water meter that are being installed on schedule and how long it is going to take to complete the job.

Councilman Rice said it was his understanding that the total City has been completed at one time and what the Water Department is doing now is supposed to be looking through defects and changing said meters because there have been questions about the readings. His understanding is that the process has already started to check some of the ones that have been installed already. He was under the impression the City was completed.

President Grant said the question posed by the speaker "how long will it take to complete the installation of the water meters", that is a question that she certainly has a right to pose to this Body and she certainly has right to an answer, if she wants it from this Body. They keep saying from week to week, month to month, and year to year, those areas of responsibilities that rest squarely with the Council, they try as much within their power to respond in a positive fashion, no one is about the business of "passing the buck". There is also another statement to City Government and that is Administration which is headed by the Chief Executive, the Mayor. The Water Department works for the Mayor, they are hired by the Mayor and they are terminated by the Mayor. He thinks what they would like to suggest that is they are going to get those answers for her, he doesn't think anyone knows tonight when exactly they are going to be finished but he would also suggest the same question be addressed to the appropriate persons in Administration, whether it's in the Water Department, through the Mayor's Office, more specifically the Business Administrator who has the day to day responsibility to run the City of Newark. Certainly the question posed by the speaker and has every right to ask the question and every right for an answer and they will try to get the answer for her. He thinks it is long overdue. They have approached the responsible persons in that area and they said they were working on it, some areas have been completed, other areas have not been completed, for what reasons they do not know.

Councilman Martinez said he is glad that the speaker and the other Members of Coalition Six felt the responsibility to appear tonight on this hot issue, water and sewerage. This evening he drafted a resolution calling for an investigation by the Federal Government into the Newark Housing Authority and part of it is because it becomes very frustrating of the unpaid water, sewer bills and other things, due the City of Newark.

Councilman Martinez said about a year or so ago, they did take the Newark Housing Authority to Court and they are currently in Court. There has been no disposition up to this time. There has been a Committee appointed consisting of himself, Ken Louis of the Chamber of Commerce, Assistant Business Administrator Banker, Director of Engineering Zach and Members of Congressional Districts, Congressmen Rodino and Minish. What they have tried to do was go over the theory why the sewerage bill is so high and the reason why it is high is because the Federal Government mandated Newark and other municipalities to start cleaning of the sewerage. They came into Newark and said "build a plant" the plant is built and Newark has to pay 41% of its share, with the other surrounding communities picking up the difference. It does show in your water and sewerage bills, you get your water bill and three times that rate is the amount you pay for sewerage. You get a \$100. water bill, you get a \$300. sewerage bill, 90% of the sewerage bill does not come into the Newark treasury, it goes to Passaic Valley Sewerage, 70% of the sewerage bill is not collectible and what they call is uncollectibles and that big majority is the Newark Housing Authority. So they are not really paying \$12 million but paying \$18 million because of the \$6 million the Housing Authority did not pay. The taxpayers of Newark have to pay the full amount of the water and sewerage bills, they pick up for the "deadbeats", namely the Newark Housing Authority. This Committee was formed for the purpose of trying to get some relief because over in their mind they question the fact that here in Newark they are told by the Federal Government to build a plant and clean up the water and as they clean up the water and it is being dumped in the Newark Bay, wherever, New York City who has not built a plant, they have refused at this point the mandate of the Federal Government, they get a reward. They dump all of their garbage into the Hudson River and they could care less because they are saving their taxpayers that sewerage rate and he believes it was estimated by Mayor Koch to be \$1.8 billion to build the plant. Here in Newark they follow the mandate, they get no relief, they get the punishment, while New York City and other communities that do not have a sewerage treatment facility get the benefit of less dollars, less cost. They wrote to their Congressmen, they felt this Committee would meet with them in Washington indicating the difference in equity, obeying the Federal laws and they are being

punished. They are hoping to do several things, maybe take Passaic Valley Sewerage and look perhaps to private people to take it over and use it as a tax write-off, which would be a decrease in cost of operating the building; perhaps having a tax write-off under the Internal Revenue program, you can't write-off your sewerage bills, some people seem to feel that have spoken to him, they would rather give \$300. to the Internal Revenue Service as a tax write-off and then pay the sewerage bill, feeling they are getting something back for their dollars. There are also other areas under consideration. He would suggest that they talk with their congressional leaders, whether their Senators or Congressmen, to indicate to them their concern about the sewerage since this is federally mandated, perhaps they can get the input from the speakers to them, it is only a same committee, and perhaps they don't feel the concern they are addressing is the concerns of the people. There is no question in his mind that if the water and sewerage continues the way it has been going it is going to exceed taxes that are being paid by property owners.

Councilman Payne said they have one storm system which is very old in the City of Newark. Newark communities have a separate system and the cost of overall sewerage treatment is less because they have to go through a secondary treatment rather than simply a primary treatment, so the cost to the City of Newark is heavier. They are also mandated under the Environmental Protection laws, this is where the clean water act came in and the whole question of solid waste treatment and also mandated by the Federal Government that at a particular time garbage must be recycled, dumping will be outlawed. Once again there is going to be a system mandated by the Environmental Protection, a system that may in fact cost more money to operate. They need to get prepared and see if this system can be managed without costing additional monies to our City.

Councilman Rice said this is a very concerned and active audience and sees these them quite often and it seems to him when we are talking about in reality the economic, they are talking about dollars and cents and he is very much concerned about the entity such as the Passaic Valley Sewerage Commission, etc. and the influx there and they are trying to impact and nothing is being done. Then he looks at the actors at the top of it and kind of questions the reality, can they really penetrate that system. What he tries to do is think of ways and means to, if he can't save money on water and sewerage, what can he do over here to bring the cost down to create the balance they are looking for and he is looking for as a taxpayer and as a citizen and the reason he is bringing it up is because it seems to him the other things in the City of Newark that individuals and groups that have appeared before the Council, can do and the Council and Administration can do to create some ratables and other means of balancing out economics. In the future he intends to present some resolutions requesting support of the Council and the community to do some things and he thinks there is going to be mixed feelings about it. He thinks it is time they stopped talking and start doing. If they don't start walking forward, they are never going to cross that bridge ahead of us.

President Grant said there have been many concerns raised this evening, Coalition Six is here in great numbers, homeowners and other interested citizens among the City. Quite often they get caught up in the politics of City Government and forget about the other side of life. Two days from now they will be celebrating the Annual Thanksgiving Day and on behalf of the Members of the Council, President Grant, wished everyone present this evening and the City of Newark a Very Happy Thanksgiving Day.

10-HC-i.

MR. JOHN J. GEROW, 554 SANDFORD AVENUE, NEWARK, NEW JERSEY, PRESENT OF THE NEWARK FIREMEN'S UNION, addressed the Municipal Council pointing out that if the threatened lay-offs that are persisting to rumor should take place affecting 62 firemen, representing 10% of the working force. Every 13 hours there is a major fire in the City of Newark and contrary to the Mayor's concept that when they had 500,000 people in Newark, which he would dispute, consequently now they have 329,000 people, the Mayor seems to think they should have less numbers and present the same accommodations. He wished the statistics of firefighting related to the same statistics of population, unfortunately they don't. Because of the 100 year of age buildings in this City, fire is a constant risk. In 1975 they had 311 firefighters in the City of Newark, 1982 they are down to 617 firefighters. Rapid response, expensive and sophisticated equipment, but if you don't have the manpower for that equipment, then what was spent for it is a total waste. In 1979 there was Federal Consent Decree that afforded the minorities in the

November 23, 1982

City of Newark availability of employment in the Fire Department. Here in 1982 they are going to be faced with lay-offs and the gains they have made in that area in the last three years are going to be suffered greatly. Out of the 62 men, they are going to less 2/3 of the minorities. He recognizes the Council has problems, they have surplus they can't use. The speaker urged for the Council's assistance.

Councilman James said certainly some Members of the Council have already indicated the support of firefighters and are opposed to any lay-offs. They can include money in the budget to retain firemen but this Body cannot hire, nor can this Body stop any potential lay-offs that would be administratively enacted. He pointed out that in the Police Department there was a lay-off and there was a desire by this Council to increase the Table of Organization and although for several years in a row, they included money in the Budget, the Mayor did not hire an increased number. What he is suggesting to the speaker, simply, if they can give him financial support, they cannot carry out the mandate of not having lay-offs nor can they hire once lay-offs occur. He hoped that the speakers lobbying efforts will not only be before this Body but also with Administration as well. The worst thing that can come out of this and historically it has happened on the Council. They pit one group against another. They say to the residents of the City of Newark they are going to increase their water rates, they say they are going to lay-off firemen and the issue is a very simple one. Can they raise the rates or lay-off firemen and then the argument will be the fire and police do not live in Newark, so make your choice. The voters who support them live here and pay the water bills, or the fire and police, the majority of whom do not live in Newark. He would hope they do not develop a fight along those issues, he hoped they would not pit department against department, individuals against individuals and he hoped this Body as they have tried to do in the past that they deal with some serious problems of the City face them and more importantly come up with priorities. That is the real situation. They can support them in the budget but lay-off and hiring they can't do.

Councilman Rice stated that there are two priorities in the City of Newark and if they don't properly function, as far as he is concerned, nothing will work and that is fire and police. He knows that on his block there is always a fire and thanks the Good Lord for the Newark Fire Department that there were no serious injuries. He is concerned that they hand out "pink slips" and he has been here since July and he witnessed raises and certainly he voted for some of them, individual raises and not packages and he questioned when he first came here how the City of Newark can find \$1 million in the City Budget to move positions from HCDA into the City Budget and yet during the months they cried and went to the polls to vote for mandated police officers, they couldn't find money to hire them. Now they find themselves indicating administratively some individuals who are making a reasonably decent salary and perhaps they deserve more, they are talking about sticking together, the type of unity that Councilman James spoke of, how can they in good faith give some of those administrative pay raises that are not really mandated and they need those monies across the other side replacing those budgets. He has a strong feeling, even though he gets whipped down here sometimes, many times, as the "dark sheep", he is doing what is right when he makes those rejections and once again, as his Council colleagues, he hoped people would not take that personally. They have to live with themselves and justify their existence to them and try to monitor their budget. His conscience tells him they cannot lay-off police officers or firemen, in reality they can't lay-off anyone but if he had to make some decisions, he would rather see money taken out of Administration and some of those other positions, even his staff if necessary to fulfill those necessities first and he thinks if they can maintain the security in the City and the fire response, he thinks they are talking about ratables, bringing in industry, doing those positive things, then people will start looking to the City of Newark and would want to come here.

Councilman Martinez said that the best agency they have in the City of Newark second to none, is the Newark Fire Department. He never remembers getting a complaint about the Newark Fire Department, only commendations, more praises than anything else, nationally they are number one. It was sad in July when Administration sent them 153 names to be transferred from the federal side to the City Budget. He knows this Council in its wisdom scrutinized them very carefully and out of those 9 names were approved of individuals that kept the daily flow of government and the others were sent back to Administration, either by rejection by returning them. He questions now, Councilman Tucker came up with a figure of \$1.3 million which was necessary to maintain those 62 firemen. Being the Council did not approve 144 of those positions out of 153, he would think the direction can be given by this Body to seek whatever

November 23, 1982

balance of dollars are left, which should be around \$900,000. to go towards the Fire Department Budget. He would certainly agree with Councilman James, he knows as a policeman, himself and his colleagues here, they put money into the Budget and they had the feeling that the Mayor was going to hire policemen, it never happened. Every year they get into the same battle, same fight. He wouldn't want to say they are going to put money in the budget and they are going to hire firemen. It is clearly administrative position but he would think in bargaining with those Members of Administration can quote him on what he said and those 144 positions were funded, what is going to happen to those dollars.

Councilman Payne reiterated not only did the Council in its wisdom feel there should be 1,000 policemen, but they took a referendum to the voters and the voters voted they wanted increased policemen and in spite of that, the Office of the Mayor is the only one in this City who can hire. He just wondered if people go to the Mayor's Office like they come down here. That is where the people ought to be going and talking to people in the office. They don't mind sitting here and listening but he hoped that a group would go to the Mayor's Office and let them know the same thing they are hearing. They understand the plight, they understand the dilemma. They were elected by the people but the Mayor was also elected by the people too.

Councilman Tucker said last year he voted for 1,000 policemen and what they did was put the money in the budget. He will vote to put the money back in the budget but it does not mean the Mayor is going to hire those firemen.

Councilman Carrino said they can all echo that. They will do and he is speaking for all the Members of the Council, that they will do everything they did last year for the policemen. He thinks the speakers job and he thinks he has a much more active Director along those lines. He thinks his job is to keep communicating with Director Caufield and keep letting him make his pitch to them and when it is time to put the money up, if he convinces them not to lay-off anybody and they come to them for the money, they will put the money in the budget. They will continue to do what they have to do but he is going to have to keep lobbying with the Director and he is going to have to keep lobbying with them to convince them that the Fire Department is absolutely essential at its current manpower.

Councilman Tucker said he agreed with Councilman Payne. He knows full well what it is to get an appointment with the Mayor. He thinks Members of the City Council find it difficult. He finds it kind of incomprehensible for people to raise things with them knowing full well they do not have the authority to deal with those particular concerns. He would like to have a Commission Form of Government so in effect they would have the Commissioners making the legislation and administering. That is not what the citizens of Newark voted for. They voted for separation of powers. When they talk about the issues of what they can do, he thinks that clearly should be their responsibility and people should raise that directly with them. If it is something they have no statutory authority, that is piling and hiring deeper. They can do what they can do based on their authority. They are not the Mayor, they do not have the Mayor's authority.

Councilman Payne said that when the change of government came about, it was called a strong Mayor-Council Form of Government. They have the legislative authority.

Councilman Rice said and he doesn't want anyone to misunderstand but he said this to all community groups that he confronted in the past and continues to confront in his daily movements and suggested that the Mayor sit in the Council Chamber with the Department Heads once a month. He is a firm believer that they have forgotten the history of poor people in general and he can remember a great Doctor who was a Christian and organized people of all colors, religion and ethnic background, economics and for civil rights. They marched through Selma and Montgomery and it seems to him they as people should stand up and march for those types of rights when they talk about economics, human rights. It seems they take a back seat. He is proud of the West Ward people because they are prepared to march and take what belongs to them in a peaceful way if necessary.

MR. AMOS HAWKINS, 12-18 RANDOLPH PLACE, NEWARK, NEW JERSEY, said in affluent areas the people tell the politicians what they want and in the poorer areas, the politicians tell the people what they want and this is true in the City of Newark. The speaker referred to positions the Council was trying to create for Mr. Earl Harris and Mr. Benjamin F. Johnson and also the Elected School Board.

They all have to tighten their belts and referred to Council hiring three consultants for over \$60,000. and questioned how they could hire them with the present situation of economics.

Councilman Payne said he agreed with most of the remarks made by the speaker. He is not here to debate and said that Jerry Brown in his opinion is not a good politician and was against Proposition 13 and when Proposition 13 won overwhelming and then he was one of the strongest proponents for it. Richard Nixon was that way and when he took a poll and found out that the majority of the people, the solid majority of the people of America who were opposed to bussing, were opposed to some of the things that were right and Mr. Nixon ran a government based on opinion polls.

Councilman James said he has a belief in Robert Braun, who wrote many, many years ago about Newark "until the citizens of Newark come out in large numbers and make known their voice", as the speaker indicated, then some of the actions in the City of Newark, perhaps not in the best interest of our City will continue to happen clear of legislative and administrative. He would like to dramatize one situation on some of the remarks brought to the Council's attention and he thinks it places a great responsibility on the Council during these terrible times they live. They just learned that Section 8 will be terminated as of December 31st is another frightening monster they have to deal with. A City employee came to his office crying and asked why she was crying and said she just came from the funeral home. A lady that was laid off had jumped Saturday from 11 Hill Street and took her life. He didn't know if it was true but he listened. She had begged for her job, she was competent, done a good job and Harry Wheeler had always protected her. They kept a girlfriend instead of giving her job back. This goes on and on and we hear charges of that nature and he is saying, he does not know it to be true or not but it was something which stood in his mind because they are going to have to be very serious about the dollars they vote on, the positions they create, the positions they do not create and all of the other ramifications. During these critical times, the action of this Council sometimes will greatly affect the lives of others. He still sees that incident, still hears about it and still feels it, a handicapped person being laid off. The Council received a letter about a woman who has been laid off after 19 years who lives in East Orange and you get mixed emotions, licked stamps and campaigned and brought the tickets and was competent. She said she is not concerned about being let go, she wrote the Mayor, but the manner of how it was done, lesser people were kept, political deals were made and other people kept on the payroll. They have a difficult responsibility. He is not always right.

Councilman Tucker said one of the things he doesn't try to do is hide from people and whatever he does he believes in other wise he will not do it. That has not been his record on the Council but him as a man being born and raised in this town. Whatever he says in the Council meeting he says in community meetings, at a church, etc. With respect to his comments on hiring Earl Harris, he firmly believes Earl Harris should have been hired by the Municipal Council because they had discussed this at a Council meeting and he believed at that point and time the only thing a person that seeks public office has, is his word. He gave his word at that point and time. He doesn't give his word and back up from it. If people feel that is a bad situation, then he understands that. He also at that point talked to Mr. Junius Williams because he was very much concerned about Earl Harris being hired by the City, as a political appointee. He said to Mr. Williams, it was alright for Mr. Junius Williams to be hired in 1970 as a political appointee when he coordinated the Mayor's campaign because he was the first Director of the Mayor's Policy and Development Office and already for him to basically work towards hiring other people in politics at that point in time but it seemed to be a problem since he was running for Mayor. He is not running for Mayor so he dealt with it in a realistic way. He also raised the question why Mr. Williams was very much concerned about Earl Harris when he didn't say anything about Frank Megaro, Michael Bontempo, Jesse Allen, Dennis Westbrooks, Calvin West and didn't say anything about Frank Addonizio, who did not work for the City but worked for the County. He thinks what the speaker was dealing with in regards to Mr. William's statement and he said that to him, that basically his concern about trying to politically capitalize the appointment of Earl Harris to a position of the Council without really having a basis on it. He believes the speaker raised some concerns about his statement dealing with the hiring of secretaries in the Mayor's Office. He is of the opinion that whatever relates to him also relates directly

November 23, 1982

to the Mayor. He does not believe they should sit down here and say their secretary who makes a certain salary, that the Mayor should not have a secretary of that size or magnitude. He believes at that point on the Council they had got to a point where they were becoming picayune. In other words if they are saying that the Mayor's secretary should make less than their secretaries. Most of the Members of the Council agree that the Mayor being the Chief Executive of the City of Newark makes more than the Department Heads and if you look at Federal Government, that is the way it currently functions. If they operate under the assumption that the Mayor should make more than Department heads, Division Heads and even affiliated agencies, like the Board of Education and the Housing Authority, shouldn't it also be true the Mayor's secretary at least should make much as their secretaries. That was the issue he felt that they were not effectively dealing with. He thinks they as a Council considered that, went over it and believes in the wisdom of the Council, they reconsidered their action and subsequently approved it. He thinks they as a Council have to be consistent.

MR. PATRICK FARLEY, 57 DARCY STREET, NEWARK, NEW JERSEY, Head Coach of the Newark Swim Team and also a Teacher in the Physical Education at St. Aloysius School, addressed the Municipal Council with respect to implementing an effective recreational program in the City of Newark which would help eliminate juvenile delinquency, lower crime and develop better community relations and develop positive attitudes towards Newark and most importantly develop positive mental and physical health attitudes for the residents. This past summer he did his internship for the Essex County Department of Recreation and Cultural Affairs which took place at Independence Park, which consisted of loaning out equipment to the area residents and provide instructions as needed, provided some very successful tournaments in volley ball, etc. This kind of program should be implemented in the City of Newark which he did himself and had approximately anywhere between 300 to 500 people a night. He is concerned about recreation in the East Ward. The Ironbound Recreational Center is working approximately at 40% of its potential, Wilson Avenue is non-functioning, Hayes Pool is only open 3 to 10 weeks, 6 to 8 hours a day. Last January Councilman Martinez gave him a proposal to renovate the Ironbound Recreational Center and construction was supposed to start this fall, nothing has been done thus far. What the City and the Department of Recreation and Parks can do is stop lying to them and stop giving them false hope and start listening to them, they are tired of their proposals landing on deaf ears and start becoming effective in recreation by appropriating the necessary funds.

Councilman Rice questioned the speaker what does he suggest if a Ward does not have recreational facilities, a Boys Club that is boarded up and needs close to \$1 million to open.

Mr. Farley replied the first thing you have to do is get out to the Mayor and start publicizing what they want.

6-HC-l.

MR. JOHN L. SMITH, 55 WILBUR AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to recreation in the City of Newark and asked the Council to appropriate money for recreational facilities.

A motion to permit Ms. Helen Poch and Mr. Michael Vaccari to be heard under "Hearings of Citizens" was made by Councilman Carrino, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker, President Grant.

6-HC-III.

MS. HELEN POCH, 687 SUMMER AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the City of Newark always creating new positions, giving raises. There is an overabundance of coordinators and planners and no shortage of personnel in any office in City Hall and out in the streets where they need the workers, they are not there.

6-HC-n.

MR. MICHAEL VACCARI, 255 ELWOOD AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the Mayor's statement indicating that there was

November 23, 1982

listed in his proposed budget a projected deficit of \$28 million, citing the "CAPS" and the Presidential politics and the economy are some of the culprits or reasons he can't cover his \$28 million deficit. He also cited some actions that would cut into this \$28 million deficit of his and didn't say eliminate, such actions all concern raising taxes and cutting services. The speaker proposed instead of lay-offs and instead of raising taxes, all Newark employees from His Honor down take a 5% cut in pay and thereby refer to the community he so earnestly wants to share the burden with in these hard times.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by Councilman Payne, seconded by Councilman Tucker.

Councilman Carrino said he would like to know what is the disposition of the "so-called" case they instituted against the County and the State in providing them with food since they were not obligated to feed the prisoners in the first place.

City Clerk D'Ascensio said he did not know.

Councilman Payne said they actually sued the State and the County when he was up there. The reason why the County couldn't take the City prisoners was because the State wouldn't take the County prisoners. They had a tremendous number of State prisoners in the County, which they still have today. If you file a suit, it usually takes two to three years. What they did was agree to believe something they were supposed to pay.

Councilman Carrino said last years lunches was in the area of \$38,000. and this year it is \$96,000. They should compensate us for that if they don't take the prisoners.

Councilman Rice questioned what period of time are they talking about. Is it an annual cost?

President Grant replied since he has been on the Council it varies. It may be one amount one year and another the following.

Councilman Rice said he would like to see some sort of accountability, how many prisoners are fed and documentations to justify because once again he has done a lot of policing and he watched what those men ate. He doesn't know how many prisoners they locked up because \$96,000 is a lot of money for sandwiches.

The motion to adopt the resolution failed of adoption by the following votes:  
 Yes: Councilmen James, Payne, Tucker, President Grant.  
 No: Councilmen Carrino, Martinez, Rice.

The City Clerk was directed to communicate with Corporation Counsel Teare requesting a status of the suit of the City of Newark against the County of Essex in reference to the supplying of prisoners' meals since the County is not accepting the prisoners on a timely basis.

RESOLUTION AUTHORIZING TRANSFER OF FUNDS FROM DEPARTMENT OF FIRE, DIVISION OF DIRECTOR'S OFFICE, SALARIES AND WAGES, OTHER SALARIES AND WAGES-\$183,200. TO SALARIES AND WAGES, FIRE CAPTAIN CODE 153505-\$183,200.; PURSUANT TO N.J.S.A. 40A:4-58.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Martinez said he recalled reading in the newspaper that there were demotions in the Fire Department and if so, why is this money being transferred to Salaries and Wages, Fire Captain and questioned whether they can defer this.

City Clerk D'Ascensio replied this is the balance for 1982, so they have been told.

Councilman Rice said he is concerned about the movement of the money. Is it going to leave the salaries of firemen short.

November 23, 1982

Chief Accountant Fitzsimons replied the money is coming from Other Salaries and Wages, which includes the firefighters line in the Fire Department and is strictly due to the fact of attrition, jobs that have not been filled, people have retired or died and is being transferred into the Fire Captain line to pay salaries for Fire Captains for the balance of the year.

Councilman Rice said so what he is saying there is no money to pay the Captains right now.

Chief Accountant Fitzsimons said they have some but not enough to carry it to the end of the year.

Councilman Rice asked these monies will not affect the 617 and Chief Accountant Fitzsimons replied it does not affect those because the money is there because there are only 617 at the beginning of the year.

Councilman Payne asked if there were some recent promotions of Captains and City Clerk D'Ascensio replied there were 25 promoted.

Councilman Payne said two months ago they made 10 new Lieutenants and they have less men on the force. He doesn't understand how they have more Captains for less men or Lieutenants for less men and then they talk about a budget gap. It is going to be too expensive to live in the City. There has to be some kind of responsible action.

A motion to adopt the resolution was made by Councilman Martinez, seconded by Councilman Rice and failed of adoption by the following votes:

Yes: Councilmen James, Martinez, Rice, Tucker, President Grant.

No: Councilmen Carrino, Payne.

RESOLUTION AUTHORIZING TRANSFER OF FUNDS FROM DEPARTMENT OF ADMINISTRATION, DIVISION OF BUDGET, SALARIES AND WAGES AND OTHER PAY, SALARIES AND WAGES, BUDGET OFFICER-\$15,082., OTHER SALARIES AND WAGES-\$6,118., TOTALLING \$21,200. TO SALARIES AND WAGES AND OTHER PAY, SALARIES AND WAGES, SENIOR BUDGET EXAMINER-\$21,200.; PURSUANT TO N.J.S.A. 40A:4-58.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Carrino questioned how come they need \$21,200. Is this for a new employee.

Chief Accountant Fitzsimons replied there was a Senior Budget Examiner position open and they took an exam and passed it and appointed someone to it. There was also an exam called for Budget Officer. The gentlemen who held the job of Budget Officer took the exam and failed and somebody else passed and they couldn't keep him in that job, he had to go back to his permanent title as Senior Budget Examiner and they have to have the money to pay for him until the balance of the year.

Councilman Carrino further questioned what happened to the person that passed the exam?

Chief Accountant Fitzsimons replied he cannot answer that.

Councilman Carrino said he has a suit against the City because they won't pay him.

7-R-cf. RESOLUTION AMENDING RESOLUTION 7-R-c, NOVEMBER 24, 1981, "RESOLUTION AUTHORIZING  
(A.S.) ACTING TAX COLLECTOR TO CANCEL OF RECORD ALL REAL PROPERTY TAXES, IN EXHIBIT B, ATTACHED  
HERETO, IN THE AMOUNT OF \$255,739.64; PROPERTIES ACQUIRED BY NEWARK HOUSING AUTHORITY  
FOR THE CITY OF NEWARK, AS PART OF COMMUNITY DEVELOPMENT AREAS; IN SUM OF \$255,739.64  
TO BE TAKEN AS A "CREDIT" AGAINST CITY'S FINANCIAL OBLIGATION TO THE NEWARK HOUSING  
AUTHORITY," BY DELETING 139-157 SEVENTH AVENUE, BLOCK 473, LOT 40 AND RESTORE TO  
REAL PROPERTY TAX ACCOUNT LISTS.  
(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to table the resolution was made by Councilman Carrino, seconded by  
President Grant.

Chief Accountant Fitzsimons said last year taxes were cancelled for the Housing  
Authority and inadvertently this was listed. It is not owned by the Housing Authority.  
It is owned by a private company. What this resolution is doing is removing this  
property from the list and put it back on the tax roll so they can now go after the  
owner for taxes he owes. According to the records it has been cancelled.

Councilman Carrino said he will withdraw his motion to table and will move to  
defer.

President Grant removed his second to the motion to table.

Councilman Carrino said part of that property is supposed to be St. Lucy's  
project and from what he understands they cancelled after St. Lucy's building was up.

President Grant said the history of this has been the owner of record on 7th  
Avenue donated a piece of property to St. Lucy's and the Tax Collector's Office in  
error submitted a resolution that all of the taxes be forgiven. When they ultimately

went to court, it was discovered, when he spoke to the Tax Collector two months ago and told him he detected the error in re-reading some information and that he should talk to Corporation Counsel Teare about submitting a rescinding resolution. Subsequently, they went to Court recently and the Courts indicated the same thing, the City has to rescind the original resolution so it does not look like the City is just giving away taxes to a profit making venture.

A motion to defer action on this resolution was made by Councilman Carrino, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Carrino, James, Martinez, Payne, Rice, Tucker,  
President Grant.

RESOLUTION RECOGNIZING AND COMMENDING THE UNITED WAY OF ESSEX AND WEST HUDSON FOR THE MANY SERVICES IT PROVIDES, ESPECIALLY TO THE CITIZENS OF NEWARK.

President Grant read the following resolution:

WHEREAS, the United Way of Essex and West Hudson is currently in the midst of their annual campaign drive to raise funds and enlist volunteers for the many worthwhile services which they provide, especially to the citizens of Newark; and

WHEREAS, the United Way is not merely a fund raising organization but rather is the essence of the Good Samaritan philosophy, people voluntarily aiding other people, giving of themselves to those in need who require a helping hand; and

WHEREAS, in the case of the United Way of Essex and West Hudson, 187 programs are provided for some 800,000 area residents and vital support given to projects such as the YMCA, Family Service Centers, Mental Health Programs, Child and Senior Citizen Day Care Facilities, Boy and Girl Scouts, Boys' Clubs' and innumerable community-based counseling operations which combine to make the United Way the single most far-reaching and efficient charitable effort yet devised;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby recognize and commend the United Way of Essex and West Hudson for countless contributions to the Greater Newark Metropolitan Area, which have made our community a better and richer place in which to live, work and play.

BE IT FURTHER RESOLVED that a copy of this Resolution suitably inscribed be presented to the appropriate United Way officials in honor of this occasion.

President Grant presented a suitably inscribed resolution to Mr. Edward Kilduff, President of Family Services Bureau and Civic Division of United Way, Mr. Thomas Guidry, Director of Community Services Council for United Way, Mr. John Slattery, Associate Director of United Way and Ms. Zita Franklin, an Executive on loan from Prudential Insurance Company.

Ms. Franklin thanked the Municipal Council on behalf of United Way and the many agencies it services for their support and acknowledgement of the United Way.

Mr. Kilduff thanked all the people involved in the United Way and said how pleased they were with what the City of Newark has done for United Way this year.

A motion to adopt the resolution was made by Councilman Branch, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

(Copy of ordinance and correspondence submitted to each Member of the Council)

President Grant read the following statement:

In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, a scheduled Public Hearing was held on November 23, 1982, to afford Newark residents and other interested parties an opportunity to express their views and concerns relative to a proposal submitted by the International Taxi Association to increase the flat rate charges from Newark Airport and from any point within the City to certain destinations and municipalities within and without the State of New Jersey.

The Council heard testimonies and received presentations from Misters George Bagby, President of International Taxi Association, Yale Granspoon, Attorney for International Taxi Association and Joseph Harm, Director of Transportation, Greater Newark Chamber of Commerce.

The Newark Municipal Council has reviewed the merits of the proposal and based on the testimonies and presentations submitted concludes that the proposed increase in the flat rate charges from Newark Airport and from any point within the City to certain destinations and municipalities within and without the State of New Jersey as submitted by the International Taxi Association are reasonable and that the factual evidence which supports the proposal demonstrates the necessity of said rate increase.

December 8, 1982

A motion to adopt the ordinance on first reading was made by Councilman Tucker, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance is declared adopted on first reading and the Acting City Clerk is hereby authorized and directed to advertise said ordinance and give public notice of its introduction and passage on first reading as provided by law. This ordinance will come up for a public hearing and be considered for further action on December 30, 1982.

The Acting City Clerk stated he was in receipt of an ordinance to be considered by the Municipal Council as a late starter adjusting the salary of Court Administrator.

Councilman Carrino stated this ordinance was received at 1:21 and that no one on the Council or the Staff had the opportunity to review it. He requested the sponsor of this ordinance to defer it to the meeting of December 15, 1982 for consideration.

Councilman Martinez agreed to have this ordinance submitted for consideration on the calendar of December 15, 1982.

Councilman Payne urged the Members of the Council to take a position of rejecting late starters of this nature. He opined that it is not a proper way to do business as it does not afford Council the opportunity to intelligently review them even though it may be considered non-complicated. He strongly feels the question of late starters should be eliminated as much as possible.

#### ORDINANCES ON PUBLIC HEARING, SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on public hearing, second reading and final passage.

#### 6-Ph, S & F-a.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE AMENDING SECTIONS 23:5-1 AND 23:5-2, OF TITLE 23, TRAFFIC AND PARKING, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, BY REVISING ON-STREET PARKING REGULATIONS ON JAMES STREET.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 23:5-1, Parking Prohibited At All Times, of Title 23, Traffic and Parking, of the Revised Ordinances of the City of Newark, New Jersey, 1966, as amended and supplemented, be amended by deleting therefrom the following:

James Street:

North side, from Washington Street to High Street

South side, from Burnett Street to Nesbitt Street.

December 8, 1982

and by adding thereto:

James Street:  
North side, between Burnett Street and High Street.

South side, between Burnett Street and Nesbitt Street.

Section 2. That Section 23:5-2, Parking Prohibited At Certain Times, of Title 23, Traffic and Parking, of the Revised Ordinances of the City of Newark, New Jersey, 1966, as amended and supplemented, be amended by adding thereto the following:

James Street:  
North side, between Washington Street and Burnett Street,  
from 9:00 a.m. to 6:00 p.m., except Saturdays, Sundays and holidays.

Section 3. Any ordinances or parts thereof inconsistent with this ordinance are hereby repealed.

Section 4. This ordinance shall take effect upon final passage and publication according to law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilwoman Villani and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-Ph, S & F-b.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE AMENDING AND SUPPLEMENTING SECTIONS 27:1-1, DEFINITIONS; 27:3-28, USE REGULATIONS, SECOND BUSINESS DISTRICTS; 27:4-7, CONDITIONAL USE REGULATIONS, OF TITLE 27, ZONING, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, TO ESTABLISH PERMISSIBLE LOCATIONS FOR COIN-OPERATED AMUSEMENT DEVICES IN THE CITY OF NEWARK.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Section 27:1-1(c) Definitions, be supplemented to add the following:

Arcade means any place or premises wherein four or more coin-operated amusement devices are maintained for use and operation by the public.

Coin-operated amusement device means any machine, contrivance or device operated by the insertion of a coin or otherwise, for use as a game, entertainment or amusement, whether or not registering a score, and shall include, but not be limited to devices of the type commonly known as bagatelle, pinball, electronic pingpong, tennis, videogame, or similar machine or device operated, maintained, or used, or to be operated maintained or used, in any public or quasi-public place, or in any building, store, or other place wherein the public is invited or wherein the public may enter.

December 8, 1982

Section 2. That Section 27:3-28, Second Business District Use Regulations be supplemented to add the following:

(12) Arcades.

Section 3. That Section 27:4-7(a), Conditional Use Regulations, be amended and supplemented to read as follows:

27:4-7. Enumerated; applications; procedure.

(a) The following are conditional use regulations relating to automatic automobile cleaning stations, used car lots, commercial garages, drive-in restaurants, gasoline stations, narcotic and drug abuse treatment centers not located in an established hospital, public dance halls, tents for business use, and commercial antennae, and arcades and they shall be governed as provided in Section 27:4-1. Since the foregoing uses may be inimical to the public safety and general welfare if located without due consideration of conditions and surroundings, no permit therefor shall be issued unless an application is first made to the central planning board, which is directed to hear the same in the same manner and under the same procedures as set forth in Section 54 of the Municipal Land Use Law (C. 40:55D-67). No application of a conditional use shall be granted by the central planning board if in its judgment, such use will be detrimental to the health, safety, and general welfare of the community.

Section 4. That Section 27:4-7, Conditional Use Regulations, be supplemented to add the following:

(f) Arcades.

(1) Arcades are permitted as conditional uses within the Fourth Business District and the Industrial Districts.

(2) No permit shall be issued for the operation of an arcade except upon approval by the central planning board of an application for conditional use.

(3) No permit for the operation of an arcade shall be issued where the arcade is to be located within 1000 feet of a school, church, residential district, or residential structure

Section 5. Any prior ordinance or part thereof inconsistent herewith is hereby repealed.

Section 6. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilman Tucker.

Councilman Martinez stated the next five ordinances deal with amusement devices. We have had problems, not only in Newark, but throughout the nation with arcades. He said he has received calls from Rutgers University and N.J.I.T. who have indicated they are adults over the age of 18 and would be affected. He requested Assistant Corporation Goger give her advice on these ordinances.

Councilman Martinez commended Ms. Goger on drafting up these ordinances. He recalls speaking to her relative to placing it in secondary schools, which are the grammar schools and high schools and he believed they had mentioned that perhaps not in the area to be included would be those under the age of five, which we called the Children's Care Centers and also the colleges and he questioned if that had been put in the ordinance.

December 8, 1982

Assistant Corporation Counsel Goger stated to the extent that an arcade can not be located within a certain amount of feet of a school, it is defined as secondary and elementary. As to whether a college and university is a public place and a place where the public would be invited to use the machines, she was not sure. The ordinances as written do not specifically exclude colleges and universities. She suggested if Council would like a legal opinion as to whether the ordinance would apply to video games located on colleges and universities she would furnish that. If the Council does not want these ordinances to apply in those cases, she will draft the appropriate provisions to make that clear.

Councilman Martinez said their major concerns are youngsters, particularly in grammar and high schools, that cut class and spend their lunch money in the arcades. When we are dealing with adults, such as in colleges and universities, we are talking about a different ballgame. He said we should not tell young adults, 20 and 21 years old, that you can not spend your quarter in arcades if you so desire. If the arcade is located within a college campus and we are going to attempt now to close it down, we may be over-extending the ordinance in that particular case of a college. He said we are talking now about older people.

Councilman Carrino stated the reason they decided to pinpoint secondary and elementary schools was so that the youngsters below the age of kindergarten would not get involved in this ordinance because we originally mentioned learning institutions which would have covered Rutgers and excluded them from having the machines.

Councilman Martinez queried is this ordinance just related to secondary and elementary that nothing else is affected.

Assistant Corporation Counsel Goger responded that if that is the intent of the Council she would like the opportunity to review them with that question in mind and if that is not perfectly clear after she reviews them she will add provisions to be added at a later date which will make it clear. Without a little more factual information as to how Rutgers operates it is not clear to her at this point whether the ordinance applies or not as written.

Councilman Carrino said the intent of this particular wording was not to include any learning institution above a secondary school. He opined if Ms. Goger feels she should make that more specific in the ordinance then she should include that amendment, as we do not want to deprive 21 or 22 year old adults from doing whatever he or she feels is necessary. We just want to protect the public school students between the ages of elementary school and secondary schools in the City of Newark.

President Grant queried if it was Assistant Corporation Counsel Goger's recommendation that Council move ahead with this ordinance and if after her further review and perusal, she finds it necessary to amend it will be brought back to Council.

Councilman Tucker said we have not been in receipt of a communication from the State dealing with prohibition of utilizing video machines in a liquor store that sells liquor. Representatives of the liquor industry are raising the question that if a person has a liquor store license and a tavern license and both are located at the same premises, would that exclude a premise that has those two kinds of licenses from operating video machines.

Assistant Corporation Counsel Goger said it does not apply to any premises where consumption is allowed. It only applies to premises that can only distribute.

Councilman Tucker said he wanted to qualify something. If a tavern has both a license for consumption and sale would they be prohibited from operating video machines.

Assistant Corporation Counsel Goger responded they would be prohibited according to the ordinance. They would be prohibited only when they can exclusively sell. Ms. Goger referred to Ordinance 6-Ph, S & F-e, and advised that the State has indicated to her by phone that they do approve of the ordinance, though she has not received their response in writing.

Councilman Tucker requested a definitive legal opinion in writing from Ms. Goger.

December 8, 1982

Councilman Carrino said the ordinance is very specific in that regard in that it only involves establishments that sell retail liquor over the counter. That is a "D" license. He said anyone with a "C" or Broad "C" license can have machines.

Councilman Branch said while he supports these ordinances he thinks we have to look at the fact this is a form of activity that requires gambling and it is taking away from the young people and he is not in support of young people gambling. He said we have to keep in mind that when you remove something you have to replace it with something and at some point we are going to have to determine how we are going to support a good recreation program for our young people to offset some of those things that are coming before them. We need to deal with a good solid recreation program with the Board of Education. We have to think about where we are going to get dollars to support a good recreation problem. It is important for young people to be involved in something that is constructive.

The motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

#### 6-Ph, S & F-C.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

#### AN ORDINANCE TO AMEND IN ITS ENTIRETY CHAPTER 1, OF TITLE 5, AMUSEMENT PARLORS OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Chapter of Title 5, Amusement Parlors, of the Revised Ordinances of the City of Newark, New Jersey, 1966, as amended and supplemented be amended so that it reads in its entirety as follows:

#### Chapter 1. Arcades.

##### 5:1-1. Definitions.

As used in this chapter:

Arcade means any place or premises wherein four or more coin operated amusement machines or devices are maintained for use and operation by the public.

Coin operated amusement device means any machine, contrivance or device operated by the insertion of a coin or otherwise, for use as a game, entertainment or amusement, whether or not registering a score, and shall include, but not be limited to devices of the type commonly known as bagatelle, pinball, electronic pingpong tennis, videogame, or similar machine or device operated, maintained, or used, or to be operated maintained or used, in any public or quasi-public place, or in any building, store, or other place wherein the public is invited or wherein the public may enter.

## 5:1-2. License required.

No person shall operate or maintain an arcade without first obtaining a license therefor from the director covering the premises wherein the arcade is to be operated. Nothing herein contained shall exempt any coin operated amusement device from any license requirement under chapter 2 of this title.

## 5:1-3. Application for license; contents.

(a) An application for a license required by this chapter shall be made on forms furnished by the director.

(b) The application shall set forth the following information about each applicant and in the case of partnerships, each partner, and in the case of corporations, each director, officer, and stockholder holding in excess of 10% of stock. The information shall also be furnished for all partners, directors, officers, or stockholders holding in excess of 10% of stock for the six months preceeding the date of the application;

- i. Name;
- ii. Date and place of birth;
- iii. Business address and telephone number;
- iv. Home address and telephone number.

Such persons may be required to furnish finger prints and photographs.

(c) The application shall set forth the information required by paragraph (b) for the manager or authorized agent of the applicant who shall be in charge of or conduct the business of the applicant within the City of Newark.

(d) The application shall set forth the name and address of the registered agent of the applicant or the person upon whom service of process is authorized to be made.

(e) The application shall further set forth whether or not any of the persons described in paragraphs (b) and (c) have ever been convicted of a crime or of a violation of a City ordinance or disorderly persons offense involving gambling.

(f) The application shall have attached to it a copy of the current valid certificate of occupancy certifying that the premises may be used as an arcade, having met the requirements for such use of the Uniform Construction Code as adopted by the City of Newark.

(g) The application shall have attached to it a floor plan of the premises to be licensed, showing clearly all entrances and exits and indicating the total number of unobstructed square feet of any room within the premises in which coin operated amusement devices are to be located.

(f) The application must be accompanied by a certification from the Building Sub-Code Official of the City of Newark or his designee that the premises occupancy load has been calculated and posted in accordance with the BOCA Construction Code.

(i) The application shall contain a certification under oath by the applicant or its authorized representative that the information contained in the application and all attachments thereto is complete, accurate and truthful to the best of his knowledge and belief.

December 8, 1982

(j) The license fee shall be payable upon the presentation of the application and shall be returned less the sum of \$20, in the event such license is not granted.

5:1-4. Prerequisite to licensing.

(a) No license shall issue until all the information required on the application has been submitted by the applicant.

(b) No license shall issue for any premises without a valid certificate of occupancy for use as an arcade.

(c) All applications shall be referred to the Chief of Police for investigation. The Chief of Police shall make a recommendation as to whether or not a license should issue based upon his investigation of the applicant's conduct as a law abiding person and shall consider past operations, if any, convictions of crimes, and convictions of disorderly persons offenses or violations of City ordinances involving gambling or moral turpitude. He shall also consider any convictions pursuant to N.J.S.A. 2C:33-12, maintaining a nuisance, which involve the subject premises. If the director shall disapprove a license based upon the recommendation of the Chief of Police, he shall furnish the applicant with written notice of the reasons for disapproval.

(d) No license shall be issued to any person until all federal and state laws and city ordinances relating to the premises have been complied with.

(e) No license shall be issued unless the prescribed license fee has been paid.

(f) No license shall issue to any applicant where information furnished on the application is false.

5:1-5. License fee; term of license.

The fee to be paid for the license required by this chapter shall be \$5,000.00 per annum. The license shall be valid for the period of one year from the date of issuance unless sooner revoked or suspended.

5:1-6. Contents of license; display.

(a) All licenses issued hereunder shall:

- (1) Be signed by the director;
- (2) Bear the date of issuance;
- (3) Show the name of the person to whom issued;  
and
- (4) Show the location of the premises wherein  
the amusement parlor is to be conducted.

(b) The license shall be posted and conspicuously displayed in the licensed premises.

5:1-7. Transfers.

The license shall not be transferable from place to place or to another person, until proper application shall have been made as heretofore provided for an original issuance, and shall be granted only on the written consent of the director.

5:1-8. Permits for employees.

No person shall be employed by or perform any service for the licensee unless he shall have applied for and received a permit from the director and shall have shown himself to be a person of good moral character. Such permit shall be valid for the same period as the arcade license issued to his employer-licensee. Such person may be required to furnish his fingerprints and photograph and the director may take into consideration the arrest and criminal record, if any, of such applicant in determining whether such permit shall or shall not be issued.

5:1-9. Space requirements.

Each room of the licensed premises in which coin operated amusement devices are located shall have 100 square feet of unobstructed floor space for each coin operated amusement device located within the room.

5:1-10. Gambling.

The licensee or his agents, servants or employees shall not:

- (a) Permit, suffer or allow any machines or devices on the licensed premises to be used for gambling purposes.
- (b) Offer, permit, suffer or allow any prize or return of money on any machines or devices on the licensed premises.

5:1-11. Hours of business; admission of children under 17 during school hours; security guards.

No arcade licensed under this chapter shall be open between the hours of midnight and 9:00 a.m. or before 1:00 p.m. on Sunday.

No licensee or his agents, servants or employees shall knowingly permit, suffer, or allow any person under 17 years of age to frequent the licensed premises, or to play or operate any of the coin operated amusement devices maintained therein during those hours in which school is in session. It shall be the responsibility of the licensee or his agents, servants or employees to ascertain the age of those admitted to the premises and the hours during which school is in session.

Any arcade licensed under this chapter, wherein 10 or more coin operated amusement devices are maintained for use and operation, shall be required to have a security guard present on the premises at such times as it is open for business.

5:1-12. Suspension and revocation of license.

(a) In addition to any other penalties for any violation of this chapter, the director may, after notice and hearing and for just cause, suspend or revoke any license issued hereunder for:

- (1) A violation of the provisions of this chapter,
- (2) Failure to comply with the federal or state laws, or city ordinances pertaining to the operation of the licensed premises;
- (3) Failure to maintain the premises in accordance with the provisions of this chapter;

December 8, 1982

(4) Any cause which would have been cause for rejection of the application in the first instance; or

(5) Falsification of the application.

(b) If the license is revoked, said premises shall not be licensed under this chapter for a period of one year from date of revocation.

5:1-13. Purpose of chapter.

This chapter is enacted for the purpose of raising revenue, and for the regulation and control of arcades.

5:1-14. Penalty.

Any person who violates any provision of this chapter shall, upon conviction thereof, be punished by a fine not exceeding \$500.00, or by imprisonment for a term not exceeding 90 days, or both. A separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

Section 2. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

Section 3. Any existing ordinance or part thereof inconsistent with this ordinance is hereby repealed.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

c-ph, S & F-d.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE AMENDING AND SUPPLEMENTING SECTION 11 OF CHAPTER 4, GENERAL ADMINISTRATION OF TITLE 2, ADMINISTRATION, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, (1966), AS AMENDED AND SUPPLEMENTED.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Title 2, Chapter 4, Section 11, Issuance of Licenses or Permits Conditioned Upon Payment of Municipal Taxes On Personalty of Business or Occupation Licensed or Permitted, be amended and supplemented to read as follows:

2:4-11. Issuance of Licenses or Permits Conditioned Upon Financial Responsibility.

(a) No license or permit or renewal thereof shall be issued under the provisions of these Revised Ordinances unless the applicant demonstrates financial responsibility. Such demonstration shall include, but not be limited to, proof that all financial obligations to the municipality, both of the applicant and any premises to be licensed, have been met.

(b) Any license or permit issued in violation of this section shall be void.

Section 2. This Ordinance shall take effect upon final passage and publication and in accordance with the Law of the State of New Jersey.

Section 3. Any existing Ordinance or part thereof inconsistent with this Ordinance is hereby repealed.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Martinez, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

#### 6-Ph, S & F-e.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE AMENDING AND SUPPLEMENTING SECTION 18, OF CHAPTER 2, LICENSES, OF TITLE 4, ALCOHOLIC BEVERAGES OF THE CITY OF NEWARK, NEW JERSEY (1966), AS AMENDED AND SUPPLEMENTED.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Title 4, Alcoholic Beverages, Chapter 2, Licenses, Section 18, Limitation on Type of Establishment, be supplemented to add the following:

#### 4:2-18 Limitation on Type of Establishment.

\* \* \*

Nor shall a plenary retail distribution license be issued or transferred in or upon any premises in which a Coin-Operated Amusement Device as defined in R.O. 5:1-1 and R.O. 5:2-1, is operated, maintained or used.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Carrino, seconded by Councilman Martinez.

Councilman Tucker requested the Law Department submit an opinion as to this ordinance's applicability to establishments licensed for both the consumption and retail sale of alcoholic beverages. He also questioned the fact we had not received approval from the State with reference to this ordinance.

Assistant Corporation Counsel Goger advised she had received approval from the State by telephone but not by letter.

December 8, 1982

The motion to close the hearing and adopt the ordinance on second reading and final passage was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-Ph, S & F-f.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE AMENDING AND SUPPLEMENTING SECTIONS 1, 3, 4, 8, 9, 11, 14, 17, 18, 10, 21 AND 24, OF CHAPTER 2, COIN-OPERATED AMUSEMENT DEVICES OF TITLE 5, AMUSEMENTS AND AMUSEMENT BUSINESSES OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY (1966), AS AMENDED AND SUPPLEMENTED.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That Title 5, Chapter 2, Section 1, Definitions be amended so that the definition of coin operated amusement device reads as follows:

Coin operated amusement device means any machine, contrivance or device operated by the insertion of a coin or otherwise, for use as a game, entertainment or amusement, whether or not registering a score, and shall include, but not be limited to devices of the type commonly known as bagatelle, pinball, electronic pingpong, tennis, videogame, or similar machine or device operated, maintained, or used, or to be operated, maintained or used, in any public or quasi-public place, or in any building, store, or other place wherein the public is invited or wherein the public may enter.

Section 2. That Title 5, Chapter 2, Section 3 be amended to read as follows:

5:2-3. Application for license.

(a) An application for a license required by this chapter shall be made on forms furnished by the director.

(b) The application shall set forth the address of the premises and the following information about each applicant and in the case of partnerships, each partner, and in the case of corporations, each director, officer, and stockholder holding in excess of 10% of stock for the six months preceeding the date of the application;

- i. Name;
- ii. Date and place of birth;
- iii. Business address and telephone number;
- iv. Home address and telephone number.

Such persons may be required to furnish finger prints and photographs.

December 8, 1982

Section 4. That Title 5, Chapter 2, Section 8, paragraph (b) be amended to read as follows:

5:2-8. Transfer of license.

...

(b) The director of licenses shall permit the transfer of a license issued under this article within the year for which it is issued to any other device operated in premises other than that for which the license is issued, in place of the device from which the license is transferred, on the request of the licensee under the following conditions: The licensee shall provide the director with the address of the new premises and the information required by 5:2-3(c), (e) (as to operator of premises), (f), (g) and (h). If, after investigation, the director determines that the conditions of 5:2-4 and 5:2-11 are met, he shall authorize the transfer by issuing an amended license.

Section 5. That Title 5, Chapter 2, Section 9, Playing by Children under 18 prohibited, be amended to read as follows:

5:2-9. Playing by children under 17 prohibited during school hours.

It shall be unlawful for any person licensed under this article, his agents or employees and the operator of the premises wherein the licensed device is located to knowingly permit, suffer or allow a child under 17 years of age to play or operate any of the coin operated amusement devices licensed by this chapter during the hours in which school is in session. It shall be the responsibility of said persons to ascertain in the ages of those playing or operating the devices, and the hours during which school is in session.

Section 6. That Title 5, Chapter 2, Section 11, be amended to read as follows:

5:2-11. Restrictions.

(a) No coin operated amusement device shall be licensed, used, placed or maintained in any location within 200 feet of an elementary or secondary school, provided that this restriction shall not apply to the licensing, placing or maintaining of devices in any establishment licensed under Title 4 of the Revised Ordinances of the City where the principle place of business is sale of alcoholic beverages.

(b) Each room of the premises in which a licensed device is located shall have 100 square feet of unobstructed floor space for each coin operated amusement device located within the room.

(c) Any device licensed pursuant to this article shall be visible from the entrance of the premises, or from the main entrance to the floor of the premises on which it is located.

(d) Any place or premises wherein four or more coin operated amusement devices are maintained for use and operation by the public shall be licensed under Chapter 1 of this title.

December 8, 1982

Section 7. That Title 5, Chapter 2, Section 14, Automatic revocation of license; reinstatement of applicant; requirements, be amended to add a paragraph (d):

(d) The director may, after notice and hearing and for just cause, suspend or revoke any license issued hereunder for:

- (1) A violation of the provisions of this chapter,
- (2) Failure to comply with the federal or state laws, or city ordinances pertaining to the operation of the premises in which the device is located,
- (3) Any cause which would have been cause for rejection of the application in the first instance.

If the license is so revoked, the applicant shall not receive another license under this chapter for one year after revocation and no coin operated device shall be licensed for use in the premises in which the licensed device was located for one year from the date of revocation.

Section 8. That Title 5, Chapter 2, Section 17, be amended to read as follows:

(a) An application for a license required by this chapter shall be made on forms furnished by the director.

December 8, 1982

(f) The application shall set forth the information required by paragraph (b) for the manager or authorized agent of the applicant who shall be in charge of or conduct the business of the applicant within the City of Newark.

(g) The application shall contain a certification under oath by the applicant or its authorized representative that the information contained in the application and all attachments thereto is complete, accurate and truthful to the best of his knowledge and belief.

Section 9. That Title 5, Chapter 2, Section 18 be amended to read as follows:

5:2-18 Prerequisites to licensing, term of license.

(a) No license shall issue until all the information required on the application has been submitted by the applicant.

(b) All applications shall be referred to the Chief of Police for investigation. The Chief of Police shall make a recommendation as to whether or not a license should issue based upon his investigation of the applicant's conduct as a law abiding person and shall consider past operations, if any, convictions of crimes, and convictions of disorderly persons offenses or violations of City ordinances involving gambling or moral turpitude. He shall also consider any convictions pursuant to N.J.S.A. 2C:33-12, maintaining a nuisance, which involve the subject premises. If the director shall disapprove a license based upon the recommendation of the Chief of Police, he shall furnish the applicant with written notice of the reasons for disapproval.

(c) No license shall be issued to any person until all federal and state laws and city ordinances relating to the premises have been complied with.

(d) No license shall be issued unless the prescribed license fee has been paid.

(e) No license shall issue to any applicant where information furnished on the application is false.

(f) The license shall be valid for a term of one year from the date of its issuance.

Section 10. That Title 5, Chapter 2, Section 20 be amended to read as follows:

5:2-20. Use for gambling; playing by children under 17 during school hours.

No distributor shall knowingly distribute to any person or any premises in the city any coin operated amusement machine or device, for the purpose of gambling or for the use of any child under 17 years of age to play or operate during the hours when school is in session.

Section 11. That Title 5, Chapter 2, Section 21 be amended to read as follows:

5:2-21. Display of warning notice.

All coin operated amusement machines and devices distributed by the licensee shall display in a prominent place in view of the player a notice, in a form approved by the director, in prominent lettering and setting forth that the said machine shall not be used for gambling purposes, nor shall

any child under 17 years of age be permitted to play or operate the device during hours when school is in session and that no prizes of any kind shall be given by any person in connection with the play or operation of the same.

Section 12. That Title 5, Chapter 2, Section 24, be amended to read as follows:

5:2-24. Suspension or revocation of license.

The provisions of 5:2-14 shall apply to any license issued pursuant to this article.

Section 13. This ordinance shall take effect upon final passage and publication in accordance with the laws of the State of New Jersey.

Section 14. Any existing ordinance or part thereof inconsistent with this ordinance is hereby repealed.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE AMENDING AND SUPPLEMENTING TITLE 21, CHAPTER 5, SECTIONS 4 THROUGH 5 OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, BY AMENDING R.O. 21:5-4 "SEWER USER CHARGES AS A LIEN," AND R.O. 21:5-5 "COLLECTOR DESIGNATED," AND BY ADDING FIVE (5) NEW SECTIONS.

WHEREAS, the Legislature of the State of New Jersey enacted N.J.S.A. 40:63-7 which enables municipalities to adopt Ordinances relating to the imposition of sewer user charges, and providing for the remedies and procedures in connection with the collection of those accounts; and

WHEREAS, the Governing Body of the CITY OF NEWARK adopted an Ordinance entitled R.O. 21:1-1 et seq., which provides for the regulation of sewer service in the CITY OF NEWARK; and

WHEREAS, the Mayor and the Department of Administration are desirous of establishing a more effective method for the collection of unpaid sewer user charges; and

WHEREAS, the Mayor and the Department of Administration are desirous of incorporating those powers which are available to the CITY OF NEWARK for the collection of unpaid sewer accounts pursuant to N.J.S.A. 40:63-7.

December 8, 1982

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT:

SECTION 1. That, Title 21, Chapter 5, Sections 4 through 5 of the Revised Ordinances of the CITY OF NEWARK, NEW JERSEY, 1966 as amended and supplemented, be and the same is hereby amended to read in its entirety as follows:

21:5-4      SEWER USER CHARGES AS A LIEN.

If any charge for the use of sewers, drains or other services connected therewith shall remain in arrears for six (6) months the officer or board charged with the duty of collection thereof shall file with the officer charged with the duty of the collection of tax arrears, a statement showing such arrearages, and from the time of such filing, the water rent or other charges shall be a lien upon the real estate to which the sewer service was furnished and in connection with which the charges were incurred to the same extent as taxes are a lien upon real estate in the municipality.

Such charges shall be a lien upon the premises connected until paid, and the City shall have the same remedies for the collection thereof with interest, costs and penalties, as it has by law for the collection of taxes upon real estate.

21:5-5      COLLECTOR DESIGNATED.

The director of finance of the City, who is hereby designated as the collector of any and all user charges is hereby delegated the authority to develop, promulgate, and issue rules and regulations for the effective implementation of Sections 46 through 55 of this Ordinance (Section 21:5-1 through 21:5-10).

SECTION 2. That, Title 21, Chapter 5 of the Revised Ordinances of the CITY OF NEWARK, NEW JERSEY, 1966 as amended and supplemented, be and the same is hereby supplemented by adding Sections 6 through 10 to read in its entirety as follows:

21:5-6      FAILURE TO PAY SEWER SERVICE CHARGE;  
SHUT OFF OF SERVICE.

In the event that the sewer service charge of the division with regard to any parcel of real property remains due and unpaid for a period of 30 days, the division, may, in its discretion, enter upon such parcel and cause any connection or connections thereof leading directly or indirectly to or from the utility system to be cut and shut off until such service charge and any subsequent service charge with regard to such parcel and all interest accrued thereon shall be fully paid to the municipality.

21:5-7      FAILURE TO PAY SEWER SERVICE CHARGE;  
SHUT OFF OF WATER.

In the event that the sewer service charge of the division with regard to any parcel of real property remains due and unpaid for a period of 30 days, the division, may cause the supply of water to such parcel by the division to be stopped or restricted until such sewer service charge and any subsequent sewer service charge with regard to such parcel and all interest accrued thereon shall be fully paid to the municipality.

21:5-8      NOTICE OF DISCONTINUANCE;  
LIABILITY FOR DAMAGES.

(a) The division will exercise every precaution to give reasonable notice before the discontinuance of water service, but will not be liable for any loss, damage or other claim based on or arising out of the stopping or restricting of such water service. Any water fixture subject to damage by the sudden discontinuance of the water supply shall be properly protected against such damage by the owner or operator of such fixture; provided, that notice, except in cases of emergency, is given.

(b) All persons having boilers within their premises not supplied by a tank or cistern are hereby cautioned against collapse of such boilers in case of interruption or discontinuance of service. In such case, the division will not be liable for any damage or inconvenience suffered.

21:5-9      INTEREST ON UNPAID SERVICE CHARGE.

In the event that a sewer service charge of the division with regard to any parcel of real property shall not be paid within 30 days of the due date, penalties shall be assessed to the sewer account in the following manner:

8% annual interest of delinquent  
balance from \$0 to \$1,000.00

12% annual interest of delinquent  
balance above \$1,000.00

The interest shall accrue until such service charge, and the interest thereon, shall be fully paid to the municipality.

21:5-10      CIVIL ACTION TO RECOVER UNPAID  
SEWER SERVICE CHARGE.

The owner of any house, tenement, building or lot shall be liable for the payment of the price or rent as fixed by the governing body for the use of sewer service by such owner, or by occupier and for the installation, purchase price, repair and testing of any sewer meter, sewer service, connections, appliances or parts and renewal thereof, heretofore or hereafter furnished or made by the division, in or upon such house, tenement, building or lot connecting therewith, and the interest charges.

In the event that the sewer service charge of the division with regard to any parcel of real property shall not be paid as and when due, the unpaid account shall be referred to the Corporation Counsel, and the Corporation Counsel shall be empowered to institute civil action in any Court deemed proper by him for the recovery of any and all unpaid sewer service charge arrearages together with interest and penalties. Nothing contained in this section shall be construed to abrogate or impair rights and powers of the CITY OF NEWARK to enforce any provisions within this title; and the power conferred by this section shall be in addition and supplemental to other remedies available to the CITY OF NEWARK.

SECTION 3. SEVERABILITY. If any of the articles, sections, sentences, clauses or phrases of this Ordinance shall be declared unconstitutional or invalid by a valid judgment or decree of a court of competent jurisdiction, such unconstitutionality or invalidity shall not affect the validity or constitutionality of the Ordinance in its entirety or any of the remaining articles, sections, paragraphs, sentences, clauses and phrases.

December 8, 1982

SECTION 4. All former ordinances or parts thereof conflicting or inconsistent with the provisions of this Ordinance (title) or of the code hereby adopted are hereby repealed.

SECTION 5. This Ordinance shall take effect upon final passage and publication according to law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-Ph, S & F-h.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE AMENDING AND SUPPLEMENTING TITLE 25, CHAPTER 3, SECTION 15 OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY, 1966, AS AMENDED AND SUPPLEMENTED, BY AMENDING R.O. 25:3-15, "FAILURE TO PAY CHARGES," AND R.O. 25:4-18, "NOTICE OF DISCONTINUANCE, LIABILITY FOR DAMAGES" AND BY ADDING A NEW SECTION, "CIVIL ACTION TO RECOVER UNPAID WATER SERVICE CHARGES."

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

WHEREAS, the Legislature of the State of New Jersey enacted N.J.S.A. 40:62-77, which enables municipalities to adopt Ordinances relating to the imposition of water user charges, and providing for the remedies and procedures in connection with the collection of those accounts; and

WHEREAS, the governing body of the CITY OF NEWARK adopted an Ordinance entitled, R.O. 25:1-1 et seq., which provides for the regulation of water service in the CITY OF NEWARK; and

WHEREAS, the Mayor and the Department of Administration are desirous of establishing a more effective method for the collection of unpaid water user charges; and

WHEREAS, the Mayor and the Department of Administration are desirous of incorporating those powers which are available to the CITY OF NEWARK for the collection of unpaid water accounts pursuant to N.J.S.A. 40:62-77.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT:

SECTION 1. Title 25, Chapter 3, Section 15 of the Revised Ordinances of the CITY OF NEWARK, NEW JERSEY, 1966 amended and supplemented, be and the same is hereby amended to read in its entirety as follows:

FAILURE TO PAY CHARGES.

If prompt payment by the owner of any property for water rent, rents, work done or materials furnished is not made when due, the supply of water to the property may be discontinued as provided in Section 25:4-15 of this title, and shall not be again supplied thereto until the arrears with interest and penalties shall be fully paid. If any water rent or other charge shall remain in arrears for six (6) months, the officer or board charged with the duty of the collection thereof shall file with the officer charged with the duty of the collection of tax arrears, a statement showing such arrearages. From the time of such filing, the water rent or other charges shall be a lien upon the real estate to which the water was furnished, and in connection with which the charges were incurred to the same extent as taxes are a lien upon real estate in the municipality, and shall be collected and enforced by the same officers and in the same manner as liens for taxes.

SECTION 2. Title 25, Chapter 3 of the Revised Ordinances of the CITY OF NEWARK, NEW JERSEY, 1966 as amended and supplemented, be and the same is hereby supplemented as follows:

CIVIL ACTION TO RECOVER  
UNPAID WATER SERVICE CHARGES.

The owner of any house, tenement, building or lot shall be liable for the payment of the price or rent as fixed by the governing body for the supply of water to such owner, or the occupier and for the installation, purchase price, repair and testing of any water meter, water service, connections, appliances or parts, and renewal thereof, heretofore or hereafter furnished or made by the division, in or upon such house, tenement, building or lot or connection therewith, and any interest and/or penalty charges which may be imposed.

In the event that the water service charges of the division with regard to any parcel of real property shall not be paid as and when due, the unpaid account shall be referred to the Corporation Counsel, and the Corporation Counsel shall be empowered to institute civil action in any Court deemed proper by him for the recovery of any and all unpaid water service arrearages, together with interest and penalties. Nothing contained in this section shall be construed to abrogate or impair rights and powers of the CITY OF NEWARK to enforce any provisions within this title; and the power conferred by this section shall be in addition and supplemental to other remedies available to the CITY OF NEWARK.

SECTION 3. Title 25, Chapter 4, Section 18 of the Revised Ordinances of the CITY OF NEWARK, NEW JERSEY, 1966 as amended and supplemented, be and the same is hereby amended and supplemented to read in its entirety as follows:

NOTICE OF DISCONTINUANCE;  
LIABILITY FOR DAMAGES.

(a) The division will exercise every precaution to give reasonable notice before the discontinuance of water service, but will not be liable for any loss, damage or other claim based on or arising out of the stopping or restricting of such water service. Any water fixture subject to damage by the sudden discontinuance of the water supply shall be properly protected against such damage by the owner or operator of such fixture; provided, that notice, except in the cases of emergency, is given.

December 8, 1982

(b) All persons having boilers within their premises not supplied by a tank or cistern are hereby cautioned against collapse of such boilers in case of interruption or discontinuance of service. In such case, the division will not be liable for any damage or inconvenience suffered.

SECTION 4. SEVERABILITY. If any of the articles, sections, sentences, clauses or phrases of this Ordinance shall be declared unconstitutional or invalid by a valid judgment or decree of a Court of competent jurisdiction, such unconstitutionality or invalidity shall not affect the validity or constitutionality of the Ordinance in its entirety or any of the remaining articles, sections, paragraphs, sentences, clauses and phrases.

SECTION 5. All former ordinances or parts thereof conflicting or inconsistent with the provisions of this Ordinance (title) or of the code hereby adopted are hereby repealed.

SECTION 6. This Ordinance shall take effect upon final passage and publication according to law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

Councilman Rice stated that Council had recently passed an ordinance that service would not be cut off on weekends and he wanted clarification that the ordinance to be acted on today would not supercede the ordinance already in effect.

President Grant responded the original ordinance presented will not be amended in any fashion. This ordinance does not supercede the ordinance presently in effect.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Branch, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-Ph, S & F-i.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE PROVIDING FOR THE DISCLOSURE OF CERTAIN INFORMATION IN ALL SALARY ORDINANCES HEREAFTER ADOPTED.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That all ordinances hereafter adopted setting forth salaries for positions within the government of the City of Newark, filled by five (5) or fewer incumbents, shall contain the following information:

- a. The title code for each position;
- b. The number of persons budgeted for each position;
- c. The current and proposed salary ranges for each position;
- d. The names of all employees in each position at the time the ordinance is submitted to the Municipal Council for its consideration and whether or not said employees are residents of the City of Newark.

Section 2. That all ordinances hereafter adopted setting forth salaries for the positions within the government of the City of Newark, filled by six (6) or more incumbents, shall contain the following information:

- a. The title code for each position;
- b. The number of persons budgeted for each position;
- c. The current and proposed salary range for each position;
- d. That all the following information for those titles filled by six (6) or more incumbents be available for public inspection in the Office of the City Clerk:

The names of all employees in each position at the time the ordinance is submitted to the Municipal Council for its consideration and whether or not said employees are residents of the City of Newark.

Section 3. That information provided pursuant to Sections 1a,b and d and Section 2a,b and d, hereinabove, is for informational purposes only and shall not constitute a substantive part of salary ordinances. Changes in title codes, the number of persons budgeted for each position, and names and residency of employees in each position may be effected after the adoption of a salary ordinance without the need for an amending ordinance.

Section 4. This ordinance shall take effect upon final adoption and publication in accordance with the laws of the State of New Jersey.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MR. D. J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY requested to know what information is submitted to the Council at present and what additional disclosure the Council wishes.

Councilman Tucker responded that at this point in time when the Administration creates a position it is submitted in ordinance form. In that particular ordinance it identifies the department, the job, the salary and hours of work. He said the disclosure statement will also indicate the names of individuals who are currently requesting a raise and whether the employee is a Newarker or non-Newarker and the amount of the raise. In the existing ordinance if a person is requesting a raise, unless it falls within ranges, there is no definitive idea from the standpoint of the public whether a person is getting a raise or not because the ordinance does not indicate that. This ordinance would mandate that if Administration is requesting a raise for one individual they would have to give the differential. He noted it is making the ordinance process more open.

December 8, 1982

Mr. Henderson said if there is a class title for any title throughout the City would any one of those presently working in that title requesting a raise, would that raise be granted or would the blanket salary of that position remain.

President Grant said if they came up in that fashion he would imagine they would deal with it in that way, but if they would be requested to deal with it on individual basis then it would be done on an individual basis.

Councilman Tucker stated if it is a common title the current ordinance that is being proposed now would still apply. The difference is that it would not be advertised in the paper. If it is a common title that has five or more persons who would be in receipt of that raise, that information would be available to the public in the City Clerk's Office. It would not be published in the paper.

No one else appearing a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani.

Not Voting: President Grant.

President Grant: The yeses are eight, the noes are none and one not voting. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

AN ORDINANCE AMENDING ORDINANCE 6-S & F-e DATED NOVEMBER 5, 1980 WHICH AUTHORIZED THE MAYOR AND THE EXECUTIVE DIRECTOR OF THE MAYOR'S POLICY AND DEVELOPMENT OFFICE TO ENTER INTO A CONTRACT WITH NEWARK REDEVELOPMENT AND HOUSING AUTHORITY FOR THE PURPOSE OF CARRYING OUT ACQUISITION ACTIVITY.

WHEREAS, the City of Newark submitted an application and received approval for a grant under Title I of the Housing and Community Development Act of 1974, as amended, 42 USC 5301 P.L. 93-383, for assistance in Housing and Community Development activities for the City of Newark as authorized by the Municipal Council (Res. #7RB012080) (Res. #7RA62680); and

WHEREAS, the Newark Redevelopment and Housing Authority of the City of Newark, pursuant to statutes and appropriate ordinances of the City of Newark, has been heretofore duly designated as the agency for the purpose of carrying out land acquisition and clearance, relocation, land disposition and other related activities pursuant to ordinance and statutes of the City of Newark and the State of New Jersey; and

WHEREAS, on November 5, 1980, through Ordinance #6S and FE the Newark Municipal Council ratified an agreement with the Newark Redevelopment and Housing Authority from the period of June 1, 1982, through November 5, 1980 for the purpose of carrying out acquisition activities and further authorized the Mayor and the Executive Director of MPDO/CDA to enter into the agreement from November 6, 1980, through April 15, 1981 in the amount of \$348,480.00; and

WHEREAS, the contract authorized thru Ordinance #6S and FE as aforementioned was not performed due to the lack of funding for Section 8 units and the funds encumbered for same are still available; and

December 8, 1982

786

WHEREAS, the Mayor and the Executive Director of MPDO/CDA desires to enter into and execute a new agreement with the N.R.H.A. for the purpose of carrying out land acquisition clearance, relocation, land disposition and other related activities for the period from November 1, 1982 through December 31, 1983.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY:

Section 1. That the Housing Authority of the City of Newark be and is hereby designated, constituted, authorized and empowered to act as the acquisition agency in and for the City of Newark and throughout the limits thereof for the purpose only of carrying out acquisition functions and activities pursuant to the requirements of the Agreement described in Section 2 of this Ordinance.

Section 2. That the Mayor and the Executive Director of the Mayor's Policy and Development Office are hereby authorized to enter into the Acquisition Agreement, Sixth Action Year, commencing November 1, 1982 and ending October 31, 1983 with the Housing Authority of the City of Newark for the provision of various services required under the acquisition programs of the Sixth Action Year, pursuant to the Housing and Community Development Act of 1974. A copy of said agreement is annexed hereto and made a part hereof.

Section 3. The above mentioned Agreement is ratified from the period commencing November 1, 1982 until the effective date of this ordinance, and approved from that date to October 31, 1983.

Section 4. Section 7. This Ordinance shall take effect after final passage and publication in accordance with law.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

MS. EMILY HUBERT, NEWARK, NEW JERSEY requested a description of exactly what acquisition activity is.

December 8, 1982

Councilman Martinez said this is the South Broad Street-Elizabeth area. To pinpoint the area it is the area around Sears-Roebuck where there has been a great deal of demolition, abandonment in the area of housing. He said Councilman Tucker and he have been working for seven years to get some kind of housing activity within that community. He said finally a man named Lionel Hampton, came to Newark, and indicated he would purchase and build units of housing, one family homes and townhouses within the Elizabeth Avenue area. He would build approximately 90 homes starting hopefully around January 1, 1983. In this particular case they are running on an emergency. Under the Reagan Administration on January 1, 1983 there will be no more Section 8 housing for Newark and the City in total. This will be the last project that could be built. They are hoping to complete everything today including whatever financial arrangements have to be made at this meeting. What is happening is the Housing Authority purchased the property requires it be sold to Mr. Hampton for development. He brings the Developers in, he builds the houses and from thereon he brings in a management team that will screen the intended occupants of that housing and they would pay the Developer back after a period of 25 or 30 years for that home.

Ms. Hubert said she was interested in a certain building in North Newark.

President Grant stated that only questions germane to this particular ordinance could be considered.

Councilman Carrino suggested that perhaps Ms. Hubert could be heard under Hearings of Citizens.

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant: The yeses are nine and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

A motion to adopt the ordinance on second reading and final passage was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Payne, Rice, Tucker, Villani, President Grant.

No: Councilmen Carrino, James, Martinez.

President Grant: The yeses are six and the noes are three. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

6-S & F-1.

The Acting City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing held thereon. It is now before you on second reading and final passage:

AN ORDINANCE TO AMEND TITLE 15, CHAPTER 13, SECTION 1, OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, NEW JERSEY (1966), AS AMENDED AND SUPPLEMENTED. (TO PROVIDE FOR THE PRESENCE OF A SECURITY GUARD OR A DOORMAN ON A TWENTY-FOUR HOUR BASIS IN EACH HOUSING BUILDING CONTAINING OVER 75 HOUSING UNITS)

(Copy of ordinance and correspondence submitted to each Member of the Council)  
(Public Hearing Closed)

Councilman Rice stated although he introduced this ordinance he would not move this because it was not adopted at the last meeting and he challenged the Council to either adopt it or come up with a new one.

A motion to adopt the ordinance on second reading and final passage was made by Councilman Tucker, seconded by Councilwoman Villani.

Councilman Carrino asked if this included Public Housing.

Councilman Rice responded it does not.

Councilman Tucker noted that we are talking right now about a simple change of a word. He said currently we are talking about a building that has 75 units must have a security guard and a doorman. The problem that is coming into being now, even though it does not pick up public housing, the property owners are saying they cannot afford to provide a security guard and a doorman. This ordinance puts in one word "or", so in effect it would mean they would have to provide a security guard or a doorman rather than two.

Councilman Carrino stated he thought this was going to be deferred until the December 21, 1982 Special Conference when Council was meeting with Rent Control to find out if this was going to affect the Rent Control and how it was going to be passed along.

Councilman Tucker said presently the situation is not good, ironically for the landlords. This ordinance minimizes their responsibility. Even if we are in a position to come up with a mechanism that would at least say that security or doorman services are susceptible to the Rent Control Ordinance, it would mean they would have to amend the Rent Control Ordinance and that would not resolve the landlord's problem that we are currently faced with. They currently have cases in Court where the Judge is interpreting the direct effect of the ordinance that is in effect right now. The longer they wait on this issue and once the Judge makes a determination, landlords will immediately come to see us.

The motion to adopt the ordinance was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Not Voting: Councilman Carrino.

President Grant: The yeses are eight, the noes are none and one not voting. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The Acting City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

A motion to defer action on the ordinance was made by Councilman Tucker, seconded by Councilman Martinez.

Councilman Tucker said at a meeting with Watershed Director Holmes, the Director had indicated the Watershed has always had a Forester, but they were transferring the title from the Watershed budget, which Council votes on in a lump sum, to the Municipal Budget. At that time Councilman Tucker indicated he had advised Director Holmes that when the 1983 budget was presented there should be a corresponding decrease in the Watershed budget because it is not a new position, it is a transfer. Director Holmes indicated he would take it under advisement and decrease the overall amount.

Councilman Carrino stated the Watershed Corporation is given a lump sum and they also generate revenues in other ways. He questioned why all of a sudden this title has to come out of the Watershed budget and go on the City budget. He said he does not believe anybody who says they are going to make a decrease in their budget later on. He wanted an explanation why this job could not stay in the Watershed Commission budget and have them fund it from the money they give them and from the monies they generate.

A motion to defer action on the ordinance and directing the Acting City Clerk to invite Engineering Director Zach and Newark Watershed Conservation and Development Corporation Director Holmes to the December 14, 1982, pre-meeting conference was made by Councilman Tucker, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

HEARINGS OF CITIZENS.

6-HC-a. MR. WILLIAM WALLACE, 789 SOUTH 18TH STREET, NEWARK, NEW JERSEY addressed the Municipal Council with respect to problems in the City.

A motion to permit Ms. Emily Hubert to be heard under Hearings of Citizens was made by Councilman Carrino, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

6-HC-b. MS. EMILY HUBERT, NORTH NEWARK, NEW JERSEY addressed the Municipal Council with respect to problems concerning 80 Second Avenue. She informed Council that the heat had been turned off seven days ago and the electricity was supposed to be turned off Monday. She indicated there were 26 families still living in the building. She asked what the City intended to do about this building.

Councilman Carrino stated the Council had no knowledge of the problems existing at this building. He also stated the City did not own the building. Councilman Carrino requested that the City Clerk be directed to send a letter to Mr. William McGinley, Director of Inspections, and request a full inspection on 80 Second Avenue.

(Resolution tabled November 23, 1982)

(Resolution removed from the table December 8, 1982)

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Rice.

Councilman Tucker said the issue being raised is that they have major concerns dealing directly with the Office of Real Property but in regard to this particular resolution the services have already been rendered. They have indicated they would not pay the individual for services rendered until Council accepts, rejects or modifies the original resolution. He opined this Council had to move more affirmatively on straightening out the problems of Real Property and he stated he did not think it was the Council's intent to penalize the vendor who has already provided the services.

Councilman Rice said recently over the holiday weekend he had a serious problem in his ward involving water. He called the Water Department and Real Property. He said the party who responded was this particular vendor and he responded recognizing he had not been paid for work in the past. He opined they could not penalize a vendor for doing the service that we need so terribly in the City. We need to get in touch with the Departments to straighten them out.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Not Voting: Councilman Carrino.

RESOLUTION AMENDING RESOLUTION 7-R-c, NOVEMBER 24, 1981, "RESOLUTION AUTHORIZING ACTING TAX COLLECTOR TO CANCEL OF RECORD ALL REAL PROPERTY TAXES, IN EXHIBIT B, ATTACHED HERETO, IN THE AMOUNT OF \$255,739.64; PROPERTIES ACQUIRED BY NEWARK HOUSING AUTHORITY, FOR THE CITY OF NEWARK, AS PART OF COMMUNITY DEVELOPMENT AREAS; SUM OF \$255,739.64 TO BE TAKEN AS A 'CREDIT' AGAINST CITY'S FINANCIAL OBLIGATION TO THE NEWARK HOUSING AUTHORITY", BY DELETING 139-157 SEVENTH AVENUE, BLOCK 473, LOT 40 AND RESTORE TO REAL PROPERTY TAX ACCOUNT LISTS.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Carrino requested this resolution be deferred as he was waiting for a written letter from the Law Department stating St. Lucy's project is not jeopardized by this resolution. He said he would like this matter to be deferred for one week.

Assistant Corporation Counsel Scola advised he had been handling the litigation involving the tax foreclosure on this particular property and being asserted as a defense against the City is this resolution of November 24, 1981 which allegedly cancelled the taxes on this property. Mr. Joseph says that resolution is a mistake insofar as it refers to this piece of property and the taxes should never have been cancelled. This particular resolution is being asserted as a defense and the Court is pressing us to do something about this particular piece of property or they may be forever barred from collecting taxes on this property.

Councilman Carrino asked if the St. Lucy's Villa Victoria project was in any way jeopardized by any piece of this property.

Assistant Corporation Counsel Scola stated it was his understanding that it was not from meetings with Mr. Joseph. This particular piece of property was never a part of the project and was put in the resolution of November 24, 1981 by mistake.

President Grant stated what specifically is being asked is there is a small parcel of land that is immediately adjacent to the Seventh Avenue project on which St. Lucy's built their project. That particular piece of land, he understands, was forgiven for the purpose of giving it to St. Lucy's. In the interim the Tax Collector or whoever submitted documentation to this body forgiving the entire block which is the mistake. He said the part of land donated to St. Lucy's is in fact exempt from taxation at this point. The balance of that property is not exempt. Therefore, this restores the outstanding indebtedness of the owners of this property to the City of Newark.

A motion to permit Mr. Major Smith to be heard with respect to this resolution was made by Councilman Carrino, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

MR. MAJOR SMITH, 51 CLIFTON AVENUE, NEWARK, NEW JERSEY, VICE PRESIDENT OF PARK MANAGEMENT stated Counsel does error when he says Villa Victoria would not be in jeopardy. He said it would be in jeopardy. He stated the property was owned by Park Management and it was never sub-divided. If they have to pay taxes then they must go back and take that parcel of land which they are also being taxed for which we also still own. He requested additional time due to their Counsel being hospitalized.

Assistant Corporation Counsel Scola said Mr. Smith was skirting the issue. He said the issue is that Park Management, the owner of this property, owes taxes and the Tax Collector says they do and by constantly deferring this resolution they are being put in a very prejudicial position with the Courts.

President Grant directed the Acting City Clerk to summon Acting Tax Collector Joseph appear before the Council with the file on this matter.

December 8, 1982

Councilman Rice said whatever the decision is it is definitely going to have a long term effect on what takes place in that ward. He said this Corporation may owe taxes but there may be some legal justifications as to why they are not paid and he thinks it is clear that the individual present this evening has indicated his attorney is in the Hospital. He felt if they were going to deal with legal Counsel on one side that we should deal in the adversary way with legal Counsel on the other side. He said they should consider Councilman Carrino's wish and defer it.

Councilman Tucker stated they should defer it and consider it at the meeting next Wednesday, that it would afford us enough time to discuss it with all parties at the pre-meeting.

Councilman Branch said there seems to be a misunderstanding between the two parties. Since Councilman Carrino has requested it be deferred he would support him in that motion.

Assistant Corporation Scola responded that seven days will be too late. The Court has before it an order now which will be substantially prejudicial to the City's position.

President Grant said before a vote is taken on this he would like to know from Mr. Joseph of the alleged indebtedness in terms of taxes to the City.

Councilman Carrino said the Tax Collector's Office said this piece of property did not have to pay taxes, then the Tax Collector's Office said they made a mistake and this piece of property does have to pay taxes. Council became knowledgeable of this two weeks ago. Now we are being told if something is not done now the next seven days might prejudice the entire case. If this matter has been in process for over year and now all of a sudden we are trying to get all the facts, now seven days becomes important.

Assistant Corporation Counsel Scola stated it was not in process for over a year. He said the foreclosing procedures started approximately in June. The Taxpayer went through a number of lawyers before they finally got a lawyer. The lawyer asserted this resolution allegedly forgiving the taxes. The Court has given the City time to amend this resolution. That is the reason this resolution was submitted. The Tax Collector says the original resolution was a mistake.

Councilman Rice said it would seem the proper appeal would at least grant ten days from the Court. He said he thinks reasonable people sit on the bench and would probably give us a grant of time so that we can get our act together.

President Grant said in defense of the City and the Taxpayers' dollars this matter is not one of recent months but a couple of years. The prior attorney had been working on this for some time. This matter was before the Court and only recently heard. In fact he spoke with Leo Schwartz four or five months ago and he indicated then the matter was before the County Courts and they were waiting for a date and they were heard a couple of weeks ago and this is a directive that the Judge gave to the City of Newark.

Councilman Rice said he is concerned with the Taxpayers' dollars and the progress in the City of Newark and it seems to him that he does not have enough background information on this from the legal perspective. He said he is pleading for more time to get more details and facts because the legal world gets complex especially in the tax area.

Councilman Carrino questioned if Mr. Scola could legally and unequivocally say that if we vote for this resolution St. Lucy's Villa Victoria project will not in any way be jeopardized or forced to pay any back taxes or taxes that will come in the future. He said if that could be said he would not have any problem.

President Grant requested Acting Tax Collector Joseph to approach the podium.

President Grant stated where Administration is requesting deleting 139-157 Seventh Avenue, Block 473, Lot 40 and restore to the Real Property tax account list. He said there has been much discussion as to whether or not if the taxes here are not forgiven that St. Lucy's might lose its tax exempt status and cause themselves to have to turn over the property on which they built back to the owners of record. The Assistant Corporation Counsel has indicated that he has been to Court and that in fact these taxes are due and owing the City and in order to effect that they have to pass this resolution in order to give the Tax Collector's office authority to do so. He said there are areas of concern to some Members of Council. He stated there are two specific questions. Whether or not St. Lucy would lose their tax exempt status and the amount of taxes due and owing, not on the St. Lucy's land but on the entire complex.

Acting Tax Collector Joseph said as for the taxes that are due and owing there is no doubt that the property assessed tax should be paid. As to the matter of lost exemption, that is in the purview of the Tax Assessor. He said in the opinion of the Tax Collector he did not think they would lose their tax exemption because that is granted on the basis of intended use of property. As to the matter of taxes, he thinks they would have a recourse to the seller. He said the taxes owed are in the ballpark of almost \$207,000.

President Grant directed the Acting City Clerk to request Tax Assessor Frisina to appear before the Council on this matter.

Councilman James said the question seems to be there is a disagreement on taxes being owed and ownership. He said how did the situation arrive whereby we have this present dispute of ownership and the owing of taxes.

Acting Tax Collector Joseph said at some time we were preparing a resolution where we were cancelling taxes assessed to Newark Housing Authority under the so called "Cooperative Agreements" which we submitted to you in 1981. In preparing Exhibit "A" appended to this resolution for some reason this block and lot was erroneously included in that Exhibit "A".

President Grant said at the time that it was erroneously put in did the owner of status of record know the amount of taxes due.

Acting Tax Collector Joseph answered precisely.

Councilman James stated that if in fact it was erroneously placed in there were they then waived of the tax obligation although it was in error. He queried if an error was made did the error at that time legally free them of the tax obligation and now we are trying to say now that we made an error and retroactively we are going to go back and obtain the taxes.

Mr. Joseph said the error did not legally free them, but he would get a legal opinion from the Law Department.

Assistant Corporation Counsel Scotta stated the error did not legally free them from the tax obligation.

Councilman Carrino said it is his understanding that the original total package, that some of the land was given or turned over to St. Lucy's Church for the construction of Villa Victoria. Since the taxes that are being paid are for the entire parcel of land does it mean the Villa Victoria project, which has a tax abatement, might be liable for that piece of land that was given to them by the owners who now say since we owe \$250,000. for the total piece of land, that means St. Lucy's Church will have to give us \$50,000. because we gave them 1/10 of the land with the idea they were not going to have to pay taxes on it.

President Grant asked the size of the piece of land given to St. Lucy's.

Mr. Smith stated it was 25 by 200.

December 8, 1982

President Grant asked if this land was donated to St. Lucy's or did the Corporation receive payment for this.

Mr. Smith said he did not have all the facts, but the fact is that when they received notice they did not owe taxes on it, they believed they did not owe taxes on the property. There was nothing there but one store. Then they rebuilt the entire area. He said the property was not donated, it was sold to St. Lucy's. He said he did not know how much it was sold for. He understands they gave them a very low price.

Mr. Scola said a small portion of it was sold.

Mr. Smith responded it has not been sub-divided as yet.

Mr. Joseph said as far as any relief to the owner of record and his obligation to pay those taxes, if the City had rendered an official tax search so stating that taxes were not owed then the City would be obliged to meet those statutes, but to his knowledge no tax search was issued.

Councilman Carrino said no one is looking to give relief to the present property owner. His inquiry is if St. Lucy's Church would be required to pay any of these taxes because it is sitting on that land.

Mr. Smith said according to their attorneys St. Lucy's will be responsible.

President Grant said when the amount of taxes were owed prior to the erroneous forgiving of the taxes, was it the intent of your Corporation to pay the City its indebtedness.

Mr. Smith replied in the affirmative.

Mr. Joseph said he recalls in the three years dealing with the principal of this Company on the total outstanding taxes due at that time they made representation of bankruptcy proceedings which the party had a stay in one of the earlier foreclosures but no attempt was ever made to pay the total amount of taxes owing to the City for this property.

President Grant requested Tax Assessor Frisina to approach the podium. He said the point of question is premises known as 139-157 Seventh Avenue. He said there is discussion on property sold to St. Lucy's for development and the owners of record owing the City a sum of money for tax arrearages on whether or not if the Council should vote to return this to the tax rolls, St. Lucy's would be in jeopardy in terms of losing their tax exempt status for that piece of property.

Tax Assessor Frisina said he did not have the answer to that question off hand. He said they are tax abated. He said they would have to check with the Law Department on it. He said they are a Limited Dividend.

Mr. Scola said he would recommend this resolution be adopted and if there is a problem it could be corrected at a later date.

Councilman Martinez said it has been three years and it is going to hurt our case in Court. He supports the North Ward Councilman but in this particular case as indicated by the Law Department that they need the muscle to get it into Court and to act on it at another date to make whatever corrections are necessary.

Councilman Tucker queried if this Council could share with the Judge that the Law Department will be going through the situation they are dealing with right now and that as a body effectively request a postponement until next week's meeting. He is supporting a deferment and requesting the Acting City Clerk to communicate with the Court and express our opinion.

President Grant said he does not know if City Clerk's office is empowered to make such a request of the judicial system. He would think in light of the ammunition given to Council by the Assistant Corporation Counsel, Tax Assessor, Tax Collector, that they are in a precarious situation and have to make a strong decision on their own. The Judge has said what we have to do to return this property to the tax rolls. If they fail to do this then they might forever bar the City from having this property placed back on the tax rolls. If they were to pass this matter and it subsequently goes to Court and is ruled differently then the City would be in a position to say it was ruled in someone else's favor then it would have to be forgiven, but if they were not to adopt this resolution

today they would jeopardize themselves from that kind of recourse in the future.

Councilman Rice asked if the Assistant Corporation Counsel was asking Council to pass on a conditional resolution.

Assistant Corporation Counsel Scola stated this was not a conditional resolution. He said if the resolution is passed he thinks a tax situation could be molded so that St. Lucy's Tax Abatement, not exemption, status will not be jeopardized.

Councilman James inquired about the matter in the Court. He said there was a question restoring the property to the tax rolls and also the question of payment of outstanding taxes. He questioned if there were two issues before us. He queried which one was before the Courts. He said they recognize there is a commercial entity on the property but are we being told that forever a commercial piece of property will never be obligated for taxes to the City or are we saying in fact that presently the question of the back taxes will be paid and there will be no restoration to the tax rolls or the back taxes will be paid and there will be restoration to the tax rolls:

Mr. Scola said it is being alleged in Court by Mr. Smith and the Company he works for that the property in question has been removed from the tax rolls and will be forever tax exempt.

Councilman James queried if it was possible that the property could be restored to the tax rolls but if it was proven the City was in error during this transfer that there would be no obligation for back taxes but there would be an obligation for future taxes.

Mr. Scola said that was a possibility.

Mr. Smith said it was not true they were trying to be totally exempt forever from taxes. He said they recognize their obligation at present to pay taxes and they were billed for this year's taxes. They have not received any bills for back taxes.

Councilman Carrino wanted to know if this particular piece of property was up to date in 1982 taxes.

Mr. Joseph said they were not up to date.

A motion to adopt the resolution was made by Councilman Martinez, seconded by President Grant and failed of adoption by the following votes:

Yes: Councilmen Branch, James, Martinez, President Grant.

Not Voting: Councilmen Carrino, Payne, Rice, Tucker, Villani.

Councilman Payne stated in light of the fact the vote lost and according to Counsel it will jeopardize the case he indicated he would change his vote from abstention to the affirmative. He said he was disturbed and annoyed by the lack of a clear cut presentation to this Council and that was his primary reason for his vote of abstention. He said we discussed this for 40 minutes having high paid executives of the City coming before this Council with conflicting reports and the principal saying one thing. He said if you vote it down the City loses its position in Court and so you have a shot gun situation where you do not want to jeopardize the City's position so you reluctantly vote the affirmative. He believes the City pays adequate salaries and it does not make sense for this Council to be presented with materials that are unclear. He said he hopes this continuing type of ineptness would stop and we can start running this City with the lack of late starters that come down after the calendar has closed. It is wrong and not the way a government should be run.

A motion to adopt the resolution was made by Councilman Martinez, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, President Grant.

Not Voting: Councilmen Carrino, Rice, Tucker, Villani.

RESOLUTION AUTHORIZING DIRECTOR OF FINANCE TO ISSUE AND DELIVER CHECK PAYABLE TO KENNETH A. GIBSON AND ALBERT G. BESSER, ESQ.; HANNOCH, WEISMAN, STERN, BESSER, BERKOWITZ AND KINNEY, ESQS., 744 BROAD STREET, NEWARK, IN THE AMOUNT OF \$302,271.48, AND CHECK PAYABLE TO EARL HARRIS AND JOSEPH A. HAYDEN, ESQ.; SHAIN, HAYDEN, PERLE AND RAFANELLO, ESQS., GATEWAY I, NEWARK, IN AMOUNT OF \$134,252.46, AND CHECK PAYABLE TO EARL HARRIS AND JOHN J. BARRY, ESQ., GATEWAY I, NEWARK, IN AMOUNT OF \$40,844.10; UPON RECEIPT OF ALL DOCUMENTS DEEMED NECESSARY BY CORPORATION COUNSEL; PURSUANT TO ORDINANCE 6-S & F-1, APRIL 1, 1981.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by President Grant, seconded by Councilman James.

Councilman Tucker stated he would like to indicate his support of the resolution, but also try to interject one point. The public has raised questions in regard to the legal defense funds of the individuals involved in receiving this payment. At the meeting they had with the attorneys yesterday, the attorneys are specifically dealing with the body of the ordinance and the Corporation Counsel, at that time, indicated that they were in compliance with the existing ordinance and had been found innocent. They had been exonerated from all charges. He thinks the public's concern in regard to the legal defense fund is one that they should deal with. So speaking in support of the resolution dealing with the payment, he would like to respectfully request that they request of the attorneys and also the individuals that they try to at least diminish the impact of this financial amount on the City by utilizing some of the funds that they have been in receipt of in their legal defense funds and he would like to request that as an amendment to the motion.

President Grant noted about a year and a half ago, this Council passed an ordinance which guaranteed the payment of any elected official who had to go before the court of law and was alternately found innocent that the City of Newark would be responsible for the payment of their legal fees. Since it is an ordinance they have voted in the affirmative on, this is a clear cut obligation, in spite of their fiscal constraints, it is an obligation the City has and must be met.

Councilman Rice stated he would like to indicate for the record that he too will be voting in the affirmative because he wasn't around when the ordinance took place. The ordinance is probably a good one, but he also recognizes that dealing with the best of wisdom that if they do not fulfill this obligation then there would be an additional expense if they challenge this in the Courts. Anyone who looks into the law and the legal language will recognize that they do have to pay it and he just cannot see adding additional monies to this by creating that type of challenge.

Councilman Payne stated he too feels strongly that this is a legal obligation by ordinance. It's not something that is particular to our City. He thinks that throughout the nation, cases of this nature would be paid for by the governmental body. It's the rule rather than the exception and he strongly supports paying the bill. He would like to mention for the record that in his opinion although the Counsel for the Mayor explained his hourly rate of \$225. an hour and talked about the logging of hours it took to go through the voluminous volumes of grand jury testimony and proceedings that took place, he told him then and as he states now, he thinks the bill is excessive. He thinks that a bill, although he believes that the attorney feels it is justifiable, is out of line. He feels they have an obligation to pay it but feels that the bill is totally out of proportion to what they should pay.

Councilman Martinez concurred with his colleague, Councilman Tucker, who indicated that the defense fund, that morally, although they have no rules and no laws that could make them pay back to the City, under good moral conscience that whatever funds were raised, an effort should be made by those individuals to put that money back into the City treasury to defer some of this exorbitant cost. He also agrees with his colleague Councilman Payne. He felt the bill for the attorney for the Mayor is excessive, almost three times the amount as the bill submitted for former Council President Earl Harris. It is probably a difficult vote to make but he would just like to point out for the public's information some other items that have come before this Council which were also obligations to pay. Several years ago, there were eight police officers indicted in the Narcotics Squad of the City of Newark.

December 8, 1982

They went before a jury trial, they were found innocent and the City had to bear the cost of their attorney fees for all eight individuals which was close to a half a million dollars also. These things are not played up to the press because apparently they were not elected officials. They too had fund raisers and he doesn't think there was any effort made for them to return their defense dollars back to the City treasury. They all recognize the fact that State law says when those individuals in uniformed services are indicted the City has an obligation to pick up their attorney fees. It is a law that they are faced with and perhaps they don't like it but they recognize it is an obligation and further to the taxpayer not only in the City of Newark but the County of Essex. This trial will probably cost the taxpayers throughout the County of Essex in excess of \$3 million in total, so it is not only a bill they are talking about here, or two bills. They are talking about a complete trial that people seem to put in the background. They seem to just speak about the attorney fees. What was the cost of the prosecutor's office? What was the cost of all of the witnesses that were brought in to testify? How many hours were put in by those detectives with the prosecutor's office who receive a yearly salary? He said from the figures that they have it is probably well into the millions of dollars that he is sure the property taxpayers are going to be forced to pay in 1983. Somewhere along the line, they don't seem to have an avenue to address. He has asked the Corporation Counsel, because in his opinion the trial was weak. The testimony was weak and he didn't even feel there should have been a trial. Could the Corporation Counsel sue the County of Essex and try to recoup most of these dollars the City of Newark was forced to pay?

Councilman James said he would like to commend the Members of the Council for moving to make payment. He thinks the matters that they are talking about are mere dollars and cents and they have long forgotten the emotional agony and anxiety that both Mayor Gibson and former Council President Earl Harris had to go through. We should be mindful that a third party made a statement that a member of this County talked to someone and therefore conspiracy charges were leveled against him and of course that witness later on stated he had lied so the question comes at what point did he tell the truth and at what point did he begin to lie. We have a moral and legal obligation to make payment as quickly as possible out of respect for the individuals having gone through the trauma, having been found innocent in a Court of Law. We should be mindful that such a conspiracy charge could be leveled against any one of the Members of the Council and the Administration any day of the week by a third party. However, he would like to concur with some Members of the Council and he thinks the existing ordinance is defective and is our fault. We removed all kinds of restraints and all kinds of controls in this ordinance and he thinks presently it appears to the lawyers who represent Members of this Council and the Administrative personnel that they can simply go to the well and bill this City any amount. Let us be mindful that a mere letter from both Mr. Besser and Mr. Hayden was actually in fact a contractual obligation between the City and their Law office as so informed by this Body by Corporation Counsel Teare. They could have stated in that letter \$500. an hour, a million dollars an hour, because there was no structure, no system of this Council to respond and no system for the Administration to agree or disagree. We are getting off lightly in fact, but he would like to believe that it is not the intent of this Council that every Member who is in Court can go out for a parking ticket and perhaps hire F. Lee Bailey or William Jennings Bryan from the Capital. We want adequate and ample legal representation but it should be done though with some type of negotiations between their Law Department and the lawyers they are going to hire. He would hope that after they successfully meet this fiscal obligation that they take the hardest task and that is of closing the open door of the present ordinance because mindful if he gets a parking ticket, he is getting F. Lee Bailey tomorrow and he thinks that is not the intent of the ordinance. We are just going to have to be courageous enough to understand that a mere letter from a legal counsel opens this City to any bill, to be responsible for any bill they submit, is not the intent. He said at the meeting with the attorneys yesterday there was no debate, no discretionary or no evaluation of the bill. It was merely a question of how much per hour and how many hours. He would hope this Council would have the courage to strengthen the existing ordinance.

Councilman Branch said he supports his colleagues and that he had made his concerns known after he read this ordinance in terms of strengthening the ordinance. and to the defense fund. He said when Council is creating an ordinance they have to seriously look at how the ordinance is going to affect the Municipal Council and the taxpayers. He said we are going to have to put some teeth into the ordinance and have lawyers present to strengthen the ordinances when we develop

December 8, 1982

them. He opined this is a dangerous ordinance and though he is not an authority he sees some things that could backfire in their faces. He said there was no one monitoring during this case. He said this is a great deal of money and he felt the Council has to look at the ordinance.

Councilman Carrino noted he had faced a similar situation and he was forced to pay his own legal fees and he opined if his case had gone beyond a grand jury it would have been a lot more substantial. He said he could appreciate this ordinance the way it stands right now but he would agree with Councilman James that the ordinance must include a triggering point where the City will say the amount of money to be charged per hour. He said when you are faced with the prospect of incarceration, everyone has to feel comfortable with the person he has the most trust and faith in as far as the law is concerned. Somewhere along the line the ordinance has to be changed to have the person feel comfortable with someone. When you weigh the fact that one lawyer charged one hundred something thousand and the other lawyer charged three hundred something thousand and both came up with the same decision in defending people who had the same charges against them then somewhere along the line a compromise or agreement has to be reached where everybody can feel comfortable with the situation. He said the fact that both men were found innocent puts the onus on the City of Newark because they were acting as public officials for the City of Newark and they have the obligation to pay that money which the lawyers say they are due. He agreed with Councilman James that Council should sit down with other people involved outside the City of Newark and find out how they can put some amendments on the present ordinance so that each person can be represented the way he wants but within the confines of a certain amount of money that they feel needs to be spent in defense of a case.

The motion to adopt the resolution and directing the Acting City Clerk to communicate with Mayor Gibson and former Council President Harris and request they give serious consideration to the utilization of any funds received from fund raisers held in their behalf be used to defray the overall costs to the City of Newark was made by President Grant, seconded by Councilman James and declared adopted by President Grant by the following votes:

RESOLUTION CONDEMNING PROPOSALS BY NEW JERSEY TRANSIT TO CURTAIL SERVICES ON BUS LINES IN NEWARK AND ELIMINATE SPECIAL STUDENT FARES, AND CALLING ON THE STATE OF NEW JERSEY TO EXPLORE ALL POSSIBLE WAYS TO MAINTAIN AND IMPROVE PUBLIC TRANSPORTATION IN URBAN AREAS.

A motion to adopt the resolution was made by Councilman Tucker, seconded by Councilman Rice.

Councilman Payne commended Councilman Tucker for introducing this resolution. He said he attended a public hearing in the Council Chamber which was conducted by Transport of New Jersey. He said with the City of Newark moving to specialized schools the elimination of the special student fares could cause students who must travel to these schools a great deal of hardship, thereby causing many of them to attend schools in their local districts where no bus fares are necessary. He noted in the South Ward five routes are going to be reduced or eliminated. The increase in fares and the decrease in services is going to infringe upon the people's jobs. He said he was appalled at the fact there was no representative from the Star Ledger at this meeting. He opined that the State would have to come up with some money. He asked the support of the Chamber of Commerce.

Councilman Tucker said it is important to note that Council was put in a position of having to analyze each one of the proposals coming before the Transport of New Jersey. He said when we do this resolution we should also send a letter to the Business Administrator especially in the area of M.P.D.O. and that transportation study. They should have been there to at least analyze the statistical information. He believes what was highlighted by most of the speakers and by the Council that their statistical analysis was faulty. He thinks the City Administration has to have someone who analyzes those proposals and is there to represent the City every time they hold a hearing. He said there are 13 routes being cut back and ironically it appears when you look at it you find out they are cutting back the services in the City of Newark and eliminating ticket stations in suburbia. They are not cutting suburban buses. He said it is clear Newark is the target of this basic cut back. To talk of our children trying to pay full bus fare when it is hard enough now to provide incentive for our children to stay in school will only be a disincentive and drive more young people out of school. He said we have to play a more direct role in monitoring the State because Newark seems to be the target of any kind of cut backs.

Councilman Branch said the resolution should be sent directly to the Board of Directors and also to Jerry Premo. He indicated the Board of Directors are the people who recommend the changes.

Councilman Carrino indicated for the record that this was the third public hearing and what T.N.J. was doing was eliminating bus lines in different areas of the City hoping they would all go to separate hearings which is what is happening. He said he attended a hearing two months ago when they were going to eliminate the "6 Crosstown" which transports 12,000 Senior Citizens to the downtown area. At that hearing, which was attended by Jerry Premo, Councilman Carrino was advised they would not eliminate that line, but they did eliminate it. He noted these hearings are nothing more than a subterfuge. He stated the City of Newark is being discriminated against. He said the Department of Transportation lies to people who attend these hearings. He would like to know why the State of New Jersey decided to go into the transit business when all of the private companies who are running the bus lines did things as the market flowed. The State decided they were going to buy out all these bus lines, spent all of our dollars then after consolidating the whole thing tell us they cannot afford to run the bus lines any more at the present fares. He said he thinks an entire fraud was perpetrated on every citizen of the State of New Jersey when the State decided to go into the public transportation end and bought out all those private companies for nice substantial money and now cannot provide 1/10th of the service the private companies were providing.

Councilman Rice stated he concurred with the remarks of Councilman Carrino. He said he would go further with reference to fraud. He said it is apparent that it is somewhat inherent that someone needs to look past this body and if necessary take some legal action in terms of having the Court identify the State's responsibility. He sees an aggregate of movement taking place particularly against the City of Newark from the State. We are losing funds in terms of libraries. We are getting our bus system cut out. We cannot get funds in our education system. We are facing a very dangerous situation.

Councilman Martinez suggested that along with the resolution a copy of all of the statements by the Councilmen be submitted to the Governor who could possibly deal with an answer.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A motion to permit Mr. Borg to be heard on this resolution was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

MR. BORG, ATTORNEY FOR HAMPTON HILL ASSOCIATES, which will be the developer of this proposed housing project. The Reagan Government has decided that funding for the Section 8 program is going to be curtailed. One of the methods in which they are doing this is eliminating financing adjustment backing funding for any project that cannot commence construction by December 31, 1982. Their project needs financing adjustment backing funding. The local area office has indicated that we cannot get a firm commitment of mortgage insurance from them without which we cannot begin construction unless we get final word on tax abatement from the City of Newark. They are asking for Council approval. They recognize the fact the Council has a policy against added starters, especially tax abatements, but this is a special situation in view of the fact the Section 8 program may be going out of business and it has been indicated there will be no extension.

Councilman Martinez said he is not in favor of tax abatements as late starters, but he said if this particular case is not approved today 90 units of housing will go down the drain. He said Councilman Tucker and he have been working on this for seven years and they do not want to lose it at this late date. They are asking for the support of Council in this matter.

Councilman Payne said he is in agreement with both Councilmen Martinez and Tucker on this matter. He said the late starter situation should be situations of this nature grave, if in fact not passed at this time, monies would be lost, which makes it a special emergency. He stated he has no problem with taking a special situation and dealing with it. He said when the rule becomes late starters, they are treading on thin ice. He would hope his colleagues will get firm on the question of late starters and their importance and that they get serious about the fact that the Administration ought to have their house in order before the close of the calendar.

December 8, 1982

Councilman Tucker said it is important to note that most of the Council are knowledgeable that the people who reside directly in that Valley area are residents of the area. He said there have been many meetings held with the residents and Hampton Hill Corporation and they have negotiated a situation where Hampton Hill will work in concert with them on the development of housing. He said they are very much in support of the development. As a matter of record he would like to submit a correspondence that Hampton Hill submitted to the Community residents indicating they would work in concert with them and add that on to the tax abatement. The residents are in full support of the entire tax abatement process.

Re: Hampton Hills  
Elizabeth, Hunter, Earl and Sherman Streets  
Newark, New Jersey

Dear Sirs:

This will evidence and confirm the agreement between Hampton Hills Associates ("Hampton Hills") and Valley Housing & Development Corporation ("Valley Housing") relating to the captioned project.

1) Hampton Hills will confer with Valley Housing during development of the project and thereafter to obtain community input and keep Valley Housing and its members aware of the progress of the project.

2) Hampton Hills and Valley Housing will each nominate two individuals to serve on an advisory board which will meet on a regular basis and provide Hampton Hills with community input and advice with respect to various aspects of the project, including but not limited to management, tenant selection and marketing.

3) Hampton Hills will cooperate with Valley Housing in an effort to afford prior residents of the project site an opportunity to rent apartments at the project on a priority basis, subject to any regulatory constraints.

4) Valley Housing shall provide ongoing com-

community relations and liaison services to Hampton Hills during the development, construction and operation stages of the project. In particular, Valley Housing shall assist Hampton Hills in obtaining community and political support for the project during its various stages; conducting a search for potential tenants among community residents; establishing communications with local community groups to seek qualified tenants for the project; consulting with the managing agent, the U. S. Department of Housing and Urban Development (HUD) and The City of Newark in establishing criteria for selecting tenants for the project; assisting the managing agent in reviewing qualifications of the proposed tenants for the project; acting as liaison with local community groups after the initial rent-up period; and assisting the managing agent in locating qualified tenants as apartments become vacant.

5) In consideration of the services to be provided by Valley Housing to Hampton Hills, Hampton Hills hereby agrees to pay Valley Housing a fee in an amount equal to 5% of the net proceeds from the syndication of the limited partnership interests in Hampton Hills Associates. "Net Proceeds From Syndication" are to be determined by deducting from gross proceeds any and all expenses incurred by Hampton Hills in connection with the project including but not limited to: general contractors' fees, builders' fees, attorneys', accountants' fees, printing costs, brokers' fees, required cash investments, required reserves, mortgage discount points and escrow requirements, offsite construction costs, costs of letters of credit, application fees, seed money expenses, processing expenses, cost of land not reimbursed from mortgage proceeds, and, generally, any and all costs relating to the project which are not reimbursed to Hampton Hills from the proceeds of the mortgage loan financing the project. In order to assist Valley Housing in planning its activities for the upcoming periods and because the exact amount of net proceeds from syndication will not be known for some time, Hampton Hills has agreed that the sum to be paid to Valley Housing shall in no event be less than \$35,000.

6) Payments of the aforesaid \$35,000 fee shall be made in three installments which shall be due as follows:

a) The first installment of \$12,000 shall be paid at the closing of the mortgage loan to finance construction of the project;

b) the second installment of \$12,000 shall be paid upon completion of the sale of limited partnership interests in Hampton Hills, and

c) the third installment in an amount equal to the difference between 5% of the Net Proceeds From Syndication and \$24,000 (but in no event less than \$11,000) shall be paid to Valley Housing upon initial occupancy of the project.

December 8, 1982

7. Hampton Hills shall undertake to have the name of the project changed to Hampton Valley Homes. This designation shall appear on billboards at the official ground-breaking of the project and shall be used by Hampton Hills thereafter in connection with the project. The foregoing is subject to obtaining the consent of the appropriate regulatory agencies.

Please sign this letter agreement in the space indicated below to indicate your agreement with the terms hereof.

December 8, 1982

7-M-n.

A MOTION REQUESTING THE DEPARTMENT OF LAW TO RESEARCH AND SUBMIT FOR THE COUNCIL MEETING OF DECEMBER 15, 1982 AN ORDINANCE TO AMEND TITLE 11A, CHAPTER 1 OF THE REVISED ORDINANCES OF THE CITY OF NEWARK TO FORBID THE SALE, USE AND POSSESSION OF ANY GASOLINE, KEROSENE OR ANY OTHER PORTABLE APPLIANCE USING LIQUID FUEL FOR COOKING OR HEATING.

Councilman James said he has several questions and he has read the remarks of Senator Caufield. With the energy crisis being what it is and he grew up in Newark on Howard Street in a cold water flat using kerosine and coal and wood, are they really saying to individuals that we really expect to police and prohibit the use of kerosine being sold. He said he is going along with the motion. They are dangerous and horrible. He said everyone is buying them because you cannot afford to heat your house today as there are cold spots in the house so you have a choice of electric or kerosine and the one that is the least expensive and the one that provides the greatest amount of heat is kerosine. Is Council saying they expect this to be meaningfully enforced. His second question is that when his house burned down the trailer they received operated on kerosine. He stayed in the trailer for six months. Are we saying we are going to forbid that. Are we putting them on the books because they look good or do we really want to enforce them.

Councilman Rice said we have to look at these laws, not only in terms of enforcement because certainly it is going to be enforced against someone and he would hope it is going to be done in a way that we do not violate due process. When we come to the social ills and the health and safety of the community to save one life to him is extremely important. He would feel the Fire Director and others feel the same way. He said it is going to be up to us to direct the Administration and the enforcement agency and even the community to assist us with the enforcement of it. We have to look at the number of buildings that caught fire without these extremely loose type of heating devices and the number of deaths that have occurred in the City because of fires.

Councilman Payne said the spirit of the ordinance is in the right direction. He said he has some problems with attempting to pass a law restricting these kerosine lamps. He said he would be more in favor of a resolution urging people not to use them or to use caution with them. He opined there are probably as many or more fires caused by arson, faulty wiring because of lack of code enforcement, fires caused by all kinds of social ills and the people who are using these kerosine stoves are using them because it is their last effort. He understands and commends the Councilman from the West Ward in trying to preserve life but he has a problem with trying to legislate this whether we should strongly urge or totally condemn.

Councilman Rice said he would like his colleagues to understand that he did not submit the ordinance or resolution that prohibited this type of heating device. He said the Council prior to his taking office, under City of Newark Title 11A, Chapter 1, prohibited the use. He has submitted a resolution to amend it to ban the sale in the City of Newark of these devices. He felt it did not make any sense to use and it does not make any sense to have a law in the City of Newark that would encourage people to purchase something they cannot use that would be harmful to them. Councilman Rice noted they are trying to minimize the sale of them.

Councilman Martinez said he agrees his colleague is trying to save lives, but you can purchase any of these heaters in another town. He opined that what they were doing was saying you could not buy them in Newark so you would force them to go to another town to buy them. As far as the enforcement aspect he does not know who will walk into someone's house and check on what kind of heating they were using. He said the only way they will find out is after the fact that the fire was caused by a kerosine heater. He does not know how an ordinance such as this could be enforced. He said in reference to the sale of kerosine heaters there could be good enforcement. He said if you have a law on the books banning the sales in Newark and it is legal to go to buy it in another town who is to come into his home and check to see.

December 8, 1982

Councilman Tucker said in 1978 the Council indicated it was illegal to have one. That is the law right now. The motion was made by him, seconded by Councilwoman Villani and unanimously adopted by the Council. The original ordinance does not prohibit the sale of kerosine heaters. It just says it is illegal to have them. He opined that an amendment would deal with whether you can legally sell them. He does not believe they can come up with an answer but he does think when they have public hearings on this matter, people will let us know what their opinions are. He said they should move it to public hearing and hear directly from the citizens as to what they want. They may tell us unless you can economically heat my house then don't pass any laws. They should have the opportunity to express their opinions.

Councilman Payne said he imagines the majority of people do not know there is a law that they are illegal in the first place and now they are telling them they are making it illegal to sell them. He said the original law bothers him.

President Grant noted that Senator Caufield who is sponsoring the bill in the New Jersey State Senate is trying to outlaw the sale of kerosine heaters in the entire State admitted he is meeting with great opposition and does not expect the bill to fly but that he was going to introduce it.

Councilwoman Villani noted the original ordinance was passed in October 1979 and that at that time the price of fuel was not what it is today. She said at that time they were very much concerned about it being a fire hazard but today the economy of it has to be faced. She opined that there should be a public hearing.

The motion to adopt the motion was made by Councilman Rice, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:  
 Yes: Councilmen Carrino, James, Martinez, Rice, Tucker, President Grant.  
 Not Voting: Councilmen Branch, Payne, Villani.

A regularly scheduled meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 8:00 P.M.

The audience arose for the National Anthem.

The prayer was offered by Reverend Ralph T. Grant, Jr.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council; Captain Donald Blydenburgh, Sergeant-At-Arms and Mr. Melvin Simon, Assistant Corporation Counsel.

(Councilwoman Villani and Councilman Payne arrived at 8:15 P.M.)

President Grant stated, "In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the agenda of this meeting was similarly disseminated on December 9, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law".

A motion to consider Resolution 7-R-bc at this time was made by Councilman Tucker, seconded by Councilman Carrino and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Tucker, President Grant.

7-R-bc.

RESOLUTION RECOGNIZING AND COMMENDING THE 78 YOUNG PEOPLE WHO REPRESENTED THE CITY OF NEWARK WITH GREAT DISTINCTION AT THE UNITED STATES YOUTH GAMES.

Councilman Tucker read the following resolution:

WHEREAS, 78 young people ably represented the City of Newark at the Sixteenth Annual United States Youth Games, held at Georgetown University in Washington, D.C., from August 11 through 15, 1982; and

WHEREAS, the participants from Newark demonstrated superb skill, grace and sportsmanship as they competed in bowling, tennis, swimming, basketball, and track and field events with 1,000 boys and girls from 12 other cities across the country; and

WHEREAS, the girls' bowling team and boys' tennis team from Newark won the first team gold medals for Newark in the history of the Youth Games, and the Newark athletes also brought home 20 individual medals in four sports; and

WHEREAS, the achievements and demeanor of these young people have enhanced the national reputation of the City of Newark, and can serve as an inspiring example for thousands of boys and girls in the Newark area;

December 15, 1982

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does recognize and commend the 78 young people who represented the City of Newark with great distinction at the United States Youth Games, and does also salute the many adults who guided and helped these young people to develop a keen sense of pride in themselves and in our City.

BE IT FURTHER RESOLVED THAT a copy of this resolution suitably inscribed be presented to each participant in the Youth Games in appreciation of their splendid service under Newark's banner.

A motion to adopt the resolution was made by Councilman Tucker, seconded by President Grant.

Councilman Tucker felt as elected officials of the City of Newark the Council was becoming aware of the positive aspects of the City. He mentioned people have a tendency to only look at the negative things that happen around us. These children were being sponsored for participating in the Youth Games.

He recalled the Youth Games were started by Nathaniel Washington, who was then the Director of Recreation and Parks. He said these young people have proven that they know how to play the game. Each year it is found that the young children were placing high in the International competition around the United States.

(Councilwoman Villani and Councilman Payne arrived at 8:15 P.M.)

President Grant stated the young people being honored represent all the people. He said he was glad they were not statistics on a police block. Once again, on behalf of all the Council Members, he congratulated all of the children being honored.

The motion was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A motion to consider Resolution 7-R-bb at this time was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

7-R-bb.

RESOLUTION RECOGNIZING AND COMMENDING THE 85 NEWARK PUBLIC SCHOOL STUDENTS WHO PARTICIPATED IN THE ART CONTEST FOR "NEWARK DAY" AT NEW JERSEY STATE LEAGUE OF MUNICIPALITIES CONVENTION IN ATLANTIC CITY.

Councilman Tucker read the following resolution:

WHEREAS, the Newark Municipal Council, the Office of the Mayor and the Greater Newark Chamber of Commerce joined in sponsoring "Newark Day" on November 17, 1982, at the New Jersey State League of Municipalities Convention in Atlantic City to help improve Newark's image; and

WHEREAS, in conjunction with this observance a poster contest on the theme "Newark: Pride In Its Progress" was conducted in Newark public schools by the Board of Education to encourage young people to think about the City's meaning for them, and to provide a showcase for the talent in Newark schools; and

December 15, 1982

WHEREAS, 85 students from 18 schools entered the competition and nine of them were selected by a panel of judges, including two Members of the Municipal Council, to receive citations and savings bonds from Samuel Klein and Company in recognition of the young artists' creativity, imagination, and presentation of the theme; and

WHEREAS, the artistic work of these boys and girls has promoted new pride in the City of Newark and a fresh respect for the wisdom, talent and civic spirit among our City's young people;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does recognize and commend the Newark public school students who participated in the art contest for "Newark Day" at the New Jersey League of Municipalities Convention in Atlantic City, and does pay special tribute to the nine young people whose work was selected for prizes, and to the art supervisors and teachers who assisted in this competition.

BE IT FURTHER RESOLVED THAT a copy of this resolution suitably inscribed be presented to each of these young artists in appreciation for making all of us prouder to be Newarkers.

A motion to adopt the resolution was made by Councilman Tucker, seconded by President Grant.

Councilman Tucker mentioned part of the operation in "Newark Day" was for the artistic work done by the children of Newark who were affiliated with the Newark Board of Education. The Board of Education has stimulated the children to participate in the Arts.

He introduced Dr. Atkinson, Director of the Art Department, Newark Board of Education, to explain a little about her program.

Dr. Atkinson said the students had a need to express their artistic abilities. The children were judged into three groups; 1) children in grades 1 through 4 ; 2) children in grades 5 through 8 and 3) children in high school grades 9 through 12. She mentioned the award winners were brought down to Atlantic City to participate in the joyous festivities by bus, they were given a luncheon and saw how the Council Members work in action. In the future, she anticipated more children would participate in the poster contest.

President Grant acknowledged the presence of Mrs. Washington, Miss Brenda Grier, Miss Dolores McNeil and the Camden School Principal.

He accepted their presence as an indication of their interest in the young people of the City of Newark.

Councilman Branch mentioned the concert Mr. Frederick Ransom put together recently for which he was going to be honored with a commending resolution.

Councilman Tucker introduced Mr. Jerome Fien of Samuel Klein and Company who was going to present the bond awards to the winners of the contest.

Mr. Fien came to the podium and presented the bonds to the winners.

Miss Maria Catalano, one of the winners, thanked her teachers and the Council for giving her a chance to be a success.

Councilman Carrino acknowledged Samuel Klein and Company for involving themselves in the recognition of the students being honored.

Councilwoman Villani said it was very hard for her and Councilman Tucker, who were judges for the contest, to select the winners. She said there was so much talent in the City of Newark. She complimented the teachers who were involved and the children who participated.

Councilman Carrino thanked Councilman Tucker for putting the whole idea of "Newark Day" together.

December 15, 1982

Councilman Tucker said that it proves that everyone could work together in the City as a unit. Many times it has been done to highlight the children of the City. He thanked the children and their parents for being present for the awards.

President Grant recognized the people of Lincoln School.

Councilman Rice said he was very proud to see the people from Lincoln School present.

Councilman Payne commended the young people who participated in all of the programs. He was happy to see that positive things were happening for the City of Newark.

The motion was declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

A motion to consider Resolution 7-R-bi at this time was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

RESOLUTION RECOGNIZING AND COMMENDING THE GREATER NEWARK CHAMBER OF COMMERCE FOR ITS OUTSTANDING PARTICIPATION IN THE "NEWARK DAY" OBSERVANCE AT THE RECENT NEW JERSEY STATE LEAGUE OF MUNICIPALITIES CONFERENCE IN ATLANTIC CITY.

Councilman Tucker read the following resolution:

WHEREAS, the Greater Newark Chamber of Commerce has long and ably represented the best interests of Newark's financial, commercial and industrial institutions, and has initiated and supported many efforts to encourage economic development in the City; and

WHEREAS, the Greater Newark Chamber of Commerce joined with the Newark Municipal Council and the Office of the Mayor to sponsor "Newark Day" at the New Jersey State League of Municipalities Conference on November 17, 1982, in Atlantic City, New Jersey; and

WHEREAS, this year's "Newark Day" was by far the most successful ever held, thanks in large part to the very active involvement of the Greater Newark Chamber of Commerce, and this event gave many leaders in public life and private enterprise a new, positive appreciation of Newark's many assets and recent progress; and

WHEREAS, the participation of the Greater Newark Chamber of Commerce in this event was an example of the kind of partnership between government and business that is essential for the full economic revitalization of our City;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT it does hereby recognize and commend the Greater Newark Chamber of Commerce for its outstanding participation in the "Newark Day" observance at the recent New Jersey State League of Municipalities Conference in Atlantic City, and does hope that the government-business partnership symbolized by this event may continue to grow and flourish as a major factor in Newark's rebirth.

BE IT FURTHER RESOLVED THAT a copy of this resolution suitably inscribed be presented to the Greater Newark Chamber of Commerce in warm appreciation of its great contributions to our civic life.

December 15, 1982

A motion to adopt the resolution was made by Councilman Tucker, seconded by President Grant.

President Grant asked Mr. Kenneth Louis, Vice-President, Governmental Affairs and Mr. Richard Schoon, President, Greater Newark Chamber of Commerce to come up to the podium.

President Grant said Mr. Louis represents the finest in the City. He has been courteous and responsive to the Council in all ways, and he is doing an outstanding job.

Mr. Schoon said he is also proud of Mr. Louis. In fact, they are like brothers. If he did not look a little different, no one would be able to tell they were not. He said he was heartily sold on the idea of Atlantic City, great progress was made. He thanked the Council and said he looked forward to being there next year.

Councilman Rice told all the participants in the program to stand up, and he thanked them for being present.

President Grant said on behalf of all the Council Members to have a Happy Holiday.

The motion was declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

#### HEARINGS OF CITIZENS.

6-HC-a.

MR. MURRAY H. EDSON, 47 LINCOLN PARK, NEWARK, NEW JERSEY, addressed the Council with respect to establishing a Council Citizens Advisory Committee to determine the dollar value of Newark payroll tax and property tax which were currently exempt from payment in the City. He said he had mentioned this idea to the Council many times before, and he did not think they were interested in his proposal.

He also addressed the Council with respect to the growth of drug and criminal rehabilitation in the Lincoln Park area. He said he had gone to the Department of Inspections on numerous occasions to tell them about the goings on at 43 Lincoln Park. He briefly mentioned the subject of Section 8 Housing.

President Grant said Section 8 Housing was a thing of the past. The City would not be in receipt of Section 8 Housing for a long time.

Councilman Martinez indicated Mr. Edson had done a great investigation on tax exempt property. He mentioned Mr. Edson told the Council several times that he would like to work with the Council to help bring revenue into the City. He told Mr. Edson that his name and address was given to Mr. Dennis Cherot, who was the Director of the Department of Health and Welfare, to help with the problem of drugs in some of the facilities located throughout the City.

6-HC-b.

MRS. BETTY CIFRODELLA, 38 ROME STREET, NEWARK, NEW JERSEY, addressed the Council with respect to the problem that she and her neighbors were having with Resistol Hats Company, which was located on Rome Street. In June 1982, Resistol Hats Company began their operation in the neighborhood. They process rabbit fur. Ever since the processing began, the neighbors have noticed strong odors, fur particles and bugs (hide beetles) around their property. The neighbors also began to notice a relationship between the pollutants and certain allergies and respiratory problems that they were having. She went on to say there was a very direct relationship between the appearance of the symptoms and the pollution caused by the Resistol Company. She quoted the following statistics: 85% smelled foul odors; 78% saw fur particles; 67% had beetles in or around their homes; 78% noticed these things happening after June of 1982; 70% never had symptoms; 85% of the symptoms disappeared after the people left the area; 89% of the people had two or more symptoms; 63% experienced coughing; 59% experienced sneezing; 67% experienced itchy, watery eyes; 59% experienced sore throats and 48% experienced nasal congestion. She said the survey was conducted by Residents for a Healthier Ironbound. The samples were taken from

the areas around Rome Street, Niagara Street, Kossuth Street and Barbara Street. She mentioned that 35 people were interviewed. She asked the Council to help them with their problem.

President Grant told Mrs. Cifrodella that Mr. Dennis Cherot and the State were notified about the problem. He said the Council would do everything in their power to help these people with their problem and make their area livable.

6-HC-c.

MR. ANTHONY CIFRODELLA, 38 ROME STREET, NEWARK, NEW JERSEY, thanked Councilwoman Villani and Councilman Martinez for all the help they had given his neighborhood with their problem. He mentioned the organization "Residents for a Healthier Ironbound" was formed in October, 1982. He stated he had asked the Board of Adjustment to send their investigators in December, 1980, six months after the company came into existence.

He explained about fur processing and fur cutting.

6-HC-d.

MRS. SANDRA UCCELINI, 56 ROME STREET, NEWARK, NEW JERSEY, explained to the Council that back in June, 1982, when Resistol Hats began their operation, she became ill. She told the Council about her asthma problem and the effects the company had on her problem. She mentioned she had to be taken to the hospital to help in her breathing more than four times, and said her doctor told her the only way her breathing would be normal is if she wore a mask to protect her from the pollution in her area.

She indicated she had experienced fur on her furniture, clothing and said she had to buy air purifiers for her home. She also indicated she had beetles crawling around her home.

6-HC-e.

MRS. DOROTHEA VOLZ, 8 ROME STREET, NEWARK, NEW JERSEY, asked the Council for their support in this problem. All the people want is clean air to breathe.

She said she also had fur on all of the screens in her home, her car, furniture and her surrounding property. She had beetles crawling all around her home. She mentioned the fact that when the weather got warmer, the beetles and their larvae would hatch and multiply, which would do further damage. These people did not want this to happen. She said the beetles would spread to more areas and this would wind up like the problem that recently happened in New York.

6-HC-f.

MRS. MARIA BIDOT, 56 ROME STREET, NEWARK, NEW JERSEY, asked the Council to please supply the best help that they possibly could. She stated the Council just honored some young people for their endeavors, and as part of the younger generation, she was pleading for this problem not to continue.

6-HC-g.

MR. JON DOLBERG, 31 MARNE STREET, NEWARK, NEW JERSEY, expressed his opposition to Resistol Hats. He said the Ironbound had too many health problems as it was with all the polluting industries surrounding it. He asked the Council to assist in any way they could to help.

6-HC-h.

MR. ANTHONY MARRONE, 198 1/2 ASTOR STREET, NEWARK, NEW JERSEY, spoke on the pollution problem that Steelkraft Fluorescent Company, which was located on Murray, was causing to the area of Astor Street. He said paint fumes were polluting the entire area. He mentioned the company had expanded five or six times without the proper variance.

He also mentioned there were tires being dumped on New Jersey Railroad Avenue, along the area of Murray Street. He wanted to know if signs could be posted that could possibly stop the illegal dumping. He said the residents around that area would like to plant trees there and this would be impossible if the dumping continued. He asked the Council for their help in this matter.

6-HC-i.

MISS MARGARET FOX, 38 ROME STREET, NEWARK, NEW JERSEY, addressed the Council with her concerns on Resistol Hats Company. She said she was in opposition to the company continuing to process fur hats. She indicated that this company was a division of Levi Strauss.

Councilman Martinez told the audience that on October 26, 1982, he was invited to attend a meeting to discuss the problem. This was the first confrontation he had with the beetles, and he was shocked at the conditions that he had seen.

He read a letter written to Helen Goldberg, Secretary, Newark Board of Adjustment in reference to questions that were raised about the variance Resistol Hats obtained from the City.

He told the audience he had contacted the State Department of Health and they informed him that the beetles were harmless to the people, unless there was food around, then the beetles would go after the food. He indicated the air was being monitored in the area.

Councilman Martinez stated that no appeal was pursued when the variance was given out. He wanted to know if the company had to reapply for another variance since they were not doing the job for which they applied.

Mr. Melvin Simon, who was representing the Law Department said the variance was given out for the reason of cutting fur. If a company was using a property and something was going on that was not permitted in the variance, then a report had to be made stating there was a non permitted use on that piece of property. A complaint had to be filed in the Courts.

President Grant said all that was asked was if the company was in violation of what they were permitted to do.

Mr. Simon said the Board of Adjustment sent out an investigator and it was reported that the company was working under a permitted use.

Councilman Payne said from what was happening from the by-products, the company should not be able to operate under the conditions mentioned. They should be banned based on the fact it was hurting the community.

Mr. Simon said he had a report which stated the problem was abated.

Councilman Martinez said the company should be put out of business.

Miss Pat Robinson, from the Department of Health and Welfare said a complete investigation had not been finished. She said the problem with the beetles had been contained.

Mr. Simon again stated the Board of Adjustment said the activity was permitted.

Councilman Martinez wanted the Law Department to go over the statute to see if a violation had been made.

Councilman Branch said this was a very serious problem, and the children in the area should not be subject to anything that could be harmful to them. The beetles could start to travel into some of the schools, and it would cause a serious problem also.

Mr. Kevin Krauss, who monitored the air, said the building was infested with beetle larvae, which could have a chance to reproduce because of the fur which had been lying around for over one year. He said he had been trying to get help from the State in monitoring the air.

Councilman Tucker asked if there was any kind of monitoring done on the fumes.

Mr. Krauss explained that he did not have the proper equipment to do so. Only the State had the proper equipment.

President Grant said it was terrible to know that the Director of the Department of Health and Welfare did not have the proper equipment to monitor the air properly.

Councilman Martinez said he found that the State was responsive in a report indicating there were millions of beetles on the ships that were coming into port.

He again asked the question if the company had to reapply for another variance.

Councilwoman Villani said she was familiar with the situation. She told the audience by bringing the problem to the City Council it would be made a public record.

Councilman Carrino stated the beetles should not be in the City of Newark at all. The ships should be stopped from coming into the area.

6-HC-j.      MISS JUNE KRUSZEWSKI, 22 SCHALK STREET, NEWARK, NEW JERSEY, addressed the Council with respect to the pollution problem that Farmers' Feed Company, located on Chapel Street was causing. She indicated to make the feed, malt is burned, and it smells like wood being burned. She went on to say that wet feed is used for drying purposes and also for roasting.

Councilman Martinez mentioned Mr. Krauss put together a report on the Farmers' Feed Company. He said Mr. Krauss was doing a great job, but he needs help from the State in that instance too.

6-HC-k.      MISS MADELYN HOFFMAN, 47 READ STREET, NEWARK, NEW JERSEY, addressed the Council with respect to her opposition on Farmers' Feed Company. She mentioned the company was being monitored on how much smoke was coming from the building into the surrounding area. The State never followed up on their surveillance, and she asked the Council if they would follow up on the problem.

6-HC-l.      MR. BOB CARTWRIGHT, 137 FLEMING AVENUE, NEWARK, NEW JERSEY, addressed the Council with respect to the opposition of rebuilding of the toxic waste facility known as McKesson Environmental Services. He mentioned that the building was supposed to be torn down due to the fact the Department of Environmental Protection stated the plant was not running properly. He added the company had not paid their taxes. The company handles deadly chemicals which were harmful to the people.

Councilman Martinez noticed Mr. Cartwright had documentation on the plant and asked him if he could possibly have a copy of it.

Mr. Cartwright told Councilman Martinez that the Engineering Department had the documentation on file from the State.

6-HC-m.      MR. FRANK FERRUGGIA, 433 SOUTH 14TH STREET, NEWARK, NEW JERSEY, addressed the Council with respect to his opposition on the firehouse closings. He also wanted to know if in the future there would be a proposal in the works for vacancy decontrol.

President Grant replied in the negative.

Mr. Ferruggia suggested the Council take action on how and what manner would the City spend their funds for the Year 1983. He said most of the City was made up of frame homes. If ever there were fires at the same time in neighborhoods where they would cut the firehouses, who would the City have to fight the fires. This was not the time to cut firemen and close firehouses. He mentioned at one time, Council Members all spoke on the subject on protecting the services of the City. This is one of those services.

Councilman Carrino indicated the Council did not have the legal right to determine how money was spent. The Administration only had that right. He said the Council could discuss the importance of the firehouses with the Administration.

6-HC-n.

MR. RICHARD CAMMARIERI, 85 FOREST HILL PARKWAY, NEWARK, NEW JERSEY, addressed the Council with respect to his opposition on the firehouse closings. He said the Fire Department was down by sixty men. The men who would be cut would be the newest recruits. There was no acceptable level of fire safety in the City of Newark. The subject of the Doremus Avenue firehouse was another problem. The area around Newark Airport was an area that would need firehouses close to it. There was a lot of chemical companies located around the area. If a fire were to break out, it would be serious.

President Grant noted a resolution was adopted opposing the layoffs of the firemen in the City, and it was sent to Mayor Gibson.

Councilman Martinez mentioned there was legislation passed by the State for \$19.9 million dollars. The Council was in support of that legislation.

6-HC-o.

MR. ARNOLD COHEN, 48 READ STREET, NEWARK, NEW JERSEY, added his opposition to the closing of the firehouses. He said he appreciated all the remarks made by the Council. He noted it was sad to know that other fire companies would have to come into the City to fight their fires. Without adequate fire protection a fire could become catastrophic.

6-HC-p.

MR. RUDY PORTER, 93 BOULEVARD, OLD BRIDGE, NEW JERSEY, mentioned to the Council he was looking for a copy of an audit for the Housing Development and Rehabilitation Corporation. He said H.D.R.C. was receiving funds from deferred sources.

Councilman Tucker said the audits were on file in the City Clerk's Office. He indicated if H.D.R.C. were given funds for certain projects then the Council would be in receipt of audits for the projects. He said the Council was not in receipt of an overall view of an agency.

December 21, 1982

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey at 12:45 P.M.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen Branch, Carrino, Martinez, Payne, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

City Clerk D'Ascensio read letter dated December 17, 1982, from His Honor, Mayor Kenneth A. Gibson, calling a special meeting of the Municipal Council for Tuesday, December 21, 1981, at 11:00 A.M. or as soon thereafter as the Council can convene to consider the following legislation:

Resolution authorizing the Purchasing Agent to solicit bids for the superintendency of certain city-owned buildings.

Resolution authorizing the Purchasing Agent to accept the lowest responsible bid. Further authorizing the purchasing agent to enter into contract with the lowest responsible bidder for contract service for repair and maintenance of city-owned property.

President Grant stated, "In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 15, 1981, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on December 17, 1982, at the time of its preparation. All persons who prepaid for advance notice of meetings also received copies of the schedule and agenda as required by law."

#### RESOLUTIONS.

7-R-a. RESOLUTION RATIFYING AGREEMENTS WITH DOUGLAS McNEIL, ABRAHAM MAURY, BARBARA DAVIS AND MARK SAUNDERS FOR PERIOD SEPTEMBER 1, 1982 TO DECEMBER 21, 1982; FURTHER AUTHORIZING MANAGER OF CITY-OWNED PROPERTY TO ENTER INTO AGREEMENTS FOR SUPERINTENDENT SERVICES FOR CERTAIN CITY-OWNED PROPERTIES WITH DOUGLAS McNEIL, 66 N. 9TH STREET IN ANNUAL AMOUNT OF \$2,160., ABRAHAM MAURY, 342 ORANGE STREET, IN ANNUAL AMOUNT OF \$2,400.; BARBARA DAVIS, 225 MEEKER AVENUE, IN ANNUAL AMOUNT OF \$1,500. AND MARK SAUNDERS, 19 LYONS AVENUE, IN ANNUAL AMOUNT OF \$4,100., LOWEST RESPONSIBLE BIDDERS, FOR PERIOD DECEMBER 22, 1982 TO AUGUST 31, 1983.

(Copy of resolution and correspondence submitted to each Member of the Council)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Branch.

Councilman Martinez requested the City Clerk be directed to communicate with the Office of Real Property and request them to submit in the future the names of the three lowest bidders and to invite those persons who have received the contractual award to a pre-meeting conference December 30, 1982. He also requested this letter be sent Certified Mail. He said the Council could address their concerns directly to the people involved.

The motion to adopt the resolution was declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, President Grant.

The City Clerk stated since no legislation was received with reference to Item #2 in the Mayor's call of a special meeting, the Administration had requested this item be considered at the year end meeting of December 30, 1982.

Councilman Carrino stated it was the intent of the Council to have private companies running these buildings or at least submit bids for managing and running these buildings. He said he hoped this was not going to become what Administration has decided be an alternative to having private companies manage these properties.

December 21, 1982

President Grant said this is a stop gap measure. He stated most of these properties are not fully tenanted and the City is trying to lessen the possibility of further vandalism. He noted these buildings are up for auction and will hopefully be returned to the tax rolls.

Councilman Payne said he had a great deal of concern in regard to the increasing number of these buildings. He said Elizabeth Avenue is a disaster area and it could be a place for people to live and really have some aesthetic values. He implored Council to come up with some resolution to the problem. He said if they intend to get people to come in to renovate they have to think in terms of taking pension funds which is being done in other cities, having the rehab done by the City, having a bid go out and a Management Corporation manage the building so that the money comes back into the proper account. He said we have to deal with these problems in a creative manner. He opined that if you can get anyone to live in 19 Lyons Avenue he would like to meet that person. He noted in that building water runs from the top floor to the basement, all the pipes are broken, the tubs are filled with water that has backed up from the basement, there is no heat and a minimal amount of lights. He would like to know how that person is going to live at 19 Lyons Avenue all winter without heat. He remarked that he takes exception to the fact that they are getting some bids that went out in August, approved in September, that have to be considered at a Special Meeting two days before Christmas because it has been in somebody's second drawer somewhere. He said there is absolutely no way to justify a special meeting for something as basic as this.

President Grant said in reference to some of the properties mentioned there were proposals submitted to the City several years ago but because of the non-availability of rehab dollars that is the reason you find these structures. In regard to structures between 515-555 Elizabeth Avenue, several people had the Office of Real Property put that property on "hold" in an effort to try and receive dollars for rehabing and they just could not get the dollars. He said hopefully after the first of the year, Washington may lighten up on the dollars and through private investments and HUD dollars they may be able to rehab some additional buildings.

Councilman Payne said there is nothing wrong in trying a new approach to some old problems and they are doing it all over the country and the world. He said they can no longer survive the way they used to. They have to come up with new creative things in the future.

Councilman Branch questioned when these buildings are taken over by the City if an inspector inspects that building and makes recommendations in regard to what should be done to the building especially the ones people are living in.

President Grant said it would be cost prohibitive to have the City repair these buildings. He noted in a report received from Armand Lembo it was indicated for the first time in many years that the Office of Real Property showed an increase as opposed to a deficit in its ability to make collections. He said there are certain parcels that are owned by the City of Newark that would be cost prohibitive to send an inspector to visit. If they did they would be putting themselves out of business. He said in the case of 19 Lyons Avenue, just from a cursory review, it would need a 1/2 million dollars worth of rehab work.

#### ADJOURNMENT.

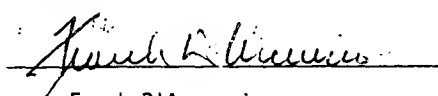

12.

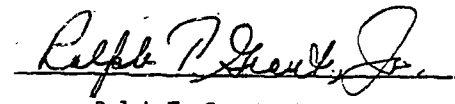

A motion to adjourn the meeting was made by Councilman Carrino, seconded by Councilman Branch and adopted by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Payne, President Grant.

SECTION 1. That Section 1 of an ordinance entitled, "An ordinance creating positions in the Department of Recreation and Parks and establishing salaries therefor," (6S&Fi) adopted May 4, 1977 as amended and supplemented be amended to create the title and salary range for Program Coordinator, Special Events, as follows, to wit:

<u>POSITION</u>	<u>EFFECTIVE</u>	<u>ANNUAL MINIMUM SALARY</u>	<u>ANNUAL MAXIMUM SALARY</u>
Program Coordinator, Special Events 142910 (35 Hrs.)	1/1/82	\$ 14,133.90	\$ 17,175.09

SECTION 2. All prior ordinances or parts of prior ordinances which relate to the above position title, hours of employment, number of positions, annual minimum salary and annual maximum salary ranges therefor, which are inconsistent herewith, as hereinabove set forth are hereby repealed.

SECTION 3. This ordinance shall take effect upon final passage and publication and in accordance with the law of the State of New Jersey.

December 30, 1982

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by Councilman Branch, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Rice, Villani, President Grant.

Not Voting: Councilman Tucker.

President Grant: The yeses are six, the noes are none and one not voting. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

A motion to consider Resolution 7-R-e at this time, was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Rice, Tucker, Villani, President Grant.

7-R-e.

RESOLUTION APPROPRIATING \$56,185,872. AS TEMPORARY APPROPRIATIONS PRIOR TO ADOPTION OF 1983 OPERATING BUDGET OF THE CITY OF NEWARK.

(Copy of resolution and correspondence submitted to each Member of the Council)

Councilman Tucker said he would like to amend the resolution, specifically dealing with the Fire Department Budget by increasing the portion of Salaries and Wages by \$344,000. and Other Expenses by \$93,000., which would be an overall increase in the Temporary Budget \$437,000., which would be added to the Fire Department Budget, seconded by Councilman Martinez.

Councilman Tucker said he is clearly of the opinion that they have received from their fiscal people, that the appropriation they are dealing with under this particular amendment does fall within the 5% "CAPS" law. He is also realistic to understand that although the Council may at one point feel that they have an opinion in regard to the hiring of personnel within Municipal Government, he thinks they are all knowledgeable of the fact that ultimately the determination of whether firemen will stay or go rests with Administration which is under the direct leadership of the Mayor. He does believe the proposal which was submitted directly by the Mayor to the Fire Department's Union was in effect a fair proposal. He wants to say that talking with representatives, not from the leadership union but talking with representatives of the rank and file that it became very clear based on their representation to him, although the proposal may have been fair, there was a question of trust that they were of the opinion that the trust or the violation of trust that the Governing Body and the Mayor put forth a few years ago, they were a little leery. He is still of the opinion that it can be resolved and can only be resolved through an atmosphere of negotiation of the Mayor, representatives of the Union and also if possible some sort of overview of the Business Administrator's Office. He thinks this move would at least provide the Mayor latitude to either negotiate or not negotiate. That is clearly his opinion. He believes the appropriation will make funds available so that the Mayor will have the option to either hire or not to hire.

Councilman James said they should understand that the drastic loss of firefighters could mean lives lost in the City of Newark which historically has had a significant number of fires. He thinks they should also be mindful that the firefighters have distinguished themselves as one of their "finest" departments in providing services in the City of Newark. They have a national reputation that has brought credit to their City. He thinks it is rather unfortunate as they sit here today and debate whether there should be an inclusion of dollars in the budget to prevent the lay off of firefighters because it has not been clearly revealed to this Body by Administration whether they are fighting a policy question wherey Administration feels there is an excessive number of fighters in uniform, excessive number of fire houses and therefor they can substantially accept this reduction without any losses in the services or whether it is a fiscal problem wherein the dollars are

simply not there, notwithstanding the "CAPS" law but the dollars are not there.

(Councilman Payne arrived at 1:31 P. M.)

Councilman James continued that if it has been told to them that the dollars are not there and it is a fiscal problem, that he is at a loss to understand why they have not searched throughout the entire municipal budget and looked for non-essential personnel, individuals who are not doing their job, departments that are overstaffed and simply remove them from the budget creating the cash flow which would then fall within the "CAPS" law to retain their firefighters. He is also at a loss if Administration continues to tell them that it is a fiscal problem, why have they continued over the year to include federal employees, remove them from federal programs and place them in the Municipal Budget, when he brought to the Council's attention almost six months ago, that if they continue to bring federal employees to the Municipal Budget, the bottom line would be the lay-off of essential Civil Service individuals. He would hope and in agreeing with Councilman Tucker's statement, that this Body meet quickly with the Mayor and establish clearly the question whether it is fiscal or a policy question. He thinks it is only an act of charades as Council President stated. If they know full well that Mayor Gibson is not going to hire them after they put the money in the budget but if they know that it is truly a fiscal problem and stand before the public and say the taxes will be increased, because they do not want to see the lay off of firefighters, then the Mayor should agree with them and he should sign the CS 6 forms in order to rehire them. He thinks they should establish that question and not play games. The Council should not sit up there and say "we put the money in the budget knowing full well the Mayor said you can put a million dollars in the budget and I am not going to bring them back." That question was not clear at the pre-meeting conference. The Mayor's position is of policy, they do not need them, there are too many, or whether it is truly a valid question then they can move to meet with the Mayor to clear the question of the fiscal problem.

Councilman Branch said one of his concerns was whether they can maintain the firemen they have on board and look into another direction of finding the money. He felt it was a bad time to lay-off the firemen that are needed, particularly looking at the number of houses that could explode any minute. They need the firemen to respond to those calls.

Councilman Branch questioned how many dollars are they talking about to make up the budget.

Councilman Martinez said that he and Councilman Tucker worked on this extensively last night with Chief Accountant Fitzsimons and perhaps the best person to address this is Mr. Fitzsimons.

President Grant replied the entire amount is approximately \$56½ million.

Councilman Tucker said the added appropriation under Salaries and Wages amounts to \$344,000., plus Other Expenses, which covers Fringe Benefits, is \$93,000. They would be increasing the Temporary Budget by \$437,000. These figures are based on medium steps for firemen.

Councilman Tucker explained the computations are involved with respect to the firemen involved.

Councilman James said for public consumption, is not correct to state that the moneys which Councilman Tucker is recommending to be included in the Temporary Budget, to retain firefighters are existing moneys in the budget, have no fiscal impact on our 1983 Budget.

Councilman Tucker said the Temporary Budget, by Statute can only be 25% of whatever was appropriated last year. When they start checking that, the whole question of the "CAPS" law, they find that they have \$1 million more that they can add to the budget and still be in the compliance with the "CAPS" law. It is an additional appropriation. It is not a matter of monies laying around. He also thinks it should be clear that what they are really

talking about is roughly \$400,000. which would only carry the persons from January 1st to April 30, 1983. When they are in receipt of the Budget on January 15th, they as a Council are in effect going to look at that budget and have to find additional revenues. It is not a matter of a free lunch. They are going to have to appropriate those monies. The temporary budget only deals with the four month period of 25% of the overall City Budget.

Councilman Payne said since the Temporary Budget of \$56 million, to be amended by \$500,000. is a hard number, then what would that mean as far as the tax rate, the proposed rate for 1983.

Councilman Martinez replied they do not know what the rate is. He thinks \$1 million represents 10¢, so \$4.3 would be about 4¼¢

Councilman Payne said he wanted to know what the \$56 million, multiplied by 4¼¢ come out. What was last year's budget? The proposed budget for 1983 is substantially less than what 1982 budget actually was.

Chief Accountant Fitzsimons replied the tax rate last year was \$10.18. At the present time there is no way they can come up with a tax rate. They do not have the complete budget.

President Grant stated for the record that the efforts by his colleague, Councilman Tucker, are certainly commendable but he thinks the history of this Body has been that when they put dollars into the Budget, if it were not in the purview of Administration to make these hires, they did not do so. He has not voted in that line in the past simply because he will not become a part of a "hollow hope". To say to these men that trying to put money in the budget that the Mayor in fact is going to hire, is not accurate. The effort by Councilman Tucker is commendable but the bottom line would be, if Administration would pay attention and in fact rehire these persons. If Administration were in favor of bringing these persons back it would then have to go through the process of re-hiring each person all over again. He doesn't like to give people false hope just by saying, yes he will vote for it because it sounds good and looks good and offers some hope but it offers "hollow hope" and to go away from here feeling that their jobs are secure is inaccurate and he wants them to also know that until a CS6 form is signed by the Chief Executive of this City, Kenneth A. Gibson, Mayor, what this Council puts in the Budget means absolutely nothing.

Councilman James said he can appreciate Councilman Payne's question of the impact on the tax rate and certainly his contribution to the Council since being elected in June has been significant and really concerned about the impact of the budget. He thinks it is a full question of the Council because for them now to debate about the fiscal impact of keeping essential Civil Service employees, firefighters in the Budget, he thinks it is a "hollow cry". Mr. D.J. Henderson who appeared before the Council on numerous occasions asked the Council when they were putting a million dollars worth of federal employees into the Municipal Budget, "what is the impact upon the budget then" and it fell upon deaf ears. When they gave out a million dollar raises, post-campaign election raises, Mr. Henderson and others came before the Council "what is the impact on the budget". Had new furniture, created new jobs, creating 3 new positions for the Council and gave out 35% raise to the secretaries and someone in the Chamber said they never heard of a 35% raise for secretaries. It is not fair to say to "firefighters, we will put you in the budget" and the tax rate will go up 4%. They should have been worried about the 35% raise for the secretaries, federal employees, boyfriends and girlfriends. He thinks it is unfortunate that they now come down to one of the finest departments in the City, they are talking about lives being saved and saying "it might affect our budget", and not the other no show jobs and other things they have dealt with. He thinks it is unfair to put the weight on the firefighters. He hoped that they do not make this a political question. The question should be do they need the firefighters, find a way to put them in the budget and then rather than put the weight on the Mayor, whatever he does, they should respect that, but the 9 elected officials should have some input, some influence, some decision on this and bring it to meet as a family, it is not the Mayor, it is not the Council, but it is our City and he hoped they are big enough to deal with it as a City problem.

Councilman Tucker said it is important to at least mention that they do not know what the tax rate is going to be next year. They know what the "CAPS" law what the amount of expenditure that they can deal with. If they just relate to last year, if they take the 63 firemen, they are roughly talking about \$1.6 million. They know based on the budget process of last year, \$10.18, that a million dollars represents roughly, about a dime. If they want to evaluate the possible impact of \$1.6 million, they are really in effect saying that it will represent 16¢ increase per \$100. of assessed evaluation. He doesn't believe that is going to be a major problem to overcome. He really and truthfully believes that. He is making that statement in a vacuum and he wants to clearly indicate that they do not have the budget from the Mayor and will not get it until January 15th. He doesn't believe they are talking about giving any kind of false hope. What they are saying is that they have reached a point, last year they went through this with the police, this year they are going through this with the Fire Department. He is firmly of the opinion that there are other concerns they have to look at apart from the police and the fire. He does believe the citizens of Newark want them to at least maintain those basic kinds of services. He does not believe they should get into the "scapegoat" situation either. He is saying they will put the money in the budget and it is up to the Mayor to hire them. He thinks what they need to do is raise the controversial question with the union. We want them to sit down and work out an equitable agreement and they may very well be asking them to go back and reconsider the Mayor's proposal. They are saying that separate and apart from the politics, separate and apart from the union interaction with Administration. The citizens of Newark do not want to see firemen laid off and if it is a matter of not trusting the Council, a matter of not trusting the Mayor, then let's deal with that trust and resolve it. All of this matter can be resolved by Administration and the Union between now and January 15th. After that time then they are talking about a increase in the overall appropriation. He thinks that as elected officials they need to at least say to the citizens of Newark that they are going to make sure those basic services they look to them for are provided.

President Grant said the Mayor called for such a meeting a week or so ago and the majority of the Members of the Council were present and in that meeting it was indicated that it was a budget fiscal crunch. He was a part of that meeting. They have not received the Mayor's budget. Some persons being terminated effective today or tomorrow, information they are getting from some of them and not from Administration per se. Therefore, there are times they are as far back in getting information than the public is. He wants to make it clear that the Mayor did meet with the Council and he thinks at this time to call for a meeting with the Mayor is good, but what impact would it have on the persons who have already received the "pink slips". Can it resolve that, can it alter that, that is the bottom line question.

Councilman James said if the money is in the budget like Councilmen Martinez and Tucker indicated, then certainly the Mayor can take an action. His proposed lay off was because money was not available. If by their action they appropriate dollars, then it becomes very important because they can bring to his attention their desire to see that the firefighters remain. He recognizes that a firemen doesn't have any color and he certainly is not going to make it a racial issue. He thinks they should also be mindful as City Fathers, the Fire Department has been on a mandate of the Courts to increase the number of minority participants in that department for a long time and it has been brought to his attention that the proposed lay offs would greatly affect many new career oriented minority persons serving as firefighters. Once again, from that type of mandate it requires that this Body look more in depth of the proposed lay off of personnel in the Fire Department. As Councilman Tucker makes mention, the \$1.6 million, he was one of the Members of the Council joined by many of others who many years ago said they didn't need a community organization but it wasn't until the Federal authorities said get rid of it, it is a duplication, etc. Not to be antagonistic towards one another, not to put Administration against Council, Council against firefighters, that would serve no purpose. He thinks if they were to come together as a City they could solve the problem. The legal fees paid, unfortunately for the trial was an unexpected expense by the City but they met that challenge, all of them under the leadership of President Grant. It was an obligation they met forthwith and they had no concern for the fiscal ramifications and it was something they had to do. If they believe their firefighters are essential and it is the hue and cry of the people of the community saying, they can face that crisis.

December 30, 1982

Councilman James said that the data he received from Councilman Martinez shows that out of the proposed lay offs of firemen, 28 are blacks and 10 are hispanics. If they are to maintain some of the minorities in that department, then once again, it would necessitate this Body take some action. If they are going to lose one life because they sit there and lay off firefighters, he thinks they are being irresponsible.

Councilman Payne said it is very difficult to act in a vacuum because in New York City, Mayor Koch is intending to lay off 6,000 people and has not come out of one major area. Right now there is a lay off of firemen and he wondered if there will be other lay offs as it has been alluded to. Five years ago there was no Office of Real Property and now he understands they have a budget of either \$4 or \$5 million, maybe there are some people there that can be eliminated. He also referred to the Demolition Office pointing out that they get good service from the outside contractors and thought maybe some of those people could also be eliminated. He has never heard in government that one group of people were cited for the lay offs. He assumes there are other people being laid off but he has no information but he has heard of only firemen being laid off, between 63 and 66 and has some question about that. He thinks they have not seen what impact the 8, 8 and 6% the Board of Education granted. They have an enormous budget. Here they are talking about putting close to \$300,000. or \$400,000. and they don't even know about the close 10% increase the other side of the house and a good portion of that must be brought by the Council's Budget and they are still talking about 66 firemen being laid off. Are they going to lay off 66 teachers, or are they going to lay off 66% of that Administration over there that is bumping each other all day looking for something to do. It doesn't make sense to him to just zero in on one area. Perhaps the City can get along and he thinks this is a very key issue and he is not so sure whether the City will be in less danger if these men are laid off or not because he doesn't think any of them know that because they haven't received information.

Councilman Payne said he would like to see an Office of Human Services set up in the City of Newark instead of having six or seven offices running around doing the same thing. Maybe there can be some savings by consolidation. He said he would like to suggest for the future that in many places they have a "Sunset Act" where at the end of the fiscal year all former fiscal policies die and you start with zero base budgeting and you build up the budget. He is concerned about the other departments, will there be other savings or any other people being laid off and where are they getting the additional 8% for the teachers, probably retroactive. What they need to do is find out what the total budget is and what the impact is and he certainly at this point cannot really vote in clear conscience because all the facts have not been laid before them.

The motion to amend the resolution by increasing the portion of Salaries and Wages in the Department of Fire by \$344,000. and Other Expenses by \$93,000., making a total of \$437,000. in the Temporary Budget was made by Councilman Tucker, seconded by Councilman Martinez and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani.  
Not Voting: President Grant.

President Grant.

7-R-j.

RESOLUTION RECOGNIZING AND COMMENDING ALMA JEAN HEMPHILL, ADMINISTRATIVE ASSISTANT, IN THE OFFICE OF PLANNING AND GRANTSMANSHIP, ON HER OUTSTANDING SERVICE TO THE CITY OF NEWARK.

President Grant read the following resolution:

WHEREAS, Alma Jean Hemphill first became an employee of the City of Newark in 1978, and has served as administrative secretary in the Office of the Business Administrator and the Division of Community Organization and as administrative analyst and administrative assistant in the Office of Planning and Grantsmanship; and

WHEREAS, Alma Jean Hemphill has demonstrated the utmost skill, dedication and imagination in all of her positions in municipal government, and has played a leading role in the development of many projects to benefit the people of Newark; and

WHEREAS, Alma Jean Hemphill was designated by the director of Planning and Grantsmanship as that agency's liaison with the Municipal Council, and her talent and tact in carrying out that assignment has greatly improved understanding between the executive and legislative branches of Newark government; and

WHEREAS, Alma Jean Hemphill has learned well in her years of service in Newark, and is leaving our City at the end of 1982 to become executive director of the redevelopment agency in Willimantic, Connecticut, as the next step in her already impressive career;

NOW, THEREFORE, BE IT RESOLVED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT it does hereby recognize and commend Alma Jean Hemphill, administrative assistant in the Office of Planning and Grantsmanship, on her outstanding service to the City of Newark, and does wish her great professional and personal fulfillment in her new position and in every other endeavor.

BE IT FURTHER RESOLVED that a copy of this resolution suitably inscribed be presented to Alma Jean Hemphill in warm appreciation of her contributions to our city's progress.

A motion to adopt the resolution was made by President Grant, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

President Grant on behalf of the Members of the Council presented Ms. Hemphill with a suitably inscribed resolution.

Ms. Hemphill thanked the Members of the Municipal Council for honoring her and noted that it has been a privilege working for the City of Newark.

Councilman Martinez said he has had a request from the President of the Firefighters Union to address the Council at this time.

President Grant said without a roll call he hereby grants permission for Mr. Gerow to be heard.

Mr. Gerow said it was a revelation to see that people don't slam the door in your face in a situation as controversial as this particular position is. He thanked the Members of the Council and noted the battle is not over.

Councilman Rice said it is not heat that he is worried about. He feels that the City Council and Administration need to recognize the real need of the community and work in the best interest of it. This Council will receive criticism for doing nothing and 4 years having nothing accomplished receive more criticism. The criticism

December 30, 1982

doesn't concern him but what is right for the citizens of the City of Newark, particularly in the West Ward community. He has no problem with the decision he has made and he stands by the decision, team support, for the basic services especially fire and police.

Councilman James said his decision was not a political one. When he had a fire in his house, and doesn't know if anyone has experienced that, and he called the Fire Department and they responded not because he was Councilman James, but the speed in which they responded, the professionalism in the manner of putting out the fire, not only saved lives but saved his house and he was able to rehabilitate it. He watched them work and how they cared about the house trying to prevent further water damage, etc. When he speaks about the Fire Department he is able to speak about it from first hand knowledge.

Councilman Martinez congratulated Mr. Gerow and felt the firefighters have a great President.

MR. D. J. HENDERSON, 29 OLD ROAD TO BLOOMFIELD, NEWARK, NEW JERSEY, said he must confess that he really doesn't know what he is talking about. Every meeting of the Council that he has attended in the past year there have been new titles created, salary ranges adjusted and never heard anyone talking about the impact that these increases have on the annual budget. This Council has repeatedly approved additional positions, raises throughout the year and this is the first time that he has heard any discussion about impact in the Chamber on the current budget. He believes this Council throughout the year has been somewhat derelict in its duties.

President Grant stated for the record, he knows that he does attend the Council meetings and might say not in the defense of the Council because it does not need to defend itself in that regard but at their pre-Council meetings, rest assured the impact of the budget is certainly a matter of record as they deliberate prior to them meeting in the Chamber.

Councilman James is he would like to be one of those to thank him for being one of their citizens for valuable information and feedback from the community and certainly he has been a voice of reason throughout the year. The ordinance before them, and one who supported the firefighters and indicated perhaps they should sit with the Mayor. He thinks the worst position they would be is to start off negotiations whereby failing to grant the Mayor's staff their salary. He could debate when you look at Aide to the Mayor in 1970, Ramon Aneses salary at that time was \$12,000. a year. When you look now and see the salary for Aide to the Mayor is calling for roughly \$37,000. you are talking about a 300% increase in that position alone. He does know interestingly enough the Council's salary has not increased along with that because they made \$12,000. in 1970 and it has not reached \$36,000. or \$37,000. He agrees that maybe they are excessive.

Councilman Martinez said he heard Mr. Henderson say he did not know what he was talking about when he comes before the dias, Mr. Henderson always knows what he is talking about. He thinks it was mentioned in the pre-meeting conference that at the year end meeting no one ever shows up. On July 1st the Mayor submitted 53 titles from HCDA, federal side to City side. Included in that package were these three positions, he has to agree, three working positions. The Council in its wisdom knocked out 44 of those positions. Out of the total package a total of \$1.3 million at a savings to the public. They approved the 9 they thought were essential for the government to function. The Council also procrastinated on these three positions, Aide to the Mayor, because they went back and forth and has been on the agenda for 6 months.

Councilman Tucker in reply to a question posed by Mr. Henderson, replied it is a penny.

Councilman Payne said he would also like to compliment Mr. Henderson for coming to the meetings. He recalls the first presentation made by Mr. Henderson which was written well and he too appreciates his being the "watch dog", for the citizens eyes and ears to the Council. He thinks it is essential that the Executive Office have the staff he feels is necessary in order to operate. With the escalation that wages have gone up, there may not have been so many Aides and he wonders at what point do they have enough. At one time, in the old days there was only one Deputy Mayor, now there are two.

Mr. Henderson said his remarks were not directly referred to this particular ordinance.

No one else appearing, a motion to close the hearing and adopt the ordinance on second reading and final passage was made by President Grant, seconded by

Councilman Payne and declared adopted by President Grant by the following votes:  
Yes: Councilmen Branch, James, Martinez, Payne, Rice, Tucker, Villani,  
President Grant.

President Grant: The yeses are eight and the noes are none. This ordinance having been read on two separate days and having achieved the vote required by the statute, is declared adopted. The City Clerk is directed to deliver same to the Mayor for his approval or disapproval.

AN ORDINANCE TO AMEND TITLE 13A OF THE REVISED ORDINANCES OF THE CITY OF NEWARK, PROVIDING FOR THE ADMINISTRATION AND REGULATION OF SOLID WASTE IN THE CITY OF NEWARK.

BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY, THAT:

SECTION 1. The Revised Ordinances of the City of Newark, New Jersey (1966), as amended and supplemented, are hereby amended as follows:

13A:4- 4. (d) All vehicles used to collect solid waste and/or recyclables shall bear on the right side a decal secured from the Department of Finance, Division of Licenses which shall have on it a number of the issued decal. The fee for such decal shall be twenty (\$20.00) dollars. The decal shall expire on the 30th day of April next after issuance.

13A:4-13. (f) Any person obtaining a permit from the Central Permit Office under the Uniform Construction Code to renovate or construct a structure or structures shall provide for the private collection and disposal of all debris resulting from the renovation or construction so permitted. Municipal collection will not be provided for any refuse or debris resulting from any such permitted activity.

13A:4-15. Posting of permit.

Every owner, leasee or person in control of a commercial source of refuse shall post a permit which states clearly and legibly the trade or business name, address, telephone number, and the day, time of refuse collection presently serving the establishment, as well as the name, address and telephone number of the private refuse collection hauler serving the establishment.

Every owner, leasee or person in control of a commercial source of refuse that disposes of its own waste will post a trade waste permit issued, at no cost to the applicant, by the Department of Finance. Such permits shall be prominently displayed by affixing to a window near the principal entrance of the commercial source so as to be easily visible from outside the structure. If this is not possible, such permit shall be prominently displayed inside, near the principal entrance. A permit shall be applied for by June 1, 1983. The applicant shall obtain and post a new permit whenever there is a change in the hauler utilized to collect refuse from the commercial source.

13A:8-15 Distribution of handbills restricted at inhabited premises; exception for mail, newspapers and properly secured handbills.

No person shall throw, deposit or distribute any handbill in or upon private premises which are inhabited, except by handing or transmitting such handbills directly to the owner, occupant, or upon inhabited private premises or sidewalks, streets or other public places, or in the alternate by depositing said handbills in mailboxes, except as otherwise prohibited by federal postal law or regulations. The provisions of this section shall not apply to the distribution of mail by the United States nor to newspapers. Alternately, handbills may be distributed to private

premises which are inhabited if properly secured by placing the same under the door or attaching securely to the doorknob of the structure.

SECTION 2. All other portions of Title 13A shall remain in full force and effect.

SECTION 3. This Ordinance shall take effect upon adoption and publication in accordance with law.
